Manager Otto Rieks of the American Metal Specialty Works received a message this morning from the president of the company informing him that he just sold a large piece of the form of a Nippon water cooling system to the forist at the LaSalle street station, Chicago.

John Brandt has taken the contract to erect a 60x72 foot garage at Wauconda for George W. Spunner of this village and put a force of men at work Tuesday. Len Brown and Arthur Bommert of Woodstock, former residents of this village, will conduct the business.

An escaped inmate of the Northern Illinois Hospital for the Insane, located at Elgin, was picked up here by Marshal Peters last Friday. He gave his name as Thomas Foreman and said he was from Lansing, Michigan, and was 25 years old. The authorities of the hospital were notified and came for him the next day.

Seventeen ladies, members of the Woman's Foreign Missionary society of the Methodist church in Barrington, attended a meeting in Palestine last Friday. The meeting was addressed by Miss Powell, a member of the hospital staff in Peking, China. The Palestine ladies proved to be excellent housewives.

The home baking sale given by the girls' sewing club of the Salem church last Saturday afternoon in the Groff building was extremely successful. The sale was opened at three o'clock and in less than ten minutes all of the bread and doughnuts were sold and everything was disposed of by 5:30. The young ladies realized about \$25.

Members of the local lodge "The Odd Fellows" went to Palestine last evening where the degree class of this lodge put on a work. Sunday they will celebrate the thirty-fourth anniversary of this lodge in America by attending services in a body at the Baptist church at 7:30 p. m. The services will be held at the Baptist church.

The board of directors of the First State Bank of Barrington has called for notices to all stockholders calling for the payment of stock before May 15. The board members were ready to accept and to pay for the stock of the bank which had been called for by the stockholders.

CHANGES LOCATION.

Atkins Moves May 1 to Miller Building—Plans Larger and Better Restaurant.

George F. Atkins has rented the Mrs. Paul Miller building on Main street, next door to his present location, and will remove his restaurant to that place before May 1. His new quarters, when renovated and repaired in accordance with his ideas, will be considerably of an improvement over his present restaurant. He intends in the future to devote practically his entire time to the restaurant business and out of town visitors, but at the same time will welcome all home here.

He has conducted a restaurant here for the past four years and enjoys a good patronage, which he expects to increase with his improved quarters. With the exception of the Commercial hotel he is the only place in town available for transients and there is little competition between the two places as Mr. Atkins will furnish only meals while the Commercial furnishes lodging as well, hence both are enjoying a prosperous business.

Mrs. Miller will continue to reside in the upper part of her building and Mr. and Mrs. Atkins and family will live in the new house which they have recently erected in the Landwehr subdivision.

McGowan-Niemeyer.
The marriage of Jesse Raymond McGowan to Miss Cora E. Niemeyer took place yesterday afternoon at the parsonage of the Methodist church, Rev. O. F. Mattison, pastor of that church, officiating.

Jesse McGowan was for some years an employee of the Northwestern railroad having charge of the electric signal along a section of the track between North Central Lake and Arlington Heights. He is now engaged on the Hart farm west of town.

Miss Niemeyer has been employed in the Barrington laundry unit quite recently and is the daughter of Mr. Barney Niemeyer, a well known resident of Barrington. Both of these young people are members of the Methodist Episcopal church, and are highly esteemed by all who know them. They will live in the house belonging to John McGowan, in the Hazelton subdivision. The house has been fully furnished and is ready for occupancy.

Mr. and Mrs. McGowan will have the hearty congratulations of many friends and their best wishes for a happy life.

High School Team Wins.

The high school baseball team went to Crystal Lake last Friday and defeated the high school team there badly, the score being 11-1 in favor of the local boys. The Crystal Lake pitcher was nervous and Barrington took nine runs the first inning, but he gathered up his courage after that and held them down very well for the other eight.

Paul Thoren was the pitcher and Reuben Arund was the catcher for Barrington team. Thoren pitched a good game, allowing only a few hits, and had good support.

This afternoon the high school team played the Maine township high school team at the O. V. club's grounds.

To Discuss Debt Question.

The debt has become so thick of late that it has been very disagreeable, and is the cause of much inconvenience, and down-town business men have decided that it is time some action is taken to clear the village. A meeting will be held at the village hall next Saturday evening to discuss the advisability of closing the streets of the village. All citizens are most earnestly requested to be present.

Harry Kirschner and family moved Friday from Mrs. Kate Berghor's house on Hillside street and Grove avenue to the old Kampers homestead on the Wauconda road, and the Peters-Miller family who have been occupying Miss Kate Berghor's house, the old Marshall property on Cook and Rural streets, have moved to the Berghor house.

The board of village trustees met at the village hall last Thursday evening and canvassed the votes cast at the recent election, finding the results the same as previously reported. They also allowed the very bill of the members and village officers after which they adjourned. Monday evening, May 6, the newly elected president and trustees will be installed, the town hall organization for the coming year, and the board will announce the appointments and duties of the various committees and officers of the town.

WILL REPEAT CONCERT.

Barrington Concert Company Announces Repetition of Entertainment Given Recently.

On April third the Barrington Concert company gave a concert at the Methodist Episcopal church auditorium. The night was bad, raining at most continually, and because of that the audience was small. The orchestra was assisted by Mrs. Emma C. W. Matthews who gave several readings that it hardly seems necessary to say more than that her work, as always, was of a very high grade. The work of the orchestra is above that which we usually find in organizations of that kind. The singing of the Plagge sisters was well received and caused much favorable comment. On the whole the entertainment was very fine and is deserving of a much larger audience than the auditorium is capable of seating. Because of numerous requests this entertainment will be repeated next Saturday evening, April 26, at eight o'clock.

If you wish to enjoy a pleasant evening's entertainment, attend this concert. If you have friends that you wish to take to something really worth while, "bring them." If you are interested in the upbuilding of high ideals in the young people of our community, attend and encourage this organization with both moral and financial support.

PLAGGE AGAIN PRESIDENT.

Forty-Five Votes Were Cast at School Election Saturday—L. A. Powers Retires.

At the election of school district number four, held last Saturday evening from five to eight o'clock at the school house, John C. Plagge was again selected to serve as head of the board of education and George Stiefenhofer and H. P. Castle were elected as members. Mr. Stiefenhofer succeeds himself while Mr. Castle was a new member, the other outgoing members, L. A. Powers, who has acted as clerk of the board for a number of years, not being a candidate for re-election.

That Mr. Plagge makes a very capable and satisfactory president is evidenced by the fact that he has been chosen to serve in that capacity for the past five years.

Readers of the Review are urgently requested to send in any items of news interest with which they are acquainted. We endeavor to cover the village and vicinity thoroughly each week, but it is impossible to hear of everything of which they know each week. We favor us and help us in learning a better, clearer paper which will better satisfy all of us and reflect greater credit upon the village in the eyes of visitors. We welcome or mail your news, or drop them in the "Review" box, which is posted near Harry's home.

MEN'S CLUB HAD GOOD MEETING

Rev. Mr. Lockhart Told of "Best Man in Barrington" and "Take Hard Rap at Depot."

The Barrington Men's club meeting at the Baptist church on Monday evening was well attended and the exercises were of a very interesting character. Aside from the address the program was musical, some of the best musicians and vocalists in the village contributing freely of their ability for the entertainment of the audience. Miss Viola Lines gave several numbers on the organ, Miss Ullrich rendered piano, Lovell Bennett with Miss Ullrich as accompanist proved conclusively that he could bring music out of the violin. In addition to Miss Arne of Palestine, the Plagge sisters sang solos to everybody's delight and W. J. Cameron, with Mrs. Cameron at the piano, who he knows so well how to do. Of course he did not get off without a rap.

The address of Rev. Mr. Lockhart was on "The Best Man in Barrington" and was a portrayal of the ideal Mr. Barringtonian. It gave the speaker an opportunity of pointing to some of the weak spots in the development of Barrington. The hardest hit of all was at the town for putting up with such a depot. "The depot and its surroundings make a most unfavorable impression on strangers coming into the place," he said; "it is like putting the contents of one's back yard in front of the house, a thing that no one would want to do."

H. H. Hubbard was chairman of the meeting and presided with his usual ability and skill. Following the program the club members and their friends adjourned to the church parlors for a social time and to partake of refreshments provided by the ladies of the church.

Although the meeting was one of the most successful this year. In view of the length of the exercises it was thought best to defer the election of officers until a meeting called for next Monday evening, April 22, at the lecture room of the Methodist church.

It is important for the proper continuance of the club that all the members, should, if possible, be present and, especially so, as business may be introduced looking to the welfare of the village.

Pul-motor at Des Plaines.

The Northwestern Gas Light & Coke company has purchased six pul-motors for use in bringing to life persons who have been near asphyxiation or drowning. The machines are, of course, intended primarily for the use of gas accidents but they will be readily loaned in case of any accidents where they are available. The nearest one is stationed at Des Plaines and its existence and location should be remembered by local people and physicians.

County's Population Increases.

According to Hamilton's new Lake County directory, more than 1,000 Lake County residents have been added since the last census in 1910. The increase was 1,000 in 1910, 1,000 in 1911, 1,000 in 1912, and 1,000 in 1913.

The contest between the "reds" and the "blues" has materially helped in securing regularity of attendance, and indirectly has served to increase the membership. There were four sessions last Sunday, an attendance of 112 and a collection of between four and five dollars.

Persons not attending elsewhere, no matter how old, will find a hearty welcome here.

FAYOR HIRING OF SOIL-EXPERT

Large Crowd Attends Meeting at Libertyville Saturday—Local Men on the Committee.

The Lyric theater at Libertyville was filled to its capacity last Saturday by men who had come to listen to the plan for securing a soil expert for Lake county. No speaker ever had a more intensely interested audience than did Prof. W. G. Eckhardt of DeKalb county in his address of "Soil Improvement." DeKalb county was the pioneer in the idea of the formation of a soil improvement association and the hiring of an expert to advise with the farmers, and secured Prof. Eckhardt as a speaker, and the plan proved so valuable there that it has been adopted by McHenry and Kane counties, and Lake county farmers are favoring the movement strongly.
