## Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair **permanently**, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

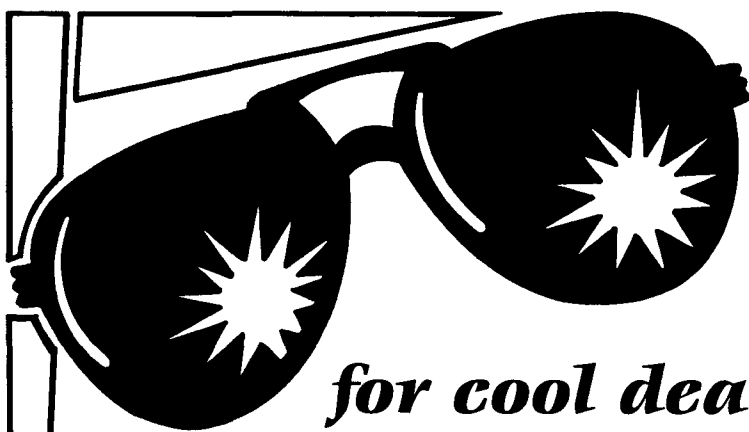

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **381-9020** for your appointment.

**Clear Reflections** has provided 24 years of service at the same location.

July, 2000

Dear Reader,  
July's issue of *Lifestyles* always lends itself to Summertime Fun! There is so much for the family to do this time of year.

For example, the *Woodstock Mozart Festival* begins July 28 and runs through August 12. Held in the beautiful Woodstock Opera House, call now for tickets so you won't be disappointed—815-338-5300.

Or, take the family into Chicago to the Art Institute to view *Pharaohs of the Sun*. All ages would be fascinated with this civilization. Call 312-930-4040 because you will need to order tickets for this special presentation.

And there are golf outings galore for wonderful causes. Enjoy a day out on the links, meet celebrities and help a worthwhile cause.

Have great summertime fun, whatever you choose to do!

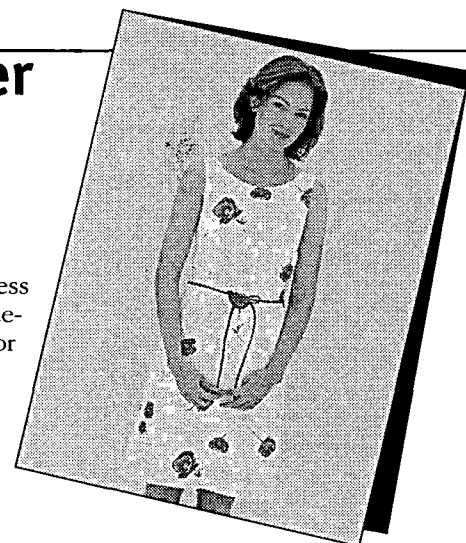

Until next time, may all your thoughts be sunny.

With warm regards,  
Glenn McMonigal

## Golf Day at Kemper Lakes to Benefit The Bridge

Former Blackhawk Hall of Famer Stan Mikita will join Barrington resident Kery Morris at The Bridge's 2nd Annual Golf Day on August 15 at Kemper Lakes. He'll be competing with former Bears Mike Ditka and Gale Sayers in a celebrity foursome.

The Bridge Youth and Family Services will hold its second golf outing on Tuesday, August 15, at Kemper Lakes Golf Course. Honorary Co-chairs Kery and Johnny Morris have recruited former Bears Mike Ditka and Gale Sayers and former Blackhawk Hall of Famer Stan Mikita to participate in a celebrity foursome. The \$500 fee for the day includes green fees and carts for 18 holes of golf, executive buffet lunch, sit-down dinner, gifts, prizes, an auction and more. A premiere auction item will be a threesome at Rich Harvest Farms Golf Course, donated by Cornerstone National Bank & Trust Company.

Major sponsors of the day are Harris Bank Palatine, NA, Richard Honquest

Fine Furnishings, Inverland Russell Company and Sears Roebuck & Co. with the list still growing. Motor Werks of Barrington is offering a 2000 Porsche Boxster for a Hole-In-One. NetWork Data Systems and Paradyne Corporation are sponsoring a Million Dollar Hole-In-One Shoot-out for four lucky golfers. Hole and cart sponsorships are available for \$500 and \$200.

Proceeds from the day benefit The Bridge's programs in substance abuse treatment for teens, conflict resolution for children, child abuse prevention and intervention and youth advocacy—a mentoring program for youth. For an invitation or more information, call Randi Frank at The Bridge at 847-359-7490 or e-mail Randi at bridgey@aol.com.

## L'Opera Rendezvous Raises \$50,000 for Lyric Opera's Center for Young American Artists

## Barrington Youth Dance Ensemble Saddles Up for the Ballet!

Looking forward to a festive family Day at the Races on July 9 at Arlington International Racecourse are Barrington Youth Dance Ensemble (BYDE) founder and artistic director Mary Brennan (back), Barrington. Also shown are: (front, from left) Colleen Mallon with daughters Ashley, Allison and Haley, Fox River Grove; and Kim Duchossois, Barrington Hills. Colleen and Kim serve on the BYDE Board of Directors.

The fabulous Marquee on the Green on the finish line at the world class Arlington International Racecourse in Arlington Heights will be the glorious setting for Barrington Youth Dance Ensemble's (BYDE) "Day at the Races." On Sunday, July 9, this family day of great fun begins at noon and lasts as long as the horses do (usually 5:30 PM). Proceeds will benefit BYDE's Spring production of the ballet, *Coppelia* (with score by Léo Delibes) and outreach programs.

The benefit day includes racing programs, selecting the winning horses from a private marquee tent, tours of the paddock, a grilled picnic buffet with ice cream cart, pony rides, petting zoo, face painting, art and crafts table and much more. Guests will experience the ultimate pageantry, color and excitement of thoroughbred horse racing in the great outdoors right at the finish line or in the comfort-

able setting of a yellow and white striped marquee tent replete with televised racing.

Adults are \$50, children \$25 and families \$125 (immediate members only). Dress code applies to all ages. Please respond immediately. Make checks payable to BYDE and mail to: BYDE, c/o Jessica Gumowski, 117 E. Northwest Highway, Barrington, IL, 60010. For information, phone 847-382-6333.

For BYDE supporters wondering about the annual performances of the BYDE *Nutcracker* at Barrington High School in December, Herr Drosselmeyer and his friends are taking a forced hiatus since renovations at Barrington High School will not be completed in time for rehearsal and presentation. However, production on *Coppelia* is underway with performances scheduled for spring 2001. Open auditions will be held in November.

## Repligraphs are a Hit Among Art Collectors

An original Monet? Hardly. The hottest collectible in the world of art today is the repligraph—artwork that looks like the original but much, much more affordable—available now at **Woodland Art Gallery and Frame Shoppe**.

Using a precise process, trained artists reproduce the image of one of dozens of well-known and respected artists' work on canvas, carefully matching the colors to the original and meticulously hand finishing the work to create the texture of the original right down to the brush strokes. The finished work is so remarkably authentic looking, it's difficult to distinguish from the original.

Many oil repligraphs on canvas are on display at **Woodland Art Gallery** for your viewing pleasure including *Unpretentious Garden* by American painter Gari Melchers (1860-1932). Other artists available in repligraph are Vincent Van Gogh, Claude Monet, Frank W. Benson, Paul Cezanne, William Bouguereau, Leonardo DaVinci, Michaelangelo and Frederick Remington just to name a few. Chances are that your favorite work by your favorite artist is also available. Visit or call the gallery for details.

**Woodland Art Gallery** is also very pleased to announce the availability of one of the more than 30 sold-out editions by David Armstrong, one of the most cel-

brated artists of our time who recently passed away. *Side Porch* by Armstrong represents the artist's true love and respect of the simple and pure, which he elevates to a reverential state. The chance to add this work to your collection is a rare opportunity.

For information on this and other sold-out works by Armstrong as well as other artists, visit or call the gallery.

Visit **Woodland Art Gallery** at 71-B East Woodstock Street in downtown Crystal Lake. Open Monday through Friday from 9 AM to 5 PM and Saturday from 9 AM to 3 PM. Call **815-459-0460**. Visa and MasterCard accepted. Shipping is available anywhere.

## Before You Buy a Diamond...

by Steven Dalzell, G.G., G.J., R.J.

Buying a diamond engagement ring is an important event, but it doesn't have to be an intimidating one as long as you follow a few basic guidelines. First and foremost, it's essential to work with a jeweler who is a Graduate Gemologist—someone who truly knows how to grade stones and who will take the time to work with you. Here at **Dalzell & Co.**, we find that most of our clients really want to be educated about diamonds; that is why we have three full-time Gemologists at your service.

### Cut is Crucial

The most popular diamond is still the traditional round brilliant, with princess (square or rectangular) a close second. Whichever shape you prefer, we recommend putting the majority of your ring investment into the highest quality center stone within your budget. When considering quality, the cut (arrangement of a diamond's facets) is most important; color, clarity and carat weight (size) are additional factors in determining the rarity and value of a diamond. To truly appreciate the importance of cut, we invite you to visit **Dalzell & Co.** to see the area's only selection of "Ideal Cut" Lazare Diamonds®, considered by the world's leading jewelers to be the most beautiful diamonds on earth.

### Platinum Prevails

Glance through any fashion magazine today and you'll notice the popularity of platinum settings. Platinum is simply the

best for fine jewelry—it is the most durable and the elegant white metal will never go out of style. Settings are also available in 18- and 14-karat yellow and white gold and come in an array of styles from contemporary to antique. At **Dalzell & Co.**, customers can select their favorite ring style from one of many exquisite designer lines or from our estate collection.

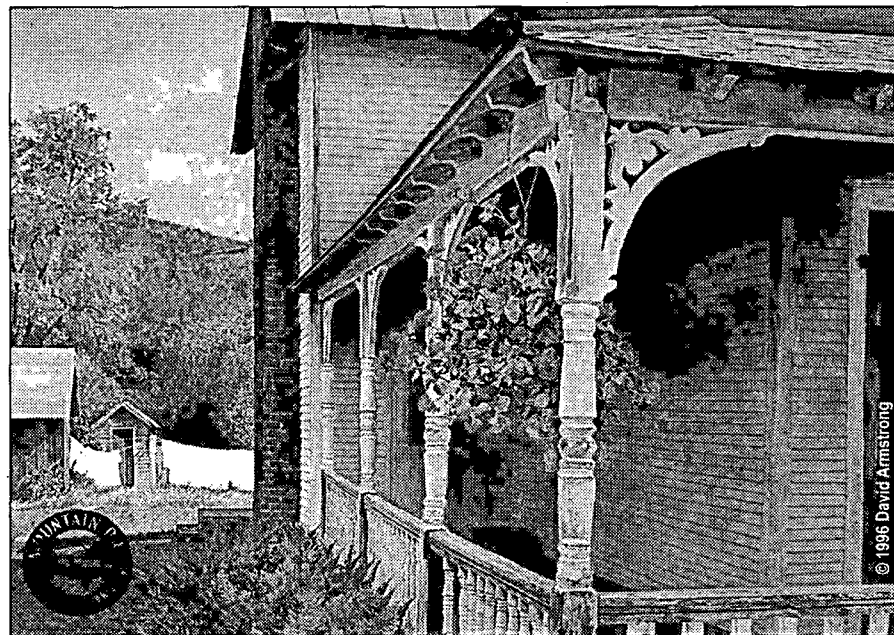

### Consider Custom Design

For that truly personal touch, many of our customers have their engagement rings and wedding bands custom-made by our talented, in-house Designers. If the idea of owning a ring like no one else's appeals to you, gather your "dream ring" ideas and turn them into reality at **Dalzell & Co.**

To learn more about diamonds, visit **Dalzell & Co. Fine & Antique Jewelry**, 23 N. Williams Street in Historic Downtown Crystal Lake. Hours are: Monday through Friday, 9:30 AM to 5:30 PM; Thursday, 9:30 AM to 8:00 PM; Saturday, 9:30 AM to 4:00 PM; and also by private appointment. Please call **815-455-3600** or **847-382-3944**. Ask to receive a complimentary diamond guidebook!

Steven Dalzell, owner of **Dalzell & Co.**, is a graduate Gemologist and Graduate Jeweler of the Gemological Institute of America (GIA). He has 16 years of experience in the jewelry industry and is a Registered Jeweler with the American Gem Society (AGS).

## Guyol Arrives at Chesterfield

**Chesterfield Glass Galleries** is proud to add Guyol to its collection of artists represented in the gallery. Guyol is among the world's most famous names in crystal. He was asked to represent the United States at the "International Crystal Event" in 1991 where original works of art from seven different countries were shown.

Guyol's work is very much inspired by nature. Guyol is a designer. He represents what he sees in simple forms, pure in line and very stylized in design. He is also known for a special flow and movement in his work.

*Natural Habitat* is one of the most popular sculptures in the prism's series. The inspiration came from the Everglades National Park and the Great White Herons that live there. Guyol has captured the feeling, the serenity, the immobility found in their habitat, the feeling of those birds standing very still in the water among tall reeds.

Stop in to view these exquisite sculptures. Remember **Chesterfield Glass Galleries** for all your gift giving occasions. We represent over 130 American glass artists; all pieces are signed and come with a certificate of authenticity. UPS and gift wrapping available. Open seven days a week.

From 1957 to 1962, **Howard Carr** was busy dedicating himself to his acting talents in "the part of the kid who always got Beaver into trouble." Following that he continued to act in *The Rifleman*, *My Three Sons* and *The Danny Thomas Show*. What delightful nostalgic memories that brings up, just like those found in his paintings.

In the intervening years, Howard gathered a vast array of experiences many of which have led for the last several years to his applying his considerable talent to being a successful, much sought-after painter. Simply put, **Howard Carr** has a delightful painting style through which he translates his energy and passion on to and into his subjects.

Admiration and demand for Howard's paintings is considerable so the selection of his work **Dunton Gallery** currently has on hand is limited, yet each remaining painting is a treasure. The pictured "Porch View" quickly puts one in mind of a warm summery day just before the lem-

onade arrives. "Window Fragrance," (not pictured here but available for view on our website) is a 24" x 30" oil, captures a vivid array of flowers which seem to jump out with verve and joy. The only remaining still-life we have, as pictured here, is entitled "Just for You" with such beautiful roses that you can almost smell them.

Howard is one the many fine artists found at **Dunton Gallery** whose work one and all are cordially invited to appreciate and purchase. The gallery is rapidly becoming a nationally recognized fine art destination carrying the works of local, national and international artists of significant repute.

**Dunton Gallery** is located at 18 S. Evergreen Ave. on the Dunton Ave. end of the Evergreen Center in downtown Arlington Heights. Although the gallery is open Tuesday and Wednesday 11 AM to 5 PM, Thursday 11 AM to 8 PM, most Fridays 11 AM to 6 PM (monthly Art Walk nights to 9 PM) and Saturday 10 AM to 4 PM, we gladly accommodate appointments at other times. Please feel free to contact us at **847-818-0694** or visit our website at **www.duntongallery.com**.

## Claude Thomas' Exclusive Services— The Smart Peel, The Non-Surgical Facelift, Glycolic Peel, Permanent Make-Up, Hair Extensions and Add-On Hair & Wigs

Along with hair, nail and spa services, **Claude Thomas** is introducing exclusive and exciting new services. One is **The Smart Peel**. Compared to a chemical peel, this exfoliation treatment offers higher precision. Other benefits of this treatment are many:

- Works on all skin types
- Elimination of fine lines and wrinkles
- Lightens and can even eliminate age spots and hyperpigmentation from sun damage
- Reduction of open pores
- Reduction and/or elimination of broken capillaries, scars, stretch marks, whiteheads and blackheads
- Restores sun damaged skin

Along with **The Smart Peel**, **Claude Thomas** has the **Stimulating Lift Treatment**. This program will help take years off the appearance of aging skin without surgery. The most important function of the **Stimulating Lift** is to tone up and contract the underlying muscles of the face and neck, helping to restore and recondition the tone and elasticity of both the skin and muscles of the face and neck.

Another one of our exclusive services is **Hair Extensions**. Not all hair extensions are alike. We only carry the most innovative methods in our industry. Our system is the same one that celebrities and models use. Our system does not damage your own hair like so many systems in other salons. We only use the best hair in our industry. The **Polymer Attachment System** attachments are polymers equal to the human hair structure, not glue, wax or twisting and braiding that damages

**Taking care of you is serious business... but we make it fun too.**

your own hair. We use 100% human hair, with the cuticles all going the same direction. We do not use synthetic hair. This hair is easy to perm or color. After a consultation, we would determine what would be right for you.

**Permanent Make-up** is now at **Claude Thomas**. This service will be done by Claudia. Who benefits from Intradermal cosmetics?—Busy people with little time to apply make-up; people with allergies to make-up; people who seek corrections of asymmetrical facial features; people who wish to look their best all the time; athletic people; entertainers; actresses and models; and those who are physically incapable of applying make-up. Call and find out more about this service.

**Claude Thomas specializes in wedding and special occasions! Gift certificates available.**

## M.J. Miller & Company Features a Full Line of Giftware

A full line of giftware is now available at our new location, 123 W. Main Street. Our vast selection of giftware includes china, stemware and barware. During the months of July and August, we are featuring three very distinct and well-loved lines of giftware.

### HEREND

Herend, known throughout the world for its fine porcelain, is actually a small town near Lake Balaton in western Hungary. It was here in 1826 that Vincenz Stigl founded the Herend Porcelain Manufactory.

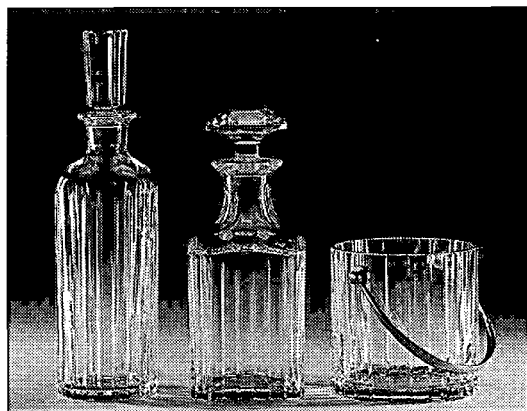

Now, as then, Herend remains true to its fundamental principles of keeping the old traditions while honoring the spirit of the times. Every pattern in Herend Porcelain's collection is entirely hand-painted by gifted artists. The techniques used today are the same as those of their forebears. Through meticulous attention to detail and quality, Herend has achieved many distinctions. From being commissioned by European Royalty to create decorative accessories and tableware for palaces to winning first prizes at world expositions, Herend has consistently earned the respect of its peers throughout generations. There truly is no finer porcelain available in the world today.

If you know someone special, like yourself, who appreciates fine quality, introduce them to Herend Porcelain today.

### LALIQUE

Lalique's imagination has proven to be the source of a vast and varied collection, including bowls, vases, statuettes and perfume bottles.

The Lalique company takes great pleasure

sure in conveying all of its creative passions, love of beauty and desire for excellence to others, as well as the true feelings of the artists throughout the creative processes, the shaping, cutting and sculpting of crystal.

Today, Lalique's dynamic creative talent is revealed in the annual launch of a rich collection of approximately 50 pieces, ranging from complex pieces to more simple creations.

### BACCARAT

Objects that one would choose again and again are the look of Baccarat. Elegant yet casual, they make their way through our environment without sensation or ostentation. Their sleek and pure lines convey harmony. Their natural elegance makes them timeless and far from the fleeting dictates of fashion.

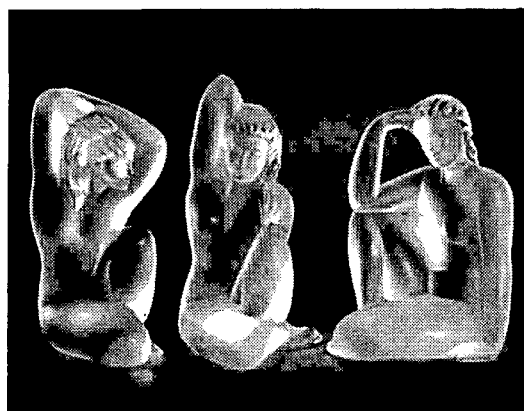

Many of Baccarat's styles are well known. We carry an extensive selection in stock and special orders are cheerfully taken.

For every gift giving occasion, M.J. Miller has a present you are looking for and, of course, gift wrapping is our pleasure.

## Dermatology Today— So Little Time... So Much to Tell

Tumescant Liposuction is performed entirely with local anesthetic: you are completely awake yet feel no pain. No narcotics, intravenous drugs or inhalation anesthetics are needed. The tumescant technique, performed entirely by local anesthesia, is the safest and most comfortable way to achieve the shape you've always wanted but could not achieve with diet or exercise.

The advantages to tumescant anesthesia for liposuction include:

- Precise contouring using "micro"-sized instruments
- Tiny incisions with no stitches
- No need for post-op pain medication
- Minimal blood loss and minimal bruising
- Dressings worn for only two days
- Fast recovery—return to work in three days

If you are dissatisfied with the appearance of your abdomen, saddlebag areas, hips, thighs, buttocks, neck or arms, tumescant liposuction may be the answer. This procedure is routinely performed in the comfort and privacy of our office surgical suites. Call for a free consultation to learn how body contouring by tumescant liposuction can benefit you (and how surprisingly affordable it can be to change your life by changing your look).

## The Thoughtfulness Shop Features Thomas Kinkade

**The Thoughtfulness Shop** on the Historic Square in Woodstock is McHenry County's only Thomas Kinkade Gallery. We are proud to feature the painter of light and his incredible paintings that seem to have a life of their own. The beautiful sunrise and sunsets glow as the lights change on the canvas.

Thom's serene gardens and beautiful cottages are breathtaking. It seems as if your hand would get wet if you touched one of his peaceful lakes. We carry a full line of Thomas Kinkade giftware and accessories.

On August 4, from 3 PM to 7 PM, The Thomas Kinkade Museum will be in front

of **The Thoughtfulness Shop**. The Touring Museum has 6 to 8 of Thom's original paintings. This is the only way Thom's originals can be seen. It is truly an awe-inspiring event.

On August 26 and 27, we will have a **Master Highlighting Event** in the gallery. A Master Highlighter has been trained by Thom and they are the only painters allowed to highlight Thom's incredible canvases. He will spend time with you and add additional highlighting to your painting.

Please join us for these once-in-a-lifetime events. For more details, phone us at (Please continue on page 46)

## "What in the World is Carlisle," You Ask?

**Carlisle** is a direct selling company of women's designer clothing. Founded in 1981 and headquartered in New York City, **Carlisle** is represented across the United States, and recently in Europe, by consultants who are trained in fabric and fit. **Leslie Roberts** has been such a consultant for 13 years. Corresponding with the four fashion seasons during the year, Leslie and her team present the collection for two weeks in the comfort of her home.

Each collection includes garments appropriate for business, cocktails or casual wear in sizes 0 through 18. Since clients see just one of each garment in the strategically-sized sample set, orders are taken. A client's order, which might also include belts, scarves and jewelry, are sent within several weeks. "The gift with purchase" is that **Carlisle** uses the same colors each year, allowing clients to build on their wardrobes!

**Leslie Roberts'** mission statement is to help people to look and feel good. And, the upcoming Fall 2000 Collection, (July 12-July 24), is perfectly poised to achieve this. The fabrics are innovative, luxurious and comfortable. In terms of design, this collection allows you to take one piece (might it be the spice-colored cashmere jacket? Or the black leather pants?) from coffee to cocktails.

Leslie and her team invite you to schedule a time, just for yourself, to see this unparalleled collection. You are welcome to stop by and stay for a few minutes or a few hours. You should never feel obligated to purchase upon any visit. We only ask that you have a wonderful experience shopping with **Carlisle**. The phone number is 847-381-4959.

## Invisalign—New Alternative to Braces

**Dr. Kotz**—Over the years, I have written about the importance of a great smile for success and an excellent bite for a healthy mouth and jaw joints. Achieving these goals usually meant traditional orthodontics with bands and wires. Patients, especially adults, were reluctant to wear these appliances. Now, thanks to a marriage of traditional dental materials and modern computer technology, “braces” are available that are not only clear, but are temporarily removable for events like business meetings or family wedding pictures. Since orthodontics is not my field, I have asked Dr. Michael Hayward to explain this technique.

**Dr. Hayward**—I'm proud to introduce to you a new advance in orthodontics—Invisalign. If the thought of wearing braces is holding you back from the smile you've always wanted, this is good news. Invisalign is a state-of-the-art alternative to braces that is virtually undetectable. Invisalign straightens your teeth, not with brackets and wires but with a series of clear, customized, removable appliances called aligners. This system uses advanced computer technology to translate precise treatment instructions into a sequence of finely calibrated aligners. As few as 12 or as many as 48 aligners may be needed.

**Dr. Raymond  
Kotz**

**Dr. Michael  
Hayward**

Each aligner is worn for approximately two weeks before changing to the next one. Week by week, your teeth will move into their final positions. And soon, you will be smiling like you've never smiled before.

To ensure the best possible result, only an orthodontist that has been certified to use this system can diagnose if this is right for you. Invisalign is not intended for children and is not appropriate for every adult.

If you would like to see if Invisalign is right for you, please give our office a call and schedule a new patient appointment. Please feel free to contact either our Barrington, **847-382-5588**, or Palatine, **847-359-7980**, offices. ## Woodstock Mozart Festival 14th Season Announced

The 14th season of the Woodstock Mozart Festival will take place on three consecutive Friday and Saturday evenings of July 28 and 29; August 4 and 5; and August 11 and 12 at the Woodstock Opera House. In addition to the Friday and Saturday night performance schedule, a chamber music concert will take place at 4 PM during the final Saturday afternoon on August 12.

For the weekend of July 28 and 29, the Festival's General Director, Anita Whalen, will join pianist Gerald Robbins in a 7 PM pre-concert performance of the Rondo from Mozart's *Piano Four Hand Sonata, K. 19d*. Following will be remarks by conductor Robert Houlihan about the evening's program. At 8 PM, the opening work of the concert, Mozart's *Impressario Overture*, will be followed by the *25th Piano Concerto* performed by Mr. Robbins. The Festival's Principal Cellist, Eugene Osadchy, will then be featured in the *Cello Concerto in C Minor* by Johann Christian Bach. The program will conclude with Mozart's *Haffner Symphony in D Major, K. 385*.

**Pianist Gerald Robbins captured top prize at the Van Cliburn International Competition in 1969 and performs throughout Europe, Japan and the U.S.**

For the weekend of August 4 and 5, French hornist James Sommerville will be joined by conductor Georg Fritzsich in performances of Mozart's *Horn Concertos No. 4 in E-flat, R. 495*, and *No. 1 in D, R. 412+514 (386b)*. The evening's program will open with Mozart's *Cassation No. 2 in B-flat, R. 99(63a)* and conclude with the *25th Symphony in G minor, R. 183 (173dB)*.

The August 11 and 12 weekend will feature the Festival's Artistic Advisor, violinist Mark Peskanov, in a Saturday afternoon chamber music concert at 4 PM. Mr. Peskanov will be joined by the Festival's Principal Oboist Brian Greene and chamber players from the orchestra in Mozart's *Oboe Quartet in F, R. 370(368b)*. Schubert's *Trout Quintet* will follow with the Festival's General Director Anita Whalen as pianist.

**Violinist Mark Peskanov, the festival's Artistic Advisor, will perform on the weekend of August 11 and 12.**

The 8 PM performances on Friday and Saturday of the final Festival weekend of August 11 and 12 will again feature Mark Peskanov in an evening of Vivaldi and Mozart. As violinist and conductor, he will be joined by members of the orchestra in Vivaldi's *Concerto in B minor for Four Violins, Op. 3, No. 10, R.V. 580*. Mozart's *Serenade No. 6 in D Major, Serenata Notturna, R. 239* will then precede the evening's finale of Vivaldi's *The Four Seasons, Op. 8*.

A native of Killarney, Ireland, conductor Robert Houlihan's career has taken him to leading orchestras throughout Europe and South America. Awards at the Besançon and Hungarian Television Conductor's Competitions prompted Maestro Houlihan's conducting career which led to music director posts in Rumania and Hungary. In addition to his current position at the Municipal Theatre in Metz, France, Houlihan enjoys an active guest conducting career throughout Europe including appearances at numerous festivals. He makes his American debut in Woodstock this summer.

**Conductor Robert Houlihan, a native of Killarney, Ireland, and currently a music director in Metz, France, is making his American debut in Woodstock.**

Since capturing the top prize at the Van Cliburn International Competition in 1969, Gerald Robbins has performed regularly in the world's major music centers through-

out Europe, Japan and the United States. In addition to his solo activities, he has become distinguished as a chamber musician in collaboration with Nathan Milstein, Ruggiero Ricci, members of the New York Philharmonic and others. With co-founder Glenn Dicterow of the Lyric Piano Quartet, Mr. Robbins records and tours with the ensemble.

**The festival's Principal Cellist, Eugene Osadchy, has recently performed at Lincoln Center, the Amsterdam Chamber Music Festival in Holland and a tour of Alaska.**

The Festival's Principal Cellist, Eugene Osadchy, is Associate Professor of Cello at the University of North Texas. He also serves as Co-Artistic Director of the Vetta Chamber Music Series and Principal Cellist of the CBC Orchestra, both of Vancouver. Mr. Osadchy's recent engagements include concert appearances at Lincoln Center in New York, the Glenn Gould Studio in Toronto, the Amsterdam Chamber Music Festival in Holland and a tour of Alaska.

Conductor Georg Fritzsich, originally of Meisen, Germany, makes his North American debut at the Woodstock Mozart Festival. Originally a cellist, Mr. Fritzsich's conducting career began when he received a Herbert Von Karajan Scholarship in 1993. His successful debut with the German Symphony Orchestra of Berlin led to several engagements and extensive radio work throughout Germany. Most recently, his conducting career has expanded with guest appearances in Israel, Estonia, Italy and now the U.S.

After winning top prizes at several im-

portant international competitions, James Sommerville embarked on an active solo career. Originally from Vancouver, he has been a member of the Montreal and Toronto Symphony Orchestras and solo hornist of the Chamber Orchestra of Europe. Mr. Sommerville is heard regularly on the Canadian Broadcasting Corporation network and he has recorded all of the standard horn repertoire. Currently, he is principal hornist of the Boston Symphony Orchestra.

**James Sommerville is currently Principal Hornist of the Boston Symphony Orchestra and has won many top prizes in international competitions.**

Mozart Festival series subscriptions for all three concerts (Friday or Saturday nights) are available through the Woodstock Opera House Box Office at \$96 or \$120. Single tickets are \$40, \$32 and \$18. Tickets for the 4 PM, Saturday, August 14 Chamber Music Concert are available for \$18 (or \$15 for Mozart Festival subscribers). Orders for all tickets are available with Visa and MasterCard by calling 815-338-5300 or by writing to the Woodstock Opera House, 121 Van Buren St., Woodstock, Illinois, 60098.

All evening concerts begin at 8 PM. The pre-concert musicales and/or discussions during the first and second weekends of the festival begin at 7 PM. Because of the afternoon chamber music performance on August 12, there will not be any pre-concert event during the final weekend of the festival.

The Woodstock Mozart Festival is partially funded by the Illinois Arts Council, a state agency, and through private and corporate donations. The 2000 season concert sponsors are the AptarGroup Charitable Foundation; Sage Products, Inc.; Home State Bank; and Mr. and Mrs. Jon T. Ender.

## Reiki... A Responsibility, A Gift, A Powerful Ancient System of Healing

**Reiki** classes are now being offered in Crystal Lake through **Pamela Arwine**, 815-455-4502.

**Reiki** (ray-key) means "spiritually guided universal life force energy," (ki). Life force energy animates matter, balances our body, mind and spirit; it keeps us healthy when in balance; it makes us ill when out of balance. Imagine what learning to vitalize, enhance and guide this life force can do for the state of your emotional and physical health! **Reiki** is a holistic method which reaches all levels of one's existence and works to bring them into balance, thereby addressing the cause rather than the symptoms of disease or disharmony. You may experience **Reiki** as love, the original home of the soul. However it is not linked to any specific faith, religion or belief.

The practice of **Reiki** was lost for many centuries, but Dr. Mikao Usui rediscovered this ancient healing method in the middle of the nineteenth century in Japan. Whether your goal is self-healing, providing assistance to loved ones, or becoming a professional **Reiki** Master Teacher or Practitioner—all that is required is the desire to learn **Reiki** and use it ethically. It was intense desire which led Dr. Usui to his discovery.

"I believe **Reiki** is a great gift which engenders great responsibility," states Ms. Arwine. **Reiki** is taught in four levels, each requiring a full day seminar at a cost

of \$150 per day each for Levels I and II; \$200 each for Levels III and IV. "Simple to learn, it is in no way simplistic," she continues. "We learn most deeply that which we experience directly both from being the giver and the receiver. Our **Reiki** work will be refined as we use it and questions will arise. Therefore, I have developed two advanced training weekends which greatly deepen your healing skills. Each two-day program costs \$200. I offer supplemental classes two evenings a month for sharing, practice and further development. These very beneficial classes are offered to all my **Reiki** students free of charge. It is a unique bonus and my way of giving back for all that I have received through learning, practicing and teaching **Reiki**."

Pamela is a teacher and practitioner of the art of Rubenfeld Synergy (body/mind/spirit integration), a Clinical Hypnotherapist, a Gestalt Therapist and a **Reiki** Master Teacher. She teaches and certifies hypnotherapists with an emphasis on past life regression work. She brings a rich blend of experience to this work dedicated to health and balance with the focus on unity of mind, body, spirit and emotion. Each step along her path has brought her closer to her goal of teaching and assisting others in alleviating pain, disease, dysfunction and discomfort. Along the way, she has discovered that the true goal

## Dermatology Physicians & Surgeons, Ltd. —Who Are We?

Our practice consists of four board-certified dermatologists who have diverse interests in our specialty. While we all enjoy our work in general dermatology, caring for common and uncommon skin disorders, each of us also has one or more areas of special training and expertise. We are all members of the American Academy of Dermatology and the American Society for Dermatologic Surgery. Last month, we profiled Dr. David P. Van Dam, founder of **Dermatology Physicians & Surgeons, Ltd.** This month, we introduce the newest member of our practice, Jeffrey J. Berti, MD.

Dr. Berti was born and raised in the Chicagoland area and has been with our practice for just over a year. He graduated from the University of Illinois with a bachelor's degree in biology and attended medical school (along with his wife Toula, also a physician,) at the Rockford campus of the University of Illinois-Chicago. Dr. Berti then spent two years training at the Mayo Clinic in Internal Medicine and Clinical Pharmacology where he performed research on "retinoid" compounds which are used today to treat a wide range of disorders including acne, psoriasis and cancer as well as the reversal and treatment for wrinkles and skin aging.

After the Mayo Clinic, Dr. Berti's three-year dermatology residency was performed at the University of Wisconsin where he focused on dermatologic surgery. He finally came back to this area to settle with his wife and their three-year-old son,

Jeffrey J. Berti, MD

Alexandros, in Clarendon Hills. Dr. Berti enjoys tennis, biking, cross training, talking politics and gardening.

Professionally, Dr. Berti's interests are within dermatologic cosmetic surgery including the treatment of spider veins with sclerotherapy and the treatment of varicose veins with a new technique known as ambulatory phlebectomy. He studied with Dr. Pauline Raymond-Martimbau who is world-renown for her contributions in the field of vein therapy. Dr. Berti also enjoys laser surgery and wrinkle treatment with BOTOX and collagen injections. He believes the skin is intimately related to nearly all fields of medicine, biology and psychology and this makes the treatment of skin disorders particularly fascinating.

Meet Dr. Berti and discuss your concerns about your skin, veins or other cosmetic concerns. Call **Dermatology Physicians & Surgeons, Ltd.** in Crystal Lake at 815-455-4434 for your private consultation.

## Maggie's Pet Sitting Service

Having a pet is a true pleasure and joy. But, working and vacationing while being a pet owner can sometimes be difficult. Finding quality care for your pet while you're away on vacation, traveling on business or just working long hours can be a challenge. I always wanted a pet but because of my job it was impossible. I traveled constantly with my job and couldn't bring myself to leave my pet in a kennel on a regular basis. What I had always wished for was someone who would come to my home while I was gone and care for my pet the way that I would.

Kennels are an option for some pets. But, why take your pet to a kennel when **Maggie's Pet Sitting Service, 815-356-**

**8654**, Member National Association of Professional Pet Sitters/Bonded and Insured will come to your home.

I care for pets large and small, four legged and two legged, winged and gilled. I'll come to your home and feed, clean, walk and play with your pet. Other services include taking in the mail and newspapers, watering plants or putting out the garbage. As a pet owner, you can have peace of mind that your pet is being well cared for while you're away. When you return, you'll find a happy, stable pet that will thank you for leaving him/her in the comfort and safety of home.

Oh, by the way, I now have a pet. A golden retriever named "Harry" and he is a sweetheart.

## Feel Good and Look Great

The doctors at **Total Health Concepts, Ltd.**, an Elk Grove Village based medical clinic, are happy to introduce new ways of treating patients by combining years of medical experience with the latest advances and techniques in 21st century technology.

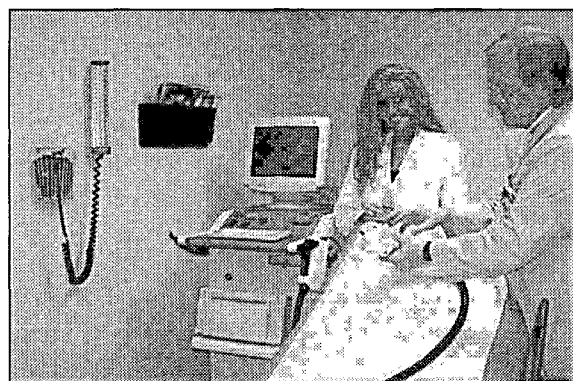

"We are very excited about our new wave laser equipment," says W. Mark Iwanicki, MD and founder of **Total Health Concepts, Ltd.** "We can do things now that we couldn't imagine of doing just a few years ago."

Now, unsightly spider veins can be effectively treated with lasers, no needles and practically no pain. The Vasculight Laser utilized for this procedure is the last word in vein treatment.

PhotoDerm, the most sophisticated laser-like device, is very effective in long lasting hair removal from all parts of the body. An amazing "flash of light" can gently remove unwanted hair for both men and women. No more waxing or electrolysis. Doctors can also effectively treat portwine stains, age spots, stretch marks, remove tattoos and large post surgical scar tissues (Keloids).

**Botox**—This relatively simple medical procedure can eliminate wrinkles, especially those frown lines and crow's feet around the eyes. Very popular in Hollywood, this safe procedure takes only 15 to 20 minutes of your time.

**PhotoDerm Facial Rejuvenation**—

**At Total Health Concepts, Ltd., their doctors combine years of medical experience with the latest techniques in 21st century technology, such as Vasculight lasers for spider vein treatment and PhotoDerm lasers for hair removal. For more information, call 847-228-3151.**

Originated by Dr. Bitter, this procedure rejuvenates facial skin with no patient down-time. This treatment eliminates broken capillaries, redness and brown spots and reduces large pores and fine wrinkles. A more youthful appearance can be achieved in a flash of light.

Dr. Iwanicki and associates have been practicing medicine in the Schaumburg area for over 20 years. "We get older together with our patients and we understand their needs." Their friendly staff is waiting to help you.

The office is located at Wimmer Plaza—Professional Building, 810 Biesterfield Road, Suite 104, adjacent to Alexian Brothers Medical Center in Elk Grove Village.

For additional information or directions, call **847-228-3151**.

## "World Music Festival: Chicago 2000"— A Celebration of Music Around the World Around Chicago

The City of Chicago's 2nd Annual Multi-Venue "World Music Festival: Chicago 2000" will showcase the traditional and contemporary music of cultures from around the world. The festival will take place September 21 through October 1.

Last year, the premiere of the World Music Festival was launched to resounding critical and popular acclaim. This year, the festival has been extended from ten days to eleven and will include two weekends instead of one.

For its second year, the festival will re-

peat its successful design by featuring at venues around the city, musical ensembles from dozens of countries worldwide as well as a host of musical ensembles from the United States, including Chicago-based musicians. With a view of the city's internationally-renowned skyline framing the stage, the festival will kick off with an outdoor evening concert on the north steps of The Field Museum.

"World Music Festival: Chicago 2000" is a joint production of The Chicago Department of Cultural Affairs and the Mayor's

The outcome of your skin care treatment plan is directly impacted by the knowledge and experience of your skin care specialist.

Our resident skin care specialist, Catherine Zedan Grandi, returned last month from her studies in Brussels and Paris at "Exoles Internationales Marnix and Yves Rocher Institute of Beauty."

While in Europe, Catherine attended intensive instructional seminars on skin care treatments and techniques. She returned most excited about the European philosophy:

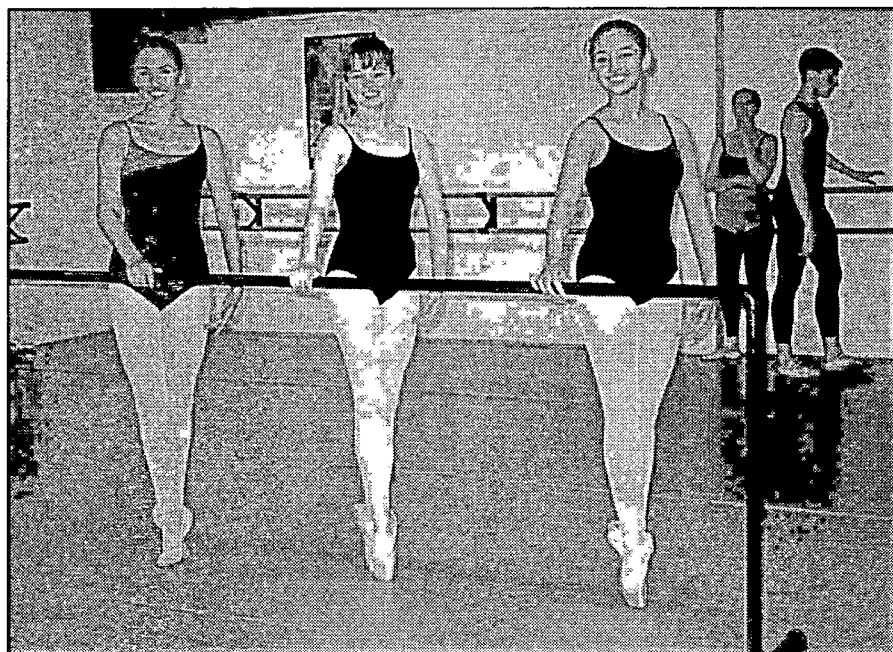

"To achieve optimal skin care results, one must consider the whole person. This begins with understanding the individual's skin care goals, while taking into consideration their health, energy level, lifestyle and type of skin."

This philosophy parallels the approach Catherine has practiced ever since she's been seriously involved with skin care.

**LOSE THE WEIGHT...AND KEEP IT OFF!**

## New Weight Loss Program Shows Dramatic Results

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 12 years, introduces a new weight loss program. This program is based on the 40/30/30 nutrition plan which consists of 40% carbohydrates, 30% protein and 30% fat. By increasing protein while decreasing fat and carbohydrates, weight loss success increases. University studies using this diet method along with the latest advances in prescription medication have shown safe and effective weight loss results.

Unlike other programs for which you need to buy food or count calories, this method offers the most freedom and achieves the best long lasting results available today. Fat comes off and stays off! Dr. Berger custom designs a program for each patient and discusses proper exercise, nutrition and overall weight status while considering your current lifestyle, exercise and diet habits.

Dr. Berger has had hundreds of satisfied patients and has incorporated the use of a new fat blocker, Xenical®, and an appetite suppressant into this diet. Insurance usually pays for some or most charges, (sorry, no HMOs).

To begin a weight loss program that really works for you, call 847-438-2454 in Lake Zurich or 630-789-9495 in Hinsdale to make an appointment for your consultation today.

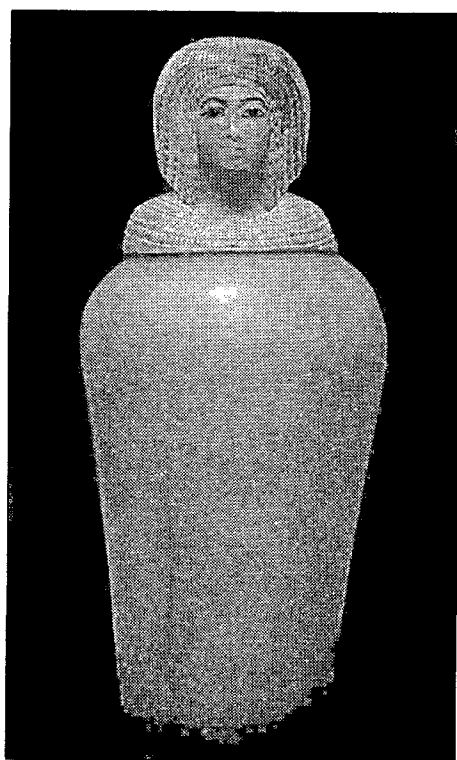

## Art Associates to View "Pharaohs of the Sun"

Akhenaten, the revolutionary Egyptian Pharaoh, (1353-1336 BC), rejected the old forms of religion and worshipped a single god, Aten, light of the sun. He moved the capital from Thebes to Tell-El-Amarna. After his death, his reforms collapsed and the capital returned to Thebes. Because the abandoned city existed in isolation, archaeologists have been able to excavate and learn about this particular city, a thriving city with anywhere from 20,000 to 50,000 residents. Art from the Amarna Period is more naturalistic; figures are displayed in informal, intimate ways.

The "Pharaohs of the Sun" exhibition at the Art Institute focuses on the 17-year reign of Akhenaten and his queen Nefertiti who has become a symbol of feminine beauty. The Amarna Age is recreated through 250 objects, many of which have rarely traveled out of Egypt. Participants will have a comprehensive look at Akhenaten's reign, focusing on the daily life of Amarna citizens and the royal family as well as the period before and after his rule.

On Thursday, July 20, the Barrington Community Associates of the Art Institute will visit the "Pharaohs of the Sun" exhibit. Buses will leave Langendorf Park at 8:30 AM. The day begins with a "voices" presentation directed by Mary Sue Glosser which will emphasize Akhenaten's "Hymn to the Sun." Using music, costumes and beautiful slides, participants will be introduced to the "Pharaohs of the Sun" exhibit which focuses on the living and the city Akhenaten built in the desert. Each morning, he sang a hymn to the sun which is one of the oldest poems in the history of literature. Following independent viewing of the exhibit will be an early afternoon

## Summer's Almost Here— Can You "Bare" It?

It's time to get out the summer wardrobe. If you cringe at the thought of slipping into last year's bathing suit, we have the solution. It's the Suddenly Slender Mineral Wrap Solution. This original body wrap formula and process, invented by Hollywood figure consultant Victoria Morton, is guaranteed to melt 6 to 20 inches off overly-plump hips, waists, thighs and tummies in just 60 minutes.

"And the inches stay off," reports Donna Anthony of **Wrapsody Day Spa** in Lake Zurich. Donna explains how the one-hour inch loss procedure works: "First, we carefully measure key areas on the client's body. Next, we wrap the client head-to-toe, like a mummy, in Ace bandages which have been soaked in an all natural mineral solution. The liquid minerals soak into the skin, pulling out toxins and shrinking the fat cells. The client then spends an hour doing mild exercise on a gilder (while watching a movie to pass

the time). After the hour is up, we unwrap the client and measure the inch loss.

"Clients typically see a one or two inch reduction in their tummy area after the first wrap. It's not unusual to see a client drop an entire clothing size after coming in for our 5-wrap program.

"This body wrap system is unlike other wraps that use dehydration to shrink the body. There is no sweating and no water loss and clients don't feel the urge to 'drink back' the inches. Which means they won't balloon back to their previous size a few days after the wrap is complete. We use only natural non-organic minerals in the solution, so there is also no mess and no possibility of an allergic reaction."

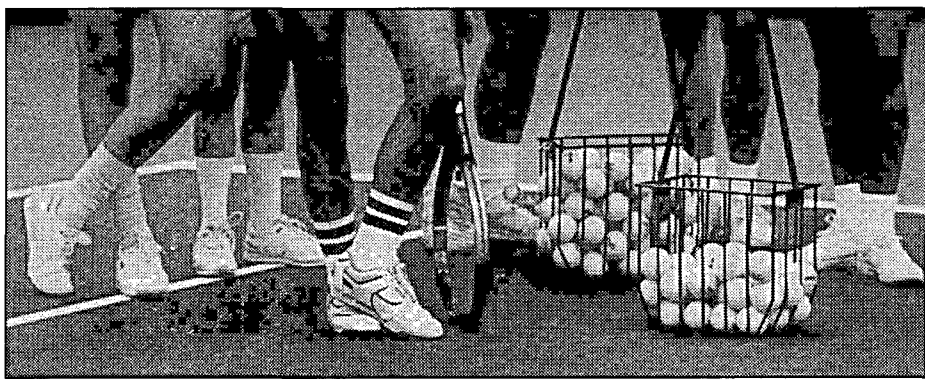

For the month of June, **Wrapsody** is offering their Summer Solstice Special—buy four wraps and get the fifth one free. Call now for more information or to schedule an appointment at **847-550-8978**.

## Dinner Dance Planning Started for Bear Necessities

The 2001 Dinner Dance is in good hands with: (l to r) Kristen Salerno, Aurora, Dinner Dance Chairperson; Lori Amonte, Chicago, Honorary Chairperson; Kathleen Casey, Executive Director and Founder; Assistant Director of Bear Necessities Carlene Travers-Ignoffo, Elk Grove; and Board Member Tracy Scurto, South Barrington, 2000 Past Chairperson. They are shown above at a recent luncheon to officially kick off the 2001 event.

The Meadow Club in Rolling Meadows was the setting for the luncheon hosted by Bear Necessities Pediatric Cancer Foundation, Inc. to kick off the 8th Annual "Thank Heaven for Little Bear's" dinner dance to be held in February 2001.

Flowers were presented to Kristen Salerno (Aurora) when she accepted the chairperson position and to Lori Amonte (Chicago) when she accepted on behalf of her husband, Chicago Blackhawk Tony Amonte, and herself to be the honorary chairpersons. A dynamic duo they make

with Salerno's son Justin, a cancer survivor, and Amonte, a pediatric oncology nurse. They both are witness to the many needs of pediatric cancer and the devastations.

Salerno stated that, "After our personal experience with Justin, I just can't imagine not finding a way to cure this disease and help those who are going through their own fight right now. I intend, with this committee, to raise as much as possible in support of Bear Necessities' programs which make an enormous differ-

## Introducing HomeScapes— July Special Offer

HomeScapes, exclusive to **Buschauer Portraits & Framing, Inc.**, are beautiful renditions of your home expressed in either a watercolor color or black and white ink sketch style. All HomeScape portraits come with matting that perfectly complements the exterior colors of your home and/or landscaping. Now you can own a HomeScape portrait for yourself, at a substantial savings, with our introductory special offer good only through July.

### Why would I want a HomeScape portrait of my house?

Dorothy in *The Wizard of Oz* said it best. "There's no place like home." I heartily agree with Dorothy. It's a wonderful feeling to pull in my driveway after a long day at the office, to know I am about to enter the beckoning and comfortable abode I call home. For most of us, our home is the biggest investment we'll ever make. Whether you live in a modest or mansion style home, you love being there just the same. You've worked very hard to earn the capital to buy it and you've spent considerable time, effort and money selecting it, furnishing it and doing the landscaping. It's where your kids will establish many of their fondest childhood

memories. When you think about all your home means to you, why wouldn't you want to mark its importance with an artistic HomeScape portrait?

## Come Meet Russian Artist Lev Kublanov

Artist Lev Kublanov was born in Moscow in 1946. As he remembers it, he was born with a pencil in his hand because from early childhood he began copying every painting that he saw. To him, it just seemed so easy. By education and experience, Kublanov is an architect, a career he practiced for 20 years in Moscow.

However, he never left his first loves: painting and drawing. His favorite subject for many years was the old city. "Any city," he says, "is a live organism and a survivor." He has made more than 1,000 drawings of old Moscow, Paris and Vienna.

People who love his works call him a

"Singer of Old Treasures." He is now a well-known artist in Russia, France, Austria and Germany, where he had numerous exhibits and many of his works are in private collections.

Besides old cities, you will see still-lives, symbolic portraits and many other images in Kublanov's work. This artist loves the old masters. And by following their tradition, he helps us absorb the spirit of the times, stirs our memories and returns us to today by granting us faith in tomorrow.

Come meet this wonderful artist and view his beautiful paintings and drawings on July 8, 9 and 10 at **The Russian Place** in Long Grove.

## Pharaohs of the Sun Akhenaten, Nefertiti, Tutankhamen

One of the most important international presentations of Egyptian art and culture in recent times arrives at The Art Institute of Chicago when "Pharaohs of the Sun: Akhenaten, Nefertiti, Tutankhamen" opens at the museum July 17, 2000. The first major exhibition of Egyptian art to travel to the city in more than 20 years, "Pharaohs of the Sun" is expected to draw at least 250,000 visitors during its run in the Art Institute's Regenstein Hall, the Daniel F. and Ada L. Rice Building, through September 24, 2000. Dated, timed tickets are required for the exhibition and are available at the museum, through the museum's website at [www.artic.edu](http://www.artic.edu), and by phone at 1-312-930-4040 as well as at Illinois Ticketmaster outlets.

"Pharaohs of the Sun" sculpts a vivid portrait of the Amarna period—the revolutionary age of Akhenaten, Nefertiti and Tutankhamen. It was during this startlingly brief epoch (1353-1336 BC) that Pharaoh Akhenaten assumed the throne of Egypt at its peak of imperial glory. In a dramatic break with his already ancient culture's three-and-a-half-millennia religious tradition, he established the worship of one god, moving the Egyptian capital to Amarna, an extraordinary city that he built in the desert.

"Pharaohs of the Sun" is the largest assembly of objects from this prolific time in Egypt's history since the city was abandoned 3,500 years ago. The exhibition evokes the Amarna Age with more than 250 works, including both monumental and small-scale sculptures, as well as reliefs, ceramics and household items from public and private collections around the world. This wealth of precious objects—as well as a remarkable 20-foot, three-dimensional model of the city—will provide visitors with an intimate view of the daily life and culture of Amarna, bringing to light its place in Egyptian history and the dramatic forces that shaped and eventually destroyed it.

Ancient Egypt has held a powerful fascination for peoples around the world for more than 2,000 years; today, as much as, at any time, there is enormous popular interest in the mystery and complexity of Egyptian art and culture. The sheer antiquity of the civilization is almost unfathomable to modern man—located in the valley of the longest river on earth, between two deserts, Egypt was the seat of one of the world's earliest complex cultures. The length and continuity of the civilization is equally staggering, beginning with a pre-dynastic period about 5,000 BC and lasting almost unbroken until the fourth century BC.

Within the broad span of Ancient Egypt's

## BACOA Moves to New Office Space

On February 29, BACOA was notified that its building at 301 E. Main Street had been sold and would be torn down and rebuilt. We were given until June 1 to relocate.

We are pleased to report that our search for a new office has been successful. BACOA has signed a four-year lease with the Village of Barrington to occupy a 750-square-foot space in the basement of the new Village Hall. This space will be available for occupancy following the Fourth of July holiday. We are pleased with the outcome of our search as we have achieved our two primary objectives, which were to remain in a central location in Barrington and maintain our current telephone and fax numbers.

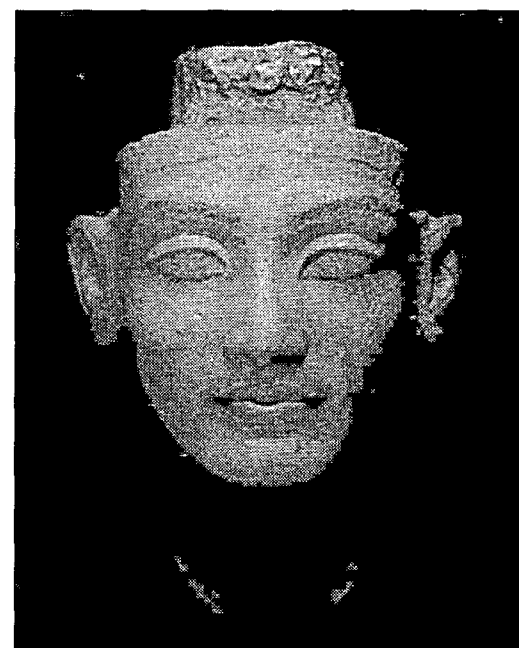

Beginning on Tuesday, May 30, we will have a temporary office location at Governor's Park Nursing Home. Our thanks

to Governor's Park for providing office space, a phone line, access to a copy machine, etc. while we wait for our office space at the Village Hall to become available. Effective Wednesday, July 5, we plan to move to our new office space at the Village Hall. During the course of our transition, we will conduct business as usual, coordinating Meals With Wheels, running the senior activity and lunch program, providing information and referral, outreach home visits, etc.

Our thanks to everyone who has assisted and supported us these past few months as we explored our options. A special thanks to Robert Irvin, Denise Pieroni, Ron Hamelberg and the Barrington Village Trustees. Once we get settled, we plan to have an open house so the public can see our new home.

history, one era has engendered the greatest interest—the Amarna period (1353-1336 BC), the age of Akhenaten (originally Amenhotep IV), Nefertiti and Tutankhamen. It was during this time that the New Kingdom Pharaoh Akhenaten and his wife Nefertiti elected to abandon Egypt's age-old multitude of deities in favor of a single god—the disk of the sun, known as Aten. The Pharaoh, his family, court and many subjects withdrew from the centuries-old traditional capitals at Thebes and Memphis and founded a new center for his new age at the site of present-day Amarna, called Akhetaten, the "Horizon of the Sun Disk." This spectacular planned and rapidly built city—which boasted a population of between 20 and 50 thousand at its height—was a place of magnificent temples and sumptuous palaces brightly decorated with paintings and tiles, gardens, pools, private houses and tombs. But, soon after the Pharaoh's death in 1336 BC, his radical vision was quashed. The worship of many gods was restored, Memphis and Thebes returned to their status as political and religious capitals and Amarna abandoned—

mostly under the rule of the "Boy King," Tutankhamen, who, some believe, was Akhenaten's son.

## Hats Off to the High School Graduates and Their Families

by Judy Kaplan, MS

Graduations are a particularly special milestone. Often the melody of *Pomp and Circumstance* can bring a lump to even the toughest of hearts. For students and parents alike, this special time is worth reflecting about.

For students, graduation represents the culmination of hard work. It is about facing fear about the future as well as enjoying the excitement of new possibilities. It is about the good and bad experiences remembered. It is about a time for growth and change. It is about sadness, pride and moving on. It is about one door closing and another door opening. It is about achieving a long-term goal and starting over. It is about saying so long to old friends and one routine, and meeting new friends and developing another routine. It is about becoming an adult.

For parents, many conflicting feelings and emotions are produced by the graduation of their child. It is about the end of an "era" in raising that child. It is about

remembering the struggles, the joy, the pain, the excitement, the hard work and the pride of arriving at that very moment. It is about the realization of "letting go." It is about the memories of their own past superimposed on the memories of their own child. It is about the joy for the new opportunities that lie ahead for that child. It is about the "empty" place in the nest. It is about the loss of the "child" and the welcoming of the "adult." It is about happiness and sadness all wrapped into the moment.

Congratulations to the graduates and their parents. You deserve many kudos for the diligence of getting to this special time. It is a milestone that should be respectfully acknowledged. Change is difficult for most people, even if they like the stimulation of new things. This is a big time of change. The ceremony itself encourages deep reflection about the past and the future for all in attendance. I wish the best of luck to you and yours.

## The New Field of Esthetic Skin Care

by Gary S. Churchill, MD

Gary Churchill, MD

If you have ever had facial plastic surgery or if you are considering it, you need to know about the exciting field of esthetics. Through the techniques employed by a licensed esthetician, you can improve and enhance the appearance of your skin. Whether you are trying to maintain your skin after a surgical procedure or just want better looking skin, there is a treatment for you. Based on scientific principles, the treatments are custom designed for your skin's particular needs. Esthetic skin care can reduce the depth of surface lines, help fade abnormal brown spots, smooth rough skin and help clear up acne prone skin. Overall, it can give your skin a more youthful and healthier glow. The treatments are only done by a qualified, licensed esthetician in a physician's office and involve various methods of exfoliation, skin bleaching and rehydration. These treatments, when combined with a daily home care regimen, can give dramatic results.

### What is an Esthetician?

A licensed esthetician is someone that has gone through specialized schooling and passed a state licenser exam to allow them to take care of the skin from an esthetic or beauty standpoint. A licensed esthetician has applied their specialized training in a medical setting under the oversight of a physician. This allows the esthetician to perform stronger peels and somewhat more aggressive treatments than could be done elsewhere. A myriad of different procedures can be performed. The particular treatment (or combination of treatments) is chosen in the consultation process and is based on that patient's particular need and skin condition. A partial listing of available options include: different strength peels to treat fine lines and wrinkles, special peels to treat irregular pigment, peels to clear up blemishes, therapeutic masks that provide special nutrients to the skin and an advanced exfoliating process called a Micropeel.

### What is a Skin Peel?

A peel gets its name from the way it works. A solution is applied to the skin surface. The solution is absorbed and it causes the outer layers of skin to "peel" or slough off. The degree of peeling is determined by the strength of the solution causing the peel and the depth to which it is absorbed into the skin. Different solutions also cause different effects on the skin. For example, Kojic acid, a fruit acid used in certain peels, has a stronger bleaching effect than other fruit acids such as Glycolic or Lactic acid. When the skin

peels, it stimulates a repair process that actually forms a thin layer of new collagen in the upper layer of the skin. With repeated peels and home treatments as well, this collagen layer gets thicker. The thicker the layer gets, the smoother and tighter the skin appears. Generally the goal of these peels is to go as deep as the skin will tolerate without causing an unsightly recovery for the patient. The patient should be able to undergo a peel and still be presentable in public while it is healing.

### What is a Micropeel?

This technique involves a double exfoliation process. The first exfoliation is done manually with a #10 scalpel. It removes a micro-thin layer of dead skin cells and keratin that lay on the skin surface, preventing our skin care products from penetrating. The second exfoliation is done by applying a peel solution to the surface. This is done lightly and only a slight tingle will be felt with this step. Finally, extractions of blocked oil pores can be performed before applying a moisturizer and sun block. This combined manual and chemical peel technique leaves your skin with a healthy and smooth glow. Makeup can be applied right away and everyday activities can be resumed.

### How Do You Decide What Treatment is Best for You?

During your initial visit, the esthetician will go through a series of questions that deal with the treatment. Following the questionnaire, a complete skin analysis will be done so the esthetician can determine what condition the patient's skin is in and what peel solution would work best for his/her needs. Each person's plan is different and can be modified as needed to maximize results and satisfaction. Once all the patient's questions are answered, the treatment process is next. The last step to your first visit is a customized at-home regimen and explanation of the importance of professional products. You can maintain your skin results by keeping up with an at-home regimen in between peel treatments. The extent of these treatments is up to you.

## Dalzell & Co. Fine Jewelry Forms Unique Marketing Agreement with Lazare Diamonds®

Dalzell & Co. Fine & Antique Jewelry, a direct diamond importer located at 23 N. Williams Street in historic downtown Crystal Lake, has just announced that they have formed a unique new marketing agreement with Lazare Diamonds®.

According to Dalzell & Co., a direct diamond importer buys diamonds in volume and cuts out the "middle man" in order to provide their customers with exceptional quality, selection and price. Now, in addition to their sizable selection of diamonds, Dalzell & Co. has become the first (and only) jeweler in the area to offer Lazare Diamonds, which are renowned because they are "Ideal Cut"—a mathematical formula for cutting diamonds to precise angles and proportions to gain optimum reflection and refraction of light. Because more of the original rough diamond must be sacrificed to achieve an Ideal Cut, only a small percentage of diamonds are cut this way, making the Lazare Diamond a rare, highly sought-after item which all other diamonds are measured against.

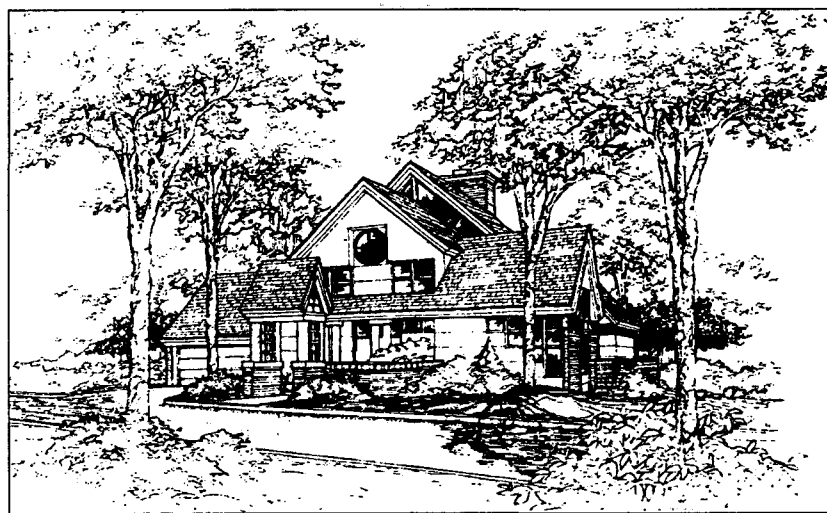

All Lazare jewelers, such as Dalzell & Co., have been carefully selected and are especially qualified to help buyers understand diamonds. In fact, according to a representative of Lazare, their diamonds are available from less than 1% of the jewelers in the U.S. because Lazare works with only the world's top jewelers.

"Providing our customers with the best selection, quality and value in diamonds is our top priority, so we're very pleased to have formed this unique marketing agreement with Lazare Diamonds," said store owners Steve and Jennifer Dalzell, a husband-and-wife team who are both Gemological Institute of America (GIA) Graduate Gemologists and Graduate Jewelers with 24 combined years of experience.

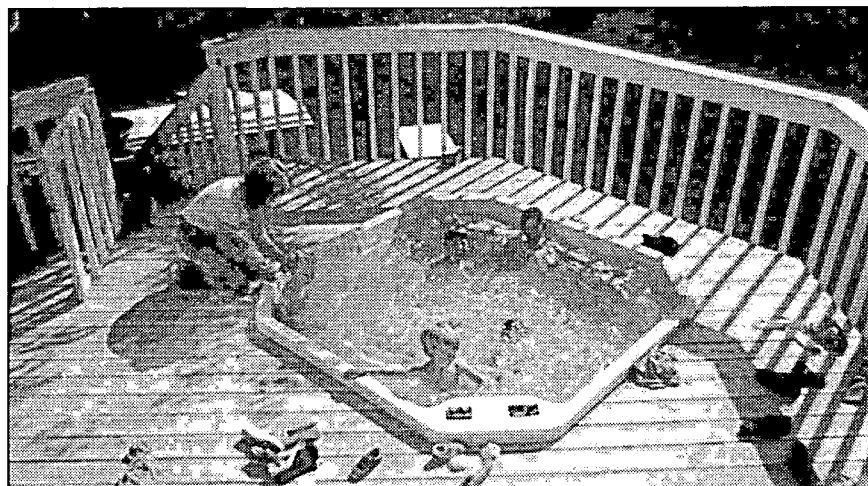

Although Steve and Jennifer Dalzell have been in the jewelry industry for many years, their store in downtown Crystal Lake has been open to the public approximately two years. In that short time, Dalzell & Co. has earned a reputation as the local community's source for diamond engagement and wedding rings, and also as the place to find McHenry County's largest selection of Waterford® Crystal giftware, stemware and fine china. Dalzell & Co.'s staff has since expanded to include three Graduate Gemologists, two Designers and three Graduate Jewelers, providing exquisite custom jewelry design, appraisals and repairs on the premises.

Dalzell & Co. Fine & Antique Jewelry is at 23 N. Williams Street in historic downtown Crystal Lake, across the street from Raue Center for the Arts. Hours are Monday through Friday, 9:30 AM to 5:30 PM (and open late Thursdays until 8:00 PM); Saturday 9:30 AM to 4:00 PM; and also by

## BJWC's "Una Bella Vista" a Success

Neither rain nor sleet nor hail could stop the Barrington Junior Women's Club "Una Bella Vista" Showcase House 2000 from success! Despite some very strange May weather, nearly 3,000 visitors toured the designer showcase house, attended the preview gala or the Mother's Day tea or participated in a workshop.

All of the proceeds from the event are committed to the BJWC Philanthropy Fund, from which donations are made each June to charitable organizations in Barrington and the Northwest Suburbs. This year, the club provided more than \$52,000 in assistance to local senior and community services, educational scholarships and 15 area nonprofit organizations, including Hospice of Northeastern Illinois,

NISRA, WINGS, Clearbrook Center and Joyful Hands/Habitat for Humanity.

BJWC would like to thank all of the individuals and organizations who contributed so generously of their time and resources to ensure the success of the Showcase House. Many of the organizations which receive philanthropic donations from the club, including Shelter, Inc., WINGS and BYS, assisted in staffing the house along with volunteers from Good Shepherd Manor, Barrington Volunteer Center, Barrington Welcome Wagon, the BJWC Associate Members and many more.

## Before You Landscape... Master Plan

As Landscape Architects, we stress the value of creating a Master Plan for your property prior to commencing any landscape project. Regardless of the size of your project, a Master Plan permits your landscape budget to be appropriately invested. Once completed, your investment will result in a professionally designed and installed plan.

Master planning is simply defined as the areas of a property that require the most attention and which display solutions to specific problems. Future plans such as pools, ponds, additions to a home, and other amenities are addressed and carefully "planned." Once we incorporate hardscapes, garden beds, garden features, etc., then a budget plan can be created.

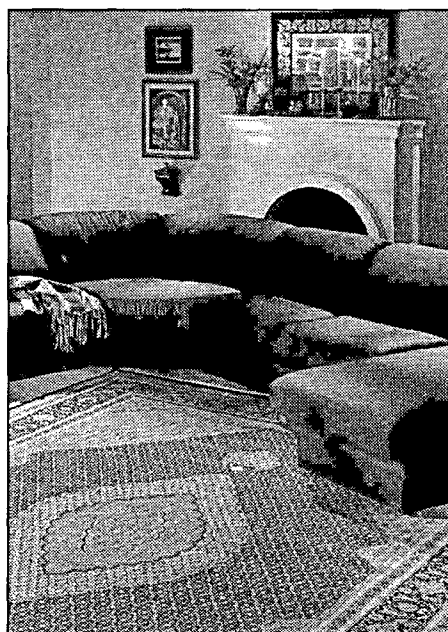

The homeowner will then be able to utilize their plan for years in the future,

installing each segment of the plan as it relates to their budget and use of space.

To learn more about Master Planning and our firm, **Bonner Codd Associates**, please contact principals Cheryl Ferguson and John C. Cazzetta, Landscape Architect, at **847-382-4838**. We look forward to hearing from you.

## Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Residential films are now backed by a manufacturer's lifetime warranty. Solar Gard, Sun Gard and 3M films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, pictures, etc.

Solar Gard, Sun Gard and 3M also improve efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with

pressure sensitive adhesive. The adhesive bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, or burglar, making glass shatter resistant.

**Glare-Not Inc.** has provided savings and security for 10 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard, Sun Gard and 3M films are backed by a manufacturer's lifetime residential warranty. Many locations are tinted by **Glare Not**, including: Brach's Candies in Chicago, Avon Corp. in Morton Grove, two Ace Hardware corporate offices, four Armcore banks, First National Bank of Chicago, plus 1,000's of homes. ## Time to Clean Out Your Closet— We Mean Really Clean It Out!

Use your imagination for a moment. Imagine the closets in your home. What do you see in your mind's eye? Neatly stored clothes, shoes, hats, purses and other valuable items? Or, do you see clutter and disarray?

If you're like most people, you probably have the traditional shelf-and-rod closet with shoes and boxes on the floor and lots of wasted space. Or, a wire system that looks a bit like the inside of a refrigerator and leaves grid marks on folded clothes.

**Closet Masters** invites you to look at closets in a new way. To begin with, think of your closets as an investment. When you consider how much each square foot of your house costs, you'll realize your closet space is as valuable as your living space.

**Closet Masters** believes that you should enhance the investment in your home by making each closet work harder

for you.

By tailoring **Closet Masters** custom designed closet and storage components to your home, **Closet Masters** can increase the investment value of your existing closets and storage spaces) while virtually doubling their usable space.

We've spoken about enhancing your home investment. Studies have shown that when you sell your house you can expect to get back 90 to 100 percent of the money you spent on the closet systems and built-in storage. Houses with professionally installed closet and storage systems sell faster than those without them.

Let your imagination be your guide as to where you can best use **Closet Masters'** custom-designed closet and storage systems.

So c'mon... clean out your closets... really clean 'em out!!!

## REMODELING 2000... STORY #3

With four growing children, John and Kathy Loy had come to the conclusion that the kitchen of their 1970's vintage house was no longer serving the needs of their family. Although pleased with the basic L-shaped layout, the couple felt the massive storage closet and soffits made the kitchen feel too confined. They also wanted to replace their dark oak cabinets and 70's era appliances. Designer Ross Gerami of **Barrington Kitchen & Bath Studio** worked with the Loy's to create this stunning new kitchen, but not without a test of his creativity.

"One way to really open up the kitchen visually and add extra storage space is to remove the soffits. Often, they were put in by builders just to fill space, but sometimes we find vents or plumbing pipes running through them," says Ross. At the Loy's, pipes were discovered over the range and over a doorway. Ross felt so strongly that the new kitchen would be enhanced by the removal of the soffits that he went back to the drawing board and created a unique maple chase to enclose the pipes. "We call remodeling 'the art of the unexpected,'" Ross continues. "That's why it is important to choose seasoned designers and tradespeople who aren't thrown by the unexpected situations which can arise during remodeling." Experience has given him the ability to make lemonade out of lemons. Ross also feels it is important to have the design work and the installation done by one source, so that if unexpected conditions arise, the homeowner has everybody on the same team—theirs—and not shifting responsibility back and forth. "Through our sister company **Delta Renovations**, I am lucky to work hand in hand with some of the best and most experienced craftsmen in the business. As challenges arise, we work together to find solutions!"

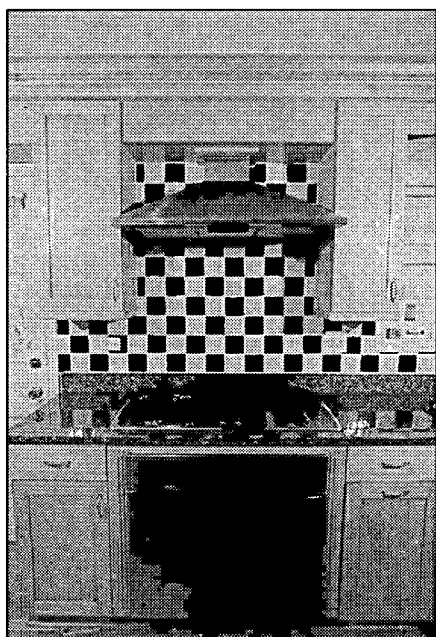

The finished kitchen is a testimony to that experience. Using simple

light maple cabinets from Crystal, earthy granite countertops and sparkling stainless appliances, the finished room is warm and inviting. Two pantry cabinets replace the space-wasting built-in closet. Fluted angles on each side of the sink add definition and style. The wood floor, re-finished to complement the new color scheme, glows with warmth.

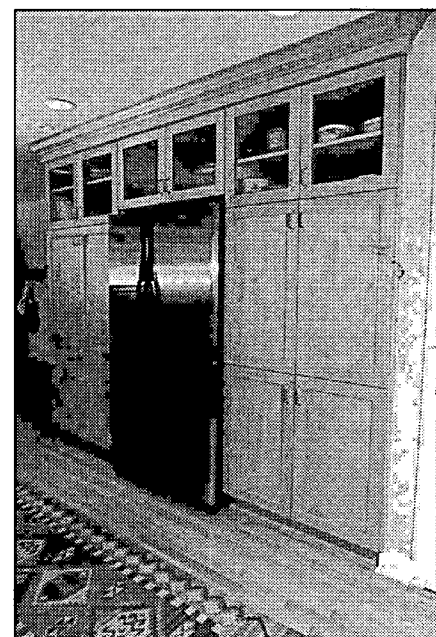

If you are considering a new kitchen and want to put our team on your team, call **Barrington Kitchen & Bath Studio** at 847-381-3084. Let us put our experience to work for you—we guarantee you'll love your beautiful new kitchen!

Designer Ross Gerami used a wood chase and stacked moldings to dress up the kitchen and hide plumbing pipes exposed when the soffit was removed.

A warming drawer was a must for this busy family. Handy at holidays, too. Deep drawers are perfect for storing pots and pans or those ubiquitous plastic storage containers. Note the styled end panel.

## Mosquito Season is Here

Rainy weather can help add to the potential for high populations of mosquitoes. "According to entomologists at the University of Illinois, there are several points to remember about controlling and living with the annual mosquito invasion," reports John Church, University of Illinois Extension Educator, Natural Resources, Rockford.

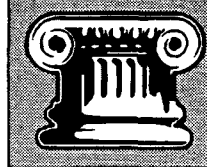

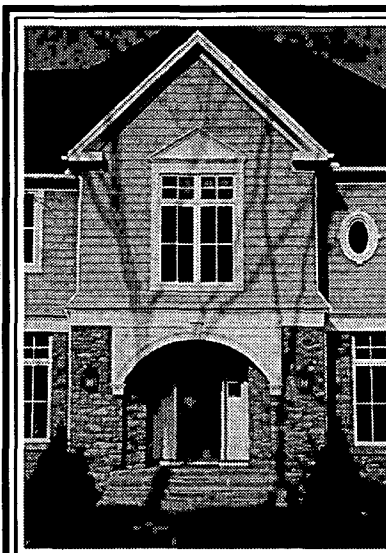

There are 3,000 different kinds of mosquitoes worldwide. About 50 known species are in Midwestern states. However, only a few are nuisance biters or a concern as carriers of diseases or parasites such as encephalitis in humans or heartworms in dogs.

The entire life-cycle of a mosquito can be completed in about seven to ten days. Most mosquitoes remain within one mile of where they breed. Both males and females feed primarily on nectar and plant juices. Only the female bites humans and draws blood as a protein source for her eggs. Mosquitoes lay eggs in standing water or flood prone areas. Young mosquitoes live as larvae in water, however,

they are rarely found in deep water such as lakes or in flowing streams or rivers. Shallow or wetland areas near these may be egg sites, though.

There are three general classifications of mosquitoes, depending on where the larvae live, including floodwater or temporary pool areas; treeholes; artificial containers; and standing water. Those from floodwater areas are the most common nuisance type of mosquito in Illinois. Encephalitis is carried by mosquitoes primarily with breeding sites in treeholes and standing water sites.

Homeowners should eliminate any unnecessary water holding areas and containers from around the home and yard to help reduce egg-laying sites. Sites such as wading pools, birdbaths or pet watering dishes should be freshened with new water often. Eliminating tall grass and weeds can help reduce populations near the home, since it is a favorite hiding place during the day. Removing old stumps and decaying trees can reduce egg sites for the treehole species.

## Garden Club of Inverness Installation Tea

Garden Club of Inverness Board Members, 2000-2001: (left to right) Sandy McKay, Youth Gardening; Beth Woldman, Publicity; Lynn C. Ward, Hospitality; Phyllis Ewert, Membership; Carolyn Grosch, Plant Therapy; Barbara Hidding, Christmas Luncheon Co-Chair; (not pictured) Jill O'Connell, Christmas Luncheon Co-Chair; and Kristen Rappe, Community Involvement.

Members and guests of the Garden Club of Inverness closed their club year with a lovely morning tea at the Inverness Golf Club on Thursday, May 18, 2000. Under the skillful direction of Hospitality Chair Lynn C. Ward, attendees sampled an array of assorted canapes, finger sandwiches, fresh vegetables followed by a bountiful selection of special pastries, coffee and tea. It brightened a cloudy day which brought heavy rain, hail and damaging winds to the area later on!

Outgoing Director Laura Hoover inducted the new officers: Mary Jo Bregenzer, President; Donna Schuld, First Vice President; Linda Denison, Treasurer; Nancy Wulfers, Recording Secretary; and Adele Walker, Director. Continuing their two-year terms are: Phyllis Trostrud, Second Vice President and Wanda Tieman, Corresponding Secretary.

and Sandy McKay, Youth Gardening.

As we close this club year, we bid a fond farewell to eight dedicated and hard-working Board Members who have served the club for many years and whose presence on the Board will be greatly missed. The following should take a deep bow and accept our deepest thanks for jobs well done: Laura Hoover, a past President and current Director; Joan Stearns, Treasurer; Claudia Heckel, Recording Secretary; Charlotte Dillillo, Cathleen Laskov, Rose Schneider and Sue Stephen, our talented Christmas Luncheon Co-Chairs who helped to make this fund raiser such an outstanding and profitable event over the years; and Eileen Mahoney, Publicity, whose Press Books brought awards for five successive years to the Garden Club of Inverness. Godspeed to all of you and continued success in all your future endeavors.

Garden Club of Inverness is a member in District IX, Central Region, of Garden Clubs of Illinois, Inc. and National Council of State Garden Clubs, Inc. and the Chicago Horticultural Society.

## Schafer Builders, Inc. Wins Two National Awards

Bill Schafer—President

**Schafer Builders Inc.** has just won two national awards to add to the growing list of our professional achievements!

"William and Joseph Schafer" were recently recognized by *Professional Remodeler Magazine* as Chrysalis Award for Remodeling Excellence winners. We were presented not only one but two Chrysalis Awards! The Chrysalis Awards are a nationally recognized achievement and is sponsored by *Professional Remodeler Magazine* and Lowe's Home Improvement Co.

Do you remember what the old Art's Floral building in downtown Crystal Lake looked like before **Schafer Builders Inc.** completed the renovation of our corporate offices? What used to be an eyesore in downtown Crystal Lake is now a lovely, award-winning addition to the ever growing downtown area.

We were presented an award for the complete renovation of our office building located at 43 E. Crystal Lake Ave. This is the second building in downtown Crystal Lake that **Schafer Builders Inc.** has renovated. Our original offices were lo-

Joe Schafer—Vice President

cated at 12 E. Crystal Lake Ave. As we continued to grow, we grew right out of the building and the renovation of our new offices started. We invite you to stop by our office, take a tour and see for yourself that the interior of the building is just as beautiful as the exterior.

We received a 2nd Chrysalis award for a beautiful, custom designed deck and gazebo. Our clients had an existing deck and wanted to increase their outdoor living space and usage. We designed and built a pergola over the existing deck for protection from the sun, and a screened gazebo for a private, bug free retreat. Both of these areas were a welcome addition for entertaining and just enjoying some old fashioned relaxing.

When you call **Schafer Builders Inc.** not only will you get quality craftsmanship, service and value, but will experience dealing with a national, award winning company! Call us at **815-459-1333** or **800-564-1339** for a free consultation or check us out next time you're surfing the web at [www.schaferbuilders.com](http://www.schaferbuilders.com).

## Pools & Spas, Inc. is Celebrating 34 Years in the Pool and Spa Business

### Pool and Spa Renovation is Our Specialty!

Elmer Eilrich, along with his wife, Frances, founded Eilrich Pool Const., Inc., in September, 1966.

Kurt was just arriving home from the Navy and Monty only had two more years of school left. Marc, the eldest son of Elmer and Frances was already working construction and Calvin, the youngest wanted to work part time.

Elmer and Frances had retired from 30 years in the well-drilling business several years earlier and wanted to help their sons start up a business of their own.

In 1976 Kurt and Monty were the only two left in this family venture. The business was moved from York Rd. in Bensenville to its present location on Irving Park Rd. The name was also changed at that time to Eilrich Bros. Pools, Ltd.

In 1988, we opened our second location in Palatine, IL. At that time we changed our name to include one important item—SPAS!

Many changes occurred during the years. Remodeling, expanding etc.

Many employees have come and gone. Several have stayed forever. Several were "born" into the business.

Customers old and new have become close friends. Many customers have continued our business relationship since our first year—1966! Now that's a real blessing!

Sales reps have remained loyal. Their

help providing quality products has been a real asset.

We would like to take this opportunity to thank all of you.

Mom & Dad, for your insight into the future. THANK YOU!

And last but not least. THANK YOU TO ALL OF OUR CUSTOMERS for 34 years of your trust and loyalty.

It takes all aspects pulled together to make a successful business. It takes hard work, dependable employees, dedicated sales reps and loyal customers. Once again—THANK YOU!

We are looking forward to a long hot summer in 2000.

Sincerely,

Kurt, Mary, Monty & Sherry Eilrich

## Passion, Romance, Action, Adventure... Turkey Legs!

The 13th Annual Bristol Renaissance Faire runs through August 20 in Kenosha, Wisconsin. Journey back to 16th century England every Saturday and Sunday from 10 AM to 7 PM, rain or shine.

"We're very excited about the new artists and special guests featured this year," said Ron Scot Fry, Artistic Director for the faire. "We have a highly energized troupe of interactive street performers." Visitors to the faire have the unique opportunity to mingle and play with such legendary characters as Queen Elizabeth I. "We're putting even more emphasis on patron interaction this year. And there's something for everyone here at the Bristol Renaissance Faire. Our patrons can actually interact with the Queen and her beautifully attired courtiers, be drafted into the English Military, dance with a horde of colorful peasants and be transported by a host of wildly entertaining characters. And everywhere you roam, you are serenaded by a host of talented musicians," commented Fry.

On Wyckham Field three times daily is "Hanlon-Lees Jousting Knights." Hanlon-Lees is known far and wide for their spectacular stunts on horseback and dashing daring do. And Bristol is thrilled to welcome them back after cutting a swath across the country for the last 10 years.

Returning favorites Dirk & Guido: The Swordsmen are celebrating their eleventh consecutive year in Bristol. These "Bold and Stupid Men" feature infectious comedy and stellar sword fights in addition to lessons in gentlemanly behavior. Also returning are "The Sturdy Beggars—the Greatest Show In Earth". Yes, they really do eat mud to the uproarious enjoyment

## Tips from the Top

Margaret R. Semrad  
Broker/Manager  
Barrington Office

**COLDWELL  
BANKER**

**RESIDENTIAL BROKERAGE**

Serving the needs of the home seller is challenging and competitive. It takes commitment and hard work. It takes knowledge, support and the right tools. One of the tools that benefits a seller listing their home with **Coldwell Banker Residential Brokerage** is the Seller's Services Guarantee.

The other day, my friend Napoleon called asking me what we do to sell a home. After all, he thought all companies were the same. You can imagine what I thought of that comment. However, I did explain to him that **Coldwell Banker** has "the best" marketing materials to promote the seller's home in our marketplace. I asked if I had ever explained to him our Seller Services Guarantee. I apparently had not and thought it appropriate that I do so now not only for Napoleon but for everyone.

The Coldwell Banker Seller Services Guarantee is the promise that **Coldwell Banker** and our Realtor will perform the services, which I will explain below, as part of the exclusive listing and marketing agreement on the seller's property. Both the seller and the Realtor go over each item to make certain that each person understands the expectations of the Guarantee.

### To the Home Sellers—

1. Agency Alternatives: We will review the agency alternatives and representations that are available to you and to potential buyers—Seller Agency, Buyer Agency and Disclosed Dual Agency. The representation of your interests and our role as your agent for the different agency relationships will be thoroughly presented to you for your consideration.

2. Marketing Action Plan: We will present to you a custom Marketing Action Plan—a formal written plan for marketing your property. This may include an open house to be conducted when appropriate and as agreed to in advance with you.

3. Competitive Market Analysis: We will provide you with a current Competitive Market Analysis and will assist you in determining the most effective list price for your property.

4. Financing Alternatives: We will show you various financing alternatives for buyers of your property and discuss the likely impact of each alternative on your sale.

5. Estimated Proceeds: We will furnish you with an estimate of the proceeds you can expect from the sale of your property.

6. Home Enhancement: We will develop a plan to enhance your property's ability to attract buyers as described in the *Coldwell Banker Home Enhancement Guide*.

7. Coldwell Banker Action Team: We

will present your property to the **Coldwell Banker** sales team. I will share with you the team's review and recommendations to help you realize the best price obtainable for your property.

8. Promotion To Other Brokers: We will promote your property to other reputable, professional brokers and Realtors in the area.

9. Multiple Listing Services: We will prepare a plan for your property to appear in the two local Multiple Listing Services. The information will be submitted by the date we have selected for the property's debut on the market to achieve maximum impact.

10. Property Information: We will make information on your property available to local and out-of-town buyer prospects. Additional copies will be available for Realtors and prospective buyers at your property.

11. Direct Marketing: We will distribute promotional materials on your property to key market areas to attract potential buyers.

12. Coldwell Banker Sign: We will place a **Coldwell Banker** "For Sale" sign on your property to help generate calls to our office from prospective buyers.

13. Advertising: We will review with you our advertising program—including cbChicagoland.com, our Chicagoland website—designed to generate buyer prospects for your property.

14. Seller Disclosure: We will present your written disclosure regarding the condition of your property to buyer prospects to assist them in preparing an offer. You advise us of any changes in the property and keep the information current on the disclosure form.

15. Home Warranty: We will provide you with information regarding a warranty on the operating systems of your house, to increase the marketability of your property and help reduce your liability to the buyer.

"OK Napoleon? Are you convinced that we have the tools to sell your home? In case you have any doubt, just call me. There's more."

After reviewing each item, the seller and the Realtor sign the Agreement. These services definitely give the seller the competitive advantage. The Guarantee shows to the seller our dedication to service excellence.

"Now, Napoleon, I'm sure you know we can get the job done. That is congratulating the seller on his home being 'Just Sold.' Thanks for asking about our services. We have Buyer Services also, but that's for another column."

*Happy Fourth of July from Your Dream House Headquarters.*

So how can the neighbor's cooling bill be fifty bucks less than yours?

Do you recall opting for the hammered bronze faucets instead of Andersen® windows?

It's easy to be tempted by extravagance. A much wiser decision would be to install Andersen® windows. Our High-Performance™ Low-E2 glass insulates better than standard dual-pane glass, reduces the effects of ultraviolet light and reflects exterior heat. That means lower energy bills. And who wouldn't love that? Opt for real luxury – energy-efficient Andersen windows.

of all.

Kids Kingdom is an enchanting village within the village just for the children. Mistress Beatrice Pickles invites all to sing, dance, play, listen and learn. Activity highlights include interactive theatre, where the children are the stars of the show and a Knighting Ceremony where every child who wishes may be knighted or made a lady by Queen Elizabeth herself. Another highlight at Kid's Kingdom is a wild and wacky treasure hunt that teams up Bristol's very own swashbuckling Seadog and Badde Folke troupes with the kids. This hunt teaches everyone that, when they work together, everyone can find their own treasure.

The Bristol Renaissance Faire boasts one of the area's largest fine arts marketplaces. "As a matter of fact, we are rated yet again in the 'Top Show Recommendations' category of *The Network*, a leading nationwide arts and crafts magazine," according to Ruth Farnham, one of Bristol's long time Arts and Crafts Directors. Over 170 merchants from around the world are assembled in a Tudor-style market. Rare and one-of-a-kind items available are

hand-blown glass, jewelry, spun clothing, hammered pewter, candles, soaps and scented oils, carved wooden toys, hand-tooled armor and much more. Farnham adds, "We're thrilled with the number of artisans who create their products right here in their village shops. Visitors watch items being made and can ask questions. A number of the artisans will actually create a piece uniquely for the individual guest."

As always, the Bristol Renaissance Faire offers a culinary world tour, featuring food and beverage to appeal to all tastes. The faire chefs are busy creating such favorites as fresh roasted turkey legs, savory simmered garlic mushrooms, English fish & chips, grilled portobello sandwiches, mile high fruit-filled ice cream crepes, corn on the cob and refreshing Italian ice among others.

The Bristol Renaissance Faire is located just west of I-94 near the Illinois/Wisconsin border in Kenosha, Wisconsin. For more information, please call 847-395-7773 or visit the website at <http://www.renfaire.com>.

## As Schools Raise Standards, Parents Send Children to Learning Centers for Summer Study

With many school systems raising standards and doing away with "social promotions," parents are more worried than ever about their children's academic progress. A poor final report card fuels that anxiety. Add to that the conclusions from government studies which show that even the most severe reading problems can be overcome with intensive, early intervention. Then it's easy to understand why parents are turning sooner and more often to learning centers for help.

Dr. Raymond J. Huntington, co-founder and president of **Huntington Learning Center**, says, "Failure to take action can lead to serious problems that could affect your child's future." He believes that a child who is continually frustrated in learning is caught in a "failure chain." To break the chain, according to Dr. Huntington, "Parents need to recognize the symptoms and take the necessary steps, as soon as possible, to provide the needed help."

"The summer," Dr. Huntington adds, "is the perfect time to strengthen school skills. With expanded summer hours, **Huntington Learning Center** can give your child the skills and confidence to succeed next September. Plus, we offer a special summertime program called "Reading Adventure," which is very popular with our students and their parents."

Mrs. Eileen C. Huntington, co-founder and vice-president of **Huntington Learning Center**, says, "As a reading specialist

and former teacher, I am particularly proud of our summer Reading Adventure program. It's designed to motivate and challenge children to read. And it's fun."

As general advice to parents making summertime plans, the Huntingtons caution, "Taking a vacation from learning can adversely affect a student's grades in the fall. Basic skills can even slip backwards when left neglected for the summer. We suggest that parents keep their children's minds fit by including learning activities in their summer schedules."

**Huntington Learning Center** offers instruction in reading, writing and math, as well as SAT and ACT exam prep courses. **Huntington** specializes in maximizing a student's academic potential. All instruction begins with a thorough diagnostic test to pinpoint a student's exact academic needs. Based on the test results, an individually tailored, step-by-step learning program is prescribed. Frequent conferences with parents, plus ongoing encouragement for students, are also important parts of the **Huntington** method.

Parents have trusted **Huntington Learning Center** for over two decades. With over 200 centers nationwide, **Huntington** is the nation's oldest provider of supplemental education.

Parents who would like additional information, or who wish to discuss a specific problem, are encouraged to call the **Huntington Learning Center** in Barrington at 847-382-3655.

## From a Woman's Point of View

by Gail Wickstrom, Wickstrom Ford

One of the wonderful side benefits of our business is the sometimes enduring and caring relationships that you develop with your customers. Last month, I wrote about the start of life; this month is about the end of life.

One of our son Colin's first customers when he was selling was Georgia and Lloyd Norlin. Georgia was a customer representative for Krup's and knew Tim's sister Kathy through Marshall Fields.

Lloyd died last month at 82 years old. Lloyd was such an interesting person. He was a wonderful musician and songwriter who even had an Oscar nomination to his credit. Lloyd was also a tail gunner on a B-24 bomber during World War II and flew over 55 missions, so he was very lucky to reach the age of 82.

We here at Wickstrom Ford offer Georgia our warmest sympathy and look forward to her bubbly personality lighting our doorways again soon.

Has your bathroom seen better days? Is it time to bring your bathroom out of the 70's and get a whole new look? **Re-Bath of Northern Illinois** can cover your existing out-of-date tile walls with a wall surround system.

Re-Bath wall surrounds are available in three panel or five panel systems, and you can choose from floor-to-ceiling or ¾-height walls.

Bathtub or shower not looking so hot either? No need to worry. Each bathtub and shower base liner is custom manufactured to fit perfectly over your existing bathtub. You can have a new bathtub and shower that will last for years. The lustrous acrylic finish will not dent, chip,

rust, fade, yellow or mildew. Since Re-Bath products have a nonporous surface, they are easy to clean and maintain. The acrylic surface simply wipes clean.

Each is perfectly designed to match your system. Select from a variety of colors in standard or high gloss. There's sure to be one to match your decor.

The installation is quick, clean and installed in a day by our courteous, professional technician. The best part of all is that your bathtub liner is ready for same day use!

## Local Dancer Receives Honors

Chandra Lynne Alberding, daughter of Mr. and Mrs. Robert Alberding of Barrington, was recently awarded second place honors at the National Society of Arts and Letters regional ballet competition held on April 1 at the Krannert Center for the Performing Arts on the University of Illinois/Urbana-Champaign Campus.

The competition focused on an adjudicated ballet class, followed by a required classical variation and concluded with a free-choice ballet selection. Contestant performances were judged upon technique, projection and character, musicality and artistry.

Ms. Alberding (who is a student at the Judith Svalander School of Ballet in Crystal Lake) performed the "Black Swan" variation from Act III of *Swan Lake* as her required selection and concluded her competition with the "Swanilda" variation from Act III of *Coppelia* as her free-choice
