The son of the gaekwar of Baroda says he finds it impossible to go through college on $250 a week. Evidently he is taking a course in frenzied finance.

Archeologists claim that they have discovered the Broadway of Pompeii, but up to date they have not run across the pickled remains of any Pompeiians.

A Camden (N. J.) girl has been sent to jail for ninety days because she kicked a policeman on the chin. Camden policemen should wear their chins higher.

In Minneapolis lives a business man who has compelled the young women working for him to wear low heeled shoes and be comfortable—the mean thing!

The pasteurized kiss has been introduced by sanitary science. But perverse humanity will prefer taking its osculation the natural way.

The imagination of the ice man will have to work overtime next summer to find an excuse for high prices, but it is fully equal to the task.

That Russian Pole who had been adopted as the savior by a band of fanatical women is just human enough to object to being crucified.

"Uncle Tom's Cabin" Coming.

"The survival of the fittest" is amply illustrated in the long life of "Uncle Tom's Cabin" which has been before the public for more years than some of the readers of this paper care to remember. Millions of people have witnessed performances of it and many church members go to see it who never attend any other kind of play, on account of the great moral lesson it teaches and many people come and bring their children because of it's historical value. What is advertised as the largest "Uncle Tom's Cabin" show now traveling will play here in Barrington, Thursday night, May 30, in their big tent which is fitted up with seats for 2000 people. The show is under the management of W. B. Stowe, who is the nephew of Mrs. Harriet Beecher Stowe, the authoress of this great historical play. Among other features introduced during the play might be mentioned the cotton picking scene; the negro quarters on the Southern plantation before the war in which a troupe of real negroes introduce plantation songs and dances; the chasing of fugitive slaves by a pack of real blood hounds which were bought by Mr. Stowe from Sheriff Ray, of Kosciusco county, Mississippi; the old slave market in New Orleans; the death of Eva and the beautiful transformation scene of Uncle Tom's dying vision of Eva going to Heaven, which was painted by Pietro Kramero, a noted Cuban artist.

The big free street parade will take place each day, using over 50 people, ponies, oxen, donkies, dogs, etc. One performance will be given starting promptly at 8:15.

The Demons Of The Swamp.

are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering" wrote Wm. Pretwell, of Lamum, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50c at the Barrington Pharmacy.

Victor E. Lambert's great play, "The Girl and the Stampede" has its locale in Wyoming. It places on the stage for the first time, habitants that have never been exploited and draws a broad and realistic picture of the real characters, places the true and big hearted westerner. The company as a whole, is the same that was in the original cast headed by Grace Hayes Lambert. "The Girl and the Stampede" will be seen in Barrington Monday evening, June 3rd.

Helps A Judge to Get Fat.

Justice Eli Cherry, of Gillis Mills, Tenn., was troubled with eczema. A few sores on his leg had baffled several doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, sores, bruises and piles. 25c at the Barrington Pharmacy.

tion as civil engineer at Fort Gibson, Oklahoma. Mr. and Mrs. Miller express to move soon from Waukegan to this city. Mrs. Miller is a daughter of the late G. H. Comstock of this village.

The first tank of oil to be used in the oiling of streets in this village arrived Tuesday.

The W. C. T. U. will hold its monthly meeting next Monday evening at the home of Mrs. Samuel Gloske.

Among those who sang in the large chorus at the Auditorium, Chicago, last Friday night, at the annual May festival of the Cook County Sunday School association, were the Misses Irene Thoren and Myrtle Plagge of Barrington. Misses Genevieve Collen and Almeda and Frances Plagge attended the concert.

Captain E. B. Lewis, chairman of the committee on cemeteries and the location of soldiers' graves of the G. A. R. Memorial association of Cook county has assigned the Grand Army posts to the sixty-two cemeteries of the county, giving to General Thomas Sweeney Post, No. 275, the charge of Barrington, Deer Grove, Cady and White cemeteries.

Last Friday at the state encampment of the G. A. R. and the W. R. C. at Peoria, Mrs. Alma Arps of Palatine was elected junior vice president of the W. R. C., and deserves the high recognition in the organization on account of her active work for years in its behalf. Mrs. E. M. Fletcher of this place represented the local corps at the convention and the old soldiers who attended from here were J. C. Whitney, Fred Lagesschulte and Robert Reynoldson.

Hugh Davlin of Spaulding, Nebraska, visited the early part of the week at the home of his neice, Mrs. Edward Martin. Mr. Davlin is a brother of Charles Davlin of Wauconda and formerly lived in this vicinity. He has the distinction of being the first white child born in Cuba township; the place of his birth was the present east Davlin farm, known as the Rockensock place and the year was 1837. He went west to live in 1881 and this is his first visit here in twenty-two years. It is said that his parents were the first white family to settle in Cuba township.

Section Men Out on Strike.

The section men under Charles Naggatz and Peter Jacobson on the Chicago & North-western railway went out on a strike yesterday morning.

A committee representing the section men waited upon C. Neuberg, road master, who resides at Mayfair, and asked that their wages be increased from $1.50 to $1.65 per day, which is the rate paid to section hands nearer Chicago. Mr. Neuberg declined to grant the request and the men have refused to work at the old scale of wages.

Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joliet, Ill., for her wonderful deliverance, from an awful fate. "Typhoid pneumonia has left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I though I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its the most reliable of all throat and lung medicines. Every bottle guaranteed. 50c and $1.00. Trail bottle free at the Barrington Pharmacy.

What Texans Admire

is hearty, vigorous life, according to Hugh Tallman of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely put new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles. 25c at the Barrington Pharmacy.

TYPEWRITERS GIVEN AWAY

The Emerson Typewriter Company of Woodstock, Illinois, have recently given away over 400 of the highest grade, wholly visible Emerson Typewriters made in the world. They have gone into every state and territory in the United States. There may be some in your town. They are giving them away everywhere to men, women, boys and girls, over 18 years of age, on surprisingly liberal conditions.

If you could make any use of a $100 typewriter, providing it did not cost you even one cent, then in a letter or on a postal card addressed to Frank L. Wilder, President, Woodstock, Illinois, simply say, "Mail me all your free offers" and by return mail you will receive their Free Offers, the names of over 400 who have received typewriters free recently, and you will learn on what easy conditions you can get one of their typewriters free right away.

The Emerson Typewriter is one of the highest grade, wholly visible typewriters made in the world. Many who have used the "EMERSON" and other makes pronounce the "EMERSON" superior to any $100 typewriter on the market. It is a wholly visible machine, has every new, up-to-date feature, looks like other high grade $100 typewriters, though it is selling just now at an astonishingly low price and on terms of no money with order, trial free in your own home. Nothing to pay at first and after a thorough trial, 10 cents a day until paid. The "EMERSON" has every new improvement, universal keyboard, back spacer, tabulator, two-color ribbon, everything the best; is the ideal machine for beginners as well as for the most expert typists and stenographers; just the typewriter for the smallest or largest office.

If you could possibly make any use of a high grade typewriter, even though it didn't cost you one cent of money, or if you would like the agency in your town on a plan by which you could make big money, or if you would like a position with the company, then be sure, on a postal card or in a letter addressed to "Frank L. Wilder, President, Woodstock, Illinois," say, "Mail me your Free Offers."

Do You Want To Save Money

on that Manure Spreader, Silo Filler, Windmill and Gasoline Engine you're going to buy this Spring? Then get the best—the machines that wear the longest—cost the least for repairs—that are handled by the best dealers—and in short, the machines built right here at home in Northern Illinois—

The Appleton Quality Line

Now that you have a little spare time, come over and see us—let's get acquainted. We want to show you our magnificent factory and let you see how carefully we build our machines—what splendid material we use. We will show you the points that give our spreaders the longest life—the lightest draft—the best spreading—tell you why our silo fillers have greater capacity and use less power than any other machines rated at the same capacity—show you the features of construction that make it possible for us to insure our windmills for five years for $2.50 against damage by tornados and cyclones or any other cause except misuse—prove to you that our engines deserve their name—Appleton.

You will want to see our hustlers too and find out all about them—possibly arrange to have one delivered through your dealer next fall.

We have some real bargains in spreaders we have taken in trade. They have been rebuilt and will give you the service of a new spreader at a fraction of the cost.

We want to send you some mighty interesting advertising matter and a beautiful four-color hanger which we are just getting out. Let us have your name today so that you will be sure to get one.
