DROPS JAMAICA AFFAIR

GOVERNMENT WILL PAY NO ATTENTION TO IT.

TWO MORE HEAVY SHOCKS

Buildings Thrown Down and Kingston People Greatly Alarmed—Colonial Office Heard From Swettenham.

Washington.—The president has finally dismissed the incident connected with the refusal, by Gov. Swettenham, of Jamaica, of aid from Admiral Davis, as is shown in the following letter, made public at the state department Wednesday, addressed by Acting Secretary Bacon to Charge Howard:

"State Department, Washington, Jan. 22, 1907.—Mr. Esme Howard, Charge D'Affaires ad interim, The British Embassy, Washington.—Sir: I have the honor to acknowledge the receipt of your note of yesterday's date, by which you communicate the substance of the instructions received by you from Sir Edward Grey in reference to the Jamaica incident.

"I hasten to assure you, on behalf of the president, that this government will pay no heed whatever to the matter, and very much appreciates the frank and ready courtesy and consideration shown in this dispatch by Sir Edward Grey.

"I can only repeat to you, in this more formal way, what I said to you personally last evening, assuring you of the president's sincere appreciation of the cordial spirit shown by your government. It is especially gratifying to the president to feel that it has been possible for this country to show in any practical way, however small, its friendship to a community of our people in a time of such suffering and need."

London.—The Colonial office is now in possession of official advices from Sir Alexander Swettenham, the governor of Jamaica, concerning the exchange of letters between himself and Rear Admiral Davis, but the extent of these advices and whether or not they contain an explanation and apology, or mitigating circumstances, has not been disclosed.

Kingston, Jamaica.—Two earthquake shocks, the heaviest since the destructive ones of January 14, were felt here at two o'clock Tuesday afternoon. Several buildings were thrown down and there was great alarm among the people. No one was injured.

VICTORY FOR MINNESOTA.

Proposed Issue of Great Northern Stock is Enjoined.

St. Paul, Minn.—In the Ramsey county district court Wednesday Judge Oscar Hallam signed an order enjoining the issuance of certain stock certificates of the Great Northern Railway company from making the proposed increase of $60,000,000 worth of additional stock of that company or issuing the same or a part thereof during the pending litigation without first making an application in writing therefor to the Minnesota railroad and warehouse commission and securing its approval thereof, as provided by section 2,872 of the revised laws of 1905 of Minnesota.

This is a complete victory for the state in the action brought last month by Attorney General Young and his assistant, R. A. Stone, to compel the railroad to recognize the state railroad and warehouse commission before issuing the stock. The laws provide that before a railroad can issue an increase of its capital stock it must make application to the railway and warehouse commission.

CHAIRMAN SHONTS RESIGNS.

Canal Chief Elected President of Interborough Traction Company.

Washington.—The resignation of Theodore P. Shonts, as chairman of the canal commission was announced at the White House Wednesday, having been tendered to the president and accepted by him Tuesday, according to correspondence made public. It will take effect not later than March 4, Mr. Shonts having been elected Wednesday as president of the Interborough-Metropolitan company, which controls the rapid transit and many surface lines in New York.

Senate Accepts Salary Raise.

Washington.—The senate Wednesday accepted the proposition of the house of representatives to increase the salaries of senators, members and territorial delegates to $7,500 annually, and those of the vice president, the speaker of the house and members of the president's cabinet to $12,000.

Blacksmith Inherits $400,000.

Mayfield, Ky.—J. W. Benedict, a blacksmith here, has fallen heir to $400,000 by the death of a relative at Union City, Tenn.

Fire in Wisconsin Town.

Viroqua, Wis.—Fire early Wednesday did great damage in the business section of this city. The Vernon county bank and the buildings occupied by the Bell and the La Crosse and Interurban Telephone companies were the principal buildings destroyed.

Trial of Harry Thaw Begins.

New York.—The trial of Harry K. Thaw for the murder of Stanford White began Wednesday and when court adjourned two jurors had been accepted by both sides and sworn in.

TERRIBLE TO RECALL.

Five Weeks in Bed With Intensely Painful Kidney Trouble.

Mrs. Mary Wagner, of 1267 Kossuth avenue, Bridgeport, Conn., says: "I was so weakened and generally run down with kidney disease that for a long time I could not do my work and was five weeks in bed. There was continual bearing down pain, terrible backaches, headaches and at times dizzy spells when everything was a blur before me. The passages of the kidney secretions were irregular and painful, and there was considerable sediment and odor. I don't know what I would have done but for Doan's Kidney Pills. I could see an improvement from the first box, and five boxes brought a final cure."

Life Without Mind.

The possibility of life without mind, while not subject to positive proof, is a theory that has gained considerable strength recently through its advocacy by Dr. L. Laloy, librarian of the Academy of Sciences, Paris. He believes that many of the smaller living organisms, such as insects, are mere moving machines, having no more intelligence than may be ascribed to plants. He refers to the well known fact that insects are attracted by light, often to their own destruction, and ascribes it to the same cause that inclines the plant to grow toward the light.

Thoroughly Reliable.

If ever there was a reliable and safe remedy it is that old and famous porous plaster—Allcock's. It has been in use for sixty years, and is as popular today as ever, and we doubt if there is a civilized community on the face of the globe where this wonderful pain reliever is not sufficiently known. The composition of the ingredients and in their manufacture the greatest care is taken to keep each plaster up to the highest standard of excellence, and no pure and simple fire the ingredients that even a child can use them.

Allcock's are the original and genuine porous plasters and are sold by Druggists all over the world.

Slightly Mixed.

A traveling salesman died suddenly in Pittsburg, Pa., and some of his friends telegraphed the undertaker an order to make a large wreath. Investigation showed that the telegram ordering the wreath read as follows:

"Rest in peace, on both sides of the ribbon; if there should be room: 'We shall meet in heaven.'"

The undertaker was out of town, and the new assistant handled the job in great confusion, putting those words which turned up at the funeral. The ribbon was extra wide, and it bore the inscription:

"Rest in peace on both sides, and if there is room we shall meet in heaven."

Rajah's Unique Conveyance.

Of the amphibious vehicles are not in evidence in Norway, it is safe to declare that nowhere else in Europe do we find a conveyance such as the rajah of Indian state, which is certainly unique. The body, shaped like a boat and painted in varied hues in accordance with the rajah's fancy, rests on a high pitch four-wheeled chassis of carriage. While intended for use on land as a state carriage, it may be used on occasions as a state boat, as the body can be unslung and converted into an electric launch. The skeleton carriage is about 14 feet long and is provided with four rubber-tired wheels. There is a seat for a driver and room for four in the boat-shaped coach. The total weight of the outfit is less than one ton.

WHITE BREAD

Makes Trouble for People with Weak Intestinal Digestion.

A lady in a Wis. town employed a physician who instructed her not to eat white bread for two years. She tells the details of her sickness and she certainly was a sick woman.

"In the year 1887 I gave out from overwork, and until 1901 I remained an invalid in bed a great part of the time. Had different doctors but nothing seemed to help. I suffered from cerebro-spinal congestion, female trouble and serious stomach and bowel trouble. My husband called a new doctor and after having gone without any food for 10 days the doctor ordered Grape-Nuts for me. I could eat the new food from the very first mouthful. The doctor kept me on Grape-Nuts and the only medicine was a little glycerine to heal the alimentary canal.

"When I was up again doctor told me to eat Grape-Nuts twice a day and no white bread for two years. I got well in good time and have gained in strength so I can do my own work again.

"My brain has been helped so much, and I know that the Grape-Nuts food did this, too. I found I had been made ill because I was not fed right, that is I did not properly digest white bread and some other food I tried to live on.

"I have never been without Grape-Nuts food since and eat it every day. You may publish this letter if you think so it will help someone else." Name given by Postum Co., Battle Creek, Mich. Get the little book, "The Road to Wellville," in pkgs.

Japanese Hot Baths.

In Japan hot baths are used at a temperature of 104 degrees Fahrenheit. Immediately they leave this the bathers plunge into perfectly cold water. A European doctor who has spent many years in Tokio declares that, after a bath of this sort and the subsequent douche, he used to feel warm all day in the coldest winter weather, while in summer the bath had the exactly contrary effect and the most cooling and refreshing.

Washington a Shingle State.

The state of Washington produced 10,500,000,000 shingles in 1906 fiscal year, or 68½ per cent of the total output of the United States. Washington has 459 mills, with a daily output of 47,940,000, or 18 per cent more than in 1905. In no other other state does the yearly output approximate 1,000,000,000.

MISS JULIE FLORENCE WALSH

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong?

Because may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, faintness, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded; a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 326 W. 36th St., New York City, writes—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Before You Paint, This Spring

bear in mind the fact that it costs you as much if not more to paint your buildings with inferior paints than it would to use paints of good quality. More harm and dissatisfaction is caused by the use of poor paints than almost any other article used for preserving or beautifying property.

Buffalo N.O. Paints

Aged Linseed Oil

are the highest grade paints made. They contain the purest and most lasting pigments ground in Aged Linseed Oil in correct proportion, are honestly made, cost no more than inferior paints and stand every test for exterior and interior work. Before you decide on the kind of paint to use, it will be to your interest to send for our 1907 color chart of the latest shades for modern uses, also valuable information and paint facts that you ought to know.

We want every owner of a building in this locality who sends us his name and address to have one of our beautiful Buffalo-head souvenir stirring sticks free.

The pin is neat and unique in appearance and will be sent without charge, if name is received before April 1st.
