### DAIRYMEN WANT BETTER PRICES

Continued from first page.

100; Crystal Lake, 125; Gilbertha, 125; Algonquin, 90; Dundee, 100; Sutton, 85; and all are holding out. Taken all together the milk producers are as well organized this spring as could be wished and they will secure a fair price for their milk this year if they are ever going to do so.

Harry Fick, manager of the Bowman's local plant said: "We are offering 11.34 average per 100 pounds and our bonus of 10 cents per 100 pounds, paid to farmers whose dairies score 65 points or over, brings the price up to \$1.44, which is only 11 cents less than the dairymen are asking, and we are confident that they will sign up before the first of April. This winter we offered this same bonus and over 90 percent of our patrons received it, as they doubtless will do this summer. I believe they are pretty well pleased with our prices but are holding out because they wish to force the Borden people to do better."

Reports from Huntley, Harmony, Alden, Hebron, Richmond, West Chicago, Sycamore, and other places state that practically all of the farmers are still holding out. In McHenry county there are but few who have signed at any of the factories and the farmers there claim that they are being withheld by Chicago dealers who wish their milk at the price asked. At a meeting of the producers at Hebron Tuesday it is reported that \$3,000 was subscribed for the purpose of erecting a co-operative creamery and at a meeting at Alden the same day \$2,000 was subscribed. But four patrons of the large condensing plant at that place are reported to have signed up contracts.

E. S. Eno, superintendent of the Borden factory at Elgin states: "It may be that some plants will not get much milk, but altogether the Borden company will have enough milk to run the business handily."

Despite the fact that many of the plants offered favorable prices yesterday the farmers are still withholding their contracts and awaiting word from the officers of the association. President Fellows declared that the farm price for the first time in the history of the association is the dominant market price.

Richmond, Smith & Company, Chicago agents, are contracting on the basis of the Milk Producers' shipping price and according to Mr. Fellows, need 1,000 more cars a day right now than they are getting. They are signing 25 to 30 more contracts a day than ever before, he said, and have agents in the dairy district contracting for more.

The best offer thus far was made yesterday by the Sanitary Milk company of Mayfield, this company's price averaging \$1.04 1/4.

**Golf Ball Poachers.** Many complaints have been received by the police of the loss of golf balls from the Rye Brook Golf Links, while actually in play. It is alleged that gangs of youths gather at places on the links where the balls are cannot see the balls fall, and then the balls disappear sometimes even when they fall on the fairway. As the result of a watch kept by the police in trees and behind hedges, several prosecutions have taken place recently.—London Mail.

## AMBITION TALKS

BY HARLAN READ

THE MULE IS AN IMPORTANT ANIMAL. The world owes its greatest debts to disaffected people, and the coat-of-arms of the Goddess of Liberty should be: "On a field bloody, the kicking mule rampant."

We owe our national freedom to a number of disaffected gentlemen who had a nonconformist tea party; and our British friends owe theirs to a bunch of sure-footed hybrids who did not approve of King John's plan of running a government by verbal message.

### Giant Pineapple.

The Shakers' pineapple weighing 13 pounds five ounces. With this pineapple and others nearly approaching its size the Shakers have taken most of the prize at county and state fairs for the finest pineapples.

# WORDS OF TRUTH

## WASHINGTON TEMPLE

WASHINGTON

**MOTHER EVE CREATED**

THE first pair were created approximately in the beginning of the Seventh Day or Epoch, which is now nearly completed. Mother Eve was merely a portion of Adam separated from him for a special purpose—for the propagation of a race. Adam possessed originally in his own person the qualities masculine and feminine which subsequently were divided between him and his wife.

Adam for a time was alone in Eden, finding no congenial companionship in the beasts and birds. Mother Eve was his mate, bone of his bone and flesh of his flesh. Even their very difference of quality and disposition made them the more companionable to each other, because each found in the other the desired complement. The twin were one, neither one was complete without the other. The feminine qualities of Adam's perfection he still possessed, but they were incomplete except as supplemented in Mother Eve.

Adam was the father of the race and failed to give it life; Jesus is to become its second father, the Second Adam, through whom everlasting life may be attained.

As Mother Eve was associated with Adam in the sin and disobedience which brought the penalty, so the Eret Church, the Bride of Christ, when completed, glorified, will be His Joint-heir in His Kingdom, and His associate in the "regeneration" of the world during His Reign.—Rom. 8:17, Matt. 19:15.

Another suggestion has been offered: Jesus declared that those who attain to that resurrection will neither marry nor be given in marriage. As Adam originally contained all the qualities of character, masculine and feminine, so humanity when fully restored to the image and likeness of God will retain perfection of individuality. The sex divisions of the race will then have disappeared, for the earth will have been filled with a sufficiency of population.—Luke 20:35, 36.

### Are You Complacent?

If so, get a box of Dr. King's New Life Pills, take them regularly and your blood will quickly disappear. They will stimulate the liver, improve your digestion and yet rid of all the poisons from your system. They will surely get you well again. 25c at Barrington Pharmacy.

Readers of the REVIEW are urgently requested to send in any item of new interest with which they are acquainted. We endeavor to cover the village and vicinity thoroughly each week, but it is impossible to hear of everything and our readers, by sending in the news of which they know each week, will favor us and help us in issuing a better, newer paper which will better satisfy all of us and reflect greater credit upon the village in the eyes of visitors. Telephone or mail your items, or drop them in the "REVIEW box" which is posted near Hawley's store.

Advertising is an investment, not an expenditure.

### Repairing High Monument.

A well-known London stone-jack named Larkins has been engaged to repair the monument to the first Duke of Sutherland, on the top of Ben Yaggle (Sutherlandshire), 1,200 feet above the sea. The statue is 22 feet high and is on a column of solid masonry 30 feet high. It takes the men two hours to climb to work, and they have to "dove" tools before dusk to allow of a descent in day light.

### His Almost Endless Job.

A small boy watched his mamma taking coffee out of a stove, and said in a thoughtful manner: "Mamma, I would think the devil would get so tired taking up his ashes."

Users Claim that it pays for itself on 20 acres the first year.

My neighbors' fields were plowed at the same time, and prepared with the same care, except that they were plowed the old way, five or six inches, while mine were plowed the Spalding way, twelve to sixteen inches. My neighbors' yield is just exactly one-half of mine, with a yield of twenty bushels per acre, where mine was forty.

**STOP ANNOYING PEOPLE BY COUGHING. STOP ATTRACTING UNDESIRABLE ATTENTION.**

Pure and Pleasant Dr. King's New Discovery Drives Away Cough and Colds. Makes You Feel Fine.

You know how very embarrassing it is to constantly cough at parties, in church and other public places. Besides suffering the distress of coughing, you regret the annoyance to those with whom you are brought in contact, and decide not to go out again while your cold lasts, causing yourself much inconvenience.

"Every winter," writes Mrs. M. O. Cross, Granbury, Texas, "I suffered with severe coughs and colds, but since using Dr. King's New Discovery, I have not been bothered or annoyed with either for over two years."

Ask your druggist for a bottle of Dr. King's New Discovery. He will refund your money if not satisfied.
