bly feet they have the manderlast— They fain would lead me on Adown the gray road soft with dust Adown the gray road soft with dust To where there lift the distant bills. A-many ways to roam. By heart with one deep cedence thrills— IA whispered sond of home.

Ny feet would set themselves to SHIII on and up and down. To seek the methways to and fee Through country and through to find the sunshine here, and the The shade of city walls— But softly on the spulsing air The bome place ever cells.

O, fair the path! And fair and far.

The countries I would see,
And morning slow and evening ster.

Show farth this path to me.

By eyes look on, my lies are mute.
But be it night or need.

There comes to me, irresolute.

The homeons in a reven.

The wanderfust it lures my feet.

To where the pathways part,
But now there dames with sudden heet.

The helmsweb in my heart.

And so farewell to reaching trail

And fashing, wind-dung fosm:

by heers but heeds the stronger balt—

The beckward path, and home.

Home Is Only Natural Place for the Child

It is undoubtedly true that the sense of It is unlouistedly true that the sense of parental responsitify is diminishing rather than increasing. Numerous conditions are consistent to encourage this spirit, and these conditions may be detected in some first the institutions of which America is to proof, netality in the public sense of the proof, netality in the public sense of the proof of the proof, or that may be a pool of a proof, or that may be a pool of the proof of t

doubt, practically the entire care through the day hardly more than infants. The authority and affection of the home are in some measure super-soled by those of the school, and it is well known that parents are tempted to take advantage of the kinderparten system to shirk parental responsi-

For children of tender years the home influence, if it embraces what can be called a home, should be the controlling factor in instilling family can be called a none, seemed to be and unselfishness.

The old-fashioned child over whom parental authority was

The odd-fablished while over whem parental authority was exercised nor effectively was quite as bright and good as the new-fablished child for whom discipline has been so universally relaxed. It is a hopeless plan to attempt to improve the mind or the moral nature of children under ten years of age by placing them in what prac-

Auni G. Munay ught to be directed to making it in all cases the fittest place.

Teach Children Beauty

Children should never be allowed to Children should never be allowed to pluck flowers, even in the field and bedges, merely to throw them aside; they should be early taught reverence for this floral beauty which is around them and never be permit-ted wantonly to break down boughs and branches, or fill their laps with buttercups
