

BARRINGTON REVIEW

VOLUME 23, NUMBER 30

BARRINGTON, ILLINOIS, THURSDAY, JULY 24, 1913

\$1.50 PER YEAR IN ADVANCE

BRIEF MENTION OF NEWS ABOUT TOWN

Happenings of the Week Told in Short Paragraphs—What's Doing in Our Bustling Village.

F. C. Leonard sold two motorcycles last Saturday, one in Elgin and one here.

A girl was born Monday to Mr. and Mrs. Henry Schoer of Barrington township.

Charles Miller of this village sprained his ankle last Sunday while playing ball and has been unable to work this week.

Perry L. Persons, county judge of Lake county, and T. Arthur Simpson, superintendent of schools, paid a short visit to local friends today.

The C. & N. W. painting gang arrived in town yesterday and are repainting the turn-table and signals, signs and bridges in this vicinity.

The Hawthorne Farm company has purchased a fine jack of Wm. Dagler & Sons of Rushville, Indiana, and expects he will arrive next week. He will stand for service at Hawthorne west farm after August 1.

At a luncheon given Friday by Miss Florence Cullen the engagement of Miss Viola Lines to Leon Newton was announced. The luncheon was also for the purpose of giving friends of Miss Mabel Peck, who left Saturday evening with her parents for a few weeks western trip, an opportunity to bid her good bye and wish her a pleasant journey.

Find Comfort at Home.

Some people make very hard work out of hot weather. This is especially true if they have a "taxable" income. Then when the temperature climbs up towards the century mark, they must pack up, take a long railroad journey, and endure all kinds of discomfort to get away from the heat. When they come back in September to get the children ready for school, it is still hot everybody is all worn out and the money all gone. The family that is too poor to go away to spend the summer is really the better off. The father and mother stick to their daily tasks, and soon grow accustomed to the heat. In fact the whole family enjoy their regular hours, good food and accustomed sleeping quarters, and are ready for winter when it comes, with a tidy sum in the bank, perhaps. Of course all are entitled to a change and a vacation, and especially the mother. But of the two families, we rather suspect that the one that has to stay at home of necessity is better off in the long run.

Married in Chicago.

The marriage of Herman Kuehl of this village to Miss Mary Hoff took place Saturday evening at the home of the bride's parents in Chicago. Friends and relatives of the bride and groom were present and after the wedding, which occurred at 8:00 o'clock, an enjoyable wedding party was given and a sumptuous supper served.

Miss Hoff was employed here about four years ago and it was then that Mr. Kuehl became acquainted with her. He kept the fact of his approaching marriage a secret from his friends however until quite recently, and the news was quite a surprise to them.

Mr. Kuehl is a well-to-do, industrious young man, owns a nice house and lot in this village on Station street, and will make his bride a good home as we are sure.

O. V. Team Defeated.

The Onondaga Varsity baseball team was defeated last Saturday by Oak Park by the score of 11 to 1. Games are scheduled until September first as follows:

- July 26—Onondaga baseball club.
- August 2—Mercury Athletic club.
- August 8—Sterling Athletic club.
- August 16—Arlington club.
- August 23—Cuba Stars.
- August 30—Tuba club.

Mr. Pries Buys Wauconda Market.

Wm. Pries, who has been assisting his brother, Phillip Pries, here for some time, has purchased the meat market at Wauconda and will hereafter conduct that business. Mr. Pries took possession last Monday.

War on Liquor "Ada."

General Fred S. Jackson caused a turmoil in congress by offering an amendment to the postal bill shutting out from the mail all newspapers carrying liquor "ads." The house fought over it for two days. The proposition was defeated but it will be long before it carries. A similar law was passed some years ago relating to liquor.

REMOVE STICK FROM ABDOMEN

Surgeons Perform Operation on Stanley Martin Removing Fire Stick From Body.

Stanley Martin, seven-year-old son of Mr. and Mrs. E. T. Martin of Franklin street, who was injured about two months ago was taken to St. Anthony's hospital, Chicago, Saturday morning and an operation performed by surgeons resulted in the removing of a piece of wood nearly five inches long and as large around as a man's finger from his abdomen.

The boy was injured shortly before Memorial day while pole vaulting. He had seen the larger children at the high school preparing for the annual tournament and was imitating them in vaulting. Attempting to leap over a hurdle he fell with one leg over the horizontal bar. The bar broke, the short piece piercing his abdomen between the muscles. The balance of the bar was thrown away by the boys, thus the doctor had no way of telling that a portion of it remained in his body. The wound healed quickly but a short time later it ulcerated and commenced to cause him much pain. It was then that they first suspected the presence of the piece of wood and decided upon an operation. He is recovering nicely now and it is expected that he will be out of the hospital in a few days.

FALLS FROM SILO.

Defective Scaffold Lets Workman Drop Thirty-six Feet—Will Recover Reports Say.

Edward Estinger, who lives north of Dundee, was seriously injured Saturday afternoon when he fell 36 feet from a cement silo on the Fred Werner farm near Sutton Station.

A scaffold hung from the top of a 50-foot silo being erected on that farm by Lillie Brothers, also company of Dundee, caused the accident. Estinger, with several other men were at work on the silo when a rig holding the scaffolding broke, permitting him to fall 36 feet to the ground.

Fellow employees rushed to his assistance and he was carried into the Werner residence, where a doctor attended him. Estinger was found to be suffering from a severe gash on the head and several body bruises. For a time it was believed that his skull had been fractured and that the accident would prove fatal, but last reports say that he will recover.

WAUCONDA.

Miss Francis Kent is visiting in Chicago.

Mr. Ericson of Chicago spent Sunday with his family here.

Dr. Fuller and Editor Blank were Chicago visitors Saturday.

Merritt Clark was numbered with the sick the first of the week.

Miss Della Dahms entertained a friend from Palestine last week.

Mr. and Mrs. Richard Grantham of Cary were Sunday visitors here.

Will Shaw and family of Rockefeller spent Sunday at J. B. Turnbull's.

Mr. and Mrs. F. L. Carr spent Tuesday at Libertyville and Waukegan.

Miss May Pratt of Waukegan spent the first part of the week with relatives here.

Mrs. Wm. Clark and Miss Katie Hien attended the camp-meeting at Des Plaines, Sunday.

Mr. and Mrs. J. B. Turnbull left Tuesday for a visit with relatives in New York state.

Miss Emma Bacon of Roseville is visiting her sister, Mrs. Chas. Davis of Clear Lake, Iowa.

Mrs. Cooper and Miss Deborah Cooper of Lake Forest visited friends here the last of the week.

Miss Ruby Brooks is visiting her aunt, Miss Lillian Tidmarsh, at Alexander, North Dakota.

Milo Harris celebrated his ninth birthday on Tuesday, July 22. The boys all had a very pleasant time.

Ray Dowell, while playing ball at Graylake Sunday, in a slide on third base, struck a stone, breaking a knee cap. He was taken to the Waukegan hospital at once where he will be under treatment for a month.

J. K. Orvis received the sad news of the death of his son Lloyd, by drowning, Monday evening and left immediately for the scene of the disaster at Flambeau Lake, Wisconsin. At this writing the body has not been recovered.

Good Plan.

It is good to laugh to the last of a long life.

CAMPMEETING CLOSED ON MONDAY

Ten Days Evangelistic Service at Des Plaines Very Successful—Attendance Was Large.

The campmeeting at Des Plaines, closing on Monday night was one of the most successful in recent years. The attendance was very large, especially the Sundays, as the weather was favorable.

The program of daily meetings was quite elaborate and carefully carried out. The services, all of them, were of a high order.

There were two evangelists, each of whom spoke once or twice every day. Mr. Hart, who took the place of Dr. Goodell, of New York, detained by illness, is one of the most successful evangelists in the whole country, and gave great satisfaction.

Dr. Morrison, of Kentucky, fully sustained his reputation as a great evangelist and platform orator.

The sermon by Rev. Dr. J. Gregory Mantle of London, on Sunday morning, was a masterful effort from every point of view.

The sermons of Bishop McDowell were spoken of as fully meeting the utmost expectancy.

The amount of good done by such a ten days meeting is not likely to be over estimated. Many were converted and hundreds were greatly quickened and helped in their religious life.

The children's meetings and the meetings for young people were among the most interesting and profitable of the whole series of meetings and were in charge of experienced leaders.

The business management of the campmeeting is in the hands of careful and competent men and the prospects are bright for great meetings in the years to come.

SEPTIC TANK IN OPERATION.

Sewerage Was Turned Into Tank Tuesday—Is Working Satisfactorily Engineer Says.

Engineer Stone turned the sewerage into the new septic tank and on to the filter beds Tuesday. He was out again yesterday and examined it and says that it is working satisfactorily. The filter beds will have to be leveled a little better, he says, but beyond that the work is completed and is "O. K."

The news will relieve the village council and many citizens of considerable worry, as the village stood in imminent danger of a suit for damages by H. S. Hart if the sewerage system was not put in working condition soon. Mr. Hart complained recently that the drainage from the village was polluting the water in the creek flowing through his farm, into which it empties, and threatened legal proceedings if the nuisance was not abated at once.

NEIGHBORHOOD ITEMS

Farmers of Avon township, Lake county, have organized a mutual telephone company and are building their own lines.

The Waukegan plant of the Corn Products company, employing 500 men, was closed Tuesday for an indefinite period. No reason was given. Employees think that the shut down will be permanent.

Bohemian residents of Algonquin and vicinity enjoyed a picnic Sunday, a large number of visitors from Chicago and surrounding towns joining in the celebration which was held under the auspices of the Algonquin Bohemian Agricultural club.

The Bookers Leather and Embossing company of Chicago has purchased the factory building on the bankrupt Atlas Belting company at Harvard and commenced operations this week. It is expected that the company will employ a force of 300 men.

The women of Illinois had their first chance to vote on the saloon question Tuesday when a vote was taken at Carpentersville to determine the advisability of granting saloon licenses. The temperance faction won, the vote being 172 to 155. The question has been up before the voters twice before, the vote losing each time by one vote.

Legislators Against Automobiles.

Elgin is the latest city to take steps to prevent the nuisances people of every community are subjected to by the many careless motorists. The city council recently passed a stringent ordinance to stop speeding, smoking and the use of the cut-out on automobiles in that city. Ordinances against speeding have always been in force everywhere and every large city is now legislating against the open muffler. It is a most excellent idea and it is high time that smaller villages and towns took the hint. Using the cut-out when in town is a needless practice and most annoying to everyone but the driver.

FIRE DESTROYS BARN; \$2,000 LOSS

Barn of George Humphrey Farm Was Burned Tuesday Morning—Origin of Fire is Unknown.

The barn on the George Humphrey farm south of this village was burned to the ground Tuesday morning, estimating a loss of about \$2,000. The farm was occupied by a tenant and is located just south of the farm at Humphrey's corners where Mr. Humphrey has his own residence. The fire started about 9:00 o'clock in the forenoon and the barn and its contents were quickly consumed by the flames. Neighbors who came to render assistance were unable to accomplish anything except to prevent the fire from spreading to near-by buildings.

There were only a few tons of hay in the barn and no live stock with the exception of one pig and a few chickens which were unable to escape, but Mr. Humphrey had many of his farm tools and machinery, some of it practically new, stored there and all were burned.

A survey, a little way and a few small tools belonging to Fred Tupples, who had been a tenant on the place several years, were also destroyed. Mr. Tupples had moved from the farm this spring but had not taken away his property. The origin of the fire is unknown.

The only insurance carried by Mr. Humphrey was \$500 on the building in the Barrington Township Mutual Guarantee association.

Wauconda Mayor, Opens Subdivision. R. C. Kent, Mayor of Wauconda, has just purchased from the court the old Bangs estate located right in the heart of Wauconda and is making a splendid new subdivision from the choicest part of the farm.

The lots are located one block from Main street, 3 blocks from new depot and 2 blocks from the lake.

Mr. Kent commences Saturday, July 26, at 2:00 p. m. to sell. Prices are from \$100 to \$600 per lot.

The new subdivision is located in the finest residence district of the village. Mr. Kent says he is going to give near-by people the first chance to select before advertising extensively in Chicago.

Owing to the fact that the village owns a fine public park on the lake front the buyers of these lots will have easy access to the lake.

The extra choice lots and the easy terms have created a big interest in the subdivision and many are waiting for the opening next Saturday.

Wade Give Lawn Party.

A lawn party and dance was given at the home of Mr. and Mrs. A. D. Wade last Friday evening when about 80 of their friends and neighbors, many of them from this village, gathered there. The lawn was decorated and a platform had been erected to allow dancing for all who wished. Chicago musicians furnished the music. Coffee, sandwiches and cake were served and after the supper a flash-light picture of the party was taken. The night was perfect, adding greatly to the enjoyment of the affair. The party broke up in the early morning hours and it was a merry crowd that wended its way homeward in the moonlight.

The Wade family came from New York two years ago and have made many friends during their stay here.

Lake County Directory Out.

Bumsted's new Lake County directory, the largest and finest book of the kind ever published in the county, is off the press and ready for distribution. It contains 1,300 pages, 275 more than the last volume distributed four years ago, and is bound in blue buckram with gold lettering. It is expected that Mr. Bumsted and his men will be here to deliver the copies subscribed for by local people within a week or two.

M. E. Sunday School Picnic.

The local Methodist church and Sunday school will enjoy a picnic next Saturday in the Fox grove on the shores of Lake Zurich.

Conveyances will be at the church at 9:00 o'clock in the morning and returning will leave the lake at about 5:00 o'clock. The members of the church and Sunday school cordially invite all of their friends to attend.

Real Estate Transfers.

The following transfers of real estate in this vicinity have been recorded recently:

Ida Leonard to J. F. Dabney & W. B. Leonard sub in sec 18, Cuba twp. W. B. 15,000.00.

Frank Douglas & W. to John Douglas sub in Appleton sub, Barrington, W. B. 41.00.

J. H. Patterson & W. to J. H. Patterson Co, part lots 60 and 61, Wauconda, W. B. 3,500.00.

Buy your insurance in the Astoria Life. You can do no better. Erman.

CHAUTAUQUA WILL OPEN HERE NEXT WEEK; MANY GOOD FEATURES ON THE PROGRAM

The Lincoln Chautauqua will open here for its seventh season next Tuesday, July 23, and will be here until the following Sunday, giving two programs each day of the six.

Six well known lecturers will appear one each day, and there will be the usual number of musicians and other entertainers to live up to the meetings.

General Fred S. Jackson, one of the lecturers, is a congressman from Kansas and a prominent temperance orator. Another is Harold Morton Kramer, cowboy, author and veteran of the Spanish-American war; others are Denton C. Crowl, the Sam Jones lecturer; Dr. George Lamont Cole, a prominent ethnologist, who will be accompanied by a band of ill-dwelling Indians; Mrs. Nannie Curtis, temperance lecturer and Dr. Charles A. Payne, world traveler. Most of these people have been appearing on chautauqua platforms for several years but none of them have ever visited here before.

Among the entertainers is Bland's band and orchestra which will need no introduction here as it was with the chautauqua last year and received the unanimous approval of Barrington people. There are many others insuring vocal and instrumental music of a high order each day to supplement the lectures. The program is published in detail on page five of this issue of the Review.

The entertainments will begin promptly at 2:30 in the afternoon and 7:30 in the evening, the lecturers taking the platform at 3:15 and 8:15.

THE PUEBLO INDIANS.

A REPORTER on a prominent Chicago daily recently met his Waukegan when he attempted to interview the Pueblo Indian governor, whose picture appears above, while the latter, with some of his people, was en route to Washington to appear before a congressional committee. The morning was bitter cold, and the reporter, summoning up his best lingo, approached the Indian at one of the railroad stations and said, "Hiap cold." In faultless English the governor replied, "Yes; it is cold, but we are accustomed to severe weather and do not suffer from it." A band of eight Pueblos in charge of Dr. George Lamont Cole will tour the prominent eastern cities during the coming summer, giving a varied program of Indian speeches, war and religious dances, with vocal and instrumental Indian music. The announcement that they will appear on our Chautauqua program will be received with intense interest.

Firemen Hold Annual Election.

The annual meeting of the Barrington Volunteer fire department was held at the fire station last Friday evening. Officers for the ensuing year were elected as follows:

Fire chief, Wilbur Harnden. Assistant fire chief, H. S. Meier. Secretary and treasurer, Victor Riecke.

Why insure your house and barn against the possible loss by fire and neglect insuring your life against the certainty of death? To insure your life is a duty you owe your family. Why not do your duty and do it now? Erman S. Smith and I. O. Fowler, agents Astoria Life.

Eight Butter Market.

Butter remained firm on the Elgin board of trade Monday at 26 cents, the same price as a week ago.

Edward Meister Wedded.

Edward Meister, 23-year-old son of Mr. and Mrs. William Meister, was married in Chicago Saturday afternoon at 1:00 o'clock to Miss Anna Stienmeyer at the home of her parents at 113, Fourteenth street.

Mr. Meister is employed at the Fourth street office of the Chicago & Northwestern railway company and will make his home in Chicago.

If you have an Astoria policy and become totally disabled by injury or disease, no more payments will be required. The company will pay you a fixed amount annually for twenty years. For further information see Erman S. Smith or I. O. Fowler, agents.

In Counting the Cost.

The cost of carrying on a business.
