Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 12-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12-oz. package, it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

Return to Mule Teams.

Freight traffic between Reno, Nev., and Goldfield, the "new bonanza," has increased so much that the railroads cannot handle it, and rates have dropped twelve mules each have been put on the road, the first time in over a quarter of a century that they have appeared on Nevada's roads. By freight train Goldfield is one day from Reno. By mule team it is twelve days.

Water for Salt Lake City.

Salt Lake has planned for an extension of its water supply that will cost $1,000,000 and make the supply ample for a city of 750,000 inhabitants.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

When the cheeks begin to glow with cold it is time for stoves to glow with heat.

The letter of Miss Merkley, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. This only objected to. I then decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt the pain and increased appetite. The ulceration soon healed, and the other conditions disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me." Sincerely yours, SIGNA MARIE MERKLEY, 275 Third St., Milwaukee, Wis. $5000 forfeit if original of above letter proving genuineness of testimonial is not produced.

ILLINOIS SOLONS ARE ORGANIZED

Edward D. Shurtleff is Elected Speaker and Announces His Policy.

PARTY CONTEST OVER PAY ROLL

Resolution Providing for Extra Help is Defeated, Owing to the Fact That It Did Not Receive a Two-thirds Majority.

The Forty-fourth general assembly of the state of Illinois organized Jan. 4. An outline of the features of the opening day were in the house. They were a lively discussion over the appointment of the sergeant-at-arms and the speech by the new speaker, in which he told his fellow members that he did not intend to be their dictator, but at the same time would preserve his constitutional rights.

The pay roll contest was the echo of the one in the Republican caucus. Representative Charles Allen put a resolution providing for help outside the statutory provision of ten policemen at $2 per day, seventeen janitors at $1.50, fifteen janitors at $2, a "superintendent of ventilation" at $3, with two assistants at $2.50.

Resolution is Lost.

Berlamin Marion Mitchell of Chicago at once went in the resolution of the Democratic caucus demanding that all such matters should be sent to a committee, and Representative McGeorty demanded a roll call.

The Allen resolution received 79 votes to 72 against it, and the speaker who had voted for it himself, declared it lost under the statute providing for a two-thirds vote for additions to the

EDWARD D. SHURTLEFF

pay roll. The Democrats voted solidly against the resolution.

Then resolutions were passed without a roll call, allowing the clerk to name what sergeant he wanted and giving the speaker the same privilege. They were all assistant clerks messengers or stenographers. The speaker was late in organizing because Chief Clerk Ricks was mixed up in a freight wreck and did not get to Springfield on time. When he did come however he established a new rule in administering the oath of office to the members of both houses.

Members Repeat the Oath.

Ordinarily the members have been sworn in in the same unceremonious way that a witness takes the oath in a justice court. The chief justice, however, had the members repeat the oath after him a few words at a time, as a congregation responds to the liturgy in a church service.

The house then organized quickly. Edward D. Shurtleff being elected speaker by a party vote. Some friends of Representative Trautman had sent him a bouquet of flowers and one of them was pinned on Mr. Shurtleff's coat when he took the gavel.

Gov. Yates' message was sent to the house and 5,000 copies ordered printed. It was not read. It was longer than usual, comprising about 12,000 words.

Organizing the Senate.

The senate organized without a ripple. Senator McKenzie nominated Senator Townsend of Knox as the Republican candidate for president pro tem, and Senator Powers of Cook named Senator Hull of Macon county for the Democrats. Townsend was elected by 40 votes to 19. Then the minor officers were duly filled by the same vote, the candidates of the Republican caucus, of course being elected. The only feature of the session was the presence of a hundred union labor men from Decatur who filled the gallery. They had come to see Senator Henson of Macon county. Mr. Henson was absent.

Both houses adjourned till Thursday morning to meet in joint session to canvass the vote for state officers at the last election and duly declare in all form of law that Charles S. Deneen and the candidates with him on the Republican state ticket were duly elected.

INDIANA BANK FAILS TO OPEN

Private Institution at North Liberty Has Been Closed.

South Bend, Ind., Jan. 5.—The citizens' bank of North Liberty failed to open its doors Wednesday morning. The bank was established about two years ago by J. W. Brooks as a private concern. Fear of its failure has existed for some time among the leading merchants of North Liberty. For this reason it is believed the deposits ran low and that no person was caught for a large amount.

THREE YEARS AFTER.

Eugene E. Larlo, of 781 Twentieth avenue, ticket seller in the Union Station, Denver, Col., says: "You are at liberty to repeat what I first stated through our Denver papers about Doan's Kidney Pills in the summer of 1899, for I have had no reason in the interim to change my opinion of that remedy. I was subject to severe attacks of backache, always aggravated if I stood long at a desk. Doan's Kidney Pills absolutely stopped my backache. I have never had a pain or a twinge since."

Foster-Milburn Co., Buffalo, N. Y., For sale by all druggists. Price 50 cents per box.

Duly Served.

Some few days ago a policeman was sent to serve a summons on a notorious character. This person, who lived alone and had evaded service successfully for some time, was the owner of a male parrot. Mr. Polyard, whom I will call Mac, went to the defendant's house and, like a wily poacher, observing his approach, had fled, leaving the door unfastened. Mac saw the goat and, as it is reported, addressed him solemnly read the summons to him, after which he stuck the copy on his horns. He then went home and endorsed the paper thus:

"Served by leaving a copy of this summons in defendant's residence, with an inmate." etc.

"Serve, serving serves," Mac was asked by the magistrate.

"Was the inmate of same?"

"Your worship," said my friend, laying his hand on the middle button of his tunic, "he is a beard down to that."—London Tit-Bits.

A GREAT INSTITUTION.

It is unusual that a single institution in a city of 3,000 people will overshadow in importance every other interest, but such is the case with the American School of Osteopathy and Still Infirmary at Kirksville, Mo.

A stranger in Kirksville is immediately impressed with the idea that the town is sustained by this institution. In fact Kirksville has been made what it is today by Dr. Still and his famous School and Infirmary. It is the largest and most endowed institution of its kind in the United States.

Dr. Still's school enrolls over 700 students yearly and each student is required to attend four terms of five months each before completing the course of study. There are over 2,000 graduates and they are practicing in every state and territory of the Union. About two-thirds of the states have passed laws regulating the practice of osteopathy.

The school teaches every branch taught in medical colleges except "drugs" and osteopathy is substituted for that. Osteopathy is the teaching in anatomy that the human body contains within itself, or generated yearly by the students.

Act 1 Act 2 Act 3 patients from every part of the country and with almost every form of disease are constantly under treatment. In the past fifteen years almost every trial given by Kirksville has brought relief to sufferer hoping to find relief by the science of osteopathy. To the honor of the fame of the institution be it said that in the treatment of disease the patient is treated as a safe and rational method of cure. Many years ago a trial clinic was established in connection with the practice department in which the poor of the city could get the benefit of the worthy poor, who are unable to pay for treatment, and every afternoon by the senior students free of charge.

Willing to Teach.

"I don't believe my boy will ever learn the trade," said the father whose son had just entered college.

"Why, Jones, when the boys get him in the field they'll teach him a lot of things," said the president smilingly.

More Flexible and Lasting.

Won't shake out or blow out by using Defiance Starch; you obtain better results than possible with any other brand and one-third more for same money.

No Use for Coroner.

The Grand Army of San Diego county, California, has recommended that the offices of coroner and public administrator be abolished.

Pearl Powder in the East.

Pearls are the most popular of all precious gems among the inhabitants of India and Arabia.

You never hear any one complain about Defiance Starch. There is none to equal it in quality and quantity of 16 ounces for 10 cents. Try it now and save your money.

Many an author's heaviest literary work consists of an effort to sell what he has written.

Piso's Cure cannot be too highly spoken of as a cough cure.—J. W. O'Hanlon, 169 Third Ave., N., Minneapolis, Minn., Jan. 5, 1900.

Politicians should cease to root on the fence if the voters were all on one side of it.

Defiance Starch is guaranteed thicker and, hence, more satisfactory. 16 ounces, 10 cents. Try it now.

After getting a new bonnet hubby's wife isn't satisfied until he gets it in the neck.

A GUARANTEED CURE FOR PILES. Piles are a sign of a disordered liver. The druggists will refund money if PAZO OINTMENT fails to cure any case of Piles. 50c.

Girls are partial to picture hats, but they draw the line at print gowns.

FITS Stopped free. Dr. Kline's Great Nerve Restorer. No fits after first day's use. Marvelous cures. Treatise and $2 trial free. Dr. Kline, 931 Arch St., Phila., Pa.

When the office seeks the man he has a strangle hold on it.

"National" Caskets are worth what you pay for them.

It's a sad thing to hear sweet lips voice bitter words.

CONGRESS IN SESSION AT NATIONAL CAPITOL

Members Return to Their Duties at Washington, Ready to Clear Calendars of Accumulated Bills.

Wednesday, January 4, 1905.

Upon the reassembling of the senate promptly at 12 o'clock today the Hepburn railroad bill was taken up for consideration. In order to take up the priority carry over from last Friday, it sought to bring up the pure food bill, but at the request of Mr. Warren, the pure food and omnibus claims bill and gave notice that it would be taken up for consideration tomorrow. Mr. Warren presented 1,498 claimants in behalf of a bill introduced a bill for the relief of certain operations, which was referred to the committee on claims. On motion of Mr. Gallinger the senate at 12:20 p. m. adjourned out of respect to the memory of Mr. Bell, a Representative from Colorado.

When the house reconvened after the holiday recess Mr. Grosvenor submitted the report of the merchant marine commission, which was ordered to be printed. Today he submit their views. Mr. Mann presented the report of the committee on rules, which was adopted. Subsequent and as a mark of respect to the memory of Mr. Bell, Mr. Gillett, of Massachusetts, introduced a resolution as to be a share of the congressional funeral. A motion was made asking that a commission be appointed to congress on his life.

THEODORE THOMAS DEAD AT HIS HOME IN CHICAGO

Great Orchestra Leader Succumbs to Attack of Pneumonia, Which Develops into Spinal Meningitis.

Chicago, Jan. 5.—Theodore Thomas, conductor of the Chicago orchestra, died at his residence, 43 Belden place, at 5:45 a. m. Wednesday. Death was caused by pneumonia, from which he had suffered for less than a week, and which at the end developed into cerebro-spinal meningitis.

The end came after a night of hopeless watching at his bedside. At the moment of death Mrs. Thomas and her brother, C. Norman Fay, were at the bedside, as were his man and Hector W. Thomas, musician's two living sons.

The funeral will be held at 11 o'clock Friday morning from Sinai temple, Michigan avenue and Ohio street, church, the Rev. James B. Stone officiating.

The news of the death spread rapidly throughout the city. When the intelligence reached the members of the orchestra they were assembling for a morning rehearsal. They were dismissed speedily and turned to their homes, showing every evidence of deep grief.

At noon the trustees of the orchestral association met in the old office in the Auditorium building, and during the packing cases heaped there preparatory to shipping the effects to his home, they exchanged condolences and formed plans for memorial concerts. In the office were Frank C. Lathrop, the president, and Daniel H. Burnham, the president, George E. Adams, former president, president Ely will draft memorial resolutions, which latter will be adopted by the trustees.

RADIUM IS OPHTHALMIA CURE

German Scientist Reports Disease of Eyes Combated by New Treatment.

Berlin cablegram: A great sensation has been caused in German medical circles by the announcement in Clinica Medica Moderna that Dr. Cohn, the celebrated oculist, has succeeded in curing ophthalmia by means of radium. A tube containing weighing one milligram was inclosed in a glass tube and passed over the eyes of a patient suffering from ophthalmia for fifteen minutes. Three cases are reported as being absolutely cured and numbers of others are reported as improving. If the discovery is of as great value as seems, it will prove a blessing to the Egyptian government, in which country ophthalmia is rampant.

WHISKY GOES UP IN FLAMES

Trolley Car Strikes Bottler's Wagon and Loaded Starts Blaze.

Merchantville, N. J., disgusted Merchantville trolley car struck a bottler's wagon at this place. There was a great spill of beer and whisky, particularly the latter. A burning blaze was set up and fed by the wagon, and in the collision it was smashed. The blazing oil set fire to the whisky and the flames flashed illuminated the neighborhood. The fire was extinguished by means of snow without very much damage, with the exception of the loss of much New Year's cheer.

LECTURES MUST BE REGULAR

Indiana Board of Medical Registration After Medical College.

Fort Wayne, Ind., dispatch: The Indiana board of medical registration and examination has written to the faculty of the Fort Wayne College of Medicine that unless all members of the faculty deliver their lectures regularly diplomas will not be conferred. The Fort Wayne Medical Journal attacked the state board violent. It says the board is spiteful, full of criticism and discrimination, and promises to result in a war among the doctors.

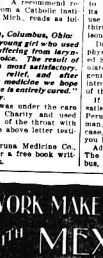
DESTROYS HIS BABE BY FIRE

Awful Crime is Laid at Kentuckian's Door by His Wife.

Lexington, Ky., dispatch: Ollie Cannon, a painter, has been arrested here on a warrant sworn out by his wife, charging him with the murder of his 6-month-old daughter. The wife alleges that the crime was committed Dec. 1, 1904, and that Cannon accomplished the murder by placing a foot on the child and burning her to death before the eyes. Cannon was committed to jail without bond.

SISTERS OF CHARITY

Uses Pe-ru-na for Coughs, Colds, Grip and Catarrh—A Congressman's Letter.



DAVID MEEKISON.

In every country of the civilized world Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs.

With so many children to take care of, and to protect from climate and disease, these wise and prudent sisters have found Peruna a never failing safeguard.

Dr. Hartman receives many letters from Sisters of Charity in all parts of the United States. A recommend recently received from a Catholic Institution in Detroit, Mich., reads as follows:

Dr. S. B. Hartman, Columbus, Ohio:

Dear Sir—"The young girl who used the Peruna was suffering from laryngitis and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further of the medicine we hope to be able to say she is entirely cured."

—Sisters of Charity.

The young girl was under the care of the Sisters of Charity and used Peruna at the advice of the friends. The good results as the above letter testifies.

Send to The Peruna Medicine Co., Columbus, Ohio, for a free book written by Dr. Hartman.

The following letter is from Congressman Meekison, of Napoleon, Ohio:

The Peruna Medicine Co., Columbus, Ohio:

Gentlemen:—I have used several bottles of Peruna, and feel greatly benefited thereby from my catarrh of the head, and consider it proper to believe that it would be useful to anyone suffering from a disease of thirty years' standing.—DAVID MEEKISON.

Dr. Hartman one of the best known physicians and surgeons in the United States, was the first man to bring Peruna to the notice of the world. It was through his genius and perseverance that it was introduced to the medical profession of this country.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case. He will be pleased to give you his valuable advice gratis.

Address Dr Hartman, President of The Hartman Sanitarium, Columbus, O.
