# Local Happenings Told In Short Paragraphs

FRIDAY NOVEMBER 18, 1904

Window glass at Lamey & Co's.

The Methodist parsonage on Cook street is being repainted.

The Waukegan Gazette and Waukegan Sun are throwing bricks at each other. How pleasant it is for brethren to dwell together in unity.

The infant daughter of Prof. and Mrs. Banta, who was seriously ill last week is much better. The family is visiting Arlington Heights relatives.

Mr. and Mrs. John Martin, now residents of Indian Territory, are rejoicing over the arrival of a son. Mrs. Martin was Miss Carrie Wessel of this place.

Henry Wille and family who have been living on a farm in Premont township have rented the dwelling corner of Washington and Ela streets formerly occupied by Conrad Groll.

Four new members were admitted to the Court of Honor Tuesday evening. They were Mrs. Lenora Moore, Miss Edith Wolaver, Charles Gottschalk and John Balschmiede.

Mrs. Miller of Waukegan, formerly Miss Jennie Comstock of this village, last week received second prize in a mistress' statistical contest held in Waukegan by the W. C. T. U.

William Hanaly who formerly resided near Lake Zurich is serving an apprenticeship at the Barrington pharmacy. He is a clerk of considerable experience in the drug business.

Although Lounsbury Lodge A. F. & A. M. of this village did not attend in a body the dedicatory services of the new Masonic building at Palatine Sunday, a large percentage of the members with relatives and friends were present.

All men are most cordially invited to attend the Y.M.C.A. meeting at the association rooms next Sunday afternoon at 2 o'clock. Rev. F. N. Lapham will tell of some of his experiences with the Mormons in Utah. Special music will be provided.

Regular services will be held in the Baptist church Sunday morning and evening. Prayer meeting Saturday evening. Robert R. Fleming of the University of Chicago will occupy the pulpit in the absence of the pastor. The public is invited to attend these services.

Sunday November 27th, will be observed as Deaconess Day at the M. E. church. Miss Shoenberg of the Chicago Training School will represent the Deaconess work in general Sunday morning and Miss Lucy Judson of the Lake Bluff orphanage will represent the Orphanage work Sunday evening.

A surprise party was tendered Miss Elia Hatje last evening by a number of her girl friends. The prominent were Misses Louise Boehmer and Myrtle Plagge. Only young ladies were present and the evening was enjoyed by all in playing games and other amusements. At 10 o'clock refreshments were served.

Zion City will become a whiskered colony if the advice given by John Alexander Dowie is heeded. Speaking in Zion Tabernacle, Dowie said: "If I couldn't raise a heavy beard I'd raise what beard I could. I haven't much use for you men without beards. The beard is an indication of strength and should be cultivated."

Editor Frank Carr of the Wauconda Leader has been out to South Dakota and while there met several former Wauconda residents known to Barrington people. Otto Waehl is located at Fort Pierre, A. C. Stoxen at Pukwana, as is also Homer Cook and "Kit" Thomas, W. J. Bangs and Elmer Ford are at Huron. All are well pleased with the country.

Suburbanites on all divisions of the Northwestern road were forced to walk long distance to reach their work in Chicago Monday morning owing to the derailing of a coach near the west approach of the bridge across the river at Wells street station. Traffic in and out was delayed over an hour. The Barrington "turn around" local was abandoned.

Where are the Thanksgiving time entertainments this year? Has the general apathy of the recent political election invaded the social field also? Last year Mrs. Wiggs' revived Thanksgiving eve at Odd Fellows hall; the Ladies' band entertained at the village hall Thanksgiving night. Not much a sleigh ride or skating party were planned this year either.

The two boys who were hurt Thursday of last week near the school building when jumping off and on a passing mower, are to be congratulated that no more serious trouble developed from their thoughtlessness and refusal to obey Lester Adams, the driver, when he ordered them off. Martin Jacobson, son of Peter Jacobson, bruised a leg but was able to be about again the next day, while Willie Witt, son of Fred Witt, has since been confined to the bed with inflammation of the knee, although he is doing nicely now.

Mr. Parr, Asst. Supt. of schools in Cook county will give his lecture on "Patriotism" in the South church at Barrington Center Monday eve. December 5th. The admission is only ten cents. The proceeds will go to procure books for the school library. This is an excellent opportunity to hear a fine lecture for an unusually small sum.

Warrants for over 600 saloon keepers in Chicago and suburbs have been sworn out alleging violation of the state law relating to closing their places of business on Sunday. The prosecution is in the hands of a Chicago Reform league and will be carried to every county in the state. Evidence of the kind of liquor sold is not necessary. The place known to be open on that day is sufficient to subject the keeper to a fine.

A concert will be given on next Friday evening at eight o'clock in the M. E. Church, Miss Florence Chase, vocalist, of the Chicago Musical College will give a program of classical selections. Miss Chase possesses a sweet voice showing talent and cultivation, and those who hear her sing cannot fail to be pleased. Other musical talent will assist on the program. The concert is given under the auspices of the Lend a Hand girls who have the tickets for sale.

**Korea as a Mining Country.**

Korea possesses gold mines whose output has increased from $1,158,000 in 1896 to $2,500,000 in 1902, says a Washington special dispatch to the New York Times. It has also mines of iron, silver, copper, coal, etc. The greater part of the gold is exported to Japan Iron, although present in large quantities, can hardly be said to be exploited. As a matter of fact iron sent to Japanese foundries comes from China. Coal of medium quality is equally abundant, but it is hardly exploited. Copper is extracted in several districts. During the past two years 564,433 pounds, valued at $53,100, were mined. It is said that the southern portion of Korea belongs to the crown and that it is necessary to have a special authorization to develop it.

**Saves Two From Death.**

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Harland of Armonk, N. Y., "but we saved her life with Dr. King's New Discovery. Our notice, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." **Innovation in Locomotives.**

E. H. Harriman, the railroad president, has ordered the use on the Union and Southern Pacific system a locomotive expected to make 100 to 120 miles an hour and run from ocean to ocean without a stop, says the Chicago Tribune. The locomotive is a fireless, smokeless, waterless power house on wheels. It needs no coal and throws no sparks or cinders. Its builders say it can carry enough fuel for a 3,000 mile run. Theoretically this has all been figured out to a mathematical certainty, but it has yet to be practically demonstrated. The new engine uses a combination of compressed air, fuel oil and electric power and is an application of the Diesel type of engine. A locomotive. It is building at Providence, R. I. The Diesel engine which heretofore has been used only for stationary work is to be made to drive a dynamo which will provide the electrical power for the locomotive.

**Fashionable Color For Gowns.**
