Barrington School Notes.

The mothers meeting Friday was well attended considering the weather. The meeting was in charge of Mr. Banta. His subject was "Common School Education." Much of the discussion was given to the developing of the idea that it is far more important for us to make the children live and desire than what we make them learn.

What constitutes an ideal primary teacher was read from "Children's Rights." The ideal primary teacher should possess the following accomplishments: The music of St. Cecilia, The art of Raphael, The inspiration of the Troubadours, The dramatic genius of Rachel, The prudence of Franklin, The administrative ability of Cromwell, The inventive power of Solomon, The meekness of Moses, and The patience of Job. The next mothers meeting will occure May 6. Assistant Superintendent Furr will have the meeting in charge. He will talk on "Primary Education." It is hoped that a large number will be present.

After an illness of four weeks Miss Cox has again taken charge of her room.

Verne Hawley is absent from high school on account of measles.

The A Class of the fourth grade has begun reading Whitter's "Child Life in Poetry" The A Class of the fifth grade has begun "The Little Lame Prince." These are both delightful books, and the children throughly enjoy them. The Cook County Normal Institute will offer premiums ranging in value from $25 to $1 to all pupils who will comply with the rules and enter Boys Corn Growing Contest, for the North-Western part of Cook Countiss. Circulars giving full information have been received by Mr. Banta from County Supt. A. F. Nightingale and will be furnished to all pupils who desire to enter said contest.
