## VILLAGE TRUSTEES IN MONTHLY SESSION

Board Pays Bills and Considers a Few Communications and Other Matters—Meeting Was Short.

At the regular monthly session of the board of trustees, held Monday evening at the village hall, little business out of the routine was transacted. The trustees were in receipt of a communication from the state board of health enclosing a copy of a letter received by that board from A. E. Keeler of this village complaining of the condition of the ditch on Belmont street between Grove avenue and his property. The matter was referred to the committee on drains and sewers with instructions to make a full investigation and report at the next meeting.

Some informal discussion was indulged in regarding the possibility of constructing a booth in the ante-room of the hall for the use of operators of moving picture machines, cutting a hole in the wall for the pictures to be flashed through and placing the screen on the opposite wall, just the reverse of the present plan. This would have two advantages the trustees thought, that of lessening danger in case the films caught fire and giving more room in the hall for the audience. The idea may be taken up later.

The trustees also had their attention called to a bill presented by H. D. A. Grebe to Fred Haempker of Palatine for replacing a hydrant on Main and Cemetery streets which was broken by Mr. Haempker recently when moving a building. Mr. Haempker was of the opinion that the bill was excessive and wished the advice of the trustees. No official action was necessary, but the general opinion of the trustees seemed to be that it would be better for Mr. Haempker to pay the bill without further protest, and Marshal Peters was instructed to advise Mr. Haempker of this decision, should he have the opportunity.

The following bills were allowed:

F. H. Plagge, coal	3 73
Walter Lageschulte, material	2 85
Edward Peters, cash advanced for repairs	1 00
Louis Reese, labor	1 15
J. D. Robertson, issuing burial permits	2 75
J. D. Robertson, salary, three months	25 00
Edward Peters, salary	50 00
Fred Jahrbols, salary	45 00
M. H. Stokes, folding chairs	28 50
F. L. Wasserman, postage	8 96
George Stiefenhofer, material	1 10
J. H. Hatje, repairing pump	5 10
John Jahneke, hauling clinders	24 00
E. J. & E. railway, re-informing road bed to allow sewer to be laid underneath	101 09
Public Service company, pumping water	75 00
Public Service company, electric lighting	139 06
Public Service company, current for village hall (used by picture machines)	1 70

**Gray's Picture Shows.**  
R. W. Gray, at his show tomorrow evening will present an Indian film in two reels entitled "The Fall of Black Hawk." Black Hawk was the Indian Chief who, with his band, terrorized the white settlers of this vicinity early in the nineteenth century and proclaimed a war in which Abraham Lincoln and Jefferson Davis, later presidents of two rival peoples, fought side by side until almost the last one of his once powerful tribe of Indians was killed. This picture should be of special interest to Mr. Gray's audience because it depicts scenes closely related to the early history of this state. The place where this village now stands was once a hunting ground of Black Hawk's tribe and it is quite probable that some of the battles of that early Indian war were fought on this very spot. Other attractions are mentioned in his ad on page eight.

**Shops Take Fifty Dollars.**  
John Edley, a 19-year-old son of one of H. D. A. Grebe's, left the village Monday evening taking with him \$50 in currency which he purloined from Mr. Grebe's cash drawer.

Edley has been an employee of Mr. Grebe's for about a month. That evening considerable money was left in the cash drawer, about \$150, and Mr. Grebe considers himself fortunate that he did not lose all of it. After taking the money Edley engaged George Wilburn to take him to Crystal Lake, where it has been heard, he took a train to Elgin, and there purchased a ticket to Milwaukee.

It is Edley, the young man's father, who is an employee of the United States Express company in Chicago. He refuses to be responsible.

## WRITES OF BOYS OF LONG AGO

Former Teacher in Lake County Schools Speaks of Difference in Boys of Now and Earlier Days.

The following item, recently published in a Wauegan paper, should interest local people because it is the story of a former resident of this village.

"A Wauegan man who used to teach school near Barrington happened to be talking about the way children are today trained to the homes and in the schools. He let his mind wander back to when he was a school teacher. And then he thought of an incident which bears recounting here because of the contrast with boys' actions of those days and now.

"It was just time for the janitor to ring the school bell at noon. The teacher glanced out of the window and saw a funeral procession at the edge of the school yard. Quickly he touched the janitor's arm, saying: 'Don't ring the bell just yet.'

"The janitor obeyed and then the teacher looked out of the window to watch the procession pass. And the sight he beheld rewarded him for having held back the ringing of the bell.

"There along the edge of the sidewalk, he saw the school boys lined up with their heads bowed and their hats in their hands as the procession passed, showing a degree of respect which brought tears to his eyes.

"The chances are if such a thing happened in this locality, the boys instead of doffing their hats and showing respect, would hurl a snowball or a stick at the carriages as they passed.

"And it all goes to show the difference in the effort of teaching children these little courtesies, thoughtfulness, etc., in the home and in the school. This teacher admitted that he had always did his best to instill into his pupils' minds the value of being polite, courteous and always manifest a desire to do the little things in life which are worth doing.

"The teacher in question is now Circuit Clerk of Lake county—L. O. Brockway. And, perhaps, that's why he's clerk—because he made it a rule to think of those little things and try to cause others to think of them."

**Milk Producers Meet.**  
Fred Blume of Palatine and William Kruefs of Barrington township were the men from this vicinity elected as directors of the Milk Producers' association at the meeting held in Chicago Monday. Fred Kirschner and P. A. Hawley, the delegates from the local organization, were the only ones to attend the meeting from this village.

An all-day session was held and a long resolution was passed in regard to the price to be accepted by the producers for their milk for the six summer months commencing April first.

The substance of the resolution was that not less than \$1.50 per hundred pounds, average, would be considered by the dairymen taking their milk to buying plants, and not less than \$1.25 a can by can-shippers.

**Talk Politics Soon.**  
Township and village politics will soon be the most important local issue and it is time for all prospective candidates to announce themselves. Township primaries will be held about the middle of March and the village primary about two weeks later.

If you are desirous of becoming an office holder or wish re-election, the quickest and most satisfactory way for you to get your name before the voters is to place your announcement in the REVIEW. The paper is read by 95 per cent of the people in this village and the township of Cuba and Barrington.

**Another Masque Ball.**  
The Owl club will give another masquerade dance at the village hall next Thursday evening. Six prizes will be given as follows: One each for best dressed lady and gentleman; one best dressed lady and gentleman; one each for best lady's and gentleman's Dutch costume. Music will be furnished by Mrs. Herman's lady orchestra of Woodstock, and an admission fee of 75 cents will be charged for ladies and 25 cents for ladies and spectators. Math Pease will have suits on hand for rental.

**Ed. Tison Best Agent.**  
E. C. Tison was informed this week that he again holds the record among Public Service company contracting agents for receiving the most business for the company during the past year, and has been awarded a substantial prize as a reward. This is the second year Mr. Tison has been high man, and 58 other agents were in competition with him this year, which goes to prove that he is a hustler.

The 95 agents of the company held their annual meeting in Chicago last week.

**Bible Lecture.**  
The lecture on the Bible by Rev. Dr. Leeman at the Methodist church met on Tuesday afternoon with Mrs. O. F. Mattison. There were seven present. The meeting was in charge of Mrs. Howard P. Castle and the topic for consideration was, "The New Educational Methods in Modern China." Persons taking part in the program were, Mrs. H. A. Hardin, Mrs. J. A. Calkins, Mrs. Ida Bennett, Miss Irene Keeler and Mrs. John Schwann.

There was also a general discussion on the subject of Chinese education, in which a number of ladies took part. A message of thanks was received from Pei and Fu, China, for the Christmas presents sent to the children in the school which this society is supporting in that place. It was announced that a letter would be sent from the school later on.

**Will Have New Directory.**  
F. K. Bumstead, the directory man in town this week making compilations for a new directory which will be published in April. Mr. Bumstead has printed eight directories for this county and plans to issue one each two years, but the one he is now working on will be the first since 1908. His directory includes the entire county, taking in every city and village and rural routes, and makes a volume of about 1200 pages six by six by inches in size. A complete business and society directory is included under each town head as well as a residential directory. The entire village of Barrington is included although the greater portion of the village lies in Cook county.

**Trip Around The World.**  
The members of the Young People's Social union of the Baptist church have planned a "Trip Around The World" entertainment to be given on Friday evening, February 24. Conveyances will be provided and the passengers will be taken to the homes of the various members of the church, each representing a country. The first conveyance will start at seven p. m., and the first stop will be made at "Ireland" Mrs. Carrie Kendall's. The other stops are: "Germany," Albert Robertson's; "Italy," Fred Linn's; "Japan," George Bamber's; "Poland," Stanislaus Baptist church parlor. The last trip commences at 5:30.

**High Butter Market.**  
The prevailing sales of butter were made on the Elgin board of trade Monday at 34 cents a pound. It was voted to raise the quality of butter one cent in winter and one and one-half per cent in summer. The butter market last \$1 points in winter and 75 in summer.

**Ground Hog Seen Shadow.**  
The secondary weather prognosticator, G. Hog, the Professor Moore of the animal kingdom, had ample opportunity to see his shadow Sunday, and it tradition can be believed, he has held himself up for another six weeks of cold weather. Certain the weather we have had these few days following has been such as to lend emphasis to this ancient superstition, which is attributed to the German folk lore concerning the lagday "who peeps out of his hole Candlemas day and if he sees the shadow he walks abroad, while if he sees the sun he draws back into his hole."

"If Candlemas day be fair and bright, winter shall have another flight; If Candlemas day bring snow or rain, winter has gone, not to come again" is the English form of the same idea.

**Governor Duane's Address.**  
The inaugural address of the new governor of this state will interest every one of the REVIEW's readers, we know, and we are publishing a three column article containing the pith of his speech a page three in this issue. This page also contains our usual two-column Washington letter by George Clinion, one of the best of present-day Washington correspondents. By reading this letter every week you will get the important news from the capital without wading through a lot of uninteresting details.

## THE LINCOLN BIRTHDAY BANQUET

All Preparations Are Made for the Yearly Banquet of the Barrington Men's Club.

Before another issue of the REVIEW the Lincoln jubilee banquet of the Men's club on February 12, will be only a memory. It is 50 years since the great Lincoln, by a stroke of his pen, backed up by the freedom loving spirit of the soldiers and citizens of the north struck off the shackles from the limbs of four million dusky sons of Ham. There are ten millions of them now, and many of them are making rapid strides to the race for worthy citizenship.

The program of toasts, for the banquet, provides two brief addresses on this subject, one by Rev. H. H. Thores and the other by F. Lovell Bennett. The rest of the program deals with Lincoln as a man and as a statesman. Good speakers will respond as Messrs. A. C. Lines, H. P. Castle, Herman Glenske and L. H. Bennett. E. L. Wilmer will see to it that there shall be no lack of innocent fun. The "Hall-splitter's" ax will scatter chips and good music, vocal and instrumental, will add to the pleasure of the occasion. The Ladies' Aid society of the Methodist church will again provide the menu, and nothing in that line will be lacking. Dinner will be served at 6:45 p. m. There will be an informal reception in the auditorium from 6:00 to 6:45 p. m. Programs can be obtained of L. H. Bennett at the office of the Public Service company on Cook street. Also telephone Mrs. Bennett, telephone number 12, or drop him a postal to reserve seats. There will be accommodations for only 100 persons at the tables and plates are 10 cents each.
