EGGS FOR HATCHING

I have no more to keep than I can give you. That's why I wish to tell you about my **Slack Island Eggs**. I have about 70 hens and have been hatching in a very good record and I would pay all children's ransom to try this again for my living. I will offer you eggs from these hens at a very reasonable price to make as you want them.

PERCIE R. JAMES

OLDEST SOLDIER IN BRITAIN

Recently Celebrated the Fifty-Second Anniversary of His Appointment as Royal Gunner.

The oldest soldier in the British army is said to be Samuel Parsons, the king's gunner at Windsor castle, who lately celebrated the fifty-second anniversary of his appointment as the gunner in the round tower of Windsor castle. Although nearly 87 years of age, he is still on the active list, and has drawn full military pay for sixty-five years. Parsons still retains all his faculties, his sight being very good, and enjoys good health. He was born at Morval, East Loos, Cornwall, in 1824, and at the age of 19 years joined the Royal artillery at Devonport. He was at Quebec with his regiment for six years, and after three years' home service was dispatched to the Crimea. After being laid up for a time with fever Parsons returned to the seat of war the day before the charge of Balaklava, although he did not take part in that memorable charge, but was present at the battle of Inkermann. After the Crimea he went to Woolwich and was appointed royal gunner at Windsor castle Oct. 17, 1883.

Parsons possesses six medals, including the Crimean medal, with bars for Sebastopol, Inkermann and Balaklava; the Turkish medal, the long service medal, Queen Victoria's jubilee medal, with a bar for the diamond jubilee; King Edward's coronation medal and King George's coronation medal. During the fifty-two years Parsons has been at the round tower there has never been an accident, relates the London Standard.

Church Music.

Music has long been notoriously a provoker of discord. Once in the morning of a scoop on a choir rumper, and I thereupon formed the habit of lending an anxious ear to rumors of trouble in choir lofts. The average indifference to the music, built up for the display of the soprano's vocal powers, has always struck me as an anomaly. I even believe that the horrors of highly embellished offerings have done much to tighten pursesstrings and deepen generous impulses. The presence behind the pulpit of a quartet of singing boys, on behalf of the bored singers in the pews has always seemed to me the prototype of socialism. For has not contemplation of vested choir in unadorned choruses shaken my belief that choir music should be an affair of the congregation.—Merritt Nicholson, in the Atlantic.

A Girl With Midnight Hair.

To many people of a fearful forest fire in the Catskills a young girl rode homeback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery. Incurable lung trouble, coughs and colds, which might have ended in consumption and pneumonia, "I cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex. "After four in our family had died with consumption, and I gained 27 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c \$1.00. Trial bottle free. Guaranteed by Barrington Pharmacy. —Adv.

We're going to send ten farmers to Bitter Root Valley. They must be married and the larger the families they have the better. They must be industrious and have practical knowledge of farming. These 10 families will be placed on farms of their own that can be paid for out of the earnings and will be given good wages to help take care of our commercial orchards. This is the "poor man's chance." He will have every opportunity to make a fortune in a few years on land good as can be found anywhere—land that will be worth \$1,000 per acre when he gets it under cultivation, land that will net him \$200 to \$300 per acre every year in fruits and vegetables. You will need only a small capital to start with. You can pay for your farm land out of the profits after the second year. Remember we can send only 10 families so write at once, if you think you can qualify. This is "The Poor Man's Chance." O. W. Kern Company, 229 Andrews Building, Minneapolis, Minnesota.

Frightful Polar Winds.

blow with terrific force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bockley's Arctic Salve to heal them.
