Shouldn't He?

A very good natured broker, who is very much larger than his wife, and who likes his little joke at someone else's expense, was sitting in the theater. A man behind him, not knowing who he was, leaned forward and whispered: "Will you please ask your wife to remove her hat?"

"You'd better do it yourself. I'm afraid."

Whereupon the man behind became angry, arose, protested and left the theater.

HE HAD $400.00 IN CASH IN 1908; NOW WORTH $6,000.00

My parents were originally Canadians from Essex County, Ontario. I was born in Monroe County, Michigan, from which place I moved to Red Lake Falls, Minnesota, where I farmed for three years. I came back from there in the summer of 1903 and in September of that year came to Canada with my wife and eight children. I had about $400 in cash, team of horses, a cow, a few sheep and some chickens. I took up a quarter section of land near Jack Fish Lake, Marks P. O., and later on purchased for $2,000.00 an adjoining quarter section. I have now a herd of cattle, a number of horses, good buildings and consider my holding is worth at least $6,000.00. My children have raised from $300 to $500 worth of garden seed each year since we have been here. I have never had a poor crop and have never had one frosted. My wheat has averaged from 25 to 30 bushels per acre and my oats have always yielded well up to 50 bushels per acre and one acre in oats yielded as 85. My cattle have never been stabled in winter since I came here. I consider that this country offers better opportunities for settlers than any other Western Canada. I am sure that almost any person can come here on my land at say $15.00 per acre and pay for it in one crop. My experience is that the farmer who puts in the right way he is not likely to have his crop frosted.

I am well known in my district are Americans and Canadians and I know lots of them who came here with little or no capital who are now doing well, but I do not know of any who have failed through disappointment, or becoming discouraged, have returned to their former homes.

CURED ITCHING AND BURNING

"I was taken with the itch in April, 1904, and used most everything to get rid of it. A friend put me a visit from Cumberland, and she advised me to use Cuticura Remedies which I did. The cure was certainly quick, and I was them to this day. I had a little trouble since they known. I only used one box of pills, but two boxes of Cuticura ointment. I am sure the cures Soap all the time. I hope this statement will reach the eye of Mr. Dr. ——— and others could do nothing for me." (Signed) Miss Lu Stone, Mt. Vernon, Ill., Mt. W., Washington, D. C., April 3, 1910.

In a later letter Miss Stone adds: "The trouble began with an eruption under my knees, and extended up and toward my waist, until I was not able to sit down. It kept a constant itching and burning all the time, night and day. I went to my doctor, and he could do nothing for me. I do not know how many medicines he gave me, and finally said I was too far gone to go to a skin specialist, which I positively refused to do. I had lost all hope of ever being cured, so my mind to try Cuticura Remedies. I tried Cuticura Soap, Ointment and Soap, and was entirely cured of the itching three days after I started using them. The healing took about eight days. I consider Cuticura Remedies invaluable, and would recommend them everywhere."

Cuticura Remedies are sold throughout the world. Send to Potter Drug & Chem. Corp., Boston, for free book on skin affections.

The family with young children that is free from bowel troubles is rare, for there is rare, indeed, a mother who does not know what it means to have her offspring suffer with a serious ailment, needs a laxative, and dares not give it. In such instances, we advise the use of Dr. Bull's Worm Destroyer, some intestinal trouble, or Bowel Complaint.

There is no sense in giving it a pill or anything else that is uncertain, the finishing of the child's life, when a safe, sure, and effective pill is at your disposal. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the stomach muscles, will immediately correct the trouble.
