ment of the American people. He says we set too much, drink too much, work too much, sleep too much, load too much and take medicine too much. Would the doctor admit that some of as talk too much? If so, could he do lit without a self-conscious blush?

In New York It has been made as offense for a driven of a milet we hadde to speed way fire m accretion, and it he is exactly a fire mental to the second of It may be true, as an oculist says, that cigarette smoking mars the beau-ty of a woman's eyes, but we need no eculist to tell us that it discolors the

The logic machine is badly strained by those who argue that because vice runs rampant in most of the great cities of the country, therefore it is vice that makes these cities great.

A deaf and dumb immigrant, when questioned by the officials, pulled out a roll of bills containing \$25,000. His money was talkative—nay, even elo-

The automobile mile record is now 25.40 seconds, and the locomotive is distanced. The aeroplane may, how-ever, become a competitor.

Oriental shippers tell us that China grows the finest peanuts in the world. But what are peanuts without base-ball?

From the way some persons disre-gard their doctor's advice you'd think it was a free sample.

Improved Sewing Cabinet.

A sewing cabinet spacious enough to hold everything a seamatress may need in her work, yet which folds up like a screen and can be carried by handles has been invented by a Missourian.

And Glad to Be Alive.'

Bome men live in the country, som
in the city; bihers just exist.—Judg

A Brooklyn man got blood poleoning from a blater caused by lawn moving. Just on the eve of the opening of the suburban season, this accident is a significant coincidence, if nothing more. At any rate the victim coincidence, the state of the suburban season, this accidence are the besseling of his kind for furnishing the average or muter with a good and valid excuse to hon owife worthy of the name cat sinasy.

A western university professor says

A western university professor says that the blonde type will become ex-tinct in this country and that the av-erage American will revert to the la-dian type. But here comes in the triumph of science over mere nature; even atavism cannot extirpate the chemical blonde.

Into each baseball season some rain

Peat General Russian Fuel, Peat constitutes about one-third of the fuel used in the central industrial districts of Russia. Lifelike.

Bigamy: Three hearts that beat as me.—Life.

Posts the Farmer on Market Conditions

NO useless trips to town for the progressive farmer. His Bell Telephone saves him all that.

The latest market quotations are his, and he waits till market conditions are right before shipping produce. The Bell Telephone is as necessary to the

The Bell Telephone is as necessary to the up-to-the-minute farmer as are modern agricultural implements. He must have both.

Consult our local management and join the ever increasing host of farmers who are Bell Telephone subscribers

An Old House is as easily wired as a new one in course of construction

A wired house is a modern house and the morevement which costs but a moderate sum adds materially to its value.

It places at the command of the occupants all the manifold services of the Central Station.

> The most perfect of artificial illuminants and power to operate a great variety of labor sav-ing appliances are then available for

Electric Service is a Luxury in everything

Ask for particulars of our plan of wiring houses at cost-24 months to pay-no interest.
