

## THE WELD THAT HELD

You will find electrically welded hoops on ice cream freezers and washing machines, on many tubs and buckets. Examine them. "PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

**MR. FARMER: LISTEN, NOW.** Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this:

That the wires are not injured at the joints.  
That the fence is perfectly adjustable to uneven ground.  
That the steps will not separate from the strands.  
That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.

**WHOLESALE AND RETAIL DISTRIBUTORS FOR BARRINGTON:**  
**Grebe Hardware & Harness Mfg. Co.**

Science has developed something infinitely better than the old-style wrap or clamp.

## "PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

**AWRAP** holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINTS; examines the joint.

**STAYS CANNOT SLIP.** They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

### Every Rod is Guaranteed Perfect.

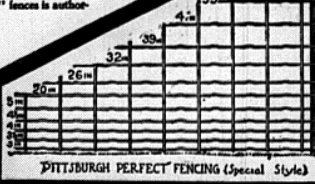

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its tires would be welded by electricity.

It is the modern, simple and marvelous process, producing "THE WELD THAT HELD."

PITTSBURGH PERFECT FENCING (Special Style)

Fence can be found on sale at Our Agencies, as follows:

H. L. Prehm, Lake Zurich; M. W. Hughes, Wauconda; A. C. Zimmer, Palatine; Otto Landmeier, Arlington Heights; Busse Bros., Mt. Prospect; B. F. Kinder, DesPlaines; J. H. Roloff, Park Ridge; Wm. Quentin, Quin's Corners; V. Sour & Co., Long Grove; H. F. Scherman, Lake's Corners; Geo. Ost, Diamond Lake; L. H. Grebe, Cary; Freye & Senne, Crystal Lake; A. H. Hennings, Algonquin; Bolz Bros., Dundee.

## WAUCONDA.

Continued From First Page.

his home last Saturday evening, who came to assist at celebrating the 53d. anniversary of his birth. Progressive eulge was the order of the evening, and an elegant relay of refreshments completed the program for the evening. About midnight all departed wishing their host many happy returns of the day.

Messrs. A. L. Hendee, of Waukegan, and M. T. Lamey, of Barrington, called on friends here recently. Mr. Hendee seems to be Wauconda's choice for the County Clerk's office.

J. W. Gilbert, of Union, was called to the bedside of his mother Saturday, as she was in a precarious condition. At latest reports, she is gaining. Mrs. A. T. Gilbert is also on the gain.

The Niagara Fire Dept. will meet in the Engine House Tuesday evening, when officers will be elected for the ensuing year. All members are requested to be present.

Wauconda never would be left behind. While our neighbors have been entertaining the "Woman in Black," we have been favored with a visit from "The Man in Black."

Walter Waeitl has returned from Fort Hueron, S. Dak., where he has been spending the winter at the home of his brother, Otto.

Several of our ladies assisted at the quilting bee at the home of Mrs. A. Cook last Friday afternoon.

The Misses Ethel, Hazel and Maggie Duers attended Ringling Bros. Circus in the city Saturday.

Mrs. J. D. McCate returned home Tuesday after having spent the winter with Chicago relatives.

Mrs. G. D. Stroker and family have returned from a week's visit with relatives at Palatine.

J. P. Blauco, of Elkhorn, Wisconsin, called on relatives here Friday and Saturday.

Mrs. Abner Potter left Tuesday for North Dakota, where she will remain for some time.

Mrs. Clara Lamphers, of Gilberts, is spending the week at the home of her sister, Mrs. Clara Fuller.

Frank Robinson and friend, of Chicago, are shooting ducks in this vicinity.

### Is The Floor Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, General Debility and Female weakness. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by Barrington Pharmacy. Price only 50c.

### The Opening of the Shoshone Reservation.

Chicago, Ill., March 30.—The Passenger Department of the Chicago & North Western Railway announces that the opening of the Wind River or Shoshone Reservation public lands in Wyoming has been postponed until August 15, 1906, by joint resolution of congress.

Railroad construction to the Reservation border is being pushed rapidly, and will probably be completed within a few weeks.

The land of profitable opportunity still lies open to the homesteader.

The Western frontier is rapidly disappearing, but the homesteader and settler still find an occasional opportunity to pick up a quarter of a section of government land. One of the last chances of this kind will be given by Uncle Sam when the Wind River or Shoshone Indian Reservation lands are thrown open to the homesteaders this summer.

This tract of something over a million acres is situated in central Wyoming, just east of the Jackson Hole country and the Yellowstone Park forest reserve.

In the mountains, elk, bear, deer and other wild game have been most abundant. It has been without facilities in the past, but the Wyoming & North-Western Railway is now rapidly laying rails across Wyoming from Casper, the present terminus of the North-Western line, to Shoshone, the new town which has sprung up since the reservation opening has been announced and to Lander in the Lander Valley, one of the richest spots in Wyoming, where numerous small irrigated farms produce forty to forty-five bushels of wheat, two hundred bushels of potatoes, and sixty bushels of oats to the acre.

This new line of railway opens up millions of acres of sheep and cattle range where the rich buffalo grass and grama grass make the best pasturage on earth, curing like grain, so that stock will fatten on it to the fall.

The new line passes through Wolton, one of the biggest original wool shipping points in the world, and will be completed to Shoshone within the next sixty days or less.

Shoshone is two and one-half miles from the reservation border, and here and at Lander the government will probably establish land offices for registration when the Indian lands are open.

The Reservation has been inhabited by a docile, law abiding people, who are engaged in farming in a small way. The most of them have taken up land by allotment, preparatory to abandoning the reservation, and the government is encouraging the leasing of these Indian farms, which are very choice lands, to white farmers.

The State of Wyoming controls the waters of Wind River and Little Wind River, and the State engineers are making surveys and preparing for the irrigation projects under State supervision, by which a large proportion of the reservation will be placed under water and thereby made very valuable. Agriculture here without irrigation

is practically out of the question, and such lands as do not come under the proposed ditch will be used for grazing lands, for which purpose they are without a superior.

If the State builds the irrigating canals now proposed, it will give an opportunity for new-comers and settlers to secure work.

A large movement of people West is predicted when the rates for the Shoshone opening are placed in effect. The fortunate settler who secures one of these quarter sections will get his land at a cost of about \$1.50 per acre, payable in easy installments, covering a period of several years. This, of course, does not include the cost of water rights on such lands as are to be irrigated.

The Mid-year convocation of the Rockford District Ministerial Association will meet this year at Waukegan St. church, Rockford, Ill., April 16, 17 and 18.

Frank Roney of Wauconda had quite a time getting his team to leave the square down town. The new coat of paint on the fountain must have been the attraction.

A parlor drama, entitled "Eulge of the Affinity" will be given by members of the Woman's club under the direction of the president, Mrs. M. C. McIntosh, on Thursday afternoon, April 26th. The play will again be given at a later date at a public entertainment under the auspices of the club.

Word was received last week that the home of Mr. and Mrs. Schuler in Quincy was darkened by the loss of their infant child. Mrs. Schuler was formerly Miss Ida Jahneke of this place, and her many friends have sympathized with them in their hour of sorrow.

Confirmation exercises were held last Sunday morning at St. Paul's church. Those in the class numbered nine, and were: Misses Martha Wentz, Caroline John, Hattie Johnson, Hattie Jahneke, and Messrs. Albert Brandt, Roy Meister, Ed. Mavis, Willard Johnson and Will Jahneke.

### Two Years Hence

In 1908 many people will wonder how they ever managed to live in 1906 without a telephone. Many people today wonder why they did not order the service years ago. It saves its cost; places the world's ear at your disposal. Chicago Telephone Company.

### Low Rates to Los Angeles.

Via the North-Western Line. An excursion rate of one first class limited fare for round trip, will be in effect from all stations April 25 to May 5, inclusive, with favorable return limits, on account of Imperial Council, Niles of Mystic Shrine. Three fast trains through to California daily. "The Los Angeles Limited," electric lighted throughout, via the new Salt Lake Route, with drawing room and tourist sleeping cars. "The Overland Limited," electric lighted throughout, less than three days enroute. Another fast day train is "The China & Japan Express" with drawing room and tourist sleeping cars. For particulars and full information apply to agents Chicago & North-Western Ry.
