Vice and Goodness.
The natures of all born in equal station are not so widely varied as to present extremes of vice and goodness but by the effects of rarest and severest experience. Beautiful fables and terrible fictions do not stand by each infant's cradle sowing the nascent mind with tenderest graces or vilest errors. The slow attrition of vicious associations and the defying individualities of the sudden impulses of some terribly multiplied and social disaster must have worn away the susceptibility of conscience from the height of these down to the depths of despair and recklessness before one of ordinary life could take counsel with violence and crime.—Frederick A. Allen.

Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at Barrington Pharmacy 50c.

BARRINGTON, ILL.

Country Auto Mail Service.

In the counties of northeastern Ohio and the level portions of Pennsylvania north of Pittsburgh a movement is on foot for the establishment of a rural automobile mail service. Fairly good roads and the absence of many steep hills make an automobile by far the quickest method of transportation. It is claimed that, in addition to the greater rapidity of the service, the first cost of the machines will be more than offset by the greatly reduced number of carriers needed.

British Roads For Autos.
