Bears and Palatine in Twilight Game at Local Diamond Tuesday Night

The Bears will be hosts to the Palatine ball club for a twilight game, Tuesday night, at Spunner's park. Action is slated to start at approximately 6:15 p. m.

Although Palatine is one of our nearest neighboring towns, this will be the first time in quite a few years that a hardball team from that village has played here. Nevertheless, while playing genial hosts the Bears are in hope of having this "initial battle" end in their own favor.

Local Net Team Drops Match to Elgin; Score 4-3

A team of local tennis experts traveled to Wing park, Elgin, Sunday and dropped a close decision to the host squad, four matches to three. A return match has been scheduled for August 25 on the Jewel Tea courts.

Summary: Singles—Titterton (B) beat Eggerstatt (E) 5-7, 6-0, 6-3. Sturtevant (B) beat Ackemann (E) 6-2, 1-6, 6-4. Willis (B) beat Webb (E) forfeit. Ohaber (E) beat Ernst (B) 6-2, 6-1. Blodemann (E) beat Landzaat (B) 6-0, 6-1. Doubles—Ackemann and Ohaber (E) beat Sturtevant and Willis (B) 7-5, 7-5. Eggerstatt and Biedemann (E) beat Titterton and Ernst (B) 6-4, 6-0.

Braves and Cubs Tie for First Place in Jewel Softball Race

The Braves and Cubs are again tied for the lead in the Jewel Tea softball league with records of five games won and two lost. With only three games remaining to be played by each team, there are four teams still in the running for first place. The Braves and Cubs will meet in a crucial game soon, the winner having an inside track to the league title.

Standing	W.	L	Pct.

Senators (Sturtevant)	4	3	.571
Indians (Ernst)	2	5	.286
Sox (Schuett)	1	6	.143

Losing Its Rattle

Contrary to the popular belief, you cannot always tell a rattlesnake's age by the number of joints on its rattle. This reptile is born with nothing more than a horny knob at the end of its tail, but after three days it sheds its skin and a joint is added to the knob. The skin-shedding process is repeated several times a year, and with each succeeding molt another bony ring is added. Until it has accumulated four or five joints the rattlesnake cannot make more than a faint rustling sound, but as the number of joints increases it is able to express annoyance by rapidly vibrating its tail, producing a shrill "rattle" which may be heard 20 yards away. When the number of joints exceeds seven, they generally begin to break off, so that when an elderly rattlesnake loses its temper it also loses part of its rattle.—Tit-Bits Magazine.

Many Craters on Moon

The side of the moon seen from the earth is marked by about 30,000 craters ascribed to meteoric origin.

Merchants Cross Bats With Dundee, Elgin, Teams Soon

Lose to Kane Lodge Team of Elgin; Visitors Win Game in 9th

Local softball fans will be treated to what promises to be a pair of interesting games next week when the Barrington Merchants play twice at home.

The Merchants will take on the Orange Bowl team from Elgin next Wednesday evening, and on the following Friday, Aug. 9, will clash with the strong Dundee Merchants in a return game. Dundee won the first game 2-1 on four hits a few weeks ago. Both games will be played on the Spunner's park diamond.

Lose to Elgin

Last Friday the Merchants dropped a 7-6 decision to the Kane lodge team of Elgin in a nine inning game on the local diamond. It was a tought one to lose as the Merchants led all through the game until Elgin counted three times in a near-dark ninth to gain the triumph.

Pitcher Eddie Gleske starred at bat with three hits out of four times up.

Score by innings:

		R	H	E
Kane lodge	000 003 013—	7	13	0
Merchants	021 000 102—	6	8	1

Waterfowl Hunters Are Warned to Buy Stamps for Migratory Birds

Waterfowl hunters are warned by the department of agriculture to purchase stamps for hunting privileges.

These stamps are issued under an act of congress to aid the program of restoration of migratory waterfowl through the purchase of breeding, feeding and resting areas of water and land.

Every person over 16 years of age, who hunts migratory waterfowl, is required to carry on his person a validated hunting stamp.

Stamps are on sale at postoffices and are for the year beginning July 1 and ending June 30.

It is unlawful to hunt without a stamp and is punishable with a fine of not more than $500, or by imprisonment for not more than six months or by both fine and imprisonment.

The stamp does not exempt hunters from complying with state and federal regulations.

Indians Were Chiselers

America had adept chiselers many centuries before that word took on its slangy meaning. They were prehistoric Indians who occupied the site of the Petrified Forest National Monument in Arizona and used sharp stone implements instead of their wits. On the cliffsides of the mesa, says the Los Angeles Times, they incised their impressions of the world about, and the primitive drawings and symbols constitute a remarkable example of the art of a remote period. These fascinating petroglyphs of a forgotten race, a challenge to the modern imagination, have been seen by comparatively few visitors to the forest, which long since has turned into stone. The area is so rough that only expert hikers and fearless climbers dare close inspection.

Leslie M. Hansen won the Directors' Trophy by defeating Dan Woodhead 5 and 4 in the final round last week-end. Play was over the 18 hole route.

Play in the Women's Club Championship began Wednesday as first round matches were contested in two divisions. The eight low handicap members to date were placed in Class A, second low eight in Class B The second round will be played next Wednesday and the finals one week later.

Color, Luster, Shape, Determine Pearl's Value

Four factors determine the value of a pearl—color, luster, shape and size, according to an authority in the Washington Star. While many kinds of oysters make pearls, the kind in demand are a few only, made by mollusks possessing a special type of shell with an inner lining of mother-of-pearl—that is, a lining with a fine iridescence. This same iridescence imparted to the pearl, giving it the rare beauty desired in gems.

While pearl colors are largely a matter of individual taste, most people seem to prefer the white stones. But to the true expert the pink pearl of a fine delicate tint is most desirable. Golden yellows and greenish blacks are also highly prized by connoisseurs. The technical term for the characteristic pearly luster is "orient." This exists in various intermediate stages between dull and bright. If a pearl has the finest orient—that is, an unusually brilliant one—it might be worth many times the value of the same-sized pearl with inferior luster. Large-sized pearls of exceptional quality are exceedingly rare. Generally speaking, the most desirable shape is a perfectly spherical pearl.

Palatine

Club Improves Park

Palatine Garden club has planted two attractive beds of geraniums and petunias in the small park at the west end of the depot. They are planting iris and shrubs this week. G. H. Arps, the agent, and Walter Braun of the section crew have assisted the ladies in their project.

Mr. and Mrs. Ed Nagel will leave Monday for a trip to Yellowstone Park. They plan to spend a few days visiting relatives at two or three places in Missouri on their way.

Mr. and Mrs. Carl Tarnau and son of Louisville, Ky. spent their vacation at the home of the latter's parents, Mr. and Mrs. W. E. Schering.

Fred Kurz has purchased the Sinclair gas station on Chicago avenue and Hale street from the Smith brothers.

Mrs. Lillian Neitz returned home from the Sherman hospital last week. Her mother Mrs. Homeler is assisting in taking care of her while she is recuperating from her operation.

Gus Arps celebrated his birthday by having a family dinner Sunday. Those present were Plinn Arps, wife and son, Bronson, Mich.; Mrs. Alma Olson, husband and daughter of Chicago; Mrs. Elnora Foster, husband and son of Palatine, and Mrs. Ella Hunt.

District number three of Rebekah lodge, assisted by lodges of district No. 13 of the Odd Fellows will hold a council picnic at Plum Grove park Sunday, August 11. There will be games, races and dancing in the evening.

Mr. and Mrs. Clarence Collingnon and children and Miss Gladys Hans returned Saturday from a vacation of two weeks at Tomahawk Lake, Wis.

Mrs. Gus Arps, Mrs. Elnora Foster, Mrs. Florence Roesner and Mrs. Florence Parkhurst attended a meeting of the Alma club at the home of Mrs. Gladys Bates at Barrington Tuesday evening.

Mrs. Elnora Foster, Mrs. Florence Roesner, Mrs. Florence Parkhurst plan to attend home-coming exercises at the Odd Fellows' Orphan Home at Lincoln Sunday.

Mr. and Mrs. Walter Senne of Park Ridge spent Tuesday at the home of Mrs. Knigge.

Robert Kimball and family have returned from their vacation trip through central Illinois.

Frank Kimball of Woodstock is visiting his son Robert Kimball and family.

Miss Ethel Lee of Des Plaines was a guest at the J. D. Perry home last week.

Members of St. Paul's Ladies Aid attended the summer meeting of the Union at Lord's Park, Elgin, Tuesday.

Mrs. Anna Freye will entertain members and friends of the American Legion Auxiliary at a card party at her home Thursday, Aug. 15.

The Harvest Moon

The harvest moon is the full moon occurring nearest the date of the autumnal equinox, September 22. The continuance of light after sunset is very useful to the farmers when taking in their crops. The hunter's moon is the full moon immediately following the harvest moon. The expression harvest moon occurs in English literature as early as 1708. In 1710 there is reference to the hunter's moon.

Invented Endless Paper

In 1800, a Frenchman conceived the idea of making an endless web of paper by introducing a water suspension of pulp onto an endless moving belt of wire.
