He "Fellowed Copy."

Mrs. Marble, after the death of her husband, went to Mr. Stone (a dealer in headstones) and consulted him in reference to an inscription. She said: "Put on it: 'To my dearest husband,' and if there be any room left, 'we shall meet in heaven.'"

Entering the cemetery and going to her husband's grave, she noticed the headstone, and quickly rushed to see how he had engraved it. The poor old widow's heart beat with pain when she read the following on the headstone: "To my dearest husband, and if there be any room left, we shall meet in heaven."—Port Chester Record.

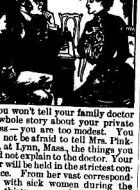
HELPFUL ADVICE



You won't tell your family doctor the whole story about your private illness—but you do, mother. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases.

Mrs. Norman R. Barndt, of Allentown, Pa., writes:

"Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. I tried the Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and today I am as well as any a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

TURKEY!

OHIO UNANIMOUS FOR TAFT

STATE PRIMARIES ARE EASILY CARRIED FOR SECRETARY.

No Opposition of Moment Develops—Supreme Court Kills Foraker's Chances in Cuyahoga County.

Columbus, O.—The net result of the Republican primaries held throughout Ohio Tuesday was: For William H. Taft, four delegates-at-large and 21 district delegates to the national convention in Chicago, and a list of delegates to the state convention, to be held March 3, which will be unanimously in his favor.

No opposition worth mentioning developed during the day. The supreme court destroyed all chances of success by the Foraker element in Cuyahoga county, by declaring that the Taft county committee was the only valid organization of its kind in that county and the selection of delegates there went by default, no ticket being placed in the field against the Taft candidates.

In Knox county the opposition to Taft had brought an independent ticket into the field, the independents, however, all being Foraker men. The Taft candidates won easily, the vote being about four to one in their favor. Actual voting for delegates to the state convention was carried on in but 55 out of the total of 88 counties in the state. The Taft delegates in 52 counties having no opposition.

The following statement was issued by Arthur I. Vorys, the manager of the Taft presidential campaign: Ohio is for Taft. The result at the primaries completes the demonstration. Every county (except one with seven delegates) now has selected its delegates to the state convention. Every county has selected Taft delegates. The state convention will be unanimously for Taft, for every one of the 847 delegates is for, and instructed for, Taft. This unanimity also demonstrates that every one of the 46 delegates to the national convention will be for Taft."

Two Battleships; Not Four.

Washington—By a vote of 17 to 5 one member absent and not voting, the house committee on naval affairs Monday rejected the president's urgent recommendation that congress at this session authorize the building of four battleships at a total cost of $28,000,000, and by a unanimous vote there was included in the navy appropriation bill an authorization for the construction of two, to cost $8,500,000 each and to be of the Delaware type.

Serious Blaze in Cincinnati.

Cincinnati—A loss of nearly $50,000 was incurred, one fireman probably fatally injured and a dangerous panic narrowly averted in a fire in the five-story building at 217 West Fourth street Tuesday afternoon. The building was occupied by several concerns, the heaviest losers being two wholesale millinery establishments.

Actor Kills Wife and Self.

Cleveland, O.—Fred Wigle, an actor, shot and instantly killed his wife Maud, and then committed suicide at a boarding house here. The double tragedy was not discovered until fire was found in the room they occupied. The wedding caught fire as a result of the revolver being fired near the covers.

Train Wrecker Admits Guilt.

Butte, Mont.—The mystery which surrounded the attempts to wreck the Oregon Short Line trains early Monday was cleared up Tuesday when Pat Gordon, aged 24, of Butte, one of the suspects, broke down and confessed. He admitted throwing the switch which derailed part of the freight train and also confessed that he put the ties on the track in front of the south-bound passenger train. Gordon says he was drunk at the time and did not realize what he was doing.

SENT TO PRISON FOR FRAUD.

Sentence Is Passed on Two Bank Wreckers of Elkville, Ill.

Murphysboro, Ill. — W. B. Smith and James M. Nail of Henry county, Kentucky, were sentenced to the penitentiary for a term not to exceed five years in circuit court here for conspiracy to defraud the Elkville (Ill.) State bank of $5,192. Nail was president of the Mississippi Valley Banking company of Grand Tower, this county, which institution is now in the hands of a receiver.

It was charged that Smith came to Jackson county and organized a state bank at Elkville which had scarcely been opened when Smith and confederates in the south began to flood it with overdrafts and false drafts. Smith installed Nail as president of the bank. Smith was once president of the largest bank in Louisville, Ky. A fine of $2,000 was assessed against Smith in addition to the prison sentence.

Washington — Announcement was made Friday of the approaching retirement from the postal service of Frank H. Hitchcock, first assistant postmaster general. Mr. Hitchcock will assume the management of the campaign of Secretary Taft for the Republican nomination to the presidency.

The exact date of the resignation has not been determined definitely but it probably will be about February 15.

Mr. Hitchcock will be succeeded as first assistant postmaster general by Dr. Charles P. Grandfield, who for a little more than two years has been chief of the bureau over which Mr. Hitchcock presides. Dr. Grandfield has been actively identified with the postal service for about 20 years and is widely known and highly esteemed, personally and officially.

SON VIEWS HARGIS' BODY.

Murderer of Kentucky Judge Present Just Before the Funeral.

Jackson, Ky.—The funeral of Judge James Hargis, who met death at the hands of his son, took place in the little family burial ground on the crown of a knoll around which flows the peaceful North fork of the Kentucky river Saturday. Beech Hargis, the murderer, was permitted to view the body of his father before it was taken from the house. He was greatly overcome and fell on his knees and said "Lord have mercy." He was returned to the gloomy Breathitt county jail just about the hour that the body of his father was taken from the house and did not see the procession as it started on its way.

Tobacco Company Indicted.

Lexington, Ky.—The first indictment ever brought in Fayette county against a so-called trust was returned Monday when the grand jury handed in a true bill to the court indicting the American Tobacco company on a charge of conspiracy. This indictment is the direct result of Judge Parker's order to the grand jury to investigate the tobacco situation in this city and county. It charges the American Tobacco company with conspiracy and planning to reduce the price of raw material.

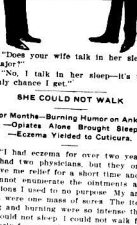
HIS ONLY OPPORTUNITY.



"Does your wife talk in her sleep, major?"

"No, I talk in her sleep—it's the only chance I get."

SHE COULD NOT WALK

For Months—Burning Humor on Ankles —Opiates Alone Brought Sleep —Cuticura Yielded to Cuticura.

"I had eczema for over two years. I had two physicians, but they only gave me relief for a short time and I cannot enumerate the ointments and lotions I used to no purpose. My ankles were one mass of sores. The itching and burning were so intense that I could not sleep, could not walk for nearly four months. One day my husband said I had better try the Cuticura Remedies. After using them three times I had the best night's rest in months unless I took an opiate. I used one set of Cuticura Soap, Ointment and Pills, and my ankles healed in a short time. It is now a year since I used Cuticura, and there has been no return of the eczema. Mrs. David Brown, Leslie, Ark., May 13 and July 13, 1907."

The Bird Told Her.

Henry eyed the canary solemnly. Then, the canary's head pointed his finger and said emphatically:

Chirps. I think a heap of you but some things we just can't do stop—oh well it won't be good for you. There's not a single thing I've done lately but what you found out. Yes! I always the same—she says a little bird told her when I wanter know how she heard about it.

Now, Chirps, you're the only little bird around here now. I'm just goin' to go straight through my country from top to bottom and if ma hears about this from any little bird, Chirps—why you're goin' to decorate the inside of the cat, that's all.

Millions in Oats and Barley.

Nothing will pay you better for 1908 than to sow a plentiful supply of oats and barley with oats at 25c per bu. and Salzer's Barley at 60c per bu. Oats averaged 50 bu. per acre more than barley last year in 1907 which was unusual while Salzer's Silver King Barley, proved itself the biggest yielder at the Wisconsin Agricultural Station in 1907. If you had planted barley you would have given you in 1908 just $3 extra per A. for an enormous yield.

Women Not in Demand.

Mr. Arnold Shanklin just returned from Panama, says that men who go to Panama seem to think a wife one of the first necessities, but generally they are provided with sweethearts, who either come to them properly chaperoned or they go back to the states for them. The government builds nice sick rooms houses for the married men and there is a very pleasant social set being formed. He did not seem to agree with Miss Helen Taft's Roswell that the married or bachelor girls are wanted there. The inference being that the right sort of men have sweethearts or about to be when they go to Panama.

Treadmill Still in Use.

The barbarous custom of using convicts in treadmills is still practiced in some English prisons, declares Popular Mechanics, and an interesting picture shows the convicts at this trying task. The speed is about 30 steps a minute, and if a man misses a step a cross-bar strikes the calves of his legs.

The highest path is pointed out by the pure ideal of those who look up to us, and who, if we tread less lofitly, may never look so high again.—Hawthorne.
