MILLER BROS. FUN & FACTS

Barrington, Illinois, Thursday, December 14, 1933 NO. 50

There's this about the Christmas tree: They HATE to do their Christmas Shopping Early!

All right, but if you insist on putting your shopping off until the night of the 24th, don't blame us if the socks and neckties are all gone.

Boys, tip Dad off that this is the place to get that BB gun or 22 rifle you hope to find in your stocking.

Household Hint!

If you make a mess of the Christmas dinner, just dump it on a lettuce leaf and call it salad.

For a plaything, we don't know of anything that will quite equal a coaster wagon. We have just received some new ones. They are retired some new ones. They are well built and very, how they rail!

We also have a nice assortment of well built sturdy toy trucks at 65c, 75c and 95c. You just ought to see 'em.

We hope you have a Merry Christmas, a Happy New Year, and plenty of alcohol in your radiator!
