

approved for your state, I direct your attention to the increasing number of highway projects and the placing of these projects under actual construction. While nationally 2160 highway projects have been approved, contracts have been awarded in only 1350 cases and actual construction is under way in 827 instances. On the basis of these figures it should be possible through the use of the Federal Highway Act to have 1000 more highway projects under actual construction.

Will you advise me what you can do to expedite this improvement so that we can get back to work on the highways as soon as possible? If there is anything I can do to assist, please advise me. (Stanley H. J. Jones)

The Gate of Tears

The purpose is a translation of the Greek text of the Bible, which is the bridge of the Strait between Africa and Arabia connecting the Red Sea with the Indian Ocean. It is the most important of the large number of ships which have perished in the difficult passage. Also there is a legend that thousands perished in an earthquake which ruptured again opened the Strait and led the seas through.

you seem to think we can't guarantee safety without complete insurance.

Just DON'T THINK? You are ignorant about paying damages out of one's own pocket.

Don't think now. To complete insurance. Call us for full and correct facts. No obligation.
