Chairmen of Central Committees Meet Horner

A large number of the chairmen of county central committees called on the governor last week and were in conference with him for some time. They discussed many things with the governor. Soon legislative matters will be out of the way and then the governor will have more time to devote to other matters. It will also give him an opportunity to slow down and take a much needed rest.

Bill to Show Auto Ownership Will Pass

It is now certain that Illinois will have an anti-theft bill. House Bill 414, which provides that every Illinois car owner must obtain a certificate of title before his car can be used on the highway, has passed the senate, under the guidance of Sen. Richey R. Graham.

This bill, which was introduced in the house by Rep. Frank Ryan, had previously passed that branch of the legislature, and now the senate action insures its enactment into law, as Governor Horner is in thorough accord with the measure.

Motorists in Illinois may save at least $2,000,000 annually in insurance premiums because of passage of this bill, which removes Illinois from the status it has occupied for many years, that of a dumping ground for stolen automobiles.

Street Musicians Banned

Playing instruments in the streets of the city of London is prohibited by ancient by-laws of the city.

Law With $50 License Fee Now in Effect

Among the important provisions of the beer act are the following:

1. Retailers must have valid city, county, town or village licenses before state license will be issued, if the county, town, city or village provides for such local license.

2. Sale by licensee of any beverage containing more than 3.2 per centum of alcohol by weight is prohibited.

3. No sales may be made to any one under eighteen years of age, without the consent of parent or guardian.

4. The use of the word "saloon" is prohibited.

5. Sales cannot be made for consumption on the premises unless food is also sold or offered for sale on the same premises.

6. Manufacturers or bottlers cannot pay for the retailer's license, nor directly nor indirectly furnish any financial assistance to the retailer.

7. The manufacturer or bottler is not permitted to receive a license to sell at retail for consumption on his premises.

8. Licenses and permits may be revoked by reason of any false statement in the application.

Making Cosmic Rays Work

An apparatus to catch cosmic rays and make them work has been invented. It succeeded in restoring the natural green to the faded leaves of a plant which had been put into a vacuum.

Local Brevities

George Miller, 107 E. Station street, is enjoying a fishing trip in northern Wisconsin this week.

The home of Mr. and Mrs. Clark Nightingale, 441 E. Main street, is under quarantine for chicken pox. Clark Jr., aged six years, is ill.

Ed Groff is ill and has been confined to bed for several days at his home, 803 E. Main street.

Miss Esther Strouss, 100 Garfield street and her sister Alene of North Central college at Naperville were called to Walnut Sunday by the death of their grandfather John Strouss. Mr. Strouss, who was 94 years old at the time of his death, was one of the oldest Civil War veterans in Illinois.

Gordon Martin of North Dakota has accepted a position at the Jewel Tea plant.

Ed Horn of Barrington and C. B. Erickson of Cary saw the Cubs play Sunday afternoon.

Mrs. Charles Hasley, 218 S. Cook street, is able to be out again after an illness of several days.

Mr. and Mrs. George Selfridge moved from Raymond avenue to 210 W. Main street.

The regular meeting of the Woman's Relief corps will be held Wednesday, May 10. At this time, plans will be made for Memorial day.

The Chicago Baptist association will meet May 8 and 9 in the First Baptist church of Austin.

The regular meeting of the American Legion Auxiliary will be held in the Legion club room, Monday evening, May 8, at eight o'clock.

The Crayfish

The crayfish or pollack, also called "coal fish" or "green fish" is about 3 feet long, weighs about 5 pounds and is distinguished by its greenish color and projecting jaw. It has commercial value, not only for its flesh, but the oil in its liver.
