convenient location since 1976.

Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair **permanently**, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **1-847-381-9020** for your appointment.

Clear Reflections has provided 26 years of service at the same location.

July, 2002

Dear Reader,

It's time for summertime fun, and there are plenty of occasions to enjoy the season.

On Saturday, Aug. 17, the Ninth Annual Hospice Duck Race takes flight. Fun for the entire family, the event will feature children's activities, live music, food and great prizes. And, of course, duck races! All for a great cause, proceeds go to Hospice of Northeastern Illinois.

On Sunday, Aug. 25, BACOA holds its premier fund-raiser, Vintage Voila. The Barrington Area Council on Aging has increased their programs by over 30 percent this past year, so the funds raised will be put to good use.

Clearbrook's Shining Star Ball was magnificent. Held April 26 at the Four Seasons Hotel in Chicago, Clearbrook and WGN-TV Children's Charities toasted the Chicago Bears Organization for their unconditional support and cooperation in many ways throughout the years. The back-tie event was co-chaired by Linda and David Riley of South Barrington.

Just a reminder, the Woodstock Mozart Festival will begin its 16th season on Friday, July 26. Order your tickets early by calling the Woodstock Opera House at 815-338-5300.

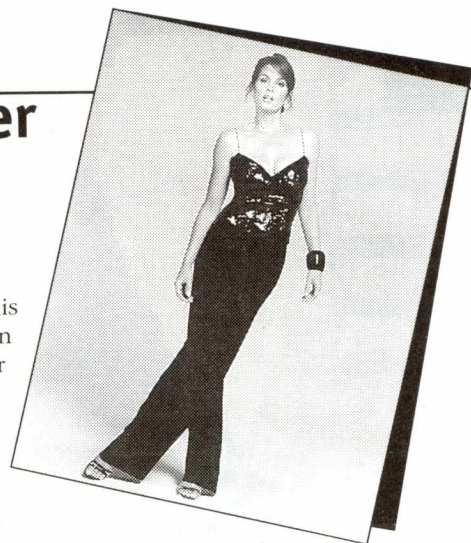

Enjoy the season. Peace and happiness.

With warm regards,
Glenn McMonigal

Ninth Annual Hospice Duck Race Takes Flight

The Hospice Duck (Joe Connelly of Harris Bank) shows off the plane some lucky winners at the Ninth Annual Hospice Duck Race will have an opportunity to take flight in.

Mark your calendars and join the fun! The Ninth Annual Hospice Duck Race will take place Saturday, Aug. 17, from 5:30 to 9:00 p.m. at Langendorf Park in Barrington.

The event, being sponsored by Hospice of Northeastern Illinois, will feature children's activities, food from Chicago's Beef 'N' Dog, live music with Naughty Boy Jack, and fabulous prizes for all ages. Admission is free, and all proceeds benefit patient care.

The grand prize, being donated by British Airways for the second year in a row, is two round-trip tickets to London. In addition, several lucky winners will be able to take flight locally thanks to the generous donation of several area pilots who are donating rides in their private planes. The Barrington Park District, which is hosting the event with hospice, is donating a 2003 Family Pool Pass. Other prizes include dinners for two, gift certificates for personal services, hotel packages for downtown and the suburbs, amusement tickets and much more.

"We're fortunate to have this kind of support from businesses and individuals," says Bob Dymond, chairman of the event and Hospice Foundation trustee. "Thanks to all of our sponsors and prize donors, we can offer a great summer event to the community, raise awareness about hospice, and fund programs that serve individuals and families at a very difficult time in their lives."

To date, Gold sponsors are Mesirow Financial and Pepper Construction Company; Silver sponsors are: *Daily Herald*,

Harris Bank Barrington, Northwest Community Healthcare and Oxysound Healthcare; Bronze sponsors are: Advocate Good Shepherd Hospital, CL Graphics, Cancer Treatment Centers of America, Crystal Lake Sam's Club, Davenport Family Funeral Home, Hollister Inc., Holly Hunt Ltd., Integrated Health Services-Governors Park, Kemper Insurance Company, Luster Leaf Products, Mazzetta Company, Process Management Group, Recon/Optical, ReMax of Barrington, Sage Products, The Vista Group, USG Corporation and Wickstrom Ford.

For more information, call 1-847-381-5599, ext. 254.

Last year's event attracted hundreds of people and raised more than \$60,000 to support hospice care. "We're making some exciting changes this year," says Dymond, "and planning more fun. It's a great way to spend an evening, with lots for kids to do and chances to win some great prizes."

Hospice of Northeastern Illinois is a community-based, not-for-profit organization serving families throughout northwest Cook, Lake, McHenry, Kane, DuPage and Boone counties. Hospice provides physical, emotional and spiritual care to individuals living with a life-limiting illness, and to their families. Hospice helps individuals to live their final months to the fullest possible and according to their wishes, in comfort, surrounded by loved ones and supported by caregivers. For 20 years, Hospice of Northeastern Illinois has been providing services to all who need them, regardless of ability to pay.

The Barrington Area Council on Aging (BACOA) is on the go.

Participation in several of the council's programs increased last year by more than 30 percent. The council is expanding programs to support family caregivers and has increased its capacity to provide personalized assistance to area seniors and their families.

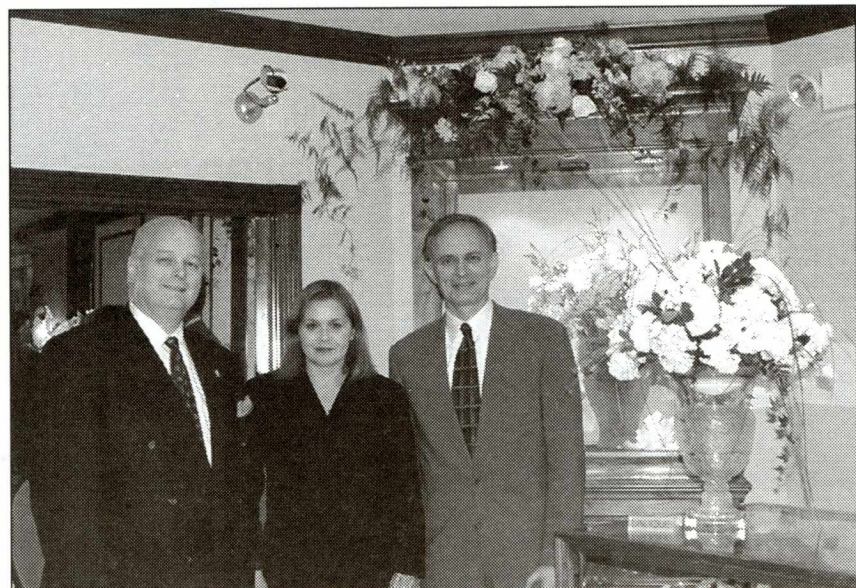

The council's premier fund-raising event, Vintage Voila, is also on the go. The new date for this wine-tasting event is Sunday, Aug. 25. The new location is the Barrington Hills Country Club. Merrill Lynch is

the corporate sponsor of this year's event, and Ken and Sandy Wodek, owners of Armanetti's Barrington Cellars, are providing the wine.

"BACOA provides support to a growing population of older adults and the people who care for them," said Carol Beese, Vintage Voila honorary chair. "It is an organization we should all support, and what better way than by supporting a fun and enjoyable event like the annual Vintage Voila wine tasting fund-raiser."

The Barrington Area Council on Aging is a private, not-for-profit organization.

In the Garden with Lalique

Enjoying the evening's festivities are: Mike Miller, proprietor of M.J. Miller & Company; Debbie Fisher, Lalique representative; and Craig Zehms, Lalique expert.

The evening featured Lalique expert Craig Zehms who presented a slideshow featuring "Lalique in the Garden Old and

New," highlighting the grace and elegance of nature-inspired crystal.

The evening was informative as well as fun! The Garden Council of Barrington will receive 10 percent of the evening's sales.

Barrington's 25th Annual Olde Fashioned Sidewalk Days Festival is fast approaching. The popular event will be held with new dates on Thursday, Friday and Saturday, July 25, 26 and 27.

It is anticipated that over 200 businesses, local clubs and organizations, as well as residents, are getting ready to move outdoors to the sidewalks. This year's festivities include all village shopping districts—those stores located in the heart of the Barrington Village Center along the Northwest Highway business district, the Foundry and the Ice House Mall. A trolley with six stops will be available on Thursday from 1 to 4 p.m. and Saturday from 10:30 a.m. to 1:30 p.m.

Many Barrington Area Chamber of Commerce members not located downtown are coming to the center of town to participate. In addition to business displays, a number of civic and community groups will manage booths. The Greater Illinois Classic Car Club of America (with no less than a dozen vintage cars prior to the 1959 era) at the Foundry, a pet parade at Barrington Shopping Center, an ice cream eating contest, a Coke tasting contest and children's bicycle rodeo are some of the additions to this year's event. Children can look forward to balloons, face painting, teddy bear storytelling and other activities. Staging will be assembled for a variety of family entertainment at Lipofsky

Park, located at Cook and Station, all three days. A variety of strolling musicians and performers, including Caricatures by Murowski, magicians, and clowns, will be located at various locations and promoted by area signs and future press releases. Local restaurants will move outside, and area food vendors will be conveniently located to satisfy shopper's appetites.

The Retail Committee of the Barrington Area Chamber of Commerce invites everyone in the suburban area to come and find bargains galore on Thursday, Friday and Saturday, July 25, 26 and 27. Hours for the festival will be 9 a.m. to 5 p.m. with several stores remaining open on Thursday and Friday evening. Many stores are conveniently located by the Metra station's free parking! Pilates—The Formula for a Sleek, Toned Body

Developed in the 1920s by legendary physical trainer Joseph H. Pilates, the Pilates Method has been around for decades. Emphasizing strength through grace and flexibility, it has long been the best kept secret of professional dancers. Top athletes use it to develop coordination and prevent injury. Celebrities and top models use it to maintain beautiful form. Focusing on improving flexibility and strength for the total body, the Pilates Method encourages more defined, longer, leaner muscles without building bulk.

For a long time, you could only find Pilates instruction in New York or on the West Coast. But since opening **S.T. Body Balancing** in downtown Crystal Lake, owner/instructor Sondra Teasdale has introduced the suprisingly relaxing and revitalizing yet challenging workout to the northwest Chicago area. Certified in the Pilates Method, Teasdale is a former principle dancer with the Nevada Ballet Theatre and holds a degree in dance medicine therapy.

Teasdale and her staff provide individualized instruction, tailoring each session to specific needs based on a series of ap-

proximately 500 exercises using specially designed spring-resistance equipment including the Reformer, Trapeze Table (Cadillac) and Wunda Chair. The newest equipment addition is the Pilates Barrel that focuses on stretching and strengthening your torso and shoulders.

S.T. Body Balancing has recently expanded its Pilates sessions, and a limited number of daytime and evening sessions are now available. For information, phone **815-477-0140**. **S.T. Body Balancing** is located at 83 E. Woodstock St. in downtown Crystal Lake. The studio is open six days a week.

Hearthstone Manor Provides Care for Alzheimer's Disease and Dementia

How many times have you heard someone joke about "having a senior moment" or "having Alzheimer's?"

While it is true that forgetting where you put your keys can be exasperating, it is nothing to joke about when someone you love has Alzheimer's disease or other age-related dementia. The Alzheimer's Association estimates there are 211,000 people with Alzheimer's disease in Illinois. One out of 10 people aged 65 to 84 and one out of two aged 85 plus will be at risk. As our population ages, the chances grow that this disease will cast its shadow over someone we love.

People with Alzheimer's disease are our grandparents, parents, spouses, teachers, doctors, ministers, best friends and next-door neighbors. They are the people who have cared for us, taught us, loved us and mentored us. Alzheimer's disease and related dementia affects the entire family. An elderly spouse may try to care for their loved one at the expense of their own health. Adult children agonize over how to make the right decision for a mother or father whose condition is deteriorating. We cannot abandon them when they need us most.

Woodstock Christian Life Services is building **Traditions of Woodstock** to meet the community's need for a home-like program designed to provide quality residential care for those with Alzheimer's disease or related dementia.

You can make a difference for each person and family affected by Alzheimer's disease or other age-related dementia by making a charitable contribution to **Traditions of Woodstock**.

Traditions of Woodstock. Your donation will make a difference in the quality of life of our most vulnerable senior citizens.

Your contribution will provide:

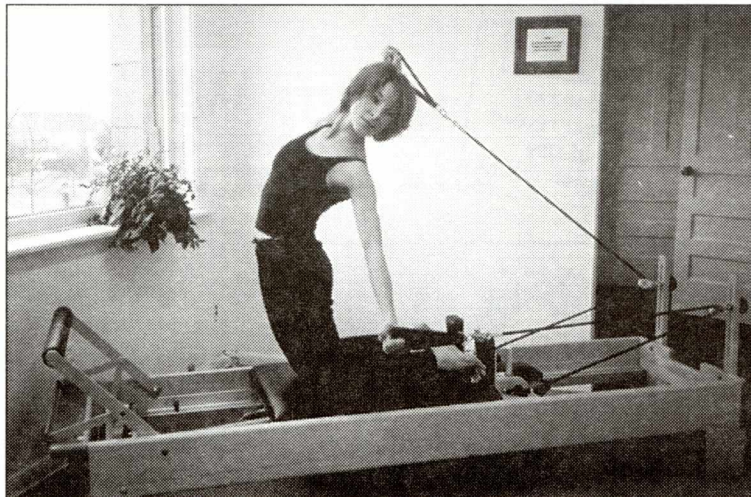

- Cookware and kitchen items that will encourage residents to use skills based on their experience as moms and homemakers
- Way-finding and cognition enhancing features in bathrooms and common areas
- Activity centers based on each person's past job or interests. For example, an accountant may have a desk with a calculator and account ledger, a knitter may have patterns and yarn, a musician may have sheet music and an instrument.
- The myriad of items large and small that go into creating a homelike environment
- Training for compassionate specialized caregivers that understand the unique needs of the senior with Alzheimer's disease

Your donation of \$150 or more will be recognized with a hand ceramic leaf on the **Traditions Tree of Life**. Your donation of \$500 or more will be recognized with a bird on the **Traditions Tree of Life**. Your name and the name of a person or organization of your choice will be featured on a brass plaque. The Tree of Life will be on public display in the main entrance to Hearthstone Manor, 920 N. Seminary Ave., Woodstock, Ill. All donations qualify as tax-deductible charitable contributions to the fullest extent allowed by law.

For more information, please call Jacki at **815-334-6200**, ext. 230.

Shining Star Ball Honors Chicago Bears Organization

Bears Receive Shining Star Award, Autographed Football from Clearbrook Clients

(From left) Robert and Virginia Hanson of Barrington with Mr. and Mrs. Kenneth Kummer of Lake Barrington.

Clearbrook and WGN-TV Children's Charities, a fund of the Robert R. McCormick Tribune Foundation, toasted the Chicago Bears as they received the Shining Star Award at the 14th Annual Shining Star Ball held Friday, April 26, at the Four Seasons Hotel, Chicago.

The Shining Star Award is presented to an individual or corporation who has made a significant contribution to advance the interests of those who are physically or developmentally challenged.

"The Chicago Bears have demonstrated unconditional support and cooperation in numerous ways throughout the years. And because of that, we are delighted and honored to present them with this year's Shining Star Award," said Clearbrook president Carl M. La Mell.

Four-hundred-and-fifty guests, including Richard A. Behrenhausen, president and chief executive officer Robert R. McCormick Tribune Foundation, attended the black-tie gala co-chaired by Linda and David Riley of South Barrington. Chicago sports personality Tom Shaer served as master of ceremonies as well as auctioneer.

Joy Piccolo O'Connell, widow of former Bear Brian Piccolo and a Clearbrook board member, presented the Shining Star Award to Michael and Nancy McCaskey. "Clearbrook's clients remind all of us what courage, goodwill and hope can really mean

in daily life," said McCaskey.

In a heartwarming surprise, chairman David Riley announced how, at the end of every football game, one team member is presented a Most Valuable Player game ball. Clearbrook client David Flanagan then presented a football, signed by Clearbrook clients, to Clearbrook's MVP, Bears chairman emeritus Edward McCaskey and his wife, Virginia.

Proceeds from the event support Clinical Services and the CHILD program along with other programs that serve children through WGN-TV Children's Charities. Clinical Services provides physical, occupational and speech therapy as well as social and psychological services to developmentally challenged children and adults. The CHILD Program offers early intervention services for children from birth to 3.

Harper Schedules Two Special Summer Concerts

Summer concert goers who want to find something different from the usual outdoor music festivals will enjoy two special summer concerts at Harper College—Timbuk3's Pat MacDonald at 7:30 p.m. on Wednesday, July 17, and an evening with Poi Dog Pondering's founder and lead singer Frank Orrall at 7:30 p.m. on Tuesday, July 23. Both shows will be held in the college's theatre, J143, in the Business and Social Science Center at Roselle and Algonquin roads, Palatine.

contemporary lexicon, landed Timbuk3 on *Saturday Night Live* and won a Grammy nomination. His songs like "Shades" and *Hairstyles and Attitudes* have garnered financial offers that total in the millions for use in advertising campaigns for as Ray Ban, Ford Motor Company, McDonald's Restaurants and others, none of which MacDonald has accepted.

MacDonald has co-written songs with such varied artists as Aerosmith, Jill Sobule, Italian superstar Zucchero, and has also written songs featured in the soundtracks for films like *D.O.A.* and *Untamed Heart*. Opening for MacDonald is Stuart Davis,

Christopher Radko Commemorates Sept. 11 with Valiant and Brave

Just arrived at **The Canterbury Shoppe**, *Valiant and Brave*, Christopher Radko's newest addition to his collection of patriotic ornaments.

Christopher has created this beautiful ornament rich with symbolism in continuing honor and support to the families of the heroes and victims of Sept. 11. The liberty torch represents a liberty flame casting its light on our land with hope for a brighter day and as a beacon of hope to those who seek freedom. The two doves holding the olive branch represent peace, and as a pair, the soaring spirit of the Twin Towers. The wings and tails of the pair together form the letter "V" for victory.

Christopher Radko will donate \$1 from the sale of each *Valiant and Brave* orna-

ment to the Families of Freedom Scholarship Fund, which provides assistance with college and vocational school tuition for the dependents of those lost or disabled in the Sept. 11 terrorist attacks.

Available in limited quantities, call ahead at **1-847-304-9627** to reserve your *Valiant and Brave* ornament today. It's a perfect gift for someone whose patriotic spirit celebrates the freedoms of this country each and every day.

who describes himself as an "itinerant punk monk" and singer-songwriter, known for his "wickedly perverse sense of humor and provocative songs with complex and unusual themes." He has created his own record label, Post Apocalyptic Records, funded entirely by the investment of fans. Davis' CD *Bright Apocalypse* was the company's first release. He enjoys performing his most satirical songs—like *Progress*, a satire written from the perspective of the Unabomber—in live concerts, along with some unrecorded songs.

Tickets for the MacDonald/Davis concert are \$10 for general admission with discounts for Harper students. All tickets the day of show will be \$10.

Frank Orrall, singer/songwriter/band leader of Poi Dog Pondering, will perform

an unplugged, acoustic set on Tuesday, July 23. Known for his "idiosyncratic musical stylings," Orrall started Poi Dog Pondering in his native Hawaii in 1986, relocated to Austin, Texas, in 1987 and moved to Chicago in 1992. The 11-member musical ensemble has been one of the Windy City's top concert draws.

Orrall has continued to collaborate with different musicians and will bring some (as yet) unnamed musicians as special surprise guests to his Harper concert. Tickets are \$15 for Harper students or \$17 for the public in advance; all tickets will be \$20 on the day of show.

Hayward Orthodontic Relay for Life Fund-Raiser a Great Success

Many of you joined us in participating in the Barrington Relay for Life this past June. We wanted to take this opportunity to thank everyone who participated in the fund-raiser sponsored through our office.

We ran the fund-raiser from the beginning of May until June 13. Our patients purchased tickets for \$1 to win an opportunity at throwing a pie in Dr. Hayward's face. All the funds raised went to benefit the American Cancer Society, and the response was overwhelming! Our patients

generously contributed \$580 to the society. Four patients from each of our offices won the opportunity to throw a pie at Dr. Hayward. A good time was had by all.

We would also like to thank the Lake Zurich Dominick's Fresh Store for graciously donating eight pies for the fund-raiser.

Thank you for your support in making this year's Relay for Life such a huge success.

Letter to the Editor

Some of you may have noticed the recent banner at the gazebo highlighting National Garden Week. When we think of gardeners, we usually have a vision of someone with a trowel in one hand and a plant in the other. The side we don't see is the generosity and service to the community.

The Barrington Area Council on Aging would like to take this opportunity to thank the Council of Barrington Garden Clubs and the Village Planters for the gifts they have given to the participants in our Meals With Wheels program this past year.

In recognition of National Garden Week, the Council of Garden Clubs do-

nated colorful geranium plants for distribution with the meals on June 5. In February, 2001, the Village Planters decided to adopt the Meals With Wheels program for the year and for each holiday, they have given a "gardening"-related gift to each participant.

We don't often learn of the small acts of kindness people do for one another, so we wanted to take this opportunity to thank the Council of Barrington Garden Clubs and the Village Planters for brightening up the lives of our Meals With Wheels participants.

Sincerely,
Joyce Palmquist
Executive Director

A.G. Edwards Now Offers 15 Different 529 College Savings Plans

While there are many investment vehicles designed to help you save for college, **A.G. Edwards** now offers 15 different 529 college savings plans that provide tax-advantaged ways to save for a child's higher education while giving you complete control over the plan.

A.G. Edwards has nearly doubled its 529 plan lineup since November. The firm now offers 529 plans sponsored by the states of Alaska, Arkansas, Colorado, New Hampshire, North Carolina, Ohio, Oregon, Rhode Island, Virginia, West Virginia, Wisconsin, Wyoming and three from New Mexico. **A.G. Edwards** is believed to offer the most 529 plan choices among brokerage firms nationwide.

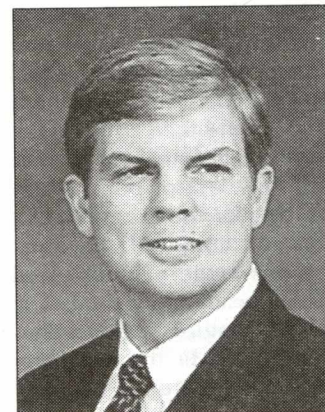

While **A.G. Edwards** will continue to expand its 529 plan lineup as opportunities arise, the firm remains committed to offering only those 529 plans administered by other financial institutions. They continue to believe this approach is the best way for their financial consultants to make objective recommendations on how clients can incorporate 529 plans into their college-planning and overall life-planning strategies.

An **A.G. Edwards** financial consultant can also work with corporate clientele to offer 529 plans as part of a company's employee benefits program. This is a wonderful, cost-effective service that helps a company expand its benefits program by letting employees contribute to a 529 plan through convenient payroll deduction.

Thanks to Section 529 of the Internal Revenue Code, states can offer qualified tuition programs to help parents and others save for children's higher education costs. Qualified withdrawals from these programs are now federal-income-tax free, and the funds can be used to pay for qualified expenses at eligible schools anywhere in the country. Funds not used for qualified education expenses may be subject to IRS penalties and ordinary income taxes.

Among the other highlights of 529 college savings plans are the following:

- Any U.S. resident can participate and set up accounts for their children, grandchildren, nieces, nephews, friends, etc.
- A broad selection of professionally-managed investment portfolios
- No age or income restrictions

Call 1-847-842-9664 or 1-800-440-9664.

- Maximum contribution limits ranging from \$202,225 to \$268,804 per beneficiary by the programs offered through **A.G. Edwards**
- Ability to change beneficiaries yet retain control of your assets
- Estate-planning benefits

Substantially Higher Contribution Amounts

Through the sizable contribution limits in the 529 plans offered through **A.G. Edwards**, investors can contribute up to \$55,000 per beneficiary in a single year without federal-gift-tax consequences (for married couples, the contribution amount exempt from gift taxes is \$110,000), provided no additional gifts are made to the beneficiary for a five-year period.

For more than 115 years, individuals and businesses have turned to **A.G. Edwards & Sons, Inc.** to develop strong personal relationships with financial consultants who are dedicated to a client-first philosophy of providing sound investment advice and long-term financial solutions tailored to their clients' individual needs.

At the home of Mr. and Mrs. Jim Ehlert, the scene was set for an elegant evening of festivities and fund-raising under a beautiful backdrop of shining stars—both in and out of doors.

Famous award-winning actress Loretta Swit highlighted a fund-raiser for HARPS, the Hooved Animal Rescue & Protection Society, located in Barrington, Ill. The event raised more than \$12,000 to rescue animals across the country.

Swit, the national chair and spokesperson for the group, gave a strong message of support and heartfelt thanks to the more than 100 guests who attended the soiree. She made special mention of the evening's gracious hosts and expressed outstanding gratitude to Mr. and Mrs. James Flannery (owners of White Way Sign Corp. in Chicago). The Flannerys have provided a refuge for the horses and other animals rescued by HARPS. Thanks to the generosity of the Flannerys, who donated

the use of their 25-acre, elegant, rolling hills horse property in the heart of Barrington Hills, the not-for-profit organization is able to offer its rescued animals a haven.

Although HARPS is a newly formed organization, its founding members have over 30 years experience rescuing and rehabilitating abused and neglected horses. Donna Ewing, the president and founder of the organization, is no stranger to the experience of rehabilitating animals. As former president and director of the Hooved Animal Humane Society, she has made it her life's work to improve legislation, educate animal owners and promote the hands-on saving of animals across the United States.

Swit and Ewing have known one another for almost 15 years. Swit was highly supportive of Ewing's efforts with her previous organization and has continued her support by coming on board with the

Look What We've Got...

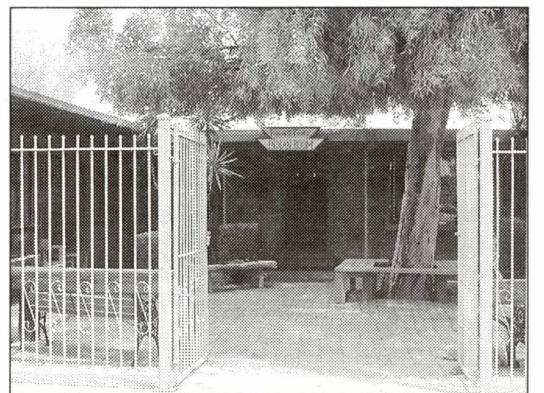

River Trading Post Exports a Slice of East Dundee to Scottsdale, Ariz.

Less than two years after opening shop in East Dundee, **River Trading Post** counts people from all 50 states, as well as Spain, England and Germany, among the many who have discovered the collections of museum-quality Native American art at the quaint, out-of-the-way trading post.

While East Dundee, Ill., is a rather odd place to shape up a concept for high-quality Native American art collectors, it has proven to be so successful that **River Trading Post** will open its second location in the heart of Scottsdale in August.

River Trading Post will take up residence in Scottsdale's oldest building, the old Russell Foutz Indian Room. Foutz has been a famed Indian trader for most of his 89 years, and he used the old Scottsdale place to escape from the harsh winters on the Navajo reservation.

"You couldn't ask for a better location for expanding our concept," says **River Trading Post** owner Joe Zeller. "Russell Foutz established a long tradition of quality, and he has great reputation. We're simply going to keep those two things

going under the **River Trading Post** banner. We're exporting a bit of East Dundee to Scottsdale."

Kathi Ouellet, one of today's foremost authorities on contemporary Pueblo pottery, will manage **River Trading Post, Scottsdale**.

Like East Dundee, **River Trading Post, Scottsdale**, will provide a quiet place to relax and enjoy the wonderful collections of Native American art.

Camp Courage Scheduled for July 15 through 18—Register Now!

Hospice of Northeastern Illinois' Camp Courage will take place on July 15 through 18. Camp Courage provides a safe, fun and therapeutic environment for children, 6 to 12, who have experienced the loss of a loved one. To register or for more information, call 1-847-381-5599, ext. 250.

Hospice of Northeastern Illinois is now accepting applications for Camp Courage.

The camp serves children, 6 to 12, who have experienced the loss of a parent, sibling, grandparent or other loved one.

Camp Courage takes place at Camp Duncan on Route 12 in Ingleside on July 15 through 18 from 9:30 a.m. to 3:30 p.m. A bus will pick up campers at the hospice Barrington office at 8:30 a.m. and will return at 4:00 p.m. each day.

Camp Courage provides a unique opportunity for children to explore and express their feelings in a safe, caring, supportive and fun environment with the use of art, journaling, music, nature and recreational activities.

"Grieving children may not have the life experience or the vocabulary to express their sense of loss," says Dee Lattanzio, bereavement manager. "Camp Courage gives them a special place to express themselves and to be with others their own age who have had a similar experience."

Parents, too, are an integral part of the camp. They attend a special session on the first day of camp where they learn more about how grief manifests throughout different developmental stages of a

child's life, how the camp experience may bring out the grieving process and how a parent can respond to a child's grieving.

On the last day of camp, parents and other loved ones are invited to join the children for a cookout and a tree planting in honor of their loved ones. Each child can place a specially made ornament representing their loved one on the tree.

The cost for the camp is \$25 per child. A limited number of spaces are available. For information on enrolling in the camp, contact the Hospice of Northeastern Illinois' Bereavement Department at 1-847-381-5599, ext. 250.

Hospice of Northeastern Illinois is a community-based, not-for-profit serving families throughout northwest Cook, Lake, McHenry, Kane, DuPage and Boone counties. Hospice provides physical, emotional and spiritual care to individuals living with a life-limiting illness and to their families. Hospice helps individuals to live their final months to the fullest possible and according to their wishes, in comfort, surrounded by loved ones and supported by caregivers. For 20 years, Hospice of Northeastern Illinois has been providing services to all who need them, regardless of ability to pay.

"Golf is deceptively simple and endlessly complicated. It satisfies the soul and frustrates the intellect. It is at the same time rewarding and maddening. It is without a doubt the greatest game mankind has ever invented."

—Arnold Palmer

If you're an avid golfer like me, you thrive on a challenge. Doglegs, bunkers, water hazards are just part of the game. I've been selling golf packages for about 15 years to some of the world's best golf getaways. My passion for the game has led me to organize hundreds of golf trips on many of the world's most famous golf courses. Some of the tours I have led have been to Scotland, Ireland, England and Spain. I have visited St. Andrews, Turnberry, Adare Manor, Valderrama, Sotogrande, Skibo Castle and the Kildare Club. In the States, I have escorted or sent groups to many of the most fun as well as prestigious golf courses, and have been fortunate to revisit many of these courses several times.

Golf can be a frustrating game, and although my game isn't always terrific, setting up the perfect-golf holiday is something I do extremely well. I thoroughly enjoy spending time with a client, discussing the finer points of a golf vacation. No trip is too short or too long.

I have planned many men-only, women-only and couples golf vacations, and I appreciate the unique preferences for each. Men are always interested in playing more rounds of golf than women or couples and generally do not require fancy accommodations or fine dining. They

Eleanor Nelson, owner of Travel House

tend to request a comfortable place with convenient amenities where they can sit back, relax and just have fun. Women enjoy golf lessons as part of their package, require a spa to pamper themselves as a "justified reward" and, in general, prefer to stay closer to home.

As people begin to appreciate and enjoy the game of golf, they should not be discouraged by the perception that a golf trip must be expensive. There are golf courses and golf packages to fit almost every type of golfer and vacation budget. I like people to get out and enjoy golf, and I'd like them to call me so I can help them find the appropriate vacation. After all, golf is meant to be a retreat, a calming respite from everyday stress. Golfers like to be pampered and have their vacation perfectly planned.

I invite you to indulge your passion for golf and call **Travel House** today at **1-847-381-0600**.

In addition, we wish Gail good luck in her new Minnesota home.

From start to finish, **Langdon's of Barrington** and Joe Rush, Master Photographer, **orchestrates all the facets of the location portrait process**. The result?—a cherished professional portrait bursting with vibrant color and detail. Joe's portraits keenly capture the essence of the character of his subjects.

Garden Club Helps Beautify Governors Park

Spring Cleanup for Governors Park Nursing Home was started by seven members of the South Barrington Garden Club. It consisted of weeding, digging up old lilies, and transplanting and putting in perennials and annuals for the residents to enjoy all year.

The rains came, but Anita, Joanne, Barb, Pat, Nan, Joannie and Judy dug away while coffee and juice was provided by the staff at Governors Park.

It is such a blessing to beautify this area which can be enjoyed all summer by nursing home residents. The South Barrington Garden Club members are taking shifts throughout the weeks to continue caring for this garden area.

The South Barrington Garden Club meets the first Thursday of each month and are involved in many activities during the year. Anyone interested in joining should contact 1-847-428-7571.

LOSE THE WEIGHT...AND KEEP IT OFF!

New Weight Loss Program Shows Dramatic Results

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 12 years, introduces a new weight loss program. This program is based on the 40/30/30 nutrition plan which consists of 40% carbohydrates, 30% protein and 30% fat. By increasing protein while decreasing fat and carbohydrates, weight loss success increases. University studies using this diet method along with the latest advances in prescription medication have shown safe and effective weight loss results.

Unlike other programs for which you need to buy food or count calories, this method offers the most freedom and achieves the best long lasting results available today. Fat comes off and stays off! Dr. Berger custom designs a program for each patient and discusses proper exercise, nutrition and overall weight status while considering your current lifestyle, exercise and diet habits.

Dr. Berger has hundreds of satisfied patients. Insurance usually pays for some or most charges, (sorry, no HMOs).

To begin a weight loss program that really works for you, call **1-847-438-2454** in Lake Zurich or **630-789-9495** in Hinsdale to make an appointment for your consultation today.

Do You Have Frequent Flyer Skin?

If you frequently travel by airline, you may suffer from excessive dryness, dehydration, superficial lines and other business-class complexion concerns. These problems occur from excessive air travel. The atmosphere in an airline cabin contains a closed-air supply that is filtered on a continual basis. That means, you are breathing the same air that continually circulates. The contaminants build up as it continues to circulate. The contaminants may be dust, dirt, perfume vapors, bacteria and other particles. Also, the moisture content of circulated air is extremely low. Skin constantly exposed to this stale, dry

air most often develops surface dehydration, congestion and sensitivities.

It is most important that the frequent flyer pursue expert guidance from a skin-care professional that can educate her on how to care for distressed skin.

At **Estetica**, we would begin your appointment with the ever-so-crucial consultation to determine your unique program to get your skin into flying-protected condition. Our products and treatments are clinically proven to give the results we are looking for to help your personal skincare problems fly away!

Latest Technology Now Available at Northwest Dermatology

Northwest Dermatology in Hoffman Estates is pleased to announce the addition of two new lasers to our services.

The **V-Beam** pulsed-dye laser is a safe and effective treatment for facial spider veins, rosacea, small leg veins, scars, port wine stains, warts, hemangiomas, poikiloderma, psoriasis and wrinkles. The laser is designed to deliver an intense but gentle burst of laser light to the skin.

The **GentleLASE** laser is a fast, effective treatment of unwanted hair, requiring no creams or needles. Patients do not need to let their hair grow. The GentleLASE system, a revolutionary long-pulse high energy Alexandrite laser with a dynamic cooling device, emits a gentle beam of light that passes through the skin to the hair follicle where it is absorbed. The laser energy is transformed into heat, which destroys the hair follicle leaving the surrounding skin unaffected.

In addition to general and surgical dermatology, we provide a variety of services

to enhance your skin. For skin rejuvenation, we have products and treatments available including Collagen and Botox for fine lines and wrinkles; beta-lift peels to unclog pores, clear up acne and soften fine lines; and microdermabrasion for increased firmness, minimized pores, more even skin tones, and reduced pigment marks and scars. For the treatment of psoriasis and vitiligo, we have available the Narrow Band UVB as well as PUVA light treatment. Botox injections are also available for treating hyperhidrosis.

The doctors in our practice, **Dr. Susan Liebovitz**, **Dr. Patricia Ledwig**, **Dr. Leslie Beaird** and **Dr. Alka Madan**, are all board-certified dermatologists who continually strive to provide the utmost in quality dermatologic care in a caring, friendly atmosphere.

Please call our office, **1-847-884-8096**, for additional information or to schedule an appointment.

Looking and Feeling Good: The Personal Benefits of Orthodontics

While others sometimes judge us by the way we look, there are other, more compelling reasons for considering orthodontics. Orthodontic treatment can improve dental health as it enhances your looks. Straight teeth that fit together properly are easier to clean and maintain. Correcting orthodontic problems can help prevent tooth decay, gum disease and even tooth loss. Your dental health also affects your overall health and comfort.

When you feel unattractive because of crooked teeth or jaws that do not meet properly, you may become self-conscious and preoccupied with your appearance. Orthodontics can provide you with an opportunity to participate in improving the way you look regardless of your age. By age 7, a child should be screened by an orthodontist to detect any developmental problems. Early interceptive treatment

Dr. Michael Hayward

may prevent more serious problems from occurring and may make any future treatment at a later age shorter or less complicated.

Today, more and more adults are wearing braces. Modern orthodontic advances, such as less visible braces as well as affordable payment options, have made

Barrington Junior Women's Club Congratulates Scholarship Winners

Barrington Junior Women's Club philanthropy co-chairs Sue Padula (left) and Wendy Bower (right), congratulate the 2002 scholarship recipients, (from left) Caitlin Hamlin, Megan Teschner and Alvin Santiago. A fourth scholarship recipient, not pictured, was Sriram Rangarajan.

The Barrington Junior Women's Club annual dinner, held June 4, was a celebration of accomplishments for the club and its scholarship recipients.

Each year, the club awards two merit scholarships and two community service scholarships to Barrington high school seniors. Winners and their parents are treated to dinner, this year at the new Stoney River restaurant in Deer Park.

Megan Teschner and Sriram Rangarajan were the 2002 merit scholarship recipients, with class ranks of first and 12th, respectively. They will each receive \$4,000 from the club toward their college tuition. Alvin Santiago and Caitlin Hamlin claimed the community service scholarships with

390.5 and 214 hours of community service to their credit, respectively. They will each receive \$1,000 toward their college tuition.

Barrington Junior Women's Club salutes these young scholars for their excellent efforts during their high school years and wishes them continued future success.

Club activities continue this summer with Safety Town in July, and be sure to look for club members at the Brat Tent on July 5 in Barrington as they serve food and drink.

Semper Fi Ball

The 25th Annual Marine Corps Scholarship Foundation Ball was held on April 6 at the Hyatt Regency O'Hare.

Pictured at the ball are Barrington residents: (left to right) Sallie and George Gill, a retired Marine reserve colonel; Renee DeLapp; Carol Beese; A. Robert Abboud, who served in Korea as a Marine officer where he received a Bronze Star; and Michael DeLapp, a retired Army reserve colonel.

Other Barrington residents attending the ball included: Cindy and Jim Kinney, a retired Navy reserve captain; Pat and Howie Pulsifer, a former Navy officer who served in Vietnam; Nancy and Mike Sheridan, a retired Marine brigadier general; and Cindy and Mitch Waters, a retired Marine reserve major general.

The ball raised over \$240,000 for scholarships to be awarded to the children of

Marines by the Marine Corps Scholarship Foundation. The foundation has made higher education opportunities a reality to hundreds of deserving young people.

The United States Marine Drum & Bugle Corps presented the national colors and provided very moving patriotic music. The corps of more than 80 Marine musicians, dressed in ceremonial red and white uniforms, is known worldwide as a premier musical marching unit.

The foundation, through this ball and its year-round commitment to the scholarship program, has truly represented the Marine credo "semper fidelis," a Latin phrase meaning "always faithful," to its country, the men and women of the Marine Corps, and their families.

More information about the foundation may be found on the Web at www.marine-scholars.com.

Celebrating Our Freedoms

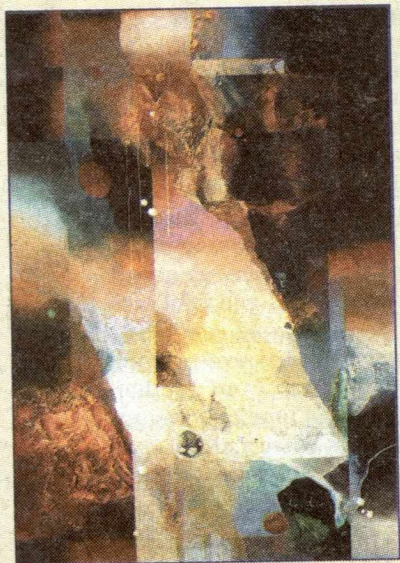

Evelyn and Peter Hammond, owners of Peter Daniel Apparel, celebrated their 50th wedding anniversary at last year's Fourth of July parade held in Barrington. The couple is looking forward to 51 years of marriage this year!

Mr. Hammond, a World War II veteran, served in the 26th Infantry Division, Third Army, stationed throughout France. He was on the first landing at Cherbourg,

France, after the initial invasion. He participated later in heavy combat at the Battle of the Bulge in November and December, 1944.

We wish to take this time to thank and show our appreciation to the many veterans who bravely served their country. Because of their valor, we are privileged to live and celebrate our freedom today.

Barrington Farmers Market to Return Every Week

The Barrington Village Association is proud to announce that the Barrington Farmers Market will be back by popular demand.

Once again, it will be located on Park Avenue in downtown Barrington. The market will be open from 8 a.m. to 1 p.m. every Thursday through Oct. 17. This year, the Barrington Farmers Market will feature approximately 15 vendors, eight returning from last year.

The Barrington Farmers Market was established last year through the efforts of the then newly organized Barrington Village Association. Last year, the Village of Barrington contributed to the promotion

of the market. Funding for this year's market will come from vendor fees and contributions to the Barrington Village Association's Farmers Market Fund.

"The BVA is proud to once again host the Barrington Farmers Market. We hope residents and visitors take advantage of this opportunity to enjoy the wonderful array of homegrown items," said John Julian, president of the Barrington Village Association.

The Barrington Farmers Market will offer a wide variety of vendors selling everything from fresh fruit, vegetables and flowers to sauces, cheeses, natural beef, honey, jams, jellies, breads and pasta.

Wake-Up Calls

Have you ever had a wake-up call? I am not referring to the hotel operator calling at 7 a.m. I am referring to a life-changing experience that makes you see life in a whole new way. For instance, people who have had a devastating brush with death report the experience as a "wake-up call" because they realized that the way they were living was not the way they wanted to continue living. Wake-up calls often act as catalysts for change that might not happen otherwise.

There are many, many ways one might experience a wake-up call. Diagnosis of a serious illness; loss of a loved one; divorce; discovery of an affair; an arrest; being robbed, raped or otherwise victimized; financial disaster; and learning some shocking information about a friend, lover or family member rank among the list of wake-up calls which frequently occur in people's lives. Traumatic events can cause a ripple effect in your life and the lives of those you love.

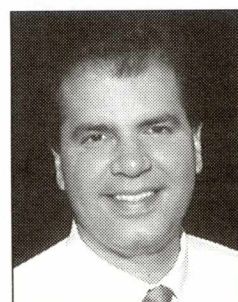

How do you deal with a wake-up call?

Many people find that the feelings and emotions triggered by a wake-up call are disturbing and unexpected. This can throw an emotionally stable, healthy person into somewhat of a tailspin, producing some extreme kinds of thinking or behavior. Recognizing and acknowledging a traumatic event is a kindness that is important to extend to yourself. Many people try to minimize circumstances rather than feel the painful feelings and deal with them. When things go wrong in life, it is important to gain an objective perspective, to view the situation from another angle. Take a period of time to adjust to the situation, assess what actions need to be taken, get feedback from a trusted friend, advisor or therapist, and move ahead cautiously and carefully.

Many good, positive things grow out of adverse situations. If you have had a wake-up call and would like some guidance, perhaps I can help. Sometimes, just gaining another viewpoint is all that is necessary. Call me at **1-847-842-9365**.

Children's Dental Emergencies

by James T. Gavrilos, DDS

For most children, spring and summer means playing outdoors after a long indoor school year. Unfortunately, their pent up energy occasionally results in accidents involving their mouth and teeth.

If an accident occurs, there are a few simple procedures parents should follow to avert more serious complications or even tooth loss:

- If an orthodontic appliance breaks or becomes loose, do not ignore it. Place wax or even moistened cotton over the irritated area and see your orthodontist as soon as is convenient.

- Should a piece of orthodontic wire, a stick or any other foreign body become lodged in your child's cheek or gum, take them to your dentist or a hospital emergency room. Do not try to dislodge it yourself.

- Bleeding from a cut in the cheek, lip or tongue caused by the teeth is usually stopped by pressure with a moist, clean cloth. If bleeding persists or if the injury seems large enough to warrant stitches, see your oral surgeon or hospital emergency room immediately.

agency room immediately.

- Dislodged teeth need to be seen by a dentist within 30 minutes. For first aid, gently rinse the tooth under running water and replace it in the socket. A cup of milk or a cup of cool water is a second choice to carry the tooth to your dentist. Your dentist should evaluate broken or displaced teeth; hospitals rarely have the equipment or a dentist available for such emergencies.

Dr. James T. Gavrilos can be reached in his Barrington office by calling **1-847-381-4040**.

Among new vendors this year to the Barrington Farmers Market are Pasta by Sue, River Valley Ranch and Gramma Murphy's. Pasta by Sue features freshly made pasta, stuffed breadsticks, homemade biscotti, delicious ravioli, Italian soups and more! River Valley Ranch specializes in fresh mushrooms, basil, Asian sweet and spicy nuts, and caramel corn. Colleen Muscaelli started Gramma Murphy's after her grandmother passed away. Colleen began baking and then selling her grandmother's recipes in honor of her memory. Gramma Murphy's makes mouth-watering banana bread, teacakes, cookies and brownies.

Barrington's Farmers Market will be located on Park Avenue, one block southeast from the intersection of Barrington and Lake Cook roads. Park Avenue was once again selected for its convenience to the center of Barrington's business district

as well as its proximity to the train station.

Michelle Kottke, chair of the Farmers Market Committee, said, "Last year's success dictated the need for a once-a-week market. We also decided to open earlier this year to take advantage of cooler morning temperatures for a more pleasant shopping experience."

She continued, "On a few occasions we hope to provide entertainment. We are looking into the logistics including cost, timing and the community calendar. The Barrington Farmers Market has filled a void, and we are very proud of the work we have done."

For more information about the Barrington Village Association, please contact John Julian at 1-847-382-7783. For information about the Barrington Farmers Market, please contact Michelle Kottke at 1-847-381-2969.

Is Long-Term Care Insurance for You?

Studies show that one out of two people over age 65 will need some form of long-term care¹. A year's stay in a nursing home can cost \$100,000 or more², and the average duration of care is three years³. Could you afford this?

An alternative to paying these expenses out of your own pocket is to purchase a Long-Term Care Insurance policy.

You may think that long-term care costs will be covered by Medicare or Medicaid. Medicare will only pay 100 percent of the first 20 days of long-term care stay⁴ and only if the facility is Medicare-approved. To qualify for Medicaid, you must be impoverished.

William Allen and Debra Schoendorf, financial consultants with **Salomon Smith Barney** in Barrington, provide the following information on long-term care insurance. Most people purchasing long-term care for themselves are 55 or older with at least \$200,000 in investable assets. If you have elderly parents, you may wish to consider purchasing long-term care insurance for them.

A range of policies is available, designed to fit a wide variety of pocketbooks. Comprehensive plans can provide cover-

age for nursing home care, at-home care, adult day care and therapy services, paid companions, transportation services and professional advice on plans for care. You can lower the premiums by selecting a more limited plan. Choice of the daily benefit amount, benefit period and "elimination" period, which is like a deductible, will also affect cost.

Some companies offer inflation protection riders. The best inflation protection, especially for buyers in their 60s or under, increases the daily benefit amount by five percent a year, compounded annually.

Long-term care insurance can be a valuable extension of your financial and retirement plans. With long-term care, you may be able to protect your assets, maintain your independence and preserve your standard of living.

Protecting Your Legal Rights— Constructive Discharge by Joette S. Doran, J.D.

Typically, an employer is not subjected to a claim of "wrongful discharge" or liability when an employee voluntarily quits. However, where an employee's working conditions are so intolerable that a reasonable person would be compelled to resign, an action for "constructive discharge" may exist.

When an employee involuntarily resigns in order to escape intolerable and illegal employment requirements to which he or she is subjected because of race, color, religion, sex or national origin, the employer has committed a constructive discharge in violation of Title VII. An action for constructive discharge can also be stated under the Age Discrimination in Employment Act and the Americans with Disabilities Act and most other federal statutes.

An action for constructive discharge will subject an employer to a federal or state court action for damages, including the

employee's lost wages, benefits, attorney's fees, costs, and compensatory and punitive damages.

Proving a case of constructive discharge is more difficult than if an employer directly terminated an employee, since the question is often whether the working environment was truly intolerable. As such, if you feel that your working conditions are illegally intolerable, you are well advised to seek legal advice before you ter-

minate your employment. If the employer is violating the law and the working conditions are or are becoming intolerable, action on your behalf may cease the behavior so you do not have to leave or may provide the employer with an incentive to offer you a severance package, if the employer anticipates a violation of the law occurred and that legal action will commence.

Friends of Meigs Field Host Celebration Event

On Saturday, May 4, nearly 300 supporters of Chicago's Meigs Field gathered to celebrate the preservation of the once endangered lake-front airport. The event—"Meigs: A Star Reborn"—was held at nearby Adler Planetarium and included a reception, dinner, live and silent auction.

The benefit included a special presentation of the 2002 Merrill C. Meigs Spirit of Flight Award to the Chicago "DODO" chapter of the Tuskegee Airmen. Roy Chappell, president of the chapter, accepted the award. Members of this chapter were among the founding members of Friends of Meigs Field in 1995 and are co-sponsors of the Young Eagles Program at Meigs Field, which provides free introductory flights to children ages 7 to 17 on a monthly basis.

DODO chapter Tuskegee Airman Rufus Hunt presented the Meigs Young Eagle Pilot of the Year Award to Dan Skoda who flew 204 kids at Meigs between Oct. 2000 and Sept. 2001.

Featured speakers included Friends of Meigs outgoing president Steve Whitney; Aircraft Owners and Pilots Association president Phil Boyer; and National Business Aviation Association senior vice-president Pete West. Whitney detailed the developments over the past two years that led to the airport's survival and expressed appreciation to the Aircraft Owners and

What Age is Best for Certain Procedures?

by Gary S. Churchill, MD

Gary Churchill, MD

Facial Rejuvenation— Chemical Peeling

Chemical peeling is designed to smooth the skin. A number of new light and medium depth chemical peels have become available for younger patients with early, fine lines. Patients in their twenties may undergo light chemical peeling. The more sun damage there has been to the skin, the deeper the lines will be and the deeper the chemical peel needed to affect them.

Rhinoplasty

Rhinoplasty or nasal recontouring is commonly performed on teenagers and young adults though older patients are candidates as well. The younger patients typically seek a smaller, more attractive nose than the one they were born with. Older patients, however, may notice signs of aging in the appearance of their noses. The tip of the nose tends to droop with age. Simply elevating the tip will give the aging patient a younger look.

Our Philosophy

The decision to undergo any surgical procedure is not taken lightly. Only a fully informed patient can make such a decision. The best time to undergo a particular procedure is when that procedure will result in a noticeable improvement in whatever features are undesirable to the patient. If no change will be apparent, it may be best to wait. These issues are addressed fully during the consultation. This is the best way for a patient to become fully informed.

Eyelid Rejuvenation

Most people will notice the aging process first around their eyes. Some puffiness beneath the eyelids, especially in the morning, will get more and more noticeable. This can create a tired look even when the person is well rested. Although some people will notice this in their twenties, this usually becomes more apparent in the thirties and forties. Although both upper and lower eyelids may age simultaneously, some people will notice only one or the other aging sooner.

Fine lines will begin to appear around the eyes in the late twenties or early thirties. These can be treated with light chemical peeling or the newer glycolic acid creams at home.

Facial Rejuvenation— Facelifting

Facial rejuvenation involves a number of different procedures. The most common is facelifting. Facelifting improves jowling and looseness of the neck through incisions around the ears. This procedure is rarely done on patients in their thirties. Most patients are in their forties and older. It is common to perform facelifting at the same time as eyelid rejuvenation.

Facial Rejuvenation— Forehead Lifting

A forehead lift allows the brows to be elevated as well as the frown lines smoothed. This is done through an incision behind the hairline. Although some patients may have low lying brows in their thirties, most do not seek forehead lifting until their forties. It is common to perform forehead lifting along with a facelift.

Golf Outing Benefits Abused and Neglected Children

How do birdies, eagles, duck hooks and round robins help abused and neglected children in the Northwest Suburbs? Shelter, Inc.'s Annual Golf Outing combines the best of these golfing elements for an event-filled day on Monday, Aug. 26, at the Itasca Country Club, 400 East Orchard Street, starting at noon.

Shelter's golf outing provides semipro, weekend golfers and casual players a great opportunity to sharpen golf games, win handsome gifts, enjoy an auction and prizes, and, most importantly, make a difference in the lives of children living in the Northwest Suburbs.

The event is open to the public. Chairperson Fred Sanders, CEO of Second Systems, Inc., and Shelter, Inc. invite four-

some and individuals to reserve spaces now. Highlights of the outing, sponsored by Infini Sourcelink, Kemper Insurance Companies and media sponsor AM820 WGSN "Chicago's Sporting News," include special contests such as Closest to the Pin and Low Score, adding to the excitement of the summer day. A hearty buffet lunch at noon and shotgun tee off at 1:30 p.m. begins the outing. Eighteen holes of golf, greens fees, golf cart, lunch, awards banquet, locker room facilities, beverages, snacks and tee gifts are included in the \$200 per person package.

Golfers and nongolfers alike can participate in several levels of sponsorship, including hole sponsors, beverage cart sponsors and greens sponsors. These op-

portunities offer great exposure for area businesses to an audience of nearly 200 people.

All proceeds from the golf outing will benefit Shelter, Inc., a licensed, accredited child welfare agency. For more than 25 years, Shelter, Inc. has been the only community-based, nonprofit child welfare agency providing emergency care and housing for children and adolescents, birth through 17.

Children and adolescents who are abused, neglected, dependent or in need of supervision are cared for in three foster care programs and three group homes. Shelter, Inc.'s services include: Emergency, Traditional and Home of Relative Foster Care; the emergency Jennings Home for Girls in Schaumburg; Boys

Group Home in Palatine; and longer-term Older Adolescent Group Home in Arlington Heights for boys 16 and 17 years old. Shelter, Inc. also provides the only Healthy Families Program in the Northwest Suburbs, a home visitation and parenting education program for first-time parents. Shelter's services are accredited by the Council on Accreditation for Children and Families, Inc., an independent, international accrediting agency, and are available 24 hours a day, 365 days a year. Shelter, Inc.'s programs are provided for children and families living throughout the Northwest Suburbs.

To register for Shelter's Annual Golf Outing or for more information, call 1-847-590-6188, or visit Shelter, Inc.'s Web site at www.shelter-inc.org.

REMODELING 2002...

Experts predict that more people will be able to work from home as technology progresses. That was one impetus behind a recent remodeling project undertaken by Tom and Susan Carroll of Inverness. Tom, a consultant, needed a space to serve as a home-office. The Carrolls also wanted to incorporate space for large scale entertaining. Working with the local architecture firm of David Lindquist and Associates, the Carrolls envisioned a new room nestled into the mature trees that adorn their property. Architect Dave Lindquist designed an octagonal room, off the existing living room, to take advantage of the verdant scenery. The finished lower level would serve as a workspace for Susan and a guest suite for visitors.

Barrington's **Delta Renovations** was chosen by the Carrolls to be general contractor. Framing a soaring, 20-foot high, 12/12 pitch, octagonal roof is a job best tackled by experts. "This is the kind of challenging work that my crews live for," says company President Mark Zurek. "It's really satisfying to see all of the angles come crisply together. A mistake in the framing for a project like this will definitely show in the finished room." The addition also boasts a trayed ceiling with uplighting behind beautiful moldings and a custom-built fireplace by Rich Dworshak, one of **Delta's** master carpenters.

The Carrolls worked with Ross Gerami, a designer with **Delta Renovation's** sister company, **Barrington Kitchen & Bath Studio**, to design cabinetry worthy of this beautiful new space. The Carrolls chose Crystal cabinetry in a richly-stained cherrywood. Ross designed special angled cabinets to flank the bookcases. Fluted pilasters and an oversized crown molding were incorporated to add visual weight to the bookcases, keeping them in scale with the new room. The custom desk and credenza needed a practical work surface that wouldn't look too "kitcheny or bathroomy". Ross was able to find a laminated product that exactly matched the cherry stain. When combined with cherry-edge molding, it makes a surface that will stand up to daily work, yet be beautiful enough to complement the rest of the room. A wet-bar with beveled glass mullion doors was included to make the room amenable to entertaining.

If you are considering a project similar to this one or a new kitchen or master suite, you should call **Delta Renovations** at 847-277-1305 or **Barrington Kitchen & Bath Studio** at 847-381-3084. Our team is waiting to become part of your team.

It takes expertise to do the intricate framing necessary to create a beautiful finished ceiling like the Caroll's. Note also the custom-built mantle.

June 12, 2001

It was such a delightful experience to work with Delta Renovation and Barrington Kitchen and Bath to realize a wonderful dream of ours—to add a Library/Office to our home. Our architect, David Lindquist, used his considerable imagination and design talents to envision the most marvelous space. We have used it constantly since its completion—as office space for Tom, to read in comfy chairs by a winter fire, to entertain friends from the wet bar or on extra tables set for dinner in the vacant spaces. Each beautiful detail of craftsmanship is something to be proud of. In the room of the same size directly under the library I have a sewing workshop and office space for myself—and we'll have a Murphy bed and built-in desk installed next week to give the room a finished look. With a new full bath in the adjoining finished room, it will serve as a great suite for visiting family and friends.

We've appreciated all the professional workmanship that it took to complete such an involved project. Through it all we have continued to feel the pride that everyone from Delta felt in the building and the flexibility they were willing to exhibit as our plans changed from time to time. I can honestly say that the whole process was fun!

We'd be glad to speak to others in our area who are considering a building project with either Delta or Barrington Kitchen and Bath and tell them what an enjoyable experience it was to work with Mark and his building team or with Ross as he designed beautiful cabinetry for our Library.

With many thanks,
Susan and Tom Carroll, Inverness

Cover Story: Barrington's Best Designers Get Noticed—Again

If you have any thoughts of remodeling your kitchen, please proceed to any major bookstore and pick up a copy of *Great American Kitchens*. In it you'll find a multitude of ideas fresh from the minds of America's best kitchen designers, including Barrington's own Lisa McCauley.

Great American Kitchens is the latest national publication to feature a Barrington kitchen by McCauley Design.

McCauley Design provided this Great American Kitchen for a Barrington Hills couple who wanted an island of easy domesticity in the center of their busy professional lives. They wanted to smell the cookies baking when they walked into the room, even if they were just coming off the red eye and hadn't been home for a week.

To provide the sense of home, Lisa designed a series of freestanding cabinets that look as if they have been in place forever. For example, the commercial range is flanked by standing cupboards that cleverly hide refrigerator and freezer units. A writing desk, pie safe and tall storage cabinet were all specially built and placed not only to enhance the owners lifestyle but also to create a sense that the kitchen had evolved over a period of time.

To make the room comforting and familiar, Lisa incorporated elements of the couple's collection of antique furniture. The venting hood above the range includes built-in art-glass that the couple found in a Michigan antique store. The standing cupboards incorporate a saw tooth detail from a favorite hutch. The hutch was also worked into the kitchen design.

This is not the first time that McCauley Design has received national attention for its kitchen designs. The reason is simple: At McCauley Design, great creative work takes precedence over everything else. While we do sell the finest in kitchen cabinets, appliances, stone, and tile, nothing is more important to us than making sure that our clients wind up living in some-

thing beautiful.

When you come to McCauley Design, you get the best designers, you get the finest cabinets (in virtually every price range), and you get the attention to detail that will make your new kitchen a "cover story." Don't settle for less than the best. Come to McCauley Design.

Why the Best Doesn't Cost Extra

Our initial consultation is free of charge and can take place in your home. During that consultation you'll have a chance to see whether our ideas are the best before you commit to design fees. We'll also show you the difference between our design work and the type of design work you can expect from the typical cabinet salesperson. If you are not convinced that our design fees make sense, you need go no further. There is no high pressure at McCauley Design.

Most people opt to proceed with us because they like our ideas and because our design fees are fully credited against the ultimate cabinet purchase. Because our cabinets are competitively priced, there is no need to go bargain hunting. At McCauley Design you get the best design and the best value.

Marble and Granite

For years McCauley design has specified stone counters for virtually all of its projects. Granite is a favorite because of its special adaptability to kitchens. Virtually impervious to stains and scratches, granite will keep its looks for the life of the kitchen. Granite's natural beauty is unsurpassed, as each slab features a unique grain pattern that adds life and drama to kitchen counters.

Now Barrington has a new source for stone countertops, floors, and ceramic tile, because McCauley Design is providing marble, granite and tile in its Barrington showroom.

Come in and see samples of marble, limestone, kirkstone, and other man-made aggregates, as well as exotic quartz and semi precious stone tiles. McCauley Design has large stone samples on hand so that homeowners can get a true feeling for the appearance of the stone they select.

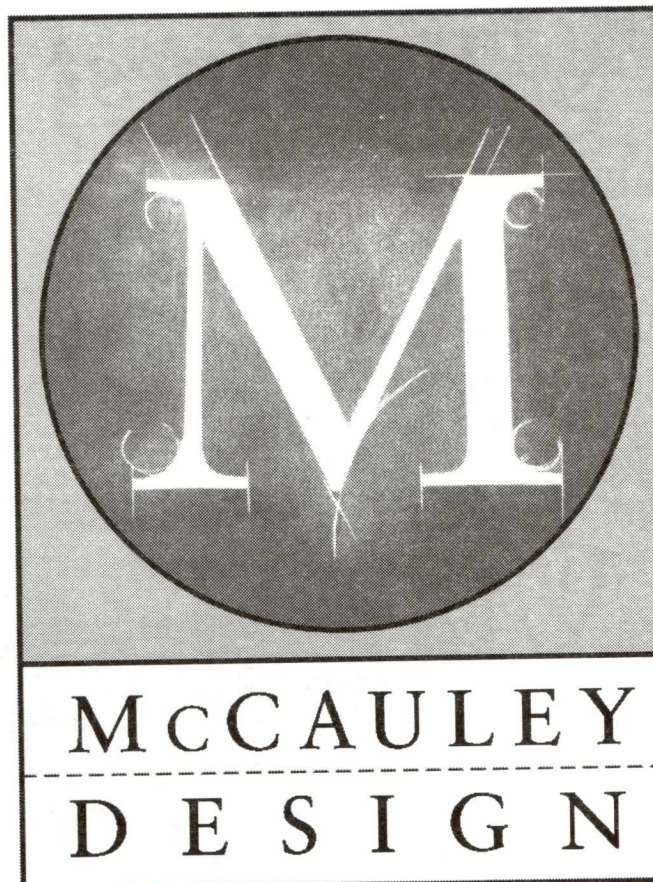

Now is the Time

Winter is the perfect time to start planning your dream kitchen. A new project is a great antidote for the winter blahs—or just a great way to occupy yourself until you can begin to think about planting flowers. Long winter nights are made for dreaming. Bleak winter days are great for planning. Start planning your dream kitchen now—with a visit to McCauley Design.

McCauley Design is located at 211 Park Avenue in Barrington, near the train station. Call **1-847-381-2742**.

"Marie Antoinette" Visits the Presbyterian Church of Barrington

On Thursday, April 25, the Barrington Presbyterian Women of the Barrington Presbyterian Church held their annual Spring Program.

Over 100 people attended the event, which featured well-known book reviewer and dramatist Barbara Rinella.

Ms. Rinella shared her dramatization of the book *Marie Antoinette: The Journey* by Antonia Fraser. Church member Dorothy Dobrath brought her patchbox that originally belonged to Marie Antoinette and which Ms. Rinella incorporated into her dramatization.

The dramatization was followed by a beautiful array of desserts and coffee. The event was hosted and coordinated by Barrington Presbyterian Women member Kelly Sheridan.

DAZZLING RANCH MODEL HOME NOW OPEN

Fresco painted walls, bold artwork and richly colored furniture in a variety of textures serve as a backdrop to the elegant millwork, pristine architecture and superior craftsmanship that prospective home buyers will see as they tour the newly opened Essex model at TerraVilla.

Terra Villa is a **Premier Property Group, Inc.**, neighborhood that will include 52 maintenance-free, ranch-style residences attached in pairs. Including items such as stone, brick and cedar exteriors, hardwood and ceramic tile flooring, two-piece crown moulding, volume and tray ceilings, granite countertops and full lookout lower levels with nine-foot ceilings, **Terra Villa** was designed with the custom home buyer in mind.

"Our Essex model, which showcases a host of custom finishes as well as exciting interior design accents, has been very well received," said Peter Bianchini, president of **Premier Property Group, Inc.** "Buyers are impressed with the flexible floor plans that give them the opportunity to add a finished basement, sunroom or move walls within a home, creating a truly custom space. In addition, our list of standard features includes items not typi-

cally found in maintenance-free homes at this price range. The walking paths, heavily wooded background and acres of open space make **TerraVilla** a one-of-a-kind neighborhood."

A total of three elegant, ranch floor plans serve as a starting point for interested buyers. Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Residential films are now backed by a manufacturer's lifetime warranty. Solar Gard, Sun Gard and 3M films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, pictures, etc.

Solar Gard, Sun Gard and 3M also improves efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with pressure sensitive adhesive. The adhesive

bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, or burglar, making glass shatter resistant.

Glare-Not Inc. has provided savings and security for 10 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard, Sun Gard and 3M films are backed by a manufacturer's lifetime residential warranty. Many locations are tinted by **Glare Not**, including: Brach's Candies in Chicago, Avon Corp. in Morton Grove, two Ace Hardware corporate offices, four Armcore banks, First National Bank of Chicago, plus 1,000's of homes. Security and Beauty with Outdoor Lighting

A home's landscaping is, if done well, its crowning glory. Tastefully executed landscaping can make even the plainest house look appealing, just as poor landscaping can ruin the appearance of a mansion. Consequently, every year Americans spend millions of dollars installing, enhancing and maintaining both residential and commercial landscapes. The shame of it, though, is that every night when the sun dips below the horizon all of that expensive landscaping is virtually invisible for 10 or 12 hours.

Rudy Kruse, president of **CFC Nite Lites**, has set out to change that by installing landscape lighting which accents elements to which your eye is naturally drawn during the day—flowering trees, artwork, building features and so forth,

using a wide variety of techniques including uplighting, crosslighting, moonlighting and pathlighting.

"There are three main purposes for outdoor and landscape lighting," Kruse explains. "The lights offer added home security. They also offer safety around steps and other potential hazards. And, of course, there are the aesthetic considerations. In fact lighting actually makes a yard appear larger than it is and there is also the opportunity to light up special characteristics of the house itself like special brickwork, cornices and fireplaces."

CFC Nite Lites services all types of outdoor lighting systems.

Million-Dollar Homes Under Construction at Brookstone in Long Grove

Ground has been broken for the first two luxury homes now under construction at **Brookstone**, an upscale community of 14 one-of-a-kind, custom, single-family homes on one-to-1.75-acre wooded sites in Long Grove. Developed by **Homes By Richmond**, these luxurious residences start at \$1 million.

Dori Meyers, one of the first **Brookstone** buyers, said, "Building this home is my passion. I'm enjoying all the possibilities, because there are so many options to choose from. Our floor plan feels so open and airy, and its very logical in design."

A fabulous location brought the Meyers to **Brookstone**. "It's in a secluded area in Long Grove adjacent to a forest preserve, which offers us a huge backyard with scenic views and mature trees surrounding our house," she added.

Styled in an English-manoir design, the Carrington is a five-bedroom, seven-bath home with over 7,200 square feet of luxurious space. Its exterior design is described as traditional, classical and timeless by the builder, while the Meyers characterize it as a nicely balanced stately facade covered in brick with extensive Dryvit detailing.

Some important features are an octagonal two-story foyer, two-story family room and sunroom. The dining room has a circular tray ceiling with lighted crown moldings, and the 30-by-22-foot kitchen plus

breakfast room has a center island, cherry custom cabinetry and a walk-in pantry. Upstairs, there is a double-doored master bedroom with marble fireplace and a 22-foot-wide balcony, and his and her closets. A loft overlooks the family room, while three additional bedrooms have their own baths. A 3,200-square-foot walk-out basement contains a playroom, bedroom, bath, exercise room and media center.

Custom home buyers appreciate traditional European design such as a French country chateau featuring brick or stone and stucco exterior facade with limestone accents. A Richmond trademark is a two-story rounded or octagonal turret which houses a breakfast room, sunroom or music room.

What sets **Brookstone** apart from other Long Grove custom home communities is that all 14 homes will be built by one builder, so the architectural style, home size and landscaping blend in a cohesive and aesthetically pleasing manner.

"Our careful attention to detail and dedication to quality construction protects our customer's investment and assures them an excellent return when it's time to sell," said co-owners Rick Bouchez and Steve Day.

For an appointment to tour the property, call **1-847-821-8284**.

"BEFORE"

"AFTER"

"As architects, it's our job to solve your spatial needs," says John C. Cazzetta, President of **Kemper Cazzetta Architects** in Barrington. "A large majority of our work is in remodeling, and because our clients need everything from small additions to complete estate makeovers, we tend to see it all. Our philosophy is to listen to our clients, study their existing conditions, calculate their budget and endeavor to aesthetically resolve their space needs."

Many homeowners struggle with the thought of "taking apart their house," especially while they continue to live there. "This dilemma is the biggest hurdle in some projects," adds Cazzetta. "The design

solution takes this into account so as to ensure a comfortable process. We have designed some projects to allow the owner to move into the new addition before renovating the existing space." The quality of life during the process is as important as the design itself. "The homeowner is amazed at how their 'old' home has come back to life," concludes Cazzetta.

If your home needs updating, additional space or reconfiguration, call John C. Cazzetta at **Kemper Cazzetta Architects**, 847-382-8322, for a no-obligation consultation today. "We feel you will be pleasantly surprised at the potential of your existing home."

**COLDWELL
BANKER**

RESIDENTIAL BROKERAGE

Serving the needs of the home seller is challenging and competitive. It takes commitment and hard work. It takes knowledge, support and the right tools. One of the tools that benefits a seller listing their home with **Coldwell Banker Residential Brokerage** is the Seller's Services Guarantee.

The other day, my friend Napoleon called asking me what we do to sell a home. After all, he thought all companies were the same. You can imagine what I thought of that comment. However, I did explain to him that **Coldwell Banker** has "the best" marketing materials to promote the seller's home in our marketplace. I asked if I had ever explained to him our Seller Services Guarantee. I apparently had not and thought it appropriate that I do so now not only for Napoleon but for everyone.

The Coldwell Banker Seller Services Guarantee is the promise that **Coldwell Banker** and our Realtor will perform the services, which I will explain below, as part of the exclusive listing and marketing agreement on the seller's property. Both the seller and the Realtor go over each item to make certain that each person understands the expectations of the Guarantee.

To the Home Sellers—

1. Agency Alternatives: We will review the agency alternatives and representations that are available to you and to potential buyers—Seller Agency, Buyer Agency and Disclosed Dual Agency. The representation of your interests and our role as your agent for the different agency relationships will be thoroughly presented to you for your consideration.

2. Marketing Action Plan: We will present to you a custom Marketing Action Plan—a formal written plan for marketing your property. This may include an open house to be conducted when appropriate and as agreed to in advance with you.

3. Competitive Market Analysis: We will provide you with a current Competitive Market Analysis and will assist you in determining the most effective list price for your property.

Long Summer Drives and Children

My daughter-in-law, Amy, recently visited her parents in Indiana with the granddaughters, Grace and Ella. She decided to drive a Windstar van.

The Windstar van is equipped with a complementary auto vision video entertainment system. The system includes a pull-down adjustable 6.4-inch color monitor from the headliner, a removable videocassette player from the console, a rear seat control module, remote control and two headphone jacks. Stereo transmission through the vehicle speakers is also available. Windstar comfort is top-notch with available quad captains seats and a rear, fold-down bench seat offering seating for seven. Another standard feature of the Windstar is the Personal Safety System. This system, along with predesignated crush zones and one-piece body construction, has helped Windstar earn the U.S. Government's coveted Best-in-Class five

star crash test rating.

Grace and Ella were joyfully entertained watching *Veggie Tales* as Amy was able to concentrate on driving.

Windstar truly provides total comfort and safety needs in the minivan class. Stop by today with the family for a test drive in one of 65 Windstars we have in stock.

Motor Werks Now Accepting Orders for New '03 Mercedes-Benz E-Class

The **2003 Mercedes-Benz E-Class** is a thrilling combination of the familiar and the unexpected, classic details and new attitude. With more standard features and options than ever before, the 2003 E-Class combines everything you love about Mercedes-Benz with the latest innovations in automotive engineering.

From its refreshing interpretation of the classic Mercedes-Benz twin headlamps and grille to its luxurious, comfortable interior, the all-new E-Class is an exercise in elegance. The sporty, sculpted profile gives you an immediate sense of the kind of performance the E-Class delivers.

Inside, there is no sanctuary quite like the cabin of a new E-Class. In addition to rich interior finishes, a range of options enhances your E experience. Optional drive-dynamic seats adjust to your driving style, cradling you and adjusting to lean as the E-Class hugs corners or accelerates.

The new E comes equipped with a standard cassette deck and single-CD player. An optional in-dash 6-disc changer, mounted behind a tilting center control panel, allows you to insert or eject CDs individually. Complete the experience with an optional 12-speaker Harman Kardon Logic-7 Digital Surround Sound system.

For those who've ever wished you had another pair of hands, the E-Class has

a few options that make your life easier. Optional Keyless Go, integrated with Smartkey, allows you to unlock the door of your E-Class by touch or start your E-Class simply by pressing a button. Now, there's an E-Class for every driver. With Adaptive Accelerator, a sensor on the accelerator pedal enables the engine management system to recognize your driving style, adjusting the engine's performance to provide the response you're looking for in a premier luxury performance vehicle.

A combination of eight air bags, including dual-stage-inflation front air bags for both the driver and passenger and head protection curtains for front and rear passengers, work with two-stage belt force limiters and emergency tensioning retractors to protect E-Class occupants in the event of a collision. The E-Class is also equipped with a rollover sensor, which triggers the head protection curtains and the seat belt tensioners at the same time when the system senses a rollover—another industry first for Mercedes-Benz.

Come, learn about, order and be among the very first to enjoy your new 2003 Mercedes-Benz E-Class from **Motor Werks**. Call me, **Normand Neal**, for a personal appointment to receive the highest level of service and satisfaction.

Garden Therapy Project with St. Joseph's Home

Garden Club of Inverness members spend time with residents of St. Joseph's Home for the Elderly.

Members of the Garden Club of Inverness spent an April afternoon with residents of St. Joseph's Home for the Elderly in Palatine for a springtime garden therapy project.

"Spring fever" was definitely in the air as 14 ladies and a gentleman joined club members in creating a basket of colorful silks or a dainty tea cup floral arrangement. Silk butterflies added the just-right finishing touch to each display.

This favorite annual event was once again organized by chairperson Carolyn Grosch, who admits she doesn't know

who has more fun each year, residents or club members. One thing is for sure, everyone enjoys visiting with each other. Carolyn was joined in her efforts by club members: Rose Schneider, Eileen Mahoney, Cathleen Laskov, Gail Buchholz, Barbara Hidding, Sally Hilgendorf, Donna Schuld, Sally Hard, Linda Steiner, Polly Cichanaski and Nancy Wulfers.

Garden therapy projects are officially sanctioned by the Garden Club of Illinois Inc. and National Garden Clubs Inc. Garden Club of Inverness is a member of both.

Benefits of Orthodontics

(Continued from page 21)

treatment for adults more appealing. Orthodontic treatment is more comfortable than ever before because of continued improvements in bracket design and archwire construction. For the patient, this means that treatment may progress more efficiently and wearing braces less obtrusive.

Achieving this healthy, beautiful smile is a team effort involving the orthodontist, family dentist and the patient. The orthodontist provides the expertise and tech-

niques to straighten teeth and align the jaws. The family dentist will help maintain healthy teeth and gums. The patient's role is extremely important. They must follow the dentist and orthodontist's instructions carefully so that treatment can progress in a timely manner.

If you have any questions regarding orthodontic treatment or would like to schedule an evaluation, please contact us at either our Barrington, **1-847-382-5588**, or Palatine, **1-847-359-7980**, offices.
