(VOTE FOR ONE) ☐ IOHN BALMES

☐ JOHN WELCH

Every drop of Heath & Milligan Paint

is subject to a pressure of 2200 pounds. Every drop goes through seven slow thorough pro-cesses of manufacture which insures complete unification or mixing. That's why

Feath & Milligan

paint lasts so long. paint lasts so long. Looks so much better and you use so much less than any other paint.

¶ Every drop is absolutely uniform, that is why it never wears out in spots, but after years and years of exposure you find all parts have worn down gradually, smoothly and evenly and the wood in splendid shape, underneath.

¶ Ask for sample color cards and more reasons why you should use Heath & Milligan Paints.

Lamey & Company Barrington , F

Buyers of Drinting

¶Assuming that you want the best-isn't it worth a great deal to you to be able to say to your printer: "Here is copy for"-say a cir cular, some letter-heads, or something of the sort--"I want ----"-say two thousand-and then be able to forget the entire matter, resting assured that his work will please you -will be exactly right, in fact.

That is what our customers do.

The printer who thus has the confidence of his customers must offer efficient service. And that is exactly what we do offer and are ready to give to you.

¶Are you ready for us?
