In the threatened diamond war dia cond will cut diamond.

Just to show that she is still equal to her old role, Venezuela is defiant

Even the kalser has gone the fate-ful way of ordinary men and has been writing letters.

Too many men, remarks the Charleston News and Courier, take the "rest cure" for poverty.

"Ohlo Scientist Dies While Study-ing Flora," is the headline in an ex-change. Flora must be perfectly killing.

"Never spank the children befor your wife," advises a contemporary Yet if you spank your wife you ar liable to divorce proceedings.

The growing disinclination of sep-uagenarians, octogenarians and nona-enarians to celebrate their birth-ays is getting noticeable. The old odgers are too busy.

Still, it is a fairly reliable test of the real freshness of eggs that is af-forded by the price on the basket. If you see them coming out of the 20-cent basket they might be fresher.

Second Lieut. Glen E. Edgerton of Manhattan, Kan., stood at the head of his class of 108, graduated from West Point this year, three months earlier than the usual time for graduation.

Still, we go on burning up children, with occasionally a mixture of adults, for no especial reason that can be discerned except that it is cheaper to build firetraps than safe buildings.

A railway through the mountains north of the Adriatic sea, constructed by the Austrian government to build up the trade of Trieste, though only 139 miles long, has 679 bridges and viaducts. It also runs through 49 tunnels.

A Philadelphia paimist says that in his 24 years of practice it was a poor day when he did not make \$15 or \$10. The stronger sex are said to be the most guilible victims, while the women are hard to bandle and not so ready to be convinced.

we ready to be convinced.

It seems strange, says the Brooklyn
Citisen, that American hetresses who
long for a title do not take advantage
the fact, often stated, that haronial
and other titles can be bought to
Germany and litaly for \$200 and up, instead of paying a million or so for a
bankrupt estate and a worthless spendthrift thrown in.

thrift thrown in.

Now that the Greenough statue of Washington, which has shivered in inclement weather in front of the capitol for so many years, is to be put under cover in the Smitheonian institution, why not give it a kinnon, too? According to Mr. McCall, the figure has been trying to reach out and grasp its clothes since 1841.

Some idea of the present impor-tance and value of great tracts of timber land may be gathered from the fact that an Australian company has secured a concession from the Rus-sian government to take out 30,000,000 feet of lumber a year from Siberian forests. Prices are so high in Aus-transported Spol mile sto Melbourne at a handsome profit.

transported 8,000 miles to Melbourne at a handsome profit.

The inventor of that odorless onlon has conferred a great boon on manhand the handsome profit.

The inventor of that odorless onlon has conferred a great boon has conferred a present that it is just as plonesters between the painte and as entirely anti-accorbute at the old kind. But we have our doubts. Your real onlon-lover is not likely to believe in the complete genuineness of that bulb unless it advertises itself to visitors for a full 24 hours after consumption.

hours after consumption.

Two naval records were made the other day. A gun crew, in command of a young officer who has been out of a full day of a young officer who has been out of a full day of a gung officer who has been out of a hit with every one of 25 shots from a hit with every one of 25 shots from a hit with every one of 25 shots from the contract of the co
