BARRINGTON REVIEW

VOLUME 29, NUMBER 27 — BARRINGTON, ILLINOIS, THURSDAY, JULY 3, 1913 — $1.50 PER YEAR IN ADVANCE

BRIEF MENTION OF NEWS ABOUT TOWN

Happenings of the Week Told in Short Paragraphs—What's Doing in Our Hustling Village.

Rural mail carriers will enjoy a holiday tomorrow.

The assessment rolls of the townships of Cuba and Ela will be published in this paper next week.

The regular monthly meeting of the board of village trustees will be held in the village hall Monday evening.

But two local merchants—the two pharmacies—have decorated for the Fourth and are displaying a stock of fireworks, flags and patriotic goods.

R. W. Gracy will give but one moving picture show a week after the Fourth, returning to the two a week schedule when cooler weather comes.

A number of men who have been working on the large farms near here will leave after the Fourth for the harvest fields of Minnesota and Dakota.

Some of the young bloods of the village commenced celebrating the Fourth several days ago but Night Marshal Jahnholtz easily persuaded them to desist.

A work meeting of the members of the Ladies' Aid society of the Methodist church will be held in the parlors of that church next Tuesday afternoon.

Need a flag for the Fourth? You ought to have one, and the place to buy it is at W. J. Cameron's new pharmacy—so says his advertisement in this issue.

The Young People's Missionary society of the Salem church will give an ice cream social on the church lawn next Thursday evening, July 10. Good music will be one of the attractions.

Several of the large farms in this vicinity will shut down Thursday evening, not to commence work again until Monday morning, and will give all their employes a vacation except those absolutely needed to do the necessary work on the farms.

The semi-centennial commemoration of the battle of Gettysburg, in progress this week in Pennsylvania at the scene of that famous battle, is unattended by any Barrington people. H. H. Williams is the only survivor of that battle living in this vicinity and he was unable to be present.

G. W. Spitzner is installing a cement walk in front of his property on Walnut street and most of the other property owners named in the ordinance recently passed by the village board requiring the installation of walks, have let contracts for their work. John Brasel is doing much of the work.

The Barrington band has been practising nearly every evening of late, preparatory to their arduous task of furnishing music for the Cary people and their guests tomorrow, and seem to have improved considerably. This will be the first public appearance out of town, for the present band, but the boys will give universal satisfaction, we are sure.

F. C. Leonard's portable garage arrived yesterday and was erected on the Sizer lot on Williams street. It makes a nice building for his purpose and will be useful later, if he decides to enlarge, for a private automobile garage. Mr. Leonard will use it this year for motorcycle purposes exclusively and will confine his repairing and supply business to motorcycles entirely as he does not wish to conflict with the other businesses already established here.

Crops Are Good.

"Knee high the Fourth of July" is a good stand of corn, according to the old saying, and farmers in this vicinity say that most of the corn around here comes up to this requirement. The late corn, they say, is not doing so well, and has been suffering for lack of rain.

Prospects are good for a large hay crop, according to all reports, and many farmers have already gathered their first cutting of alfalfa. Grain, they claim, will be shorter in the stalk this year, but will head well.

A large crop of apples is looked for and there are cherries in this vicinity in abundance while all other small fruit exceeds all expectations.

This is, in truth, a good year for the tiller of the soil and he rejoices, and all join in.

LOCKHART PREACHES LAST SUNDAY

Pastor of Local Baptist Church Will Give Up Pastorate Here After This Week.

Next Sunday will be George E. Lockhart's last Sunday as pastor of the local Baptist church the pulpit of which he has occupied for 4½ years. His father, who will supplant him, is at present in Chicago with his family and will be in the pulpit with his son Sunday and assume the pastorate the following Sabbath.

It is with genuine regret that members of the local Baptist society, and of all other denominations as well, hear of Mr. Lockhart's leaving. He came here when the Baptist society in this village was very nearly extinct, and has worked presistently and untiringly until he has builded a flourishing, thriving organization. During his stay here the church has been repaired and remodeled, new carpets, furniture and interior decorations have been purchased, a magnificient pipe organ installed and new parsonage erected—all through his individual efforts. And he has proven as thoroughly capable and satisfactory in the pulpit as he has outside of it, thus it is no wonder that his leave-taking brings sorrow. His parishioners realize, however, that his abilities fit him for a larger field, and feel thankful that they have had the benefit of his services for this length of time.

During the summer Mr. Lockhart will supply various pulpits of Chicago during the absence of the regular pastors and will not be located permanently until fall.

STAGE MAKES LAST TRIP.

Mail Now Carried to Wauconda and Lake Zurich People Over New Road.

The Wauconda-Barrington stage, which has carried the mail each day to Wauconda and Lake Zurich people since the railroad went through here in 1854, made its last trip Monday, and people in these towns will hence-forth be served by the new railroad.

This was the last of the old stages which, 60 years ago were the only link between the people of this vicinity and the outside world, and the remarkable thing is that this stage was continued so long after the the passing of all the rest. Before the C. & N. W. railroad built through here the mail, passengers and express were carried by stage from Chicago to Janesville and John Gray, one of the drivers on that route, became the first driver of the stage to Wauconda and Lake Zurich after that stage was supplanted by the railroad using a real old-fashioned stage coach such as are now seen only in wild west shows. Since his time there have been many drivers, a number of whom still reside at Wauconda. For a number of years a stage route was also in operation between Wauconda and Waukegan but that has long since been discontinued.

Wauconda and Lake Zurich people have not been so well pleased with the new arrangement this week as they were with the stage, but expect much better service as soon as the postal clerks become used to handling their mail by way of Palatine.

Probably Will Not Oil Road.

It was announced some time ago that the Wauconda road would be oiled from the village limits to Hollister's corners. The present prospects are that this work will not be done. The commissioner in charge of the road work at this end, William Gieske, estimates that 4,000 gallons of oil will be ample for this work, and as the commissioners are unable to buy a car that small and do not wish to purchase more than they can use it is probable that the work will not be done at all unless someone else can be found that will take the balance of the car.

At first it was thought that the county line road would be oiled west for some distance by the landed men living in that direction and the Cuba township commissioners contemplated ordering the oil together with them, but as they seem to have given up the plan for this year the Cuba commissioners feel that they will also have to let the work go.

LaPlant-Wolf

Miss Alta Wolf, daughter of Fred Wolf, was married in Chicago last Saturday to Joseph LaPlant of Crystal Lake, the ceremony taking place at the home of relatives of Mr. LaPlant.

Mr. LaPlant is an employe of the Bowman Dairy company of Crystal Lake while his bride is working at the Barrington laundry. The young couple have not yet announced their plans for the future.

NEW BANK WILL OPEN NEXT WEEK

Committee Has Finished Task of Examining Books and Plans Are To Take Over Business Soon.

The board of directors of First State Bank of Barrington met Tuesday evening. The cashier reported that the state auditor had counted the cash, constituting the $60,000 capital and surplus, at the Standard Trust and Savings Bank, Chicago, and after examining the records of the organization of the bank had issued the final permit authorizing the bank to commence business.

The committee which had been appointed at a previous meeting to examine the assets of the Barrington Bank of Robertson Plagge & Company with a view of purchasing their business and to recommend what action should be taken, reported. On account of the numerous items of loans and bonds requiring examination much time has necessarily been consumed by the committee. The report of the committee recommending that the new bank purchase the business of the old bank was adopted and it is expected that on July 10 the new bank will take over the business and assume the liability to depositors of the old bank.

NEW GAME LAW

State Game and Fish Conservation Commission Takes Charge July 1—Constables are Wardens.

The new state game and fish law went into effect Tuesday, abolishing the former state game and fish departments and creating the State Game and Fish Conservation Commission. Five state wardens and 60 deputy wardens, who have been required to pass the state civil service tests, now have charge of the protection of the fish and game, and all existing commissions to game and fish wardens are cancelled. Constables and sheriffs are ex-officio special deputy wardens and will receive as their fees one-half of the fines collected upon convictions secured by them.

Any person is prohibited from having in his possession any of the following fish less than the length specified: Black bass, 11 inches; pike or pickerel, 18 inches; white or striped bass, 8 inches; rock bass, 6 inches; yellow or ringed perch, 7 inches. If such undersized fish are taken they must be immediately returned to the waters without unnecessary injury. Black bass, pike or pickerel can be taken only with hook and line held in the hand. Trammel nets are abolished and seins are limited to 600 feet.

The commission is empowered to set aside waters as state fish preserves in which it shall be unlawful to fish in any manner than with hand line or rod and line, and a movement is already on foot to place the Fox, Rock, DesPlaines and Kankakee rivers under this protection.

The principal changes in the game law are as follows:

Open season for prairie chickens, November 11 to 24 (both inclusive).

Open season for mourning doves, August 16 to October 31 (both inclusive).

Open season for squirrel, July 1 to November 15.

Closed season on ruffled grouse (partridge) Hungarian partridge, Mexican blue tail, California Valley quail, California mountain quail, Capercalzie heath grouse (black grouse) and woodcock up to July 1, 1920.

Closed season on wild turkey, sand grouse, partridge and all kinds of pheasants extended to July 1, 1920.

No protection of any kind on blackbirds.

It is unlawful to feed any kind of seeds or grains, or to bait any wild goose, wild duck, brant, teal, or other wild water fowl for the purpose of shooting, trapping or ensnaring same.

It is unlawful to hunt rabbits with ferrets.

Crystal Lake Herald Sold.

The Crystal Lake Herald, one of the leading newspapers of McHenry county was sold last week by Mrs. Sarah Beatty, who has been conducting it since her husband's death a year ago, to A. M. Shelton of Crystal Lake, superintendent of schools of McHenry county, and L. W. Cobb of Woodstock who has been mechanical foreman of the Woodstock Sentinel for the past four years. The paper is issued under the new management this week.

Near Cloudburst in McHenry County.

Crystal Lake, McHenry and nearby towns were visited by a veritable cloudburst just before six o'clock Monday evening. Considerable rain fell too at Wauconda and in that section but this vicinity got but a few drops.

LOCAL COUPLE WEDDED LAST WEEK

George Landwer and Miss Ida Klein Were Married June 25 at Home of the Bride's Parents.

Miss Ida A. Klein, eldest daughter of Mr. and Mrs. August H. Klein and Mr. George R. Landwer of this village were married Wednesday evening, June 25, at the home of the bride's parents, 1½ miles east of Barrington.

Miss Klein is an esteemed young lady of pleasing manner and loveable disposition. Mr. Landwer is the son of Mr. and Mrs. H. F. Landwer of this village and is an industrious young man of good habits. He is a carpenter by trade. The bride was attired in white satin and carried a large bouquet of bridal roses. They were attended by George Klein as best man, and Miss Luella L. Landwer as maid of honor. Rev. F. W. Landwer, pastor of the North Hoyne Avenue Evangelical church, Chicago, uncle of the bridegroom, officiated.

About 100 invited guests were present to witness the occasion. The decorations were white and blue, and the spacious lawn was illumined by Chinese lanterns.

The happy couple were the recipients of many beautiful and costly presents, consisting of cut glass, silverware, oil paintings, rugs, etc. An elaborate wedding supper was enjoyed by all present.

They are spending their honeymoon in Wisconsin. We bespeak for them a happy and successful future. They have the best wishes of their large circle of relatives and friends.

CELEBRATE AT NAVAL STATION

Guests Gather at Naval Training Station at Lake Bluff for the Perry Centennial.

Saturday was state officials day in the Perry centennial celebration and 1500 guests gathered at the naval training station at Lake Bluff to take part in the observance. The real celebration begins August 16 when the Niagara, Oliver Hazard Perry's flag ship, rides into the harbor at Chicago. The Niagara has lain at the bottom of Lake Erie off Put-In-Bay since that memorable battle which has silenced hostile guns for 100 years. It has been raised and rehabilitated and will make its last cruise on the inland seas this summer in commemoration of Commodore Perry and in celebration of the centennial of the war of 1812.

If Perry could have seen the fleet which sailed out of Chicago harbor last Saturday morning bound for the training station he would probably have been more surprised than were the British 100 years ago when he appeared to give them battle in five ships, the existence of which they had no knowledge. In point of numbers this little fleet outnumbered the American and British vessels of this battle of long ago four to one, and the slowest one could sail circles around the old-time gunboats. The fleet was headed by 50-mile-an-hour hydroplanes and the latest marvel in a combined water and air ship.

The Fourth in Barrington.

Those who don't wish to go far away to celebrate the Fourth tomorrow will find an opportunity right at home in the picnic given by the Sunday school of St. Paul's church in the Lageschulte grove. There will be refreshments and amusements, and everyone is most cordially invited. The Omnes Vitae baseball club will have a game at the club grounds in the afternoon, too, so the village will not be devoid of life. Many people, however, are planning to attend the celebrations at Deer Grove park and at Lake Zurich, while still others will go to Cary where the Barrington band will furnish music for the celebration.

Award Lindley Scholarships

Among the 16 eighth grade graduates in Lake county this spring who have been awarded Lindley scholarships are Mildred Heinrich of Barrington township and Elizabeth McCarthy of Lake Zurich. The scholarships are awarded each year to the eighth graders in the county with the highest percentage and are good for a four years course at any of the state normal schools.

Heat Causes Death

The first death in this vicinity caused by the heat occurred Saturday when a workman in the Cary gravel pits was overcome. The man died that evening and the body was claimed by relatives and taken to Chicago Sunday.

Elgin Butter Market.

Butter sold on the Elgin board of trade Monday at 26½ cents, a drop of one cent from last week's price.

WHAT WOMAN MAY VOTE FOR.

List of Officers For Which Women May Vote and Those Which They Cannot Vote For.

Illinois enjoys the distinction of being the first large state in the union to grant women limited suffrage and the first state east of the Mississippi river to give women the vote privilege, though the ladies will not be vested with power to vote for every elective officer because this can not be granted until the federal constitution is amended. But for the present the women have a good start during which they can familiarize themselves with all the details of voting. The offices for which women can vote after July 1 of this year follow:

Can Vote for These

University trustees.
Presidential electors.
Collector.
Surveyor.
City clerk.
City treasurer.
Alderman.
City attorney.
President village board.
Members board of trustees.
Village clerk.
Village treasurer.
Supervisor.
Town clerk.
Highway commissioner.
Assessor.
Collector.

Also on all propositions or questions submitted to vote to electors of municipalities or other political divisions.

Can Not Vote for These

United States senators.
Members of congress.
Members of legislature.
Governor.
Lieutenant governor.
Secretary of state.
State auditor of public accounts.
State treasurer.
Superintendent of public instruction.
Attorney general.
Judges of supreme, appellate, circuit, superior, probate and criminal courts and clerks of these courts.
Justice of the peace and police magistrate.
Constables.
State's attorney.
County commissioners.
County judge.
County clerk.
Sheriff.
County treasurer.
Coroner.
Recorder of deeds.

AUTO TURNS TURTLE.

Joe Albright, Former Resident, Is Injured—Two Others Dead.

Joe Albright, a former resident of this village, is lying in a hospital at LaPorte, Indiana, with four fractured ribs and other hurts received last Friday when an auto in which he was riding from Michigan City to LaPorte turned turtle near the latter city. Mrs. Albright, who was formerly Miss Percy Davlin of Cuba township was visiting at Wauconda with her parents when the accident occurred and hurried to LaPorte immediately, accompanied by her sister, Mrs. George Conway of New York who was also visiting in Wauconda.

Accompanying Mr. Albright on the fatal auto trip was a Mr. Hamilton, who was foreman of the American Malleable Iron company when that company was operating at Chicago Highlands, and another man both were killed outright. It is understood that Mr. Albright will recover without serious results.

Must Not Sell Toy Pistols.

Merchants all over the state are prohibited from selling toy pistols using blank cartridges for Fourth of July celebrations, or other purposes, by a bill recently passed by the Illinois Legislature. The law provides that "it shall be unlawful to sell, trade or give away any toy pistol so made or constructed that it can be used to shoot blank cartridges. Any person violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined in any sum not less than $5.00 and not exceeding $25.00."

Bishop Muldoon Here.

Bishop P. J. Muldoon of Rockford was a guest of Rev. Father J. M. Lonergan and Rev. Father Gies at St. Ann's parsonage from Saturday evening until Monday morning. He conducted mass at St. Ann's church Sunday morning and went to Cary during the day to take charge of the dedication services there. Rev. Father T. F. Leyden, a former pastor here, was also a guest at St. Ann's parsonage Saturday evening.

NEW CARY CHURCH DEDICATED SUNDAY

Bishop Muldoon Conducted Impressive Ceremony—Many Local Catholics Are Present.

Last Sunday St. Peter's and St. Paul's new Catholic church at Cary was dedicated with full and impressive ceremony. A large procession of the Knights of Columbus, Catholic Order of Foresters and Daughters of Isabella with long lines of children in white costumes carrying bouquets of flowers, marched, headed by the 25-piece Columbia band of Chicago. A number of autos followed and finally Rt. Rev. Bishop Muldoon and the priests assisting in the ceremony.

An address by village attorney C. T. Allen was delivered very eloquently and carried a message of hearty welcome and deep appreciation. The dedication ceremonies then proceeded, the Bishop and assisting clergy being duly vested. It consisted in the chanting of psalms and canticles, prayers and blessings while marching around the four walls of the edifice. This procession was preceeded by cross and candle bearers and strikingly represents the setting apart of the edifice to the work of salvation and kindling of the light of the holy gospel in the minds and hearts of men. The same procession took place inside as outside and then the grand finale before the main altar—the invocation of the Saints of God.

A solemn high mass followed with Rev. Thomas F. Leyden, celebrant; Rev. J. J. McCann, deacon; Rev. David Conway, subdeacon and Rev. Spetz and Rev. Feeley assistant priests to the Bishop. Rev. Martin McVoy of Beloit was master of ceremonies assisted by Rev. Thomas O'Maguire.

Fathers Lonergan and Gies were assisted by Messrs. H. J. Lynch, D. F. Quinlan, Gates, and Riley in attending to the congregation.

There was only one other occasion when such a musical treat was accorded the community as Holy Angel's choir, under the leadership of Prof. Adolph Erst, rendered at the mass at Cary last Sunday. Father Finn and his volitient choristers of world wide fame will never be forgotten by local patrons of good music but Prof. Erst's choir will be remembered with equal pleasure.

Bishop Muldoon preached the sermon. It was an eulogy on the patrons of the church, Saints Peter and Paul How they of such different temperment and education were united in life and united in death and their feast-day kept on the same day.

St. Peter as the foundation stone of the church represents the stability of unchanging doctrines of true christianity. St. Paul, the great missionary, the zeal, the continued life and youthfulness of the church in gaining souls and fitting into all conditions and all peoples.

The pastors and people were commended and encouraged by words with which the Bishop closed his sermon.

The feature of the day from a social point of view was the hospitality and bounteous and efficient service of the ladies of the Cary parish. Meals were served, cafeteria style and many more could have been served by their admirable system. In the afternoon an outing at Fox River Grove park was indulged in by many visiters.

Those in attendance beside the reverend clergy above mentioned were many distinguished laymen of high place in judicial, executive and educational departments of society. Many more telegrams and letters of regrets were sent by those unable to attend.

Nothwithstanding the oppressive heat, of which Sunday was the fourth consecutive day, the attendance was splendid. It is hard to conceive of what the attendance would have been had weather conditions been less extreme.

The Spanish Renaissance modification with its mission style of architecture has been carried out very effectively in the furnishings of the church as well as in the general structure.

Two Games This Week.

The Omnes Vitae baseball club has two games scheduled for this week, Ravenswood on the Fourth and Janeway & Carpenders on Saturday. The Lyric Athletic club failed to show up last week, consequently no game was played. Games scheduled for the future are:

July 12—Austin Baptist church.
July 19—Oak Park.
August 2—Mercury Athletic club.
August 9—Sterling Athletic club.
August 30—Cuba Stars.
September 1—Cross Park M. E's.
