A Pledge to the People of Barrington by the Undersigned Independent Candidates for Village Offices

- 1. We will use every possible means to avoid a special assessment on the property owners to pay for a new sewer system. We will safeguard the right of the Village to have the Sewer Case reviewed by the Supreme Court of the State of Illinois...

Elden Gieske Candidate for President of the Village Board. Earl Hatje Candidate for Trustee of the Village Board. Vernon H. Schroeder Candidate for Trustee of the Village Board. John F. Daeschler Candidate for Trustee of the Village Board.

For Comfort—your car has to be big enough so you can be comfortable in it. Pontiac has a wheelbase of 115 inches. For Performance—you have to have a big, powerful engine. Pontiac's engine is a big 77-horsepower Straight Eight that gives you 78 real miles per hour.

For Economy—you have to have engine efficiency. Letters from people who have taken Pontiac's Economy Demonstration say that it gives 15 miles or more to the gallon of gasoline. For Appearance—well, just look at it and you'll see what Pontiac is. Pontiac shows the effects of a new finesse in styling that is making it one of the most talked about cars of the year.

For Safety—you have to have scientifically designed and ruggedly built bodies and chassis. Pontiac's 4-door Sedan weighs 3265 pounds at the curb, and all closed cars have bodies by Fisher. Fisher No Draft Ventilation is a special feature in all closed models. Only if you have Pontiac's size and weight and engine in your car, can you expect to really get their benefits out of the car. Pontiac is a typical General Motors Value—an outstanding car in the low price field—and a good car to buy.
