## Editor's Ink

December, 2002

Dear Reader,

This is a busy time of the year for all of us. Much is added to the social calendar, and there is much to prepare for this festive season. Do take time out to relax and enjoy some of the beauty of the season... its splendid music, the sparkling decorations, the smells of fresh pine and treats from the kitchen. And remember, too, the people who might be lonesome and would welcome a visit or holiday card with a special message.

On Saturday, Dec. 21, Barrington Giving Day is slated. This is a wonderful community endeavor to remember those in need. It is heartwarming to see everyone work together to make sure no one is forgotten.

Barrington Suzuki Strings is presenting a concert this month, "Music Lights the Holidays." Young musicians aged 3 to 17 will be playing the cello, flute, guitar, piano and violin. This concert is one of the special seasonal experiences not to be missed.

Congratulations to the Art Associates in celebrating their 42nd anniversary. That is quite a milestone. The occasion will be celebrated in a French bistro with a lecture on "A Day in the Life of Parisian Ladies of Leisure." A lovely outing.

Until next time, have a wonderful holiday season with good health, much happiness, and peace.

With warm regards,  
 Glenne McMonigal  
 Editor, *Lifestyles Magazines*

## Barrington Suzuki Strings in Concert— "Music Lights the Holidays"

**Students of the Barrington Suzuki Strings present "Music Lights the Holidays" on Saturday and Sunday, Dec. 14 and 15. The concerts will be a celebration of holidays from around the world.**

Let the children of the Barrington Suzuki School help you welcome the winter season with a holiday concert that encompasses the cultures of many countries and fills the hearts of young and old alike with music.

The entire family will enjoy this concert, titled "Music Lights the Holidays." It will be a kaleidoscope of holidays from around the world. In addition to Christian songs about the birth of Christ, music will be performed in celebration of Chanukah, the Jewish Festival of Lights, which reenacts the miracle of eight days of light from one small jug of oil during the re-consecration of the Temple of Jerusalem. They will also celebrate Diwali, the Hindu Festival of Lights and Happiness which marks the start of a new year and a time of gift-giving in India and Bangladesh. The chamber orchestra will portray a Viennese New Year's Day celebration with the music of Strauss, and a Chinese New Year's celebration will be enacted with a traditional Lion Dance that frightens away bad spirits and refreshes participants to begin the new year with renewed strength and energy. And, of course, bells will be jingling and the halls will be decked.

Many families make this annual Barrington Suzuki Strings winter concert a holiday tradition. This is partly because it is so amazing that such young children are making such beautiful music. You simply can't believe your ears as you delight

in listening to and watching this unique group of young musicians ranging in age from 3 to 17 years playing cello, flute, guitar, piano and violin.

These students are no strangers to intercontinental cultures. In addition to promoting music appreciation in the greater Barrington area for over 20 years, the Barrington Suzuki Strings students have performed in the United States in Washington D.C., on Mackinac Island, in the Ozark Mountains, at Opryland in Nashville, Tenn., and at the Wisconsin Fiddle Festival. They have toured internationally in Austria, Germany, Russia, Italy, Switzerland, Spain and Portugal.

The hope of these young musicians this holiday season is that of the founder of the Suzuki method of music instruction, Dr. Shiniki Suzuki. That is, to spread peace and goodwill throughout the world through the joy of music.

So bring family and friends and let "Music Light the Holidays." Two concerts will be presented. A pianos-only concert will be Saturday afternoon, Dec. 14, 3 p.m., at the Ela Area Library in Lake Zurich. A full, theatrical, flute-and-strings performance will be Sunday, Dec. 15, 3 p.m., in the Barrington High School Auditorium. Ticket holders are invited to attend both concerts. Tickets are \$15 and do sell out, so don't delay. For information, call Linda at 1-847-382-9517.

## Art Associates to Celebrate 42nd Anniversary

On Jan. 9, the Barrington Community Associates of The Art Institute of Chicago will celebrate its 42nd anniversary with a luncheon and lecture at D & J Bistro in Lake Zurich.

"A Day in the Life of Parisian Ladies of Leisure" will be the topic of a slide lecture by Miranda Hofelt. Using the Art Institute's dazzling collection of impressionist and post-impressionist art, as well as a few objects from other museums, this lecture will chronicle the daily life of Parisian women in the late 19th century.

Just imagine changing clothes six or seven times a day! In Paris, during the age of impressionism, every activity required a particular outfit. Whether rising in the morning, shopping at Bon Marche, attending the opera, promenading at the Tuileries or boating on the Seine, we'll discover how clothes, coiffure and poise make a "lady."

Miranda Hofelt arrived at The Art Institute of Chicago after receiving a master's degree in art history from the University of Pittsburgh in 1995. Before accepting the position of lecturer in the General Programs Division of Museum Education,

**Woman Reading by Edouard Manet, French, 1878/79, Courtesy of The Art Institute of Chicago.**

Miranda was the collection manager and research assistant for European Painting and worked on the exhibition "Renoir's Portraits: Impressions of an Age." Miranda's lectures span 19th and early 20th century photography, modern, European and American art from 1850 to 1950 (Manet to Pollock), and Japanese art of the Edo period.

The luncheon will offer a choice of three appetizers and three desserts. The entrée selections include chicken, beef, pork and fish.

The cost is \$45 for members and guests. Social time will begin at 11:00 a.m., lunch at 11:30 a.m. and the lecture at 1:00 p.m.

Reservations are due by Jan. 2 to Evelyn Richer, 1-847-381-5349. Since the luncheon is limited to 50 participants, early registration is encouraged.

## Limited-Edition Prints are Worth Giving

No matter what the season, nothing adds warmth to your home or to gift-giving like a limited-edition print. Whether it's a whimsical work like artist Dave Seybold's *The Housekeeper*, a highly-collectable wildlife print such as *New Territory-Black Wolf* by Robert Bateman, or a beautiful hand-blown glass ornament, you'll find art to warm the heart and soul at **Woodland Art Gallery and Frame Shoppe**.

**Woodland Art Gallery** also specializes in sold-out works from a variety of artists. Featured this month are the soft and lush florals of nationally-known artist Jeanne Bonine. From exotic birds and garden subjects to the mastery of a single rose, one can feel the passion and romance of her work. One of her most sought-after works is *Reflections of Love*. Originally executed with multilayers of watercolor, this signed and numbered, limited-edition giclée is reproduced on deckled edge watercolor paper and truly captures an impression of timeless beauty.

The gallery takes pride in offering limited-edition prints by today's most collectable artists including Terry Redlin, Pino, Thomas Kinkade, Jim Daley, Owen Gromme, John Seerey-Lester, Nita Engle, Bev Doolittle, Greg Olsen, Chet Reneson, Don Hatfield and others, along with repligraphs by van Gogh, Monet, Rembrandt, Cézanne, da Vinci, Remington and other masters. All are available museum-mounted, custom-matted and framed.

*Reflections of Love* by Jeanne Bonine

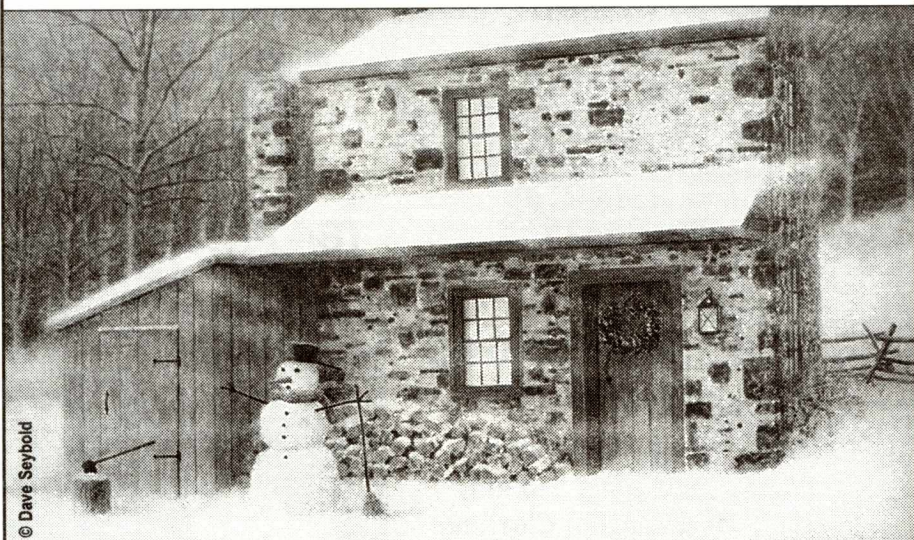

The gallery recently added Lotton art glass vases, perfume bottles and paper weights to its collection of art. These highly-collectable works of museum-quality art glass are signed and dated from Lotton Studios, world famous for its distinctive style, always magnificently colored. A must-see and a natural complement to the gallery's limited-edition prints, serigraphs and giclées.

Hand-blown glass ornaments from Twin Studios are also available at the gallery.

## "Capturing the Dream"

During this holiday season of giving, Turning Point is offering a unique opportunity to give the gift of hope, healing and shelter.

Your donation to Turning Point's campaign to build McHenry County's only emergency safe-shelter for victims of domestic violence will provide a brick-and-mortar safe-haven for women and their children fleeing abuse. As a nonprofit domestic violence agency, Turning Point also provides crisis intervention, counseling and therapy, food from the pantry, transportation, and legal advocacy to these victims. When construction is complete, the 21-bed shelter will add physical safety to this list of provisions for victims of do-

mestic violence and sexual abuse.

For 20 years, Turning Point has served a critical need in McHenry County. Last year, more than 1,500 battered women and their children turned to this agency for help. Turning Point's mission "to confront violence against women and children in McHenry County" has taken form and shape over these past two decades to include programs and services that not only fill the physical needs of battered women and their children but also support, counsel, educate and empower them.

Construction of the \$1.5 million shelter began at the end of November. Designed to look like a two-story house on the outside, the 6,500-square-foot shelter will feel

## Chers Amis...

You may be aware that **D & J Bistro** just celebrated its 15th year last month. Thank you for making this possible. The nice thing about our venture is that it still has a lot of steam! Jacqueline is still involved 100 percent in the office. (If you're a business owner yourself, you realize what it takes.) Masato is still in charge of the kitchen, motivated and creative as ever. And, of course, I'm still around doing what I do best—greeting you with a genuine smile and planning all the special functions that we offer throughout the year. (See our Web site at [www.dj-bistro.com](http://www.dj-bistro.com)!)

But one has to give recognition where it is due, and the 32 employees of our little bistro deserve recognition. Some have been with us as far back as 1987, the year we opened. Others are more recent, for an average of six years. This is substantially more than the industry's average, and we are proud of that. Of course, we need new blood all the time, but combined with the experience of the "old tim-

ers," it spells success.

Please remember that the month of December gets very busy with holiday celebrations. Don't miss your opportunity! Reserve ahead for a larger group. We will open for dinner on three **Mondays, Dec. 16, 23 and 30**. (We are normally closed on Mondays.) But we will be closed on the 24th and 25th.

Also, you should mark your calendars for **Sunday, Jan. 12**, for the first function of 2003, **"Travel to Alsace."** Diane Kostik will present her beautiful slides for about 50 minutes, followed by a regional dinner. A very pleasant evening indeed!

Not that hungry? Drop by **le bar**, chat with John or Rocky, have a plate of cheeses and pates, a glass of nouveau, et voilà...simple, tasty, not expensive. Or choose among a whole list of appetizers available at **le bar**. This is what a bistro is all about. Take advantage of it!

Evie Gliberman planned the fabulous event where Maxim's was transformed by Kehoe Designs into an exotic turn-of-the-century Spanish nightclub.

Academy students were featured in authentic costumes performing flamenco dance and Spanish guitar. Guests then enjoyed a Spanish feast by Rita's Catering. The buffet tables were laden with an abundance of Spanish delicacies, a feast for the eyes and palate. Island Dreams played the sensual sounds of the rumba, salsa and merengue as guests danced the night away.

A fabulous silent auction kept guests busy as they checked their bids for restaurants, shows, trips, body scans, spa treatments, motor scooters, snowmobiles and

much more. Donors included: Tom Kehoe of Kehoe Designs, Martin Gapshis, Michael Leppen, Dr. John McMahan of Northwestern Nasal + Sinus, Dr. Peter Georgiou of Chiropractic Health Care Center, Fred Hakimian of Hakimian Gems, Rita's Catering, Patricia Rhodes, Vespa-West Suburban Imports, Nielsen Enterprises, Rhumba, Tru, O'Brien's, Naha and many others.

The Chicago Academy for the Arts is one of only a few private high schools in the country offering both college preparatory school as well as concentrated study in the arts: theater, dance, music, musical theater and the visual and media arts. A total of \$48,000 was raised for the academy, the proceeds benefiting the school's scholarship fund.

## Barrington Giving Day Saturday, Dec. 21

Barrington Giving Day will be Saturday, Dec. 21, from 9:00 a.m. to noon at Barrington Middle School, Station School Campus, John Snow/Eastern Avenue, Barrington.

Each December, the Barrington community invites local disadvantaged families to a giving day to receive food, clothes and gifts. The members of our churches, schools and many business and civic organizations have always been generous in their support of this day, which served nearly 250 families last year.

We know that Barrington is unique in the fact that we all work together to bring joy to others at this special time of year. There are many ways for you to be involved, as an individual or as part of a group. Please read the details that follow to find a place where your time, talents and treasures will fit. We have been part of a variety of community service projects, but know of no better one than this—besides, it's lots of fun! May God bless us all in this undertaking of love.

If you are in need of something to get you in the holiday spirit, then you have to be at the Inverness Golf Club on Dec. 12 to enjoy the sounds of "The Caroling Party."

This fine octet will be dressed in Dickensian costumes and will sing some of your favorite Christmas carols and take requests as well. They will be performing from 11 a.m. to noon, and a luncheon will

be served.

"The Caroling Party" has become a Christmas tradition for Chicago's best singers. Each year, their repertoire has expanded, adding holiday movie music, Christmas standards from the 40s and 50s, rock 'n' roll Christmas classics, and holiday novelty tunes.

## Tips on Collecting American Indian Arts and Crafts

American Indian art, in all forms, has never been more alive and dynamic and continues to be gratifying and exciting to collect. American Indian art combines age-old tradition, innovation and talent, and results in a variety of art forms for all levels of collecting—whether you are beginning with a first-time purchase or have been collecting for a number of years. And, at all levels of collecting, you are helping to support the continuation of the expression and livelihood of American Indian artists, while at the same time, adding an object of beauty to your life!

These art forms, many with centuries-old influences, incorporate a natural spirit with timeless appeal. Whether it is pottery, in which artists are using the techniques and materials their ancestors did thousands of years ago, or silver smithing, which has evolved into classic as well as contemporary wearable art, there is always a place for authentic, handmade arts and crafts.

**River Trading Post** offers a unique opportunity to begin a new collection or

to further enhance a developing one. The gallery features an extensive collection of museum quality Navajo weavings, Pueblo pottery, Hopi Kachina dolls and many other rare items, including ancient pottery and antique Plains Indian beaded goods.

**River Trading Post**, in conjunction with the Department of the Interior, also offers collectors a great paper that gives tips on collecting American Indian arts and crafts. If you call **River Trading Post**, 847-426-6901, they will be happy to mail a copy to you.

**River Trading Post** is located at 314 N. River Street in East Dundee. They also have a second location in the heart of the arts district in Scottsdale, Ariz.

## Grigsby Prairie Celebration

Laura Arndt (center) leads children in native crafts at the Grigsby Prairie 15th Anniversary Celebration.

Laura Arndt, Citizens for Conservation Education Committee cochair, guided enthusiastic participants as they enjoyed nature crafts during the organization's recent celebration of the 15th anniversary of Grigsby Prairie.

Tours of the prairie, seed collecting,

seed cleaning demonstrations, music, refreshments and crafts brought visitors close to the land and helped Citizens for Conservation express appreciation to all of the volunteers who have worked on this highly successful prairie restoration.

## New Year's Eve at Julio's

And a treasure chest with lucky gold doubloons will decorate the tables. So Ahoy,

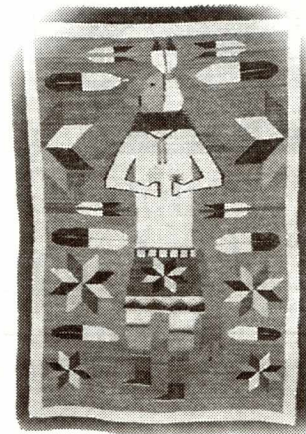

Matey! Board the ship of celebration by calling for a reservation to begin your New Year's Eve adventure at **Julio's**.

## For Those with Discriminating Taste

**Chris Kerwin Designs** on the historic Woodstock Square is a destination for those of discriminating tastes for interior design services, gifts and home accessories, including fine oriental and continental antiques.

Known as one of Madison, Wisconsin's premier-quality retail store and interior design services for the past 30 years, Chris has brought her award-winning style to Woodstock as she returns to her Illinois home. Among her accomplishments, she has served on the Board of the Friends of the Wisconsin State Historical Society for six years. While on the board, she created and managed the state's annual Town and Country Antique Show. The show combined uniquely the finest antiques with the decorative arts by annually presenting featured speakers such as Mario Buatta and Martha Stewart.

As interior designer to many of Madison's CEOs and families, Chris' interior design style has served her clientele in New York, Florida, Minnesota, Texas, Wisconsin, Illinois and the Grand Bahamas. Besides providing interior design services for many fine residences, she has been the chosen designer for the renovations of Madison's Maple Bluff Country Club; Nakoma Golf Club; The Madison Club's Grill Room; and six buildings for Wells College in Aurora, N.Y., including the historic home of Henry Wells, founder of Wells Fargo and the American Express Company. Medical clinics, attorney's offices and The Sellery Room in the Wisconsin State Historical Society have been additional design transformations under her professional selection.

The lower level of the Woodstock retail shop serves as the interior design studio. On display here are photos of past design

jobs and an extensive inventory of fine wallpaper, fabric, carpeting, trims and resources for the convenience of providing design choices on site or the client's setting. Design services have begun at clients' request as early as site and architectural plan reviews in preconstruction; for the established settings wanting an "updating"; or for those clients who simply were not satisfied with the results of past efforts.

Shopping surprises for you in the street level of the retail store during the holiday season include fine jewelry by Jessica Mendleson, Lori Bonn and Silver Seasons along with many other fine antique jewelry and one-of-a-kind artists' pieces. Fine lighting by Chapman makes a wonderful gift of taste for a man. Handsome leather journals, stylish files for working women, beaded throws and scarves, antique boxes and baskets, hand-blown glass ornaments of pheasants, distinctive spirals and ribbon candy all provide unique gifts for the hard-to-shop-for person on your list. Many women guide their husbands and friends to Chris Kerwin's. "You can shop at Chris Kerwin's. I like everything they have!"

In over 30 years of business in Madison and now in Woodstock, Chris has never had more than two gift returns in any single year after the holidays—a most remarkable record! The short drive to Chris Kerwin's on the scenic Woodstock Square will delight and inspire you. Come as you are and leave transformed!

## Make This a Holiday to Remember

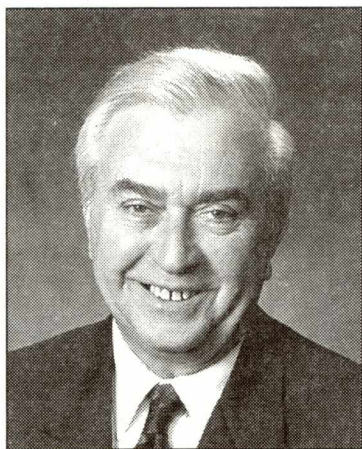

This season, designers are demonstrating that fur is, once again, the fabric of choice, with innovative styles that are as varied as the women that will wear them. Fall's new fur fashion is still luxurious to the touch and lighter than ever, with a focus on functionality.

Bill Talidis presents a preview of the fashion's ultimate luxury at **The Mink Barn**. Classic fur styles are updated with unexpected twists: boleros, stoles, and over-the-top trims such as vests, ascots and cuffs.

**The Mink Barn** is also geared for the younger consumer with a more casual attitude, featuring sheared furs, reversible to leather, detachable hoods in many natural shades, as well as furs dyed in many colors. We also carry a full line of petite and plus-size coats.

Customers from a 150-mile radius have been coming to **The Mink Barn** for 40 years, even though its location is a little out of the way. Bill Talidis' reputation is what draws them. And though **The Mink Barn** is located in a rural area, people are amazed at the large and beautiful showrooms and equally impressive selection of all kinds of furs.

Bill was born and raised in the fur business in Greece and started working with

**Bill Talidis**

fur at a very young age. Not only does he have over 50 years experience in the making of the coats, but he also raised mink for 30 years. Therefore, by raising the animals, making the coats and selling them right there on the premises, **The Mink Barn's** overhead is very low.

"We eliminate the middleman and pass the savings on to the customers," said Talidis.

To discover the warmth and elegance of fur, visit **The Mink Barn**, where Bill and his courteous staff will be happy to help you.

## Protecting Your Legal Rights—Final Payments

by Joette S. Doran, J.D.

The Illinois Wage Payment and Collection Act provides that an employer is required to pay "final compensations" at the time of separation if possible, but in no case later than the next regularly scheduled payday. Final payment includes all wages which are defined as any compensation owed an employee pursuant to an employment contract or employment policy. Generally, final compensation under the act includes earned wages, salaries, commissions, severance agreements, bonuses and vacation pay. This often becomes an issue with commissioned sales persons who are entitled to a commission or bonus per agreement or company policy. Additionally, a company that enters into a severance agreement but fails to pay is also subject to the act. With regard to vacation pay, where the company has a policy that provides for vacation pay, all earned but unused vacation time is required to be paid to the employee even if the employee resigns or is terminated. Moreover, the act provides that no employment policy shall provide for the forfeiture of earned vacation time upon separation.

In order to preserve your legal rights, a written demand for payment should be made. If the company fails to comply, then an action with the Department of Labor or private action for the unpaid amounts can be pursued which includes a claim for attorney's fees, costs, interest and statutory penalties.

Knowing what you are legally entitled to as final payment is especially important if you are presented with an agreement that requires you release your legal rights

in order to receive that money. An employee that resigns or is terminated should be aware that earned wages as defined by the act are required under Illinois law without regard to whether you release your legal rights against the company. As such, if you are requested to sign a release, you should carefully review the agreement with counsel to determine your legal rights under both Illinois and federal laws. This analysis is necessary to determine whether you are being adequately compensated for the release of your legal rights.

## Sister Lorraine Menheer to Be Honored at Catholic Charities' "Hearts for Homeless" Benefit

Sister Lorraine Menheer, director of Pastoral Care and Project Hope for St. Anne Catholic Community, stands near St. Anne Project Hope Chest, 320 E. Franklin Street, across the street of St. Anne Church and School. Sister Lorraine will be honored during "Love, American Style," Catholic Charities Northwest Suburban Services' 14th annual "Hearts for Homeless Families in Transition" benefit on Feb. 15 at Stonegate Banquet and Conference Center.

Sister Lorraine Menheer is an extraordinary example of "Love, American Style," the theme chosen for Catholic Charities Northwest Suburban Services' 14th annual "Hearts for Homeless Families in Transition" benefit. The event will take place on Saturday, Feb. 15, at Stonegate Banquet & Conference Center in Hoffman Estates.

Director of Pastoral Care and Project Hope for St. Anne Catholic Community, Sister Lorraine exemplifies 'compassion in action.' (These words are included in The Catholic Charities of the Archdiocese of Chicago logo.) For her immense contribu-

tions to the poor, unemployed and homeless in the Northwest Suburbs, she will receive the third annual Stephen O'Brien-Combs Heart of Charity award.

During Sister Lorraine's last years as principal at St. Anne School in the early 1980s, she became keenly aware of the many untended ministries for those in the Northwest Suburbs who were in crisis. As a result of her pastoral research in these areas, Ministries of Hope of the St. Anne Catholic Community was formed in 1982 to provide assistance for those she found to be in dire need. Within Ministries of

Hope, Project Hope was formed in 1986. Project Hope (Hospitality, Outreach, Prayer, Ecumenism) was created to service Catholic and non-Catholic persons and families. Project Hope focuses on working with the poor, unemployed and homeless. Each month, Project Hope receives an average of 200 requests for assistance with food, gas vouchers, auto, transportation, medicine and health, furniture, clothing, rent, and utilities.

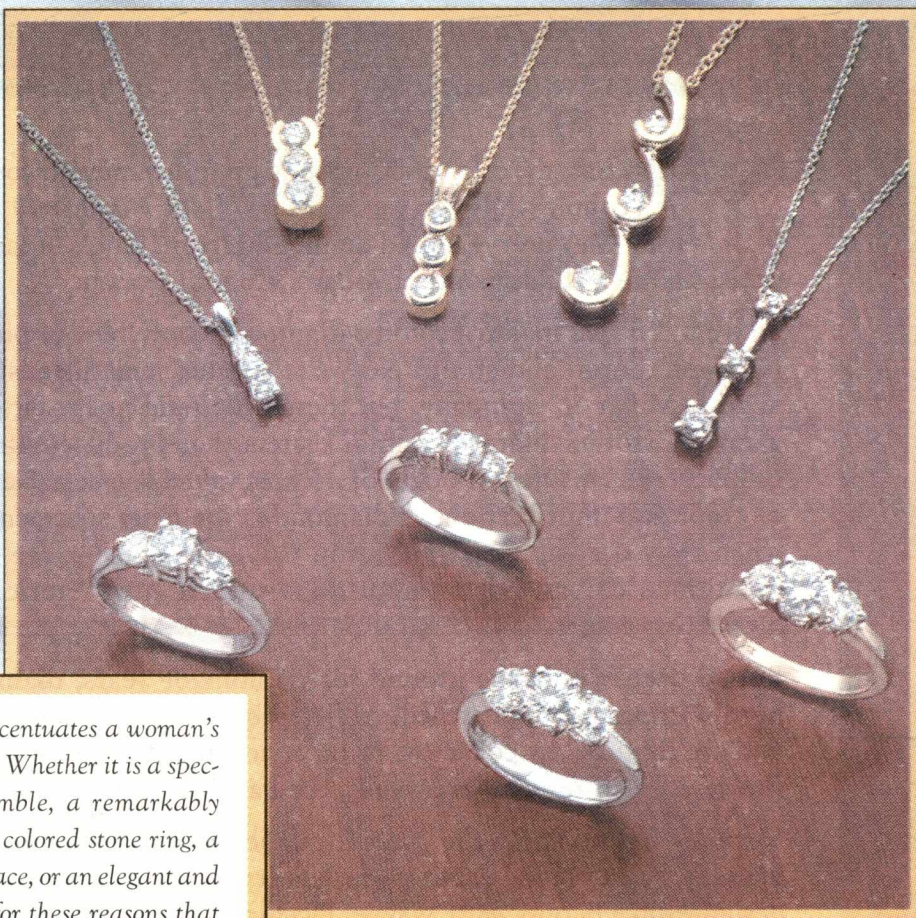

Continual bases of support are Project Hope's annual Annie's Attic Garage Sale and House of Hope: Heirlooms and Treasures resale store located in downtown

Barrington. All of the shop's proceeds are designated to servicing the poor.

"Sister Lorraine's tireless pursuit of identifying the needs of those in crisis and helping to solve them wins our award of the heart," says "Love, American Style" benefit chairman Patty O'Brien and her committee.

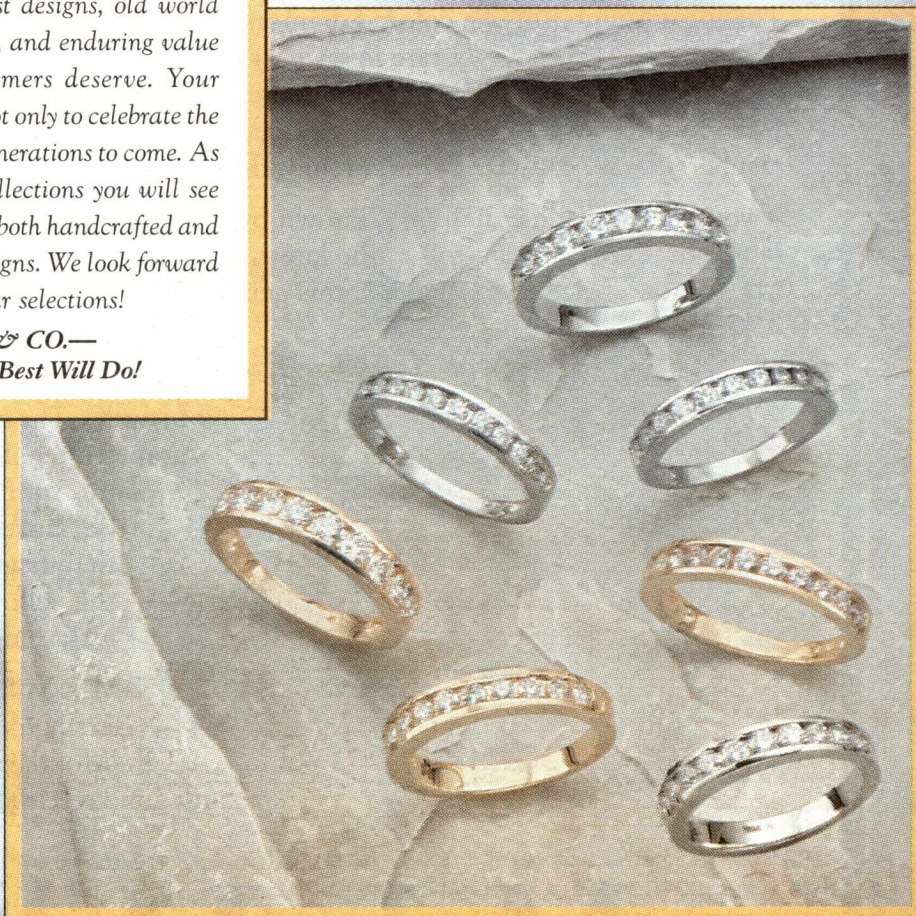

Sister Lorraine may be reached at Project Hope ministry, 1-847-381-5721.

For information on "Love, American Style" and The Catholic Charities' Northwest Suburban Services and how they may help you or someone who needs help, please phone 1-847-376-2100.

**Y**ou've seen the celebrities sporting them around and you've probably seen the sparkle of a couple while you were out and about. But do you really know what they are? Colored diamonds are making a tsunami size splash in the fashion world of today's modern woman.

So what is it that makes a colored diamond yellow, blue or pink? Nitrogen, boron and strain. No we're not teaching chemistry at **M.J. Miller & Company**, but these little (and not so little) gems of Mother Nature contain secrets that produce extraordinary results. Often thought of as most valuable when absent of color and imperfections, a diamond is the most spectacular when viewed at its most rare form. Colored. Not just the few mentioned colors, but an enormous spectrum of exotic and tantalizing colors.

Buried deep within the ground for millions of years, diamonds have been waiting to be unearthed. Afflicted by a small twist of fate, a few rare colored diamonds make their grand appearance and are captured by collectors to be prized and held in the highest esteem. A few lucky others make it into the showcases of fine jewelry stores, and eventually, the hands of fortunate consumers.

Virtually unknown by the general public for years, and therefore ignored by designers, colored diamonds are now finally making their dazzling debut in the jewelry world, and they are HOT, HOT, HOT! Famous, award-winning and cutting-edge designers like Bergio, Kurt Wayne, Picchiotti, Oscar Heyman and Mark Patterson have all made a niche in the market for this impressive gem and their wares can be acquired at **M.J. Miller & Company** in the heart of downtown Barrington.

The most popular of the colored diamonds are the very fine pinks. Pink diamonds, the majority of which are found only in Australia, are exceedingly rare in weights of .50ct. and over. Exactly what does exceedingly rare mean? Based on the selling price of the most recent pink sold at auction, a fancy intense 7.37ct. purplish-pink diamond sold for \$819,201 per carat in 1995. In other words, \$6,037,511, a price tag that for most people is exceedingly rare. Magnificent in shades of bubble gum, raspberry, rose, strawberry and orchid, the pink diamond can be affordable in pave and as accent stones.

If you desire the blue diamond, known by color in common names such as blueberry, cornflower, hydrangea bluebird, sky and steel, you may be interested in the latest at auction sell price. A fancy deep blue 4.37ct. oval sold for \$569,000 per carat in 1995. With a price of \$2,486,530, this gem is the most expensive blue diamond per carat ever sold.

Fortunately for the majority of people who enjoy the beauty of colored diamonds, the yellow diamond is not only very affordable but also available in a wide variety of jewelry. The common names for the splendid yellow diamond include: banana, grapefruit, golden, jonquil, marigold, cognac, honey, chamois, pumpkin, brass, ochre, sunflower, saffron, amber, lemon, daffodil, khaki, canary, goldenrod, autumn, forsythia, mustard, cadmium, maize, sulfur, buttercup, champagne, chartreuse, dandelion, straw, wheat, cape and wine. By far, the yellow diamond is the most widely available and one of the most intriguing. No other gem displays dispersion quite like a diamond.

## Barrington Newcomers Club Fall Outing

It was a beautiful day on Oct. 14 when the Barrington Newcomer's Moms and Tots group met at the Pumpkin Patch in South Barrington.

The kids picked pumpkins; pet the baby cow, llamas and goats; played in the corn maze; and got spooked in the haunted house.

The Barrington Newcomers Club also met on Oct. 16 at Pauline Boyle Landscape Design Ltd. and learned how to add style and warmth to their homes that will inspire throughout the year. After a healthy dose of Pauline's expertise and

creativity, they had lunch at a local eatery.

If you are new to the neighborhood or would like to meet new people, look into the Barrington Newcomers Club. Ongoing activities include: Almost Gourmet, Weekend Gourmet, Destination Dinner, Ladies' Night Out, Moms and Tots, bunko, ladies and couples bowling, Matinee Idols, men's and ladies' bridge, men's poker, Garden Club, and Around the World (for non-Americans on assignment in the United States and Americans who have lived abroad). See you there! Call 1-847-713-2606 for more information.

The Sixth Annual Clearbrook Challenge Golf Tournament took place on Monday, Aug. 12, at Exmoor Country Club in Highland Park.

This year's sold-out tournament was once again co-chaired by Keith Jaffee and Mitch Greenberg, both of Northbrook. All proceeds from the \$600-per-player excursion benefited Clearbrook's programs and services.

Each golfer engaged in a full day of activities beginning at 10:00 a.m. with brunch. The driving range and putting green also opened at that time. The tournament commenced with a shotgun start at 11:30 a.m. The night concluded with

cocktails, hors d'oeuvres, golf prizes and a live auction. Jerry Feldman of Park Ridge and Doug Ross, Jeff Annenberg and Doug Adams, all of Highland Park, took the first place trophy in the 18-hole best-ball tournament.

Corporate sponsors for the Sixth Annual Clearbrook Golf Tournament included: American Airlines; Audi of America; Builders Bank; Entertainment Marketing, Inc.; Focus Investments, Inc.; Horwood Marcus & Berk Chartered; Irv's Men's Store; Keith and Caryl Jaffee; Mesirow Financial; Michael Best & Friedrich LLC; Sterling Capital, Ltd.; and Waveland Investments LLC.

## Renowned Chef/Owner Opens Cooking School in Barrington

The American Harvest Cooking School will open for classes beginning in January. Some of the many class options include: Beginning Cooking, Advanced, Men Only, Wine Classes, Children's, Family Cooking and Entertaining. Additionally, birthday parties and corporate team building events are available by reservation.

David Koelling, Barrington resident and former chef/owner of The Greenery and Biloxi Grill, will share his expertise in a fun, relaxed teaching environment. Located at McCauley Design, Kitchens, Tile and Stone in downtown Barrington, David will facilitate classes in McCauley's three state-of-the-art kitchens to be completed in December.

"We are thrilled to be working with David and believe that this will be a wonderful partnership for both of our businesses," said Lisa McCauley of McCauley Kitchen Design.

"McCauley's have done an exceptional job designing the kitchens conducive for

a teaching environment," said David Koelling of The American Harvest Cooking School. "We have already booked several events with local area organizations which further substantiates the need for this type of venue in Barrington."

David has taught in Napa Valley, Calif. and throughout the United States, including programs for the American Institute of Wine & Food, at the Edward Don Cooking School, at the Best of the Midwest Market, as well as hundreds of cooking classes in his restaurants. He has led educational groups, mushroom foraging, ice and trout fishing, and to Wine Country and the Pacific Northwest.

Registration begins the evening of Barrington's Holiday Walk on Friday, Dec. 6. We welcome everyone to come meet David, enjoy a tasting and sign up for the perfect class for you.

## "An Evening Under the Stars"

Attending the event were: (from left) Elizabeth Parhas, children's fashion chair; Christine Voutiritsas, president; and Nicky Kalantzis and Kiki Korkofigas, fashion show co-chairs.

The Philoptochos Society of St. Nectarios Greek Orthodox Church of Palatine held their annual Fashion Show "An Evening Under the Stars" on Sept. 27 at the Meridian Banquets in Rolling Meadows. The co-chairs of this event were Nicky Kalantzis and Kiki Korkofigas who did a splendid job of making this event magical. The children's fashion chair was Elizabeth Parhas, who coordinated every-

thing between the parents, children and Zzazz Productions for an impressive fashion demonstration. Tracy Tarantino of Zzazz Productions always presents an exciting show.

The word "Philoptochos" literally translated from Greek means "Friend of the Poor." This is a not-for-profit organization that donates to many worthy charities.

## The Healing Process

by Gary S. Churchill, MD

Gary Churchill, MD

Patients frequently become nervous during the healing phase following a surgical procedure. They see certain changes in the affected areas which are actually quite normal and predictable. It is helpful if patients are aware of these normal changes and the reasons for them, as it will help them feel more relaxed about the final outcome of the procedure.

Any surgical or traumatic injury to the skin and soft tissue results in the same steps of healing. There is an initial release of enzymes from the damaged tissue which starts the healing process. These enzymes actually cause inflammation, without which there would be no healing. This is the start of the first phase of healing called the "proliferative phase." During this phase, the tissue proliferates or builds-up. The ultimate goal of this phase is the buildup of collagen, which in turn mends and binds the tissue. The human body is very efficient and therefore very quickly binds the tissue with a crude form of collagen which is thick and bulky. In addition to the buildup of collagen, new blood vessels form, which explains why scars are pink at first. Also, many white blood cells, other repair cells and inflammatory components rush into the tissue. This causes swelling and a thickening where the incision or surgery was performed. The proliferative phase of healing lasts for approximately four to six weeks.

After this, the second phase of healing, the "remodeling phase," begins. During this period of time, the collagen that was produced in the first four to six weeks is broken down by the body's enzymes and reabsorbed while replaced by a finer, softer and thinner collagen. It is during

this time that the blood vessels that formed during the proliferative phase shrink and disappear from the wound, which explains why scars fade over time. In facial wounds, much of the remodeling phase happens in approximately eight weeks. While three months after the initial trauma or procedure, facial scars are much softer and smoother, full maturation of a scar can take nine months to a year.

Our typical follow-up for patients is in one month, so that we can see the healing of the wound when it reaches the peak of the proliferative phase, and then again in two months, after the end of the remodeling phase.

It can be helpful and reassuring to patients to realize that there are sound, scientific principles behind much of what we do in our practice of medicine. When patients understand the natural course of healing and what to expect, they are less anxious about their recovery from facial surgery. We always try to educate our patients so their concerns are addressed and their fears are minimized.

Please call us at **The Center for Facial Plastic Surgery, 1-847-304-1000**, if you have any questions regarding facial plastic surgery.

## Fashions in Flowers: A Victorian Tea

Attending Long Grove-Kildeer Garden Club's Victorian Tea on Oct. 24 were: (from left) Betty Coffin, Ann Mathews, Anita Levinson, Jeannine Brown, Leslie Lilly, Bev Busch "Another Time," and Linda Clark.

Hoop skirts, fancy hats and antique lace were used to make the costumes worn by many members of the Long Grove-Kildeer Garden Club at their Victorian tea held at the Twin Orchard Country Club on Oct. 24.

The Victorian atmosphere was emphasized by the authentic dresses obtained from "Another Time" in Delavan, Wis. Tussie-mussies, rose sachets and teacup topiaries, all made by members, added to the decoration. Antique photos of Victo-

rian ladies were displayed to recall our connection to the past. The tables were beautifully set with tiered stands holding platters of finger sandwiches, scones, crumpets and assorted pastries. Michael Lewis of Lewis Florist in Grayslake provided the program and presented eight wonderful floral arrangements, explaining the central features of each. At the close of the afternoon, everyone agreed that the Victorian theme provided an elegant and delightful step back into history.

## Is Your Face and Body Ready for the Holidays?

It has been a very fast year. Seems like only yesterday I wrote about the holidays. In this busy season, we must take time for ourselves.

Our wonderful day spa is going very well. People are coming for the Vichy Shower to have a spa glow and the great Moor Mud Mask. It is a great treatment! Having the warm herbal pak behind the back or placed on problem areas of the body relieves all stiffness and soreness on the body. It's a great stress reliever.

When I opened the day spa, I wanted most of all for it to be a wellness center for Barrington to heal the body and soul. And it is working.

To give a person a gift certificate for a special service is the very best gift of caring that you can possibly give.

Now I must talk about the face, the most visible part of the anatomy. With the furnace heat and the cold wind, the skin becomes very sallow looking and dehydrated. You must book for one of our special facials! Let one of our licensed Estheticians treat your skin and take away all problems. We are getting booked heav-

ily, so make your appointment soon.

Let me touch briefly on the hands and feet. They certainly get a lot of wear and tear during the holidays. It is important to have a manicure and pedicure. After a hard day of shopping, can you imagine soaking your feet with the jets soothing them in the warm, bubbling water?

We are giving a lot of massages now. I believe it is a necessity in our life, a great way to alleviate stress and pain in our body.

Last but not least, have a new makeup for you and the holiday time, either a lesson or just relax and have the makeup artist do it for you! We have some new colors that are beautiful. The plums, grays and violets are especially popular and "in" this season.

I hope to see all of you in our studio and day spa soon. *Have a happy, healthy holiday time and, most of all, have fun!* Stop in and have hors d'oeuvres and beverages the week before Christmas.

Sincerely,  
Cathy Ramstadt, Owner  
**Syd Simons Day Spa**

## Letter to the Editor

A beautiful and challenging course, runners and walkers who enjoy the challenge, outstanding organization, generous sponsors and contributors, and brisk fall temperatures set the stage for another great Village of North Barrington Run Through The Woods on Oct. 13, 2002.

The village was at its best—with hills, lake and woods beckoning—and director Patty Kudla and members of the Parks and Recreation Commission had a finely-tuned race day in place.

An added attraction, and dear to a conservation organization's heart, was the op-

portunity for race participants to recycle used athletic shoes. These shoes will be used to make playgrounds, running tracks, and tennis and basketball courts around the world.

The run was a great experience, and each year just gets better. Citizens for Conservation was again privileged to be the recipient of proceeds from the race, and we thank everyone involved. The funds will be used to help carry out our mission of "Saving Living Space for Living Things."

—Sam Oliver

Staff Director, Citizens for Conservation

## Are You Ready for Results? Let's Get Started!

These local Barrington moms (see ad) are just a few of the clients who struck a pose after their level III cardio-fitness challenge class held at **Barrington Martial Arts** on Mondays and Wednesdays from 9:30 to 10:30 a.m.

In this class, clients perform the latest in resistance, flexibility, plyometrics, core, functional and stability training. Master instructor Morris Lawson, a level II coach certified through the U.S. Olympic Training Center in Colorado Springs, Colo., teaches the class.

This class is designed for anyone who wants to take their fitness to the highest of levels, whether you are an athlete, former athlete or someone who just takes pride in the way you look and feel. It is not unusual for clients to push harder and farther than they've pushed before, without injuries. They use the latest techniques in fitness that are challenging not just physically but mentally too. All are custom designed to take you from where you are to where you want to be.

This class is excellent for runners, cy-

clists, biathletes and persons who want to get in awesome shape. It's not unusual for students to cut seconds off their running time and increase their endurance and recovery time, all in a fun yet challenging 60-to-75 minutes.

The instructor for this class is no stranger to high performance athletics. Morris himself is a two-time U.S. national gold medalist, three-time Illinois state champion, a bronze medalist in the international Goodwill Games and a former U.S. Junior Olympic coach. He is also certified through the U.S. Olympic Training Center as both a licensed master instructor and a level II coach. He was also awarded Instructor of the Year for 2002. All this to say, Morris understands the mindset of athletes, be it training hard, setting and achieving their specific goals, just training seriously.

So, are you serious? Are you ready for the results you want? If you are, then call Morris at **1-847-382-9599** for a **free consultation session and \$10 off classes**.

## The Medici, Michelangelo AND THE ART OF Late Renaissance Florence

The extraordinary face of the Florence, Italy, that we know today was made in great part by the first Medici grand dukes of Tuscany, the legendary Michelangelo

and the artists who created under their formidable influence.

"The Medici, Michelangelo, and the Art of Late Renaissance Florence—which is on view in The Art Institute of Chicago's Regenstein Hall, the Daniel F. and Ada L. Rice Building, now through Feb. 2, 2003—is the first major exhibition ever held in North America to unfold their remarkable story and enduring artistic legacy. Special tickets are not required for this exhibition at The Art Institute.

"The Medici, Michelangelo, and the Art of Late Renaissance Florence" demonstrates—with paintings, sculpture, drawings, tapestries and decorative works—the unprecedented variety and richness of art produced under Florence's ruling family, the Medici grand dukes of Tuscany, between 1537 and 1631. Even in the time of the Medici, 500 and more years ago, Florence was a storied city whose wonders Renaissance-era travelers journeyed hundreds of miles to see.

## Celebrate a Gala New Year's Eve at Concorde Banquets

Celebrate New Year's Eve 2002 at the beautiful **Concorde Banquets**.

The festivities will run from 7:00 p.m. until 2 a.m.

There will be continuous entertainment, a seven-course dinner and European pastry table. During the entertainment, there will be a five-hour open bar with top-shelf liquor. Champagne and party favors are planned for midnight revelry—along with a balloon drop!

Join in the fun! Make this a New Year's to remember.

who" list of Italian late Renaissance artists: major sculptures and drawings by Michelangelo, Cellini and Giambologna; important and celebrated paintings by Bronzino, Pontormo, Salviati and Vasari; refined decorative arts by Buontalenti; and a group of exquisite tapestries. The majority of these works have never before traveled outside of Italy, and some are among the most admired treasures of Florence's famed Uffizi Gallery, Pitti Palace and Bargello Museum, which collectively hold much of the world's finest Italian Renaissance art.

Highlights of the exhibition include sculptural masterpieces from Medici villas, as well as three Michelangelo sculptures, including *Apollo/David*, the first statue by the legendary artist that Florence has ever sent to America. This is, in fact, only the second time that a major sculpture by Michelangelo has traveled to this country. Five drawings by Michelangelo are also included, among them the much-publicized *Drawing of a Candelabrum* belonging to the Smithsonian Cooper-Hewitt, National Design Museum. This is its first major exhibition showing.

The exhibition brings to life the colorful Medici family of the 16th and early 17th centuries, from the reign of the first grand duke, Cosimo I (1519-1574), through those of his sons, Francesco I (1541-1587) and Ferdinando I (1549-1609), and that of his grandson, Cosimo II (1590-1621).

Michelangelo (1475-1564)—who was celebrated during his extraordinarily long lifetime for his achievements as a sculptor, architect, painter, draftsman and poet—exerted an immediate and profound impact on his many Florentine followers. The Medici grand dukes responded to Michelangelo's extraordinary talent with extensive and enlightened patronage, expanding Florence's role as a crucible of the Italian Renaissance. In addition to commissioning portraits and decorative objects for their private enjoyment, the

Medici family established several major institutions for artistic production and instruction in Florence, including the Accademia del Disegno, the first art academy in Europe, co-founded by Cosimo I (with Michelangelo) in 1563; and the Arazzeria, the first major tapestry manufactory in Italy, founded by Cosimo I in 1546.

The Medicis' interest in science and the applied arts also led to their founding, in the later 16th century, of the precious and semiprecious hard stone, or *pietre dure*, industry. It's a luxury craft that endures to this day. "The Medici" features some of the finest and most important examples of this medium, as well as several pieces of the rare and exquisite blue-and-white porcelain invented by Francesco I de' Medici himself more than 100 years before the porcelain-making technique was rediscovered in France and Germany.

The splendid works of art gathered in the exhibit continue to symbolize the enduring ambition of these towering individuals as well as the magnificence of the time and place in which they lived.

## Steeple Raising and "Steeplechase" Celebration at Barrington United Methodist Church

Surmounted by a skyward spire and cross, the church steeple stands as a beacon of hope to all who gaze up to the heavens. And now, four years after fire destroyed their church home, the people of Barrington United Methodist Church witnessed the raising of their new steeple above a magnificent sanctuary in their long-awaited church, now under construction at 98 Algonquin Road (the southeast corner of routes 59 and 62).

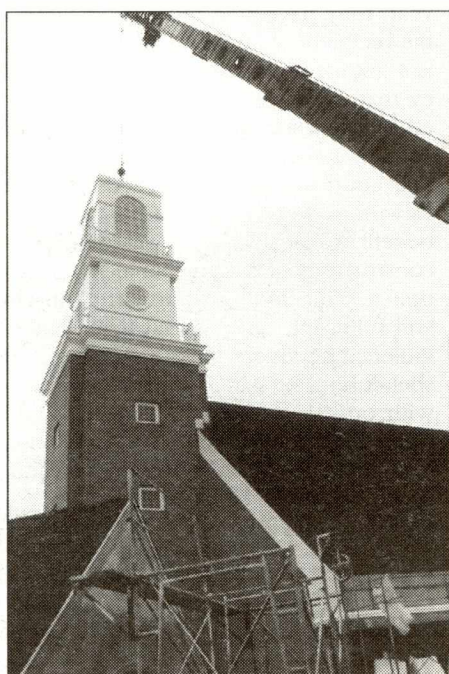

On the morning of Friday, Oct. 25, the steeple was complete. On Oct. 27, there was a special "Steeplechase" time of worship and thanksgiving at the church's 10:30 a.m. service in their partially completed Fellowship Hall.

The steeple will complete the exterior outline of the 54,000-square-foot facility, 67 feet from tower to cross and 137 feet from grade level to top. One hundred and eighty thousand bricks and 2,500 sheets of drywall will be used for the new church. And, since the fall of 2000, it has taken approximately 235 man-hours a day with 40-to-50 crew people to bring the project to this point.

### Historical Background

Like the ancient Jews wandering in the desert, the people of Barrington United Methodist Church have learned the meaning of patience.

The congregation has more than 1,000 members and a 160-year tradition in the Barrington community. Their church home on 311 South Hough Street was tragically destroyed by fire in October of 1998. Since the time of the fire, they have held worship services at Salem United Methodist Church, the Hough Street School, A.C. Lines School and are currently worshipping at Barbara B. Rose School, less than a mile from the new church. The necessity of

school site services has entailed the complete setup of an altar, portable organ and sound system, chairs, etc. on a weekly basis. The church has also operated out of two different temporary office facilities. Yet, in spite of these obstacles, the church's ministries and missions have actually grown since the fire, and they continue to attract new members.

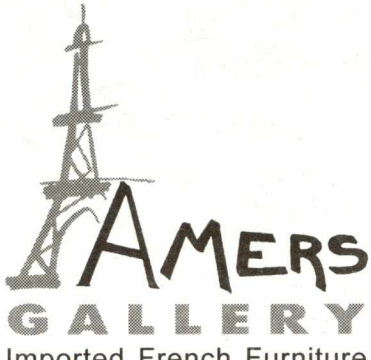

### Church Construction

The new facility is being built on 23.5 acres of land at the corner of Algonquin Road (Route 62) and Route 59 in Barrington Hills, and the congregation expects to worship there before Easter of 2003. The address of 98 was selected because of its significance as the year of the fire. Facility features include a sanctuary that will

## Green Thumbs Provide Beautiful Tree

The month of December is especially joyous for members of the Green Thumbs of Barrington Garden Club. For the past several years, this club has provided and decorated the large Christmas tree which graces the lobby of the Barrington Area Library. This project expresses appreciation to the library for meeting space and provides enjoyment for the whole community. Last year's patriotic tree was very well received as we all struggled through an emotional holiday season.

This year, the ornaments have again been created mostly from natural materials harvested from the gardens of members. After many weeks of work on these decorations, the club will be delighted to unveil another "Green Thumbs Original" on Dec. 2. The tree will be on display throughout the holiday month for your enjoyment.

On Dec. 16, the club will celebrate with a Christmas luncheon at Duke's Grill in

## Decorating for the Holidays Just Got Easier

Deck the halls but hold the lights! Pre-lit Christmas trees have arrived at **Geimer Greenhouses** in Long Grove.

The holidays are hectic enough without having to deal with tangled messes of Christmas tree lights. That's why pre-lit trees are becoming increasingly popular.

"We've resisted carrying pre-lit trees in the past because every one I've seen was just a jumble of exposed wires and looked so artificial," notes Mike Geimer, third generation owner of the family-run garden center. "But then we found the Roman line of trees, which are so lifelike, and the wiring is virtually invisible," Geimer said.

What's more, Geimer points out, is that the trees are as simple to set up as a patio umbrella. "Just spread out the branches, fluff up the tips and you're ready to hang

ornaments," he says.

**Geimer Greenhouses** carries a variety of prelit Christmas trees, including the stunning new Alpine trees with real wood trunks, pinecone lights and lightly flocked greenery in easy-to-fit slender silhouettes, and majestic Sierra fir trees up to 14 feet tall and prelit with more than 2,700 lights!

And for the Christmas purists, **Geimer's** offers a fine selection of premium fresh cut Fraser fir Christmas trees, along with wreaths, roping and an eclectic assortment of decorative holiday accessories.

**Geimer Greenhouses'** garden center and nursery is located in Long Grove on Old Illinois Route 53, just north of Lake Cook Road. For information, call **1-847-358-6363**.

## A Safe Place to Benefit from Winter Charity Ball

An evening of elegance is planned for the Winter Charity Ball sponsored by the Hawthorn Woods Women's Club. This year's ball will take place at the beautiful Wynstone Golf Club of North Barrington on Saturday, Jan. 25, 2003.

The purpose of the evening is to raise funds for one of the Hawthorn Woods Women's Club's supported charities. This year, they have selected A Safe Place as the recipient of all proceeds. A Safe Place is a not-for-profit community-based agency that aids women and children affected by domestic violence. Their programs include a shelter, a help line, counseling and court advocacy. Proceeds from the Hawthorn Woods Winter Charity Ball will benefit A Safe Place's newest initiative—construction of a transitional living residence. The 20-unit apartment building will fulfill the urgent need that domestic violence survivors have in finding post-shelter housing that is safe and affordable, with on-site supportive counseling, life-skills training and education programs.

Tickets for the evening will include a

premium open bar, passed hors d'oeuvres and dinner, followed by dancing to the Steve Edwards Orchestra. This popular, 12-member Chicago orchestra has been asked to return for the third year in a row.

This year, the Winter Charity Ball will feature a silent and live auction. Each year, the Hawthorn Woods Women's Club receives a wonderful array of generously donated items for the auctions and prizes. In past years, donations have included art, popular concert tickets, sports memorabilia, and golf and spa packages.

The Hawthorn Woods Women's Club members, as well as many residents of Long Grove, Barrington and Lake Zurich, eagerly anticipate this stylish evening. The Hawthorn Woods Women's Club Winter Charity Ball will be held on Saturday, Jan. 25, 2003, at the Wynstone Golf Club of North Barrington. Tickets are \$125 per person. If you wish to join us for this dazzling event, would like to make a donation or need further information, please call 1-847-438-0723.

## Get Away to Shop and Win a Getaway

It's difficult to believe that the year is almost over. The days seem to fade into one long haze of work, drive, sleep, work, drive, sleep, etc. So, it's really a wonderful break in that relentless pace when you spend just a few minutes looking at the beautiful beaded pillows at Pottery Barn or drinking in the scent of pumpkin pie candles at Yankee Candle Company. And it's never too early to pick up the 2003 calendar insert for your Franklin Covey Planner.

Even though you're relaxing as you shop the great lineup of stores, you can pick up a few of the gifts you'll need for the holidays. There! Productive but pampered too! That's what shopping at **Deer Park Town Center** is like. We know your time is earmarked for every duty, errand and task possible. But you'll save time by parking in front of your favorite store. And talk about your favorite stores—60 of them! So you can get a few of those "to-dos" done and have a good time while you're at it.

OK. You need even more time? **Now through Dec. 24**, enter for a chance to win a **three-day weekend getaway at Pheasant Run Resort and Spa** in St. Charles, Ill. Of course, no purchase is necessary, but rules do apply. The package includes a two-night stay with breakfast voucher, arcade tokens, and voucher for pizza and soda room service. Enter at participating stores. That's a great use of your time.

**Deer Park Town Center** is located on Rand Road, just one mile north of Lake Cook Road. Holiday shopping hours are Friday, 10 a.m. to 9 p.m.; Saturday, 9 a.m. to 9 p.m.; Sunday, 11 a.m. to 6 p.m.; and Christmas Eve, 10 a.m. to 6 p.m. The "Lifestyle Center," developed by Poag & McEwen, blends convenient location, accessible parking, attractive architecture and caters to the needs of the modern shopper. For more information about the center, including the storewide gift certificate program, please call **1-847-726-7755**.

## Donor-Advised Funds: Bringing Focus to Philanthropy

At this time of year, many investors are repositioning their portfolios, gifting assets and implementing their year-end tax planning. William Allen and Debbie Schoendorf, financial consultants with **Salomon Smith Barney** in Barrington, explore a more efficient, and potentially more powerful, way to contribute to nonprofit organizations through a donor-advised fund.

A donor-advised fund allows a donor to make an irrevocable and nonrefundable contribution of cash or securities to the fund without losing control of how the contribution is used. The donor can advise the fund's administrator as to which organizations receive grants, the amount of the grants and when the grants should be paid. Grants may be as low as \$250, allowing a donor to divide his or her total contribution among multiple recipients.

Income tax deductions for cash donations can be as high as 50 percent of the donor's adjusted gross income (AGI). Deductions for contributions of stock can go as high as 30 percent of AGI, and the donor would pay no capital gains tax on

contributions of appreciated securities. Any unused portion of the donation may be carried forward for up to five years.

Assets in donor-advised funds are managed by professional investment advisors. Market appreciation may result in potentially larger grants to nonprofit organizations. Donors may create a legacy of giving by appointing family members to continue directing grants from the fund after the donor's passing.

Many people who donate to charity tend to make recurring donations to those organizations whose pursuits are most important to them. Others make contributions less selectively but no less passionately. Regardless of which group you fall into, it's worth investigating donor-advised funds as a way to maximize your contributions and bring structure to the giving process.

## Adler's Celestial Ball Raised \$200,000 for Science and Math Education

What do an Assyrian king, a Bolivian farmer and an ancient Micronesian sailor all have in common? The newly formed Women's Board of the Adler Planetarium & Astronomy Museum invited Chicagoans to find out at the "Eighth Annual Celestial Ball: Under One Sky" on Saturday, Nov. 2. Mary Ann Childers and Jay Levine served as honorary chairs and masters of ceremony of the gala.

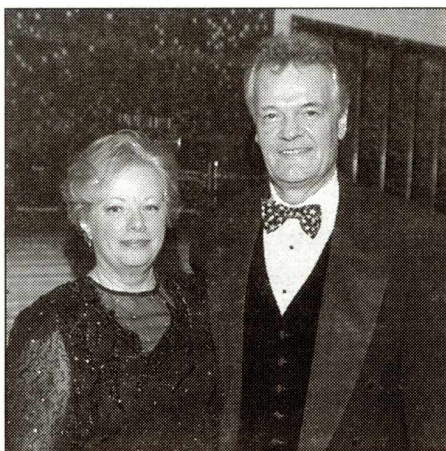

The "Celestial Ball," the first major project of the board, raised over \$200,000 for the museum's innovative new "Cosmic Gateway" distance-learning program. The Women's Board of the Adler Planetarium, comprised of civic and philanthropic leaders, shares the commitment of the board of trustees and Adler staff to make science education fun, interactive and available to the next generation of explorers.

"The formation of this dynamic board marks an important chapter in the history of the Adler Planetarium & Astronomy Museum and Chicago's civic institutions," said Donald Clark, chairman of the museum's board of trustees. "The Women's Board has already made a significant and positive impact," he said, adding that "Our science education programs will be greatly enhanced through the involvement of its many dedicated and talented members."

More than 450 Adler supporters and friends joined The Women's Board for an evening of auction and bidding, a gourmet dinner catered by Food for Thought, and dancing to the tunes of Johnny Star and the Meteors. Sotheby's hosted the fabulous live auction which featured a 19-day Antarctic Cruise donated by Quark Expeditions. This cruise was hotly contested in the bidding until it finally sold for \$22,000!

The "Eighth Annual Celestial Ball" was held in the Adler's spectacular galleries and highlighted the museum's yearlong "Under One Sky" theme and activities. Featuring dramatic decor, exotic entertainment and exquisite dining, the unforgettable evening celebrated the cultures of the world and the sky we all share.

Proceeds will support "Cosmic Gateway," one of the first interactive learning programs offered by a science center in the nation. It gives teachers, students and learners of all ages the opportunity to experience the Adler and improve their un-

derstanding of space science from anywhere in the world. "Cosmic Gateway" is a key component of the Adler-sponsored "Center for Space Science Education," a first-in-the-nation project created in partnership with NASA and the U.S. Department of Education to address the national need for better science and math education for schoolchildren from kindergarten through 12th grade.

The Adler Planetarium & Astronomy Museum is the first planetarium in the western hemisphere. Its astronomy programs have reached over 35 million people during the past 72 years. Nine state-of-the-art exhibition galleries located in the stunning new Sky Pavilion and the recently renovated landmark 1930s building present modern space exploration alongside the history of astronomy. The world's first StarRider Theater, the most technologically advanced, audience-interactive planetarium theater, fuels the imagination of visitors during virtual flights through the cosmos. With a staff of over 200, the Adler pursues its mission to present the human quest to better understand the universe. Adler scientists and historians, who hold joint appointments at the University of Chicago and Northwestern University, are working at the forefront of research in astronomy and its fascinating history. The Adler is leading the way into the Space Millennium.

## Tips for the Holidays

by Carole Childers, C.N., L.N.C., All Ways Healthy

### Stress

We associate many scents with the holiday season but scents can do more than recall pleasant memories. Essential oils can enhance your life by relaxing, uplifting and invigorating your spirit. Sandalwood aids peaceful relaxation and decreases anxiety and depression; Rose inspires love and opens the heart; uplifting Cary Sage produces relaxation and smiles; Bergamot balances emotions and instills composure; Ylang-Ylang tempers depression, anger and frustration; and invigorating Rosemary helps balance mind and body, and improves confidence and creativity.

### Wellness

Herbs that help relieve cold symptoms include: Echinacea—for colds and flu at the first sign of illness; Eucalyptus and Sage—an excellent remedy for respiratory problems; aromatic oils—help halt bacterial growth and reduce the risk of getting secondary infections; and Ginger—used traditionally to treat colds.

### Turkey Talk

Food safety experts warn stuffing a turkey in advance can be dangerous. Stuffing not only slows the cooking process, it can also harbor the deadly bacteria salmonella. The safest thing to do is bake your stuffing in a casserole dish and leave your bird empty. Be sure to place a quartered apple or onion inside the body cavity.

Here's how to baste your bird to keep

it low in fat. Place your turkey on a rack in a roasting pan filled with a quarter inch of fat-free chicken broth seasoned with poultry seasoning, garlic, onion powder, thyme or rosemary. Add the juice of one lemon or apple juice or orange juice. Cover the turkey loosely with a piece of aluminum foil folded once to form a "tent". Occasionally drizzle the turkey with this broth. Remove the foil about 30 minutes before the turkey is done and increase the oven temperature to high to brown the meat.

### Walking it off

As you contemplate that second helping, think about how to burn off those extra calories. The American Dietetic Association says the average person can burn approximately 220 to 310 calories per hour with briskly walking.

- Stuffing—400 calories per cup, 100 minutes of walking

- Pumpkin Pie—370 calories per eighth of pie, 90 minutes of walking

- Mashed potatoes with gravy—110 per half cup, 150-165 minutes of walking.

## Making the Decision

Plastic surgery is a way to control not only our appearance but also how the world sees us and how we feel about ourselves. It allows us to remove obstacles that keep us from feeling comfortable and confident. If we look good, we feel good. If we feel good, the improvement in our lives can be enormous.

Cosmetic procedures are becoming a viable option for an ever-growing number of people. Plastic surgery is no longer just for the privileged. Everyday people—real people—are making the decision to have procedures.

Because cosmetic surgery deals with how we feel, the decision to have a procedure can be an emotional one. As a patient, you are entrusting your surgeon not just with your physical safety but also with something very private and important.

### Feeling Confident

Plastic surgeons are among the most highly trained in medicine, but knowledge, skill and reputation are not enough. **Dr. Gunnar Thors** and the staff at **Midwest Plastic Surgery Specialists** believe that, for the best results, it is vital to create an emotional connection with each patient

and maintain that connection through every step in the process.

Our patients and referring physicians tell us they appreciate the fact that we listen to our patients and that we provide them with excellent surgical results. However, the driving force for us is to recognize our patient's individuality while helping them to accomplish their goals.

Dr. Thors offers a comprehensive range of cosmetic procedures including face-, neck- and breast-lifts; rhinoplasty; tummy tucks; body contouring; and a complete line of ancillary procedures such as facial peels and collagen and botox injections. **Midwest Plastic Surgery Specialists** offer comprehensive treatment tailored to the individual with patient education as a top priority. We are dedicated to patient care and service, before, during and after surgery.

**Susan Ledgerwood**, our licensed aesthetician, provides comprehensive beauty and aesthetic skin care services. In preparation for the harsh winter weather, be sure to ask about having a skin evaluation when you call **1-847-277-1440** to schedule your **free cosmetic surgery consultation**.

ing program that guides homeless women and children into permanent housing. The organization strives to eliminate hunger, homelessness and joblessness by guiding individuals and communities through a continuum of comprehensive compassionate programming designed to enhance self-respect, independence and self-reliance. Home of the Sparrow shelters are located in three Northwest Suburban communities: Crystal Lake, McHenry and Palatine.

The Junior League of Chicago has developed, funded and staffed the Learning to Fly program which aims to educate and empower the children with monthly presentations and learning opportunities. Each program incorporates community speakers, journals, craft projects and

books that expose the child to information and skills that may not be available to them due to their housing situation.

The creation of on-site libraries at each of the shelters located in Chicago's Northwest Suburbs will make books immediately available for read-aloud programs for the children, additional reading practice for school-age residents and provide parent education resources to their mothers.

The Junior League of Chicago and Barnes & Noble are proud to partner in furthering literacy and education in the community. Books purchased from either the Crystal Lake or Deer Park Barnes & Noble specifically for this charity drive are available at a 10% discount. ## New Weight Loss Program Shows Dramatic Results

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 12 years, introduces a new weight loss program. This program is based on the 40/30/30 nutrition plan which consists of 40% carbohydrates, 30% protein and 30% fat. By increasing protein while decreasing

fat and carbohydrates, weight loss success increases. University studies using this diet method along with the latest advances in prescription medication have shown safe and effective weight loss results.

Unlike other programs for which you need to buy food or count calories, this method offers the most freedom and achieves the best long lasting results available today. Fat comes off and stays off! Dr. Berger custom designs a program for each patient and discusses proper exercise, nutrition and overall weight status while considering your current lifestyle, exercise and diet habits.

Dr. Berger has hundreds of satisfied patients. Insurance usually pays for some or most charges, (sorry, no HMOs).

To begin a weight loss program that really works for you, call **1-847-438-2454** in Lake Zurich or **630-789-9495** in Hinsdale to make an appointment for your consultation today.

## Have a Smile for Christmas

by James T. Gavrilos, DDS

Never before has the importance of a wonderful smile been so great. For a young person entering the business world, a great smile is almost a prerequisite for success. For the divorced person starting a new life, an improved smile can give a tremendous boost to the ego. For Mom, an improved smile would be a well-deserved personal reward. An improved, white smile can be a fountain of youth for a retiree.

Your dentist can help with that smile in a number of ways. Bleaching teeth is now a common and relatively foolproof technique. Bleaching works well on most natural teeth. But remember, it will not lighten existing fillings or crowns. Bonding techniques may be used to close spaces, build teeth out, and cover irregularities in shape and color.

More extensive changes in your smile must be made with orthodontics, crowns or even plastic surgery. If you would like a better smile, give yourself a Christmas present and see your dentist to develop a plan.

**Dr. Jim Gavrilos** can be reached by calling **1-847-381-4040** in Barrington.

## "A Merrie Olde English Christmas"

Lyric tenor Kenneth A. Christensen and accompanist Sally K. Manktelow will present their fifth annual holiday recital, "A Merrie Olde English Christmas," at Hearthstone Village, 920 N. Seminary Avenue, Woodstock, 6 p.m., Friday, Dec. 6.

This year's program will be presented in the old-fashioned, Victorian-English manner, common during the late 19th century. They will present a concert of beloved old English carols using the best modern arrangements, recreating a Christmas carol recital, circa 1875. The seldom-heard British melodies will be used with several carols.

Featured carols include: *Here We Come A-Caroling*, *Masters in This Hall*, *O Little Town of Bethlehem*, *March of the Three Kings*, *Good King Wenceslas*, *Angels from the Realms of Glory*, *I Heard the Bells on Christmas Day*, *The First Noel*, Gounod's *Ave Maria*, *The Coventry Carol*, *The 12*

*Days of Christmas*, *Whence Is That Goodly Fragrance?*, *Deck the Halls*, *Away In A Manger*, *On Christmas Night*, *God Rest Ye Merry Gentlemen*, *What Child Is This?*, *In The Bleak Mid-Winter*, *I Saw Three Ships*, *Once In Royal David's City*, *Angels We Have Heard On High*, *It Came Upon the Midnight Clear*, *O Holy Night*, *Silent Night*, *Holy Night* and *We Wish You A Merry Christmas*.

Mr. Christensen is a member of both the Crystal Lake Community Chorus and Chicago Master Singers. He now serves Shepherd of the Hills Lutheran Church in McHenry and teaches privately for the Fox Hills Music Teacher's Association. Mrs. Manktelow is piano accompanist for Shepherd of the Hills Lutheran Church.

Please invite family and friends for an evening of enchanting music. The program will last 90 minutes and is free to the public.

## Construction Completed at Hearthstone Manor for Latest Division Devoted to Alzheimer's and Dementia Care

Construction is complete at **Hearthstone Manor** for the Alzheimer's and dementia care division, **Traditions of Woodstock**. A grand opening celebration of this state-of-the-art renovation and programming is targeted for November of this year. However, new residents will begin moving in right away. *Hearthstone* staff and residents eagerly await the opportunity to grow the constellation of care offered on campus, which includes **Woodstock Christian Life Services** as the corporate office for *Hearthstone Manor*, *Hearthstone Village Retirement Community* and *Woodstock Early Learning Center*.

How many times have you heard someone joke about "having a senior moment" or "having Alzheimer's?" While it is true that forgetting where you put your keys can be exasperating, there is nothing to joke about when someone you love has Alzheimer's disease or other age related dementia. The Alzheimer's Association estimates there are 211,000 people with Alzheimer's disease in Illinois. One out of 10 people aged 65 to 84 and one out of two aged 85 plus will be at risk. As our population ages, the chances that this disease will cast its shadow over someone we love grows.

People with Alzheimer's disease are our grandparents, parents, spouses, teachers, doctors, ministers, best friends and next door neighbors. They are the people who have cared for us, taught us, loved us and mentored us. Alzheimer's disease and related dementia affects the entire family.

An elderly spouse may try to care for their loved one at the expense of their own health. Adult children agonize over how to make the right decision for a mother or father whose condition is deteriorating.

**Woodstock Christian Life Services** has created **Traditions of Woodstock** to meet the community's need for a home-like program designed to provide quality residential care for those with Alzheimer's disease or related dementia.

*Traditions* offers two homelike environments, *Acacia* and *Bethesda House*, devoted to the care of residents with Alzheimer's disease and other related dementia. The houses are intimate and inviting; each one is home to no more than 10 residents and will have specific features to help individuals move throughout their home with confidence. Personalized 'memory boxes' placed at the entrance to every bedroom trigger comfortable feelings of familiarity. Furniture and washrooms have been placed in ideal positions throughout the homes to help residents maintain their bearings and comfort level.

Daily activities and programs at *Traditions* are tailored to nurture physical, emotional and spiritual needs while taking personal preferences into account. With at least one specialist for every five individuals during daytime hours, each person is free to pursue enjoyable activities that promote independence, preserve self-esteem and optimize cognitive functioning. Please contact Julia Giles, director of *Traditions*,

## The Shape of Things to Come— Thinner Waistline, Tighter Tummy

Many women spend countless hours in the gym and months, if not years, dieting in an effort to recapture the youthful look of their tummy and waistline. Unfortunately for many women, consistent exercise and weight loss do not produce the results they desire. Even more unfortunate is the fact that many women begin to feel guilty about this and think it is their own fault. This is especially true for women who have had children. Even after one pregnancy, the pressure of the baby resting against the abdominal wall and hormonal changes can permanently stretch the skin, weaken the abdominal muscles and lead to fat accumulation that is very difficult to get rid of.

Fortunately, there is an outpatient procedure that can do for your tummy and waistline what dieting and exercise may not be able to. It is called the abdominoplasty procedure, or tummy tuck. This procedure is designed to specifically remove the excess skin, fat and stretch marks and to reposition and restore your abdominal wall musculature to a more youthful position. The pouch is gone, the waistline is thinner and your tummy is firmer. Just think of it—not being embarrassed in a two-piece bathing suit in the summer and liking the way you look in lingerie or tight-fitting clothing!

Abdominoplasty is an outpatient procedure performed at **The Aesthetic Plastic Surgery Center of Barrington**. The incision is hidden in the bikini line, and recovery time is about seven to ten days. Swelling and bruising are minimal, and visible results are immediate.

This procedure may be a good choice if you are unhappy with the appearance of your tummy but can't get the look you want with dieting and exercise. To determine if abdominoplasty is the right option for you in attaining your aesthetic goals, schedule a confidential consultation with aesthetic plastic surgeon **Dr. Greg Bazell**. During your consultation, **Dr. Bazell** will fully educate you about this procedure and the other choices available to you.

Safety, comfort and your satisfaction are **Dr. Bazell's** foremost goals, along with comprehensive patient education to assist you in making informed, confident decisions. If you have an interest in or questions about abdominoplasty or any aesthetic plastic surgery procedure, please schedule a consultation with **Dr. Bazell** by calling Jennifer at **The Aesthetic Plastic Surgery Center of Barrington** at **1-847-382-5111**.

Consultations are always complimentary, confidential and are individualized to fit your needs in a personal and non-pressured environment.

## Orthodontics Can Improve More Than Just Your Smile

While others sometimes judge us by the way we look, there are more compelling reasons for considering orthodontic treatment. Your dental health has an effect on your overall health and plays a major role in your quality of life. When you feel unattractive because of crooked teeth or jaws, you may become self-conscious and preoccupied with your appearance.

How a child perceives their smile and facial appearance is critical in the development of their self-image. At an early age, children are comparing their smiles to classmates and friends to see if they are "normal." The American Dental Association recommends that a child see an orthodontist by age 7 to be evaluated for any skeletal or other developmental abnormalities. Correcting these abnormalities at an earlier age will aid in a more ideal placement of the remaining permanent teeth. Most importantly, this is a positive step towards building confidence in a child's smile from an early age.

Whether orthodontics is considered for an adolescent or an adult, treatment can improve your dental health and boost

**Dr. Michael Hayward**

your self-esteem by changing your facial appearance. Patients often feel more self-confident even before treatment is complete. With an attractive smile, you can face your career and your personal relationships with greater confidence.

If you have any questions about orthodontics or how treatment can benefit you in other ways, please contact us at either our Barrington, **1-847-382-5588**, or Palatine, **1-847-359-7980**, offices. Or visit [www.haywardorthodontics.com](http://www.haywardorthodontics.com) on the Web.

It's that magical time of the year when everything sparkles and glows. Why shouldn't your skin? Achieving radiant, glowing skin is possible for anyone with the right treatment plan. The secret is to have a treatment plan that is designed specifically for you to address your unique skin care issues.

At **Estetica Advanced Clinical Skin Care**, we specialize in skin care and designing innovative treatment programs to address a wide range of skin care issues. Our goal is to restore and rejuvenate the natural vitality and vibrancy of our clients' skin.

We accomplish this goal by staying true to our philosophy—"Skin is like a fingerprint; no two are alike. Hence, no two individuals should have the same treatment plan." Each of our clients is provided with a customized skin care treatment plan designed to specifically address their areas of concern. Our clients begin their journey to healthy, glowing skin with a private consultation that assesses their skin type and determines the best treatment plan for their unique skin. This is followed by a customized skin care treat-

ment plan designed to achieve silkier, radiant skin.

**Estetica** offers a wide range of products and services that are all specifically dedicated to treat skin care problems. All of our products are clinically researched and proven to work. Outlined below are a few of the treatments we have available:

• **Rejuvenation Facial**—This is designed to rehydrate the skin and allow the skin to breathe again. It will assist with eliminating that dull, gray look.

• **Chemical Peel**—Chemical peels are used to exfoliate the outer skin cells and are often used to address extensive damage to the skin. We offer a wide range of peels, each designed to address certain situations.

• **Microdermabrasion**—This treatment is also used to exfoliate the outer skin cells and is accomplished by the use of tiny microcrystals combined with gentle suction to remove the outer layer of cells, resulting in smooth, radiant skin.

For the past nine years, owner Debbie Fritzshall, RN, CPE, has helped men and women achieve permanent hair removal on the upper-lip, chin, eyebrows, underarms, back, arms, legs and the bikini line.

Electrolysis is the only safe, sensible and permanent treatment for the removal of unwanted hair. ## Deferred Prosecution Program Yields Promising Results

Being arrested for possession of alcohol and/or drugs is not what local Barrington youths think is ever going to happen to them, until they wind up in court in front of a judge.

What are they to do? If it's a first offense, Barrington Youth Services helps answer that question.

The Barrington Youth Services Deferred Prosecution Program is an educational alternative to the prosecution of minors age 19 or under who are arrested for violation of village ordinances relating to possession of drugs and/or alcohol or intoxication.

While Barrington Youth Services provides many worthwhile programs that address a variety of life circumstances, the Deferred Prosecution Program began in 1985 following several years of ground-work by the Legal and Government Committee of the Alliance of Barrington Communities for Drug Education. Housed in and administered by Barrington Youth Services, the DPP Barrington Youth Services staff and trained interns conduct the group sessions.

After recently completing a class, a participant said she learned more in the eight hours of required class time than she had

ever learned before. She learned things about herself, her own drug abuse tendencies, chemical reactions and what drug use does to her body. She felt she was educated on everything from drinking games to the lethal effects of certain types of drugs. She also added that she would probably keep this information with her for a long time. And, if that keeps her away from drug and alcohol use, isn't the class worth the time and effort regardless of it keeping her record clean?

Drug and alcohol use with minors continues to rise each year. Barrington Youth Services not only provides the Deferred Prosecution Program for minors after the violation but also provides workshops,

counseling and prevention classes on this topic for kids and their parents before drug and alcohol use is a problem. Call today to talk to a counselor or to set up a time for our counselors to come to you to talk about this very important topic.

Barrington Youth Services, a not-for-profit, 501c3 agency, supports the social, psychological and emotional well-being of young people and their families in the Barrington area communities, offering relevant programs and services delivered by competent professionals in an atmosphere of trust and caring. BYS strives to help clients expand and enhance their sense of self-knowledge and self-esteem. For more information, please call 1-847-381-0345.

## Barrington Juniors Give Some Holiday Cheer

The ladies of BJWC will kick off the holiday season at their Annual Holiday Party, which incorporates their Angel Tree, on Tuesday, Dec. 3 at Mia Cucina in Palatine.

Over the last few months, members have chosen angels with special gift wishes that they grant for area families. And on Saturday, Dec. 21, they will contribute their help and donations at the Barrington Giving Day, one of the largest charitable events in the area.

For many years, this organization has provided help and money on numerous Barrington projects. This includes several high school scholarships each June, and countless hours with PADS, Meals on Wheels, and Safety Town. BJWC also donates time through organized events for local seniors and is a major contributor to the Barrington Brat Tent each July.

Their latest fund-raising efforts took place only weeks ago when they hosted a fashion show and luncheon, "Circle of Friends," on Nov. 16 at the Hyatt Regency. The event netted thousands of dollars, all of which will be generously allocated to numerous charitable organizations throughout the coming year.

As the new year fast approaches, you might be thinking of a resolution for 2003. What could be better than serving your community through philanthropic work while having fun and meeting others with similar interests?

The group holds monthly meetings the first Tuesday of each month at the park district. The next general meeting will be in February 2003. Please feel free to come and bring a friend or contact BJWC for more information at 1-847-622-3838.

## Hypnosis

by Martin A. Nathan, M.A., L.C.P.C.

Hypnosis is being used more than ever for treatment of a variety of issues. These include nicotine addiction, eating disorders, nail biting, anxiety and panic attacks, weight loss, depression, anger, pain, and sleep disorders. *It is particularly helpful with stopping smoking.*

I'm a licensed clinical professional counselor and have been in private practice for over 28 years. I see couples for marriage and relationship counseling, and individuals for a variety of issues. I am certified in the use of clinical hypnosis and have been using it in my practice for the past 27 years.

I use hypnosis most often with individuals in order to quickly change habit and behavior patterns that the client considers undesirable. Using hypnosis helps the changes to take place in a much shorter

period of time than traditional counseling alone. The combination of short-term counseling with hypnosis saves both time and money.

If you think that you have an issue that may be treated by hypnotherapy, call and discuss your issue or issues with me. You will learn the approximate number of sessions, the cost per session and whether or not it's for you.

I am also a certified meditation instructor and teach six-week "Introduction to Meditation" classes on a regular basis. Meditation helps you to respond better to stressful situations, lowers blood pressure and generally makes you feel better. If you are interested in learning how to meditate or wish to restart your meditation practice, please call **1-847-934-6555** for information.

## Don't Do It!

Don't put off your exercise program until January 2003. Many people fall into that trap and end up gaining five to ten pounds during the holidays. It can take up to six months to lose that extra weight!

Weight loss is only one of the many benefits of exercise. Benefits relevant to the holidays are:

- Less stress when dealing with the crowds
- Clearer thinking when trying to make decisions on what to buy for whom
- Minimal to no weight gain from holiday parties and ever-present sweets
- More energy to keep up with those late nights
- Better sleep to start all over again the next day

Here's an idea—consider buying yourself something during the holiday season.

You owe it to yourself and those you care about to begin or get back into a wellness program. A **Home Bodies** personal trainer can develop your program, get you started on your new lifestyle and help you through the tough times. Call **630-261-1013** now to schedule your first appointment with a **Home Bodies** personal trainer.

Got someone hard to buy for? We have the perfect gift, appropriate for anyone on your list—a gift certificate for in-home personal training with a **Home Bodies** personal trainer (no equipment necessary). It's the gift that keeps on giving; they'll never stop thanking you for it. And you don't even have to leave home to buy it, so you can fit in that extra exercise session. Call **630-261-1013** to order your gift certificates today!

**AFTER**—Delta Renovations remodeled the house so beautifully the project was chosen for a national television program.

## Local Businesses Featured on HGTV

HGTV's "Before and After" program recently featured the transformation of an area home by Barrington's **Delta Renovations**. The conversion of a typical 1950's ranch house into a gorgeous two-story was a project the show's producers couldn't pass up.

The project, designed by architect Robert Flubacker, AIA, included adding a second story with multiple gabled roofs. Four bedrooms, including a fabulous Master Suite now occupy the new second floor. The original ground floor was reconfigured to provide a large family room which opens into the brand new kitchen. The original living room became a large dining room—big enough to seat 14 people! The kitchen, designed by **Barrington Kitchen and Bath Studio** (Delta Renovations' sister company) is a stunner with cherry cabinets and a granite topped island.

This is **Delta Renovations** first foray onto the small screen, although their projects have previously been featured in both local and national publications. The firm, started by Mark Zurek almost 20 years ago, has also been regularly included in *Qualified Remodeler* magazine's list of "The Top 500" remodeling companies in the USA. Zurek opened **Barrington Kitchen & Bath Studio** in 1990 to provide more complete service for his clients.

If you are contemplating a similar project for your home or thinking about remodeling your kitchen or bathroom, you can reach **Delta Renovations** at 847-277-1305. Or, visit **Barrington Kitchen & Bath's** beautiful kitchen and bath showroom at 319 W. Northwest Highway (next door to Idlewood Electric).

**BEFORE**—This typical 1950's ranch house was a good candidate for an update.

Decorative moldings include oversized base moldings, window and door casings, crown moldings and chair rail. Pella® wood windows are featured throughout the house, while rich stained mahogany covers the front door.

The elegant foyer is adorned with a beautiful limestone floor, architectural columns and a circular staircase. To the right is a library or den and a living room with a full bay window. ## Barrington Infant Welfare Chapter Holds Wine Tasting

Members of the Barrington Infant Welfare Chapter: (from left, front row) Lisa Schor, Liz Rodosky, Gay Daniel, Jerilyn Ugaste (president), (second row) Diane Zelcs, Penelope Knopik, Cindy Zipparro, Zena Wojciechowski, (third row) Donna McQueen, Paula Colbert, Donna Milne, Irene Kramper and Debbie Greene.

A Wine Tasting/Gift Gathering Soiree was held Oct. 5 at the home of membership chairperson Cindy Zipparro.

Members brought silent auction item donations for their upcoming May fundraising event. New members and anyone interested in being involved with the Infant Welfare of Chicago Society were welcome.

The wine tasting was provided by Patrick Tyrell and he provided a different

twist to tasting wine. Each wine was given the name of a celebrity actor. The guests were asked to evaluate and rate the wines without quite knowing just what they were.

The membership is putting together plans for their May Caribbean adventure, and this event kicked off the silent auction gathering. More information will be made available as plans progress. The date is Friday, May 9, 2003.

## Letter to the Editor

### TEAM—Together Everyone Achieves More!

The longtime sports philosophy is a perfect way to describe the Village of North Barrington's Parks and Recreation Commission members Fred Hjertstedt, Steve Settle, Cassidy Towne, Kathy Kubick, Sue Schoedinger, Bob Wulff and Phil Rock.

They organized the Third Annual Run Through The Woods for the morning of Oct. 13, 2002. Through their efforts, runners and walkers gathered together to run the beautiful 5K course around Honey Lake or walk the scenic two-mile loop. The morning was bright and brisk for the 249 participants.

The TEAM did not just consist of the village's Parks and Recreation Commission but also Citizens for Conservation. Their members came out in full force that morning to volunteer and participate with their staff director, Sam Oliver, leading the charge. What a pleasure it was to work with Sam and all of CFC's members. All the proceeds from the Run Through The Woods benefit CFC and its mission of "Saving Living Space for Living Things."

The TEAM also included many sponsors and contributors. The day would not have been possible without this generous group of teammates. We are extremely grateful to Harris Bank-Barrington, Good Shepherd Hospital's Health & Fitness Center, John

and Bobbi Sfire, Wynstone Realty, Patrick Motors, The East Wing Search Group, Dick Pond Athletics, Wynstone Golf Club, Big Apple Bagels, Barrington Park District, Starbucks, Awards Plus, Barrington Print & Copy, Biltmore Country Club, Lake Zurich Fire Department and the Lake County Sheriff Department.

Our volunteers also joined us on the morning of the Run Through The Woods. Our families, our friends, our neighbors and our village officials, including village president Linda Starkey, came before dawn to set up and then register our participants. They also came to be course marshals, parking attendants, gear check volunteers, water stop volunteers and the pace and pickup car drivers. Each and every volunteer was appreciated and needed on the TEAM to make the Run Through The Woods happen that Sunday morning.

The success of the day is a reflection of the great spirit of North Barrington. Thank you to all our teammates. It is a pleasure to be a part of such a great TEAM!

## Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Residential films are now backed by a manufacturer's lifetime warranty. Solar Gard, Sun Gard and 3M films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, pictures, etc.

Solar Gard, Sun Gard and 3M also improves efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with pressure sensitive adhesive. The adhesive

bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, or burglar, making glass shatter resistant.

**Glare-Not Inc.** has provided savings and security for 10 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard, Sun Gard and 3M films are backed by a manufacturer's lifetime residential warranty. Many locations are tinted by **Glare Not**, including: Brach's Candies in Chicago, Avon Corp. in Morton Grove, two Ace Hardware corporate offices, four Armcore banks, First National Bank of Chicago, plus 1,000's of homes. ## The Many Benefits of Sauna

"Old Finnish proverbs consider sauna to be the 'medicine of the poor, the hospital and of Finland,'" according to *Spa and Sauna Magazine*.

"Saunas promote the perspiration of body toxins, stimulate circulation, increase body metabolism, keep skin glowing and youthful and alleviate sinus congestion due to colds, asthma and allergies.

In fact, many feel it's one of the most effective detoxifying treatments available.

Today, in many research laboratories around the world, saunas are being tested as therapy for chemical poisoning. Because of the mental relaxation saunas are able to induce, it's said to be the perfect environment for intimate conversations with spouses, friends and children," *Spa and Sauna Magazine* continues.

For more information about the benefits of sauna, see **Swanson's Spas & Saunas** on Rand Rd. in Lake Zurich.

## Chicago's Oldest House Offers Holiday Hours

Chicago's oldest house, the Clarke House Museum at 1827 S. Indiana Avenue in the Prairie Avenue Historic District, will be decorated for Christmas in the style of the 1850s, when Victorian holiday customs were evolving, and decorating for Christmas was becoming popular in the United States.

Special Christmas tours of Clarke House Museum and nearby Glessner House Museum will be held on the first two Saturdays and Sundays of December at 6 p.m.: Dec. 7, 8, 14 and 15. Admission to both houses is \$15 (or \$11 for children 13 and under). There will be complimentary cider and cookies. Prepaid reservations are required, and may be made by calling 312-326-1480.

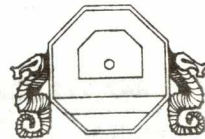

At the time the house was built, Americans customarily observed New Year's

Day as a special day for visiting friends and family. Christmas was a legal holiday in only one state and was observed quietly. By the 1850s, when the house was completed, Chicago had become a sophisticated city, and Christmas customs were developing throughout the United States. Between 1849 and 1856, 16 states, including Illinois, made Christmas a legal holiday. By 1850, Santa Claus began appearing as part of Christmas celebrations. The German custom of decorating an evergreen tree became popular in 1856, when President Franklin Pierce placed a "German tree" in the White House. Early decorations were homemade: strings of cranberries were placed throughout the house; clove-studded oranges scented the air; and gold-painted walnuts, to be eaten later, adorned tables and fireplace mantles.

## Citizens for Conservation Restoration Volunteers Begin Winter Workdays

Please join us for winter workdays.

We will be brush cutting every Saturday from 9 to 11 a.m. until next spring. Brush cutting is very important. If the land weren't cleared of invasive, brushy plants like buckthorn, there would be no point in restoration. Any native plants reintroduced would be choked out by the more aggressive non-native plants. For brush cutting, bring gloves and wear sturdy

shoes or boots. Dress for the weather. Layers are helpful. Bring loppers if you have them.

For all workdays, meet at Citizens for Conservation's office at 459 W. Highway 22, across from Good Shepherd Hospital. (Look for the white farmhouse with the silo.) Call 1-847-382-SAVE (7283) for more information.

Regular tours of the Clarke House Museum are available Wednesday through Sunday at noon, 1 p.m. and 2 p.m., or by appointment for groups of ten or more.

Tours cost \$7, or \$6 for students and seniors, and begin at the Glessner Coach House on 18th Street. For tour information or reservations, call 312-326-1480.

## Irish Couple Release New Christmas CD

Musicians Feargal and Breda King came to the United States from Ireland in 1993 and have lived in Crystal Lake with their daughter (now five years old) since 1998. Well known as a composer of sacred music in Ireland and Britain, Feargal (pronounced *FUR-gal*) now works as Director of Music and Liturgy at St. Margaret Mary Catholic Church in Algonquin, while Breda, known for her crystal clear Irish soprano voice, works as a voice and piano teacher in Crystal Lake and Algonquin.

But the Kings have an interesting sideline—they record and make available their own independent CDs without the benefit of a major label. Their latest and second project, *Incarnate*, has just been released.

All the Kings' CDs feature Feargal's original compositions. He has been writing music for the contemporary Catholic Church for almost 20 years. Several of his songs have been published in hymnals in Ireland and Britain. One of these, *Domini-can Magnificat*, featured on the new release, has been translated into many different languages and has been sung around the globe.

Breda King's voice is the other major feature of their work. One enthusiastic concert-goer said that "the angels in heaven must surely sing when they hear Breda's voice!"

While much of their music is intended for a worship situation, their recordings are designed for listening pleasure. *Incarnate* is intensely atmospheric and features songs ranging from contemporary Christian to gospel in style. It even features an

old Irish carol in the original Gaelic language. Some of the many musicians featured on the recording include Chicago gospel singer Elliott Wimbush, the Catalina String Quartet from DeKalb and saxophonist Mike Knauf from Crystal Lake. All the arrangements and performances are very professionally done.

*Incarnate* takes a somewhat more serious look at the whole meaning of Christmas, beyond the story of a baby in the manger. While it includes the carols of joy such as *Deck the Halls*, it also includes other songs that reflect on what Christmas means in a world post-9/11, and recognizes that for many, Christmas is a time when loss and grief are all the more poignant.

*Incarnate* is available in Crystal Lake exclusively through the Little Way Book-

I love the holiday season. I just love everything about it—the feeling of expectation, the music, the decorations, the gifts, the family reunions, the excitement of people. Many of us remember, with nostalgia, Christmases past, holidays filled with delight and impatience. How wonderful it was to believe in Santa Claus, the jolly generous elf that shared so many of our childhood memories.

I can recall vividly the flutters in the tummy as I wrote my Christmas list and the smell of cookies that were so loved, they became a holiday tradition. The warm scent of cinnamon and spice... yummy! Beautiful memories have a way of re-creating the original glow and warmth surrounding them.

Unfortunately, the "merriest" of seasons can produce stomach-tightening anxiety for many people, especially for the busy homeowner who wants to create a memorable holiday for his family but who may not have the amenities in his home to have a large holiday "happening" the way he envisions. Perhaps you foresee opening your home to friends and relatives for a giant party only to realize that your home will not accommodate a huge holiday gathering. Your house is just too small!

Or perhaps you envision yourself in front of a cozy fire reading a wonderful Christmas story. However, this picture cannot become reality because there is no

fireplace. Your house is missing something!

Or perhaps you conjure up an image of your family having a holiday breakfast in a beautiful circular eating area surrounded by stunningly decorated windows enjoying the camaraderie and beauty of a snowy winter morning; however, there is no wall of windows in your current eating area. Your kitchen is shutting out the seasons!

This column is not about disappointments, but about dreams. The holidays encourage and reinforce how important our homes are in living and re-living our dreams. We value tradition and memories. So if our houses cannot accommodate the activity we desire or the lifestyle we've now earned for the special days, then it's time to gather coats and hats and take a trip to **Coldwell Banker Residential Brokerage**. Talk with one of our professional Realtors about your dreams... about having a living room large enough to hold a 12' Christmas tree or a room with a fireplace large enough to accommodate a jolly old Santa Claus or having a kitchen large enough to prepare the holiday banquet... to bake the Christmas cookies and breads, stuff the large turkey or Christmas goose while boiling the chestnuts.

We at **Coldwell Banker** in Barrington wish you a Merry Christmas and a wonderful holiday season... from your Dream House Headquarters.

## "Handbags & Halos" Event Benefits Howard Brown Health Center

(L to R) Susan Gohl of Barrington Hills, with Bunky Cushing.

Enjoying the luncheon were (left) Mamie Walton of Chicago and Judi Duchossois of Barrington Hills.

Developed by society's favorite man-about-town Bunky Cushing, "Handbags & Halos" was an exclusive luncheon event. It was held at RL restaurant on Tuesday, Oct. 8. Guests were encouraged to bring a designer handbag, which was donated to the Howard Brown Health Center's Brown Elephant Resale Shop. Proceeds from the "Handbags & Halos" luncheon also will benefit the Howard Brown Health Center, along with proceeds from three designer handbag prizes.

Cushing's concept is similar to one he had heard of in Palm Beach, Fla. His version brings friends together to raise funds for AIDS services.

"It's a perfect way for the ladies to put a handbag they no longer wear to good use," stated Cushing. "Howard Brown Health Center is the leading provider of services for meeting the challenges of HIV/AIDS in the Midwest, and the Brown Elephant is such a great shop!"

"We were delighted when Bunky approached us about hosting this event. It is such a unique idea and a perfect way to bring people together to support the fight against AIDS," said Bill Eisentraut, director of development, Howard Brown Health Center.

Over 65 ladies attended the event, which raised over \$8,000.

Bunky Cushing is a confidant and companion to many of society's most well-connected women, whether in Chicago, Palm Beach or Grosse Pointe. *The Chicago Sun-Times* has said that Bunky "is a social magnet wherever he appears."

His annual and much-celebrated Valentine's Day tea, which he hosts at the Ritz-Carlton, is a coveted invitation in Chicago. In fact, it's "one of the city's most sought after invitations" according to the *Chicago Tribune* and *Chicago Magazine*. The party is in its eighth year. He hopes his new venture will become a tradition that is just as popular.

The Brown Elephant operates a 14,000-square-foot outlet at 3651 North Halsted and a new 5,000-square-foot store at 3939 North Ashland. The Brown Elephant Resale Stores are among the city's most successful resale establishments, grossing more than \$1.5 million in sales during the 1998 fiscal year.

Established in September of 1982, The Brown Elephant is the first resale shop in the country designed specifically to raise funds for HIV/AIDS care. In recent years, organizations across the country have successfully replicated the concept. Howard Brown Health Center is the Midwest's largest organization of its kind.

## From a Woman's Point of View

by Gail Wickstrom, Wickstrom Ford

Our employees Kyle Maxwell and Dave Lizzio didn't know what a good deed could do for them!

In July, Kyle and Dave were test driving a service vehicle when they saw a Windstar on the side of the road. Being technicians, they pulled over to find out if the person needed help. She did. Her tire was flat, and she couldn't quite get the spare installed. Dave and Kyle replaced the tire, providing her tips on proper tire pressure and tire maintenance as they worked.

This past Monday, Kyle and Dave were honorees at the Barrington village meeting with a "Six Pillars of Character" award. Awardees are people who live their lives according to the Six Pillars of Character: trustworthiness, respect, responsibility, fairness, caring and citizenship. Kyle and Dave just felt they were doing the right thing when they stopped. And this is exactly what the responsibility pillar requires: to think before you act, do what you're supposed to do and to do your best. Both men are truly humbled with

the receipt of the award.

We here at **Wickstrom Ford** are also very proud of Kyle and Dave. We're also confident that any of our employees would have acted similarly. **The Wickstrom Ford Core Values** prompt each of our employees to act responsibly, for anyone we come in contact with is our customer, and to exceed our customer's expectations is the right way to do business. For more information on our Core Values, see [www.wickstromford.com](http://www.wickstromford.com) on the Web.

## Interesting Edges...

**Leather wide binding**

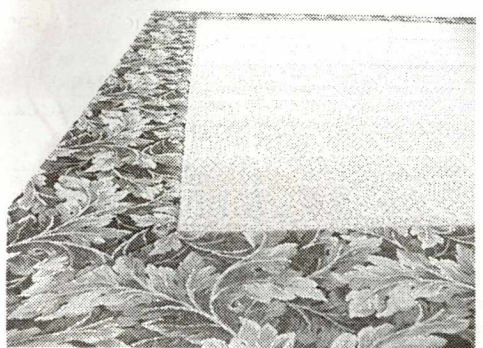

**Inset fabric**

**Cording**

**Woven border**

**Fabric wrap**

This is a first in a series of articles on the latest in area rug and carpet design. The artists and designers at **ColorMyRug** will provide you with the latest trends and fashions in custom soft flooring.

What we're covering in this article is machine bindings, serging, wide bindings, fabric wraps, fabric insets, cording and woven borders.

Machine binding is simply finishing the edge of the rug with a 3/8 inch of material to provide a finished edge and prohibit fraying. The material is available in cotton or polyurethane. We suggest polyurethane since it is more colorfast and will resist fading. Hand binding is nearly the same and is used where a finer edge finish is desired and when there is a rug with color changes and irregular shapes.

Serging (tape) is similar in size to machine binding but is a series of colored threads that provides a more custom sewn finished look.

Wide bindings are typically 1 to 3 inches wide. The material used mostly is canvas and faux leathers. Combining this edge with patterned or plain fields provides endless possibilities. Wide binding is a creative way to design a great edge finish while keeping the cost down.

Fabric wraps and fabric insets are very popular when matching a pattern in furniture or draperies. Also, many have used fabrics simply because they like the design, and the colors coordinate with the room setting. When selecting a fabric, take into consideration the traffic the rug will experience. The heavier the fabric, usually the better it will wear. The fabricators at **ColorMyRug** have seven different techniques they use to ensure that the material used will provide the best look as well as the best wear.

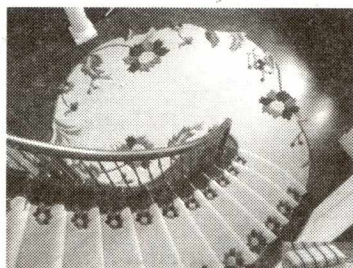

Cording has been effectively used to add dimension as well as interesting character to area rugs. The cording provides a separation between the two adjoining material and usually complements their colors.

Woven borders provides another method to add an ornate border with a simpler field. Many manufacturers offer complementing borders for their broadloom or primary field carpeting. The colors and styles coordinate quite effectively.

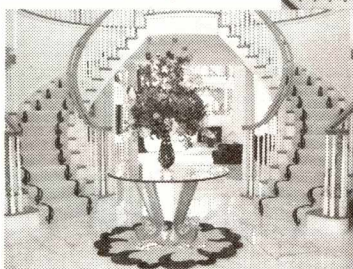

**ColorMyRug** provides an endless array of solutions to create that special area rug or wall to wall carpet. Their expertise over the past 15 years coupled with the design skills of their artists and designers ensure a successful project, no matter how simple or complex.
