NEIGHBORHOOD ITEMS

The "Palatine Day" picnic held last Saturday at Deer Grove park was a most enjoyable outing and a successful one from a financial view point. In the evening especially the crowd was as large as could well be accommodated. The dancing pavilion was filled to its utmost capacity all the evening and the dancers apparently were having a very good time although nothing complimentary can be said of the music. The fireworks display was complete and costly, but would have been improved if it had been thought necessary to drag it out as was done.

Palatine's new school house was dedicated Monday afternoon. Judge C. S. Cutting and County Superintendent Edward J. Tobin delivered addresses and in the evening a band concert and ice cream social was given.

The village of Wauconda has recently purchased a lungmower, a new machine similar to the pulmotor but smaller and said to be more efficient as a mechanical respirator in cases of apparent drowning.

Homemade Cedar Chest.
Get a large pine packing box. Hinge on the lid and putty up the cracks if there are any, but it is better to get one without cracks. Purchase a bottle of cedar oil from the druggist and paint the inside of the box with this, being sure that the oil soaks into all crevices. Use the oil plentifully, and when thoroughly dry line the box with cambric. Cover the outside with any preferred material. The cedar oil will retain its odor for years, and is as much disliked by moths as the cedar wood itself.

Something He Had Forgotten.
When little Marjorie tried to spread her toast with a piece of butter almost as large as the bread itself, her father remonstrated, saying: "You mustn't be so wasteful, Marjorie; some of the poor people in China have to get along on a few grains of rice each day." "But, father," replied Marjorie, "you must remember that rice swells."

Poor Provider.
An old negro in Texas was asked if he was going to register. He wished to know how he would have to proceed. On being told that he had to swear to support the constitution, his eyes widened, and, drawing a long breath, he said he couldn't do it, because he couldn't support himself.

Emergency Restricted.
The world's supply of emery comes from Greek islands and from Asia Minor near Syria. Importations into the United States average \$250,000 annually.

Economics.
"Has Billy a special tutor at college?" "No," his regular chauffeur does all the tutoring."

Elgin Butter Market.
Butter was advanced to 30 cents on the Elgin board of trade Monday, an increase of two and one half cents over last week's price.
