Miss Elva Crabb spent her Thanksgiving vacation from school duties with friends at Wilmet, Wis.

Mrs. Lily Toynton entertained a number of relatives on Thanksgiving. Mrs. Olive Wells of Waukegan is the guest of Mrs. Minnie Wheelock this week.

Old Frankfort  
Few cities with the trend of modern progress driving can have preserved the ancient streets and their old beginnings. Frankfort in Germany, however, has kept almost intact the fourteenth century houses, guild houses and churches which were built. Round the whole blocks of old buildings have been swept away, leaving the old structure unimpaired, but the perfect square of the "Old Town" remains.

# LESS FUEL MORE HEAT

Our advisory Heating Service shows you how to cut your coal bills and have a warmer, more comfortable home.

We are not making a charge for this help. You don't have to be a customer of ours to obtain this expert advice. We have helped many; perhaps we can aid you. Phone us if you have trouble heating your house or if you want to save coal and money. We'll call at your home.

## 3 STEP HEATING SERVICE

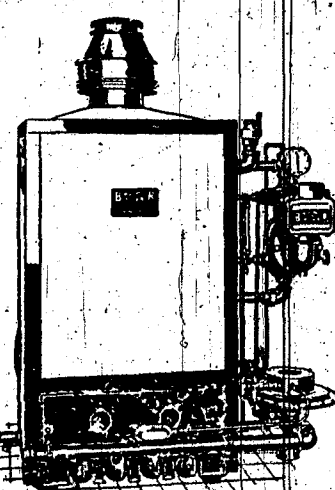

Our Heating Service is simplicity itself. Perhaps that is why it has been so effective in saving fuel dollars for many. It consists of three simple steps.

- One - Choosing the right coal
- Two - Burning it properly
- Three - Saving the heat after it is generated

We have the coal. We are prepared to tell you how to burn it to get its full heating value. And, in BALSAM-WOOL, we have a wooly blanket insulation for attics designed for the sole purpose of keeping heat from leaking out through the roof.

A small pipe hauls all the fuel, does all the stoking

**BASMOR BOILER**

Among the comforts offered you by the new Basmor automatic gas-fired boiler, list these: Even temperatures, automatically maintained. No cold-breeding variations of 10 to 15 degrees. A cool room to sleep in and a warm one to get up in. No early morning race to the basement to shake up the fire.

Among its labor savings, check these: No fire buildings, one match lights it for the winter. No coal to shovel, no ashes to haul. No running down stairs. No attention of any kind.

Among its economies, these: No help to pay for furnace care. No soot to damage curtains and draperies. Fire hazard greatly reduced. Extra space in the basement, without clutter of unsightly bins or tanks. No freezing of water-pipes when you are away. Fuel bills paid after the fuel is used, and evenly spread over the winter.

And since a small gas pipe hauls the fuel, does the stoking, your lawns and drive will never be torn by coal-truck wheels, your cellar windows dented and grimed by coal lumps.

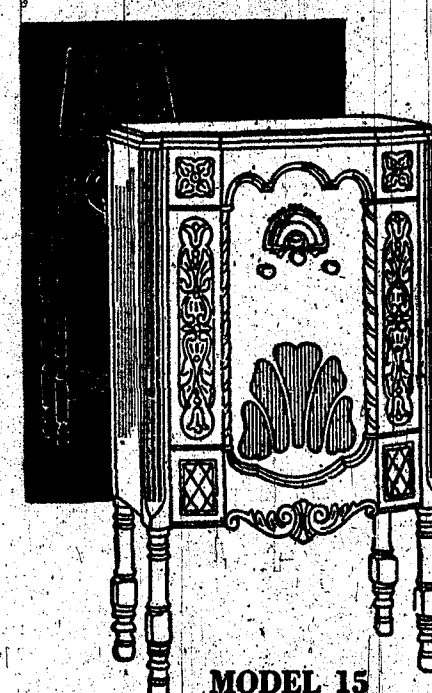

These are only the beginning. Ask us to tell you all the advantages of this modern house heating boiler, supplied by Crane Co. through us.

Arhiss as Alexander  
Hamilton Is Screen  
Feature at Cat

Scruples of Scandal  
Editors Laid Bare in  
"Five Star Final"

One of the most famous scenes in early American history, Washington's farewell to his troops, is shown in "Alexander Hamilton," which is playing at the Catlow. The picture is a production of the Fox Film Corporation, and it is a masterpiece of the screen. It is a story of a man who was a soldier, a statesman, and a patriot. It is a story of a man who was a hero, a leader, and a martyr. It is a story of a man who was a legend, a legend who lived.

Admiral Barry lays aside his fur coat of the screen, and in the picture drama, "Alexander Hamilton," he plays the role of the great man. He plays the role of a man who was a hero, a leader, and a martyr. He plays the role of a man who was a legend, a legend who lived.

## First National's Deposit Increase for Year \$129,751

Gains in Deposits, Resources While Most Banks in Country Lose

An increase of \$129,751 in deposits in one year, while banks throughout the Chicago district and over the entire country are showing decreasing deposits, is a phenomenal record for the First National bank of Barrington.

Deposit and resource totals for the bank for each year over a period of 12 years were revealed by J. M. Friedlander, vice president, along with resource figures for the entire group of national banks in the country—figures which have been released by John W. Pole, comptroller of the currency.

The figures released by Mr. Pole showed that the resources of all national banks as of Sept. 29, 1931, the date of the last call, amounted to \$25,740,004,000, a decrease of \$1,808,834,000 during the three months ending on that date, and a decrease of \$2,032,619,000 from the total as of Sept. 24, 1930. In Chicago, every large national bank except one, has shown a decrease.

In contrast to this, the First National Bank of Barrington has increased in both deposits and resources in the last year and has shown a steady increase in resources each year since it was organized in 1919. The increase in deposits in the period has been \$452,590.

## LOCAL BREVITIES

Mrs. Fern Shepherd has moved to 120 W. Russell street.

Miss Reba Stucker has moved to Arlington Heights.

Miss Elma Meier has taken an apartment in Chicago. She formerly lived at 120 W. Russell street.

Mr. and Mrs. R. M. Lines, 242 W. Main street, attended the funeral of Mrs. Lines' aunt, Mrs. N. S. Topping, in Kankakee, Friday.

James Plagge, 645 Grove avenue, returned Sunday evening to Ames, Ia., where he is a student at Iowa State college.

Mr. and Mrs. Ray Scheer and son, Richard, 639 Grove avenue, enjoyed Thanksgiving with Mrs. Scheer's mother, Mrs. Bertha Winegar of Palatine.

Miss Raith Sadt who has been ill for the past week at her home, 231 W. Main street, is somewhat improved.

Mrs. Harry Ellison, 408 S. Cook street, has accepted a position in the Fox River Grove school.

Mr. and Mrs. Wirt Lawrence have moved from their country home to 217 W. Lake street.

Melvin Rogers of Watertown, S. D., was a guest of Mrs. Susan Church, 408 S. Cook street, Thanksgiving day.

Mr. Rogers is a judge at the Live Stock show in Chicago.

Miss Nelta Schaefer is ill at her home, 136 Coolidge avenue, from an attack of appendicitis.

## STATE NEWS

A successful method of washing coal smoke with plain water carrying a little iron and manganese has been discovered at the University of Illinois.

James A. Watson, superintendent of budget, has announced that a total of \$6,031,511 in appropriations for the governor's departments and commissions made by the fifty-sixth general assembly for 1930-31 has lapsed back into the treasury.

The Illinois League of Women Voters has agreed to support vice legislative laws that would make men and women offenders equally responsible before the law.

Safety posters have been mailed to thirty thousand central Illinois school children by the Springfield Automobile club. Teachers are urged to write their pupils to refrain from driving thoughtlessly in front of traffic to retrieve some object of play.

## CAUSE OF THANKS

We wish to express our thanks to the many friends for their sympathy and kindness in our late bereavement.

Mr. and Mrs. Jesse Lovellette.  
Mr. and Mrs. Howard Jacobs.  
Mr. and Mrs. William Riley.  
Mr. and Mrs. Emmett Riley.  
Mr. and Mrs. Leo Riley.

## Reduce Your Fuel Bill from 5 to 40 %

By Weather-Proofing or Caulking Your Home

Weatherproofing or caulking as it is commonly termed, is the method or system of forcing, by means of a special gun, an elastic composition into openings found in practically all homes or buildings of brick construction.

It is recognized and recommended by all architects and large building owners, also thousands of home owners, as a successful means of combating waste of fuel, deterioration of property, etc.

Wood frames such as window and door, invariably shrink and twist or pull away from the masonry with age.

The openings around twenty or thirty average windows would make an opening through which a grown man could crawl.

Caulking these frames tight to masonry, seals warmth, shuts out cold, eliminates draughts, saves fuel and protects the frame from rot and rust.

When done our way with a reliable caulking compound the home owner is assured a job which will last for years and which is appreciated more each year.

SOME OF LAST SUMMER'S GALS STILL HAVE THEIR SUN-TANNED COMPLEXIONS BUT LOTS OF 'EM JUST LOOK LIKE THEY NEEDED A BATH...

Stuart E. Pierson, director of the state department of the agriculture, has reported that the state's race track revenue this year was only \$58,122.00, the smallest amount that has been collected since 1927. The meeting at the Homestead race tracks this season totaled only 104 racing days.

## How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels. That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

Dr. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative
