AN ORDINANCE

Providing for the construction of sidewalks along various streets in the Village of Barrington, Counties of Cook and Lake and State of Illinois.

Be it ordained by the President and Board of Trustees of the Village of Barrington:

Section 1.

That all sidewalks which shall be ordered by the President and Board of Trustees of the Village of Barrington shall be constructed under the superintendence and to the satisfaction of the Committee on Sidewalks, and subject to their approval, and shall be built, except as hereinafter provided, of the width hereinafter specified and shall be constructed as follows:

The inside surface line of every sidewalk shall be twelve inches from and parallel with the line of the lot along and in front of which the said sidewalk is to be constructed. That portion of the street upon which the said sidewalk is to be laid shall be brought to a grade fifteen (15) inches below the established grade of such sidewalk and such space so excavated or filled, shall be at its base of the width of four inches more than the cement portion of such walk and shall incline upwards and evenly on both sides to the cement outer edges of such sidewalk. The lower top inches of such space shall be filled with a layer of cinders or coarse clean gravel, thoroughly rammed and compacted, the tops of said gravel or cinders to be five inches below the grade for said walk when completed. Upon said gravel or cinders shall be laid a layer of at least four inches of standard Portland cement concrete, which shall consist of one part cement, two parts of coarse sharp sand and either five parts of broken limestone or five parts of clean coarse gravel, of the size to pass through a ring of one inch diameter, the cement and sand to be thoroughly mixed dry, at which it shall be moistened with water to form a mortar, and into which shall be incorporated the five parts of broken limestone or gravel, as specified above and the whole shall be rammed until solid.

Before the layer last described has set, a layer of finishing coat shall be placed thereon one inch in thickness; said finishing coat to be made of one part cement, equal in quality to the best Portland cement and three parts of clean sand to be thoroughly mixed dry and then moistened with water to form a mortar, which mortar shall be evenly spread over the surface so as to insure a smooth, even and level surface.

The sidewalk shall be so constructed that when completed the top surface shall conform to the permanent grade, if such has been established, and if not so established, then up to the grade which the said President and Board of Trustees shall establish before such sidewalk is constructed. The said cement portion of said sidewalk shall be of a uniform width of five feet, except as is otherwise provided, and shall incline upwards slightly from the outer edge of the walk toward the line of the adjoining lots, at the rate of one inch to five feet throughout. At all street corners such sidewalk shall project seven feet beyond the lot line. Along the sides of the sidewalk shall be placed strips of sod at least six inches wide.

Section 2.

All sidewalks laid or constructed along or in front of business property shall be of the construction and dimensions herein described, except that the cement portion of such sidewalk shall be ten feet in width from the building line, the outer edge of steps leading into such business places shall extend from the said building line not more than four feet. Entrances to areas and basements and flights of stairs or steps may be made which shall not extend into or onto the sidewalk more than four feet and the width of the steps, stairs or entrances to areas and basements in such sidewalks shall not be more than four feet. Said steps, stairs or entrances shall be securely protected and no open space next to the building other than entrance ways to areas and basements, forming a portion of the sidewalk, shall be allowed.

Whenever any owner shall so construct the sidewalk along his lot or piece or parcel of ground, such owner may substitute tar and asphalt concrete or pavement brick or stone in place of the material above provided, but in all other respects the sidewalk must conform with the provisions of this ordinance.

Whenever any sidewalk is constructed along and in front of business property, the material used for the surface of said sidewalk may be laid upon any suitable foundation and such as shall permit of the use of space beneath said sidewalk provided the construction is safe and such as shall be approved by the Committee on Sidewalks and conforms to the written specifications filed with and approved by the said Committee.

Section 3.

All sidewalks which shall be constructed along and upon the following streets shall be ten feet in width from the building line, that is to say, along and upon the North side of Station Street adjoining Block Ten (10), the South side of said Station Street adjoining Lots Six (6), Seven (7) and Eight (8) in Block Nine (9); the East side of Cook Street adjoining Lot Eight (8) in Block Nine (9) and Lot One (1) in Block Ten (10); the West Side of Cook Street adjoining Lots Four (4) and Five (5) in Block One (11); the South side of South Railroad Street adjoining Lots Five (5) and Six (6) in Block One (1) and Lots One (1) and Two (2) in Block Ten (10); the South side of Main Street adjoining Lots Seven (7) and Eight (8) in Block One (11); the North side of Main Street adjoining Lots One (1), Two (2), Three (3), and Four (4) in Owner's Subdivision and Lots One (1), Two (2), Three (3) and Four (4) in Block B; the East side of Hough Street adjoining Lot Eight (8) in Block One (11); the East side of Walnut Street adjoining Lot One (1) in Owner's Subdivision.

All sidewalks which shall be constructed along and upon the streets herein last specified shall be constructed of cement only.

Section 4.

The owner of any lot or piece of ground fronting on any sidewalk to be constructed under the provisions of this ordinance shall be allowed thirty days after such ordinance therefor providing shall be published, in which to construct the said sidewalk along side of such lot or piece or parcel of ground and thereby relieve the same from special tax provided to be levied thereon for the construction of said sidewalk. Whenever any such sidewalk shall be constructed by the owner of the lot, piece or parcel of land fronting said sidewalk, such construction shall be under the supervisionence and to the satisfaction of the Committee on Sidewalks and must conform with the specifications herein provided and must be approved by the said Committee on Sidewalks.

Section 5.

The grade for sidewalks shall be established by the President and Board of Trustees as soon as is practicable where such has not already been done, but in all cases where not so established, the grade for new sidewalks shall be that fixed by the President and Board of Trustees from time to time. It shall be the duty of any person laying or constructing any sidewalk in the said village to apply for and ascertain such grade. If any person shall build or attempt to build any sidewalk or a portion thereof and fail, neglect or refuse so doing to comply with the provisions of this ordinance, then the President and Board of Trustees shall direct such sidewalk or a portion thereof, as the case may be, to be relaid; and in case of failure, neglect or refusal of the person so directed to immediately comply with the provisions herein, then the President and Board of Trustees may proceed as if no sidewalk or portion thereof had been laid.

Section 6.

Whenever any sidewalk or portion thereof is directed to be laid, the President and Board of Directors shall cause notice thereof to be given to the owners of the property concerned.

Whenever any sidewalk shall be ordered by the said President and Board of Trustees to be repaired, the provisions of this ordinance shall apply in so far as the same may be applicable.

Section 7.

Whenever the owner or occupant of any lot, piece or parcel of land in said Village shall be notified by the President and Board of Trustees to raise, lower, repair or build any sidewalk in front of, adjacent to or upon any premises owned or occupied by him, it shall be the duty of such owner or occupant to cause the said improvement to be made in the manner and within the time prescribed. If any owner or occupant shall neglect or refuse to comply with such requirement, then in that case the said improvement shall be made by the said Village in accordance with the specifications herein and the cost for the same shall be charged against such lot, piece or parcel of land as hereinafter provided.

Section 8.

A bill of the cost of any sidewalk not constructed by the owner of the lots, pieces or parcels of the land fronting upon the said sidewalk showing in separate items the cost of grading, materials, laying down and supervision, shall be filed in the office of the Clerk of the Village of Barrington, certified to by the chairman of the Committee on Sidewalks, also a list of the lots or parcels of land fronting upon the lines of said sidewalks, the names of the owners thereof and the frontage. Whereupon the said Village Clerk shall prepare a special tax list against such lots or parcels of land and the owners thereof, ascertaining by computation the amount of special tax to be charged against each of said lots or parcels and the owners thereof on account of the construction of the said sidewalk in proportion to the frontage of each of the said lots on the said sidewalk, which special tax list the Clerk of the Village of Barrington shall place on file in his office and the said Village Clerk shall thereupon issue warrants directed to the Village Collector for the collection of the amount of special tax so ascertained and apportioned against said special tax list of the lots from the respective owners of the lot, piece or parcel of land touching upon said sidewalk, and the said Village Collector shall proceed to collect the said warrants in making a demand therefor upon the owners respectively of the lots or parcels of land touching upon the line of the said sidewalks, provided they shall be found in the said Village of Barrington, and make return to the said Clerk, the moneys collected thereon to the Village Clerk of Barrington within sixty (60) days from the date of the issue of the said warrants in the manner provided for in Section 3 of the act of the General Assembly of the State of Illinois, entitled "An Act to provide additional means for the construction of sidewalks in cities, towns and villages, in force July 1st, 1875."

Section 9.

In case of failure to collect the said special tax in the manner aforesaid, the Village Clerk shall, within one year thereafter, make a report of all such special taxes in writing to the County Collector of the said Cook or Lake County, as the case may be, of all the lots and parcels of land upon which such special tax shall be so unpaid, with the names of the respective owners thereof, so far as the same are known to him, and the amount due and unpaid upon such tract, together with a copy of the ordinance providing for such sidewalks in the manner prescribed by Section 4 of the Act of General Assembly of the State of Illinois entitled "An Act to provide additional means for the construction of sidewalks in cities, towns and villages. In force July 1st, 1875."

Section 10.

Whenever, in the opinion of the Committee on Sidewalks, any board sidewalk shall be deemed in a condition too poor to repair, then the Committee on Sidewalks shall recommend to the President and Board of Trustees that a new sidewalk be ordered. The property owner of the lot shall then be notified and shall be given at least thirty days within which to make the improvement as herein by this ordinance provided.

Section 11.

Whenever any sidewalk is constructed under the terms of this ordinance by the owner of the adjoining lot then the said Village of Barrington shall pay to such owner twelve cents per front foot as its proportion of the cost of the construction of said sidewalk along the lot, piece or parcel of land in front of which the said sidewalk is constructed, and payment shall be made upon the order of the President and Board of Trustees out of the funds of the said Village appropriated for this purpose. The remainder of the cost shall be borne by the owners of the lots, pieces or parcels of land in proportion to their frontage on said sidewalk.

Whenever the said improvement shall not be made by the said owner, it shall be made by the said Village and the entire cost thereof shall be fully paid for by special taxation of the lot, piece or parcel of land contiguous to the proposed sidewalk, by levying such cost on such lot or parcels of land as herein provided, in proportion to the respective frontages on the said proposed sidewalk.

Section 12.

Any ordinance heretofore passed by the President and Board of Trustees of the Village of Barrington, conflicting herewith or inconsistent with any of the provisions herein, are hereby repealed.

Section 13.

This ordinance shall take effect and be in force immediately on and after its passage and publication as provided by law.

Adopted by the President and Board of Trustees of the Village of Barrington this 6th day of April, A. D. 1905.

Approved this 6th day of April, A. D. 1905.

Published this 14th day of April A. D. 1905.

MILES T. LAMEY,
President of the Village of Barrington.

FIFTY CENTS

IN some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

Supervisor's Report

STATE OF ILLINOIS, } ss.
COUNTY OF LAKE, }

TOWN OF CUBA, Office of Supervisor.

The following is a statement by Miles T. Lamey, Supervisor of the Town of Cuba, in the County and State aforesaid, of the amount of public funds received and expended by him during the fiscal year just closed, ending on the 28th day of March, 1905, showing the amount of public funds on hand at the commencement of said fiscal year, the amount of public funds received and from what sources received, the amount of public funds expended and for what purpose expended during said fiscal year, ending as aforesaid.

Funds received and from what sources received:

Amount of public funds on hand at the commencement of the fiscal year, commencing the 28th day of March last:

Town tax	$15,[illegible]
Dog tax	22 61
From other sources:	
L. G. Price, delinquent tax 1903	15 [illegible]
F. W. Riley, Collector town tax last year	1,[illegible]
Dog tax 1904	183 [illegible]
Henry Rieke, delinquent tax 1902	2 00
Total	$[illegible]

Funds Expended and for what purpose expended.

Mary Howe, refunded dog tax	[illegible]
G. Heimerdinger, judge of election	5 00
Fred Kirchstor	5 00
M. T. Lamey	5 00
Conrad Ross, clerk	5 00
O. D. Hogan	5 00
H. H. Plunge	5 00
Appropriation for Memorial Day	25 00
Henry Rieke, thistle cutting [illegible]	2 50
Lester Rieke, cutting thistles	1 [illegible]
Estate L. Lamey, hall rent	5 00
Barrington Review, publishing and printing	3 [illegible]
M. T. Lamey, auditing	1 [illegible]
H. H. Plunge, town clerk	12 50
Fred Kirchstor, assessor	120 00
Chas. Groth, commissioner highways	1 [illegible]
Geo. J. Hager	1 [illegible]
Henry Meier	1 [illegible]
Louis Mathieson, auditing	1 [illegible]
H. H. Plunge, town clerk	11 [illegible]

Mrs. H. G. Sawyer has been ill the past week.

Miss Hazel Willey was a visitor from Elgin over Sunday.

Miss Ethel Sawyer contemplates a visit to the states of Wassington and California this summer.

Mrs. Ellen Riley has built an addition to her property in town.

Mrs. Arno Moore spent Sunday with her Chicago relatives in Giberts.

Mrs. Julia Gardner has vacated her home at Barrington.

Mrs. Letitia Park celebrated her 90th birthday anniversary last Tuesday. She received many gifts among them were plants and cut flowers.

Grace Miller visited in Elgin Tuesday.

Harvey Seymour has moved here from Huntley.

The claim set up by a St. Patrick's day orator that Field Marshal Oyama is descended from an Irishman named O'Yama who settled in Japan recalls an anecdote about General Thomas W. Sweeny, who served with Sherman in the civil war. Sweeny was enthusiastic in the defense of the Irish soldier, and one day a listener exclaimed, "You'll be claiming Napoleon as an Irishman yet." Said Sweeny quickly, "No, I won't, but I do claim that the man who licked him at Waterloo was an Irishman."

50 Years of Success

Wheeler & Wilson

This is our record. From a small beginning we have grown until our factories now cover many acres. Many of our machines sold forty to fifty years ago are still giving their users faithful service. Can anything be more convincing of their merits and durability? Did you ever hear of any other machine with such a record?

Note a few of the many superior points of the

Wheeler & Wilson Sewing Machine No. 9

The Rotary Hook displaces the old out of date, unmechanical and troublesome shuttle.

The Frictionless ball bearings and perfect mechanical construction enable it to be operated with one-third less exertion than is required by ordinary machines. It sews three yards of goods while a shuttle machine sews two.

It makes the most elastic and most perfect stitch whether sewing light or heavy goods.

With our superior attachments the greatest variety of work is possible.

Do not make the mistake of buying a sewing machine until you have given the Wheeler & Wilson No. 9 a trial.

Wheeler & Wilson Mfg. Co., Chicago, Ill.
