Police in Country Towns Join in War on Crime

Police cooperation in Cook county has not as yet been very much of the federal \$3,000,000 grant for recovery purposes, although there is a strong possibility that additional recovery will be granted.

According to an early estimate Lake county has been granted enough to pay for the cost of two railroad viaducts at Elgin and under the C. M. St. P. & P. R. E. & R. three landscaping projects for highways, two subway viaducts, four blocks of paving in Chicago.

The above list is Lake county's budget of \$1,000,000 granted Illinois out of \$3,000,000,000 to be given for the recovery act. The state is to contribute \$2,000,000 more to complete its allotment.

When Education of Deaf Started The first attempt to teach a deaf child in the United States was Philip Nelson's in Howley, Mass., 1678. From 1778 to 1779 the first deaf boy in John Harvard's school, Frederickburg, Va., did not until the early Nineteenth century was concerted action taken to educate deaf children.

When Balloons Carried Mail During the siege of Paris in 1870, 50 balloons carrying mail rose from the beleaguered city, and 47 of them landed safely beyond the encircling German lines. It has been estimated that 100,000 letters were sent out of the capital in this way.

When Hair Turns Gray Many authorities believe that hair turns gray because the hair follicles where it is born no longer furnish the exciting agents that excite the pigment. Others think that the color is still there, but is hidden by air bubbles which form to take place of the shrinking hair cells.

Dance Pupils Perform at Century of Progress and in Benefit Program

Barrington dancing pupils of Miss Olive Swanson were combined with the pupils of her dance studio in Barrington in the presentation of "The Dance of Time" at a Century of Progress and in a benefit program given at the Prior home, Hillside, proceeds of which went to the Camp Algonquin benefit fund.

Miss Swanson attended the Saturday convention of the Chicago Association of Dancing Masters at the Congress hotel where she was privileged to see the world's most famous teachers and experts of the dance in all its forms perform. The artists also performed at the fair.
