

Libertyville Wildcats Claw Bronchos Here Saturday to 24-6 Score

Will End Season in Contest With Grant Saturday

Locals' Mistakes Pave Way for Football Loss to Opponents

Weakened by losses due to injuries and still further handicapped by an inability to do some common sense thinking, the Barrington Bronchos football team was dumped by the Libertyville Wildcats in what was to have been a homecoming game here Saturday. The final score was 24 to 6 but the game was lost early in the first half.

Libertyville scored its first touchdown when the Barrington boys forgot that an opponent could reverse his field. That is exactly what Enevold did when he came around his own right end on a reverse play from the 27 yard line. The play was set up when Libertyville recovered a Barrington fumble.

After receiving the kick-off following the touchdown, the Bronchos made several attempts to advance, but failing, then pulled the prize "bones" of the afternoon. With the ball on their own 30 yard line and fourth down, Church attempted to punt from a quick kick formation. The try was blocked by the Libertyville line and Woodall, Wildcat guard, took on the ball on the goal line and the officials promptly acknowledged it as another touchdown.

The best play of the day for the Bronchos was the forward pass that scored their lone touchdown. This was accomplished late in the second quarter. By a series of passes, the most effective weapon used by the locals all day, the ball was brought down to the Libertyville 20-yard marker. From there Church heaved a toss to Shepard who made a fine catch although surrounded by Libertyville men. The try for the extra point was blocked. The half ended with the score 12 to 6.

At the beginning of the third quarter Barrington kicked off to Libertyville and on the next play, Enevold again broke loose and ran 53 yards to score. The last score of the game came when Brown, Libertyville half back, intercepted a pass and went down the field for a touchdown.

The Bronchos made nine first downs to the visitors' five, mainly by passes and penalty gifts. Seven out of 16 passes were completed by Barrington while Libertyville failed to click on any of their six attempts. The Wildcats were penalized 55 yards while Barrington

lost 25 by the referee's whistle. The last game of the season will be played with Grant township high school at Fox Lake Saturday. There is the possibility that Barrington may win this game and finish the season with one victory.

Church League Will Hold First Practice

Players representing the six teams of the Barrington church basketball league will have their first practice session in the high school gymnasium Monday evening at 7:30, according to David Capullit, league president. The six churches in the league are: First Baptist, Methodist Episcopal,

St. Anne, St. Matthew, St. Paul, Salem Evangelical.
The second practice session will be held November 21 and the league will begin its official schedule on November 28. There will be two games played each night during the regular season, Mr. Capullit said.

Pony Grid Team Wins Season's Final, 13-6

In the final game of the season, the Barrington high school Pony football team defeated the Libertyville second team by a score of 13 to 6. The game was played at Libertyville Wednesday afternoon. Barrington scored early in the first quarter when Long started from the 22 yard line and raced through left tackle for a touchdown. The try for extra point failed.

Libertyville immediately started a long drive and with the ball on the nine-yard line, Mulcahey broke through for a touchdown.

Barrington's second and the deciding score of the game came late in the third period when Meyers broke through center and raced 27 yards across Libertyville's goal line. The try for extra point was good, making the final score 13 to 6.

The Ponies made eight first downs to their opponent's five and neither team completed a pass.

Building Activity Drops in October; Permits for \$2950

Building activity in Barrington during the month of October slumped in comparison with September's total and also the same period of the last 2 years. Permits issued by Herman Garbach, building commissioner for October amounted to \$2950 compared to \$9100 in October of 1932 and \$23,300 in the same month in 1934. Work amounted to \$18,550 during September.

With the exception of a new coal storage bin built by Lageschulte and Hager on Franklin street at an estimated cost of \$1000, the remainder of the permits covered remodeling work. A permit was issued to the First Baptist church to remodel the church boiler work at an estimated cost of \$1000. Edward Schroeder received a permit to remodel a residence and erect a garage at 302 Grove avenue at a cost of \$1000 and Clarence Lyons received a similar permit to remodel a residence at 317 W. Station street, estimated cost \$450.

Returns From West Coast

H. R. Brintlinger, 404 Dundee avenue, returned Wednesday noon following a nine-day trip to California. He went on business to Fresno, Calif., and stopped over to visit a relative at Long Beach. While at Long Beach, he had the opportunity of riding on the U.S. Pensacola, 10,000 ton government destroyer. Mr. Brintlinger made the round trip on the City of Los Angeles, most streamlined express train.

RE-ELECT

John S. Clark

COOK COUNTY ASSESSOR

and Keep Down Taxes on Property

The following are sound reasons for his re-election:

1. He discontinued the assessment of all ordinary household furnishings and necessities of life.
2. He assessed \$148,000.00 of industrial stocks and bonds, which lowered the taxes on all other property.
3. He lowered the assessments of farm lands approximately \$85 per acre.
4. He completed assessments on time, saving approximately \$4000 a day in interest charges on tax anticipation warrants.
5. His plans for the 1939 quadrennial assessment of real estate call for study of income so that every single property will be valued with the greatest possible accuracy.
6. Ninety-five per cent of his staff is under civil service.
7. In all problems of assessment he calls upon representatives of farmers, labor and business to assist him.

WHAT'S GOING ON IN WASHINGTON

(Courtesy The United States News)

Seventy hard-pressed workers in the Washington office and 50 more in the field are being overwhelmed in the task of interpreting and enforcing the wage and hour law which affects a million employers and 11 million workers.

So ceaseless has been the barrage of questions concerning application of the law that this small staff is described by the administrator as hopelessly inadequate to provide the answers.

Likewise, the legal staff, even with "loan" lawyers from the department of labor, is hard-pressed to provide all the necessary interpretations.

Employers who have come to Washington seeking information about the law are reminded of the early days of national recovery administration, when the same hectic activity prevailed.

The staff of less than 100 per-

sons is attempting to do a job which the administrator says will require 1000. And adding to the turmoil is the fact that the offices recently were moved from one floor to another and desks and filing cabinets are not yet in place.

Therefore, the confusion in the wage and hour offices is transmitted to business men who cannot obtain answers to their many questions.

And as the law becomes effective, observers predict enforcement will become a major problem and the turmoil will increase.

For enforcement, the administrator will rely on the automatic provisions of the law and on the cooperation of business men, because, as he says, "Twenty men can't police the United States."

Employees who are paid less or worked longer than the law allows may sue their employers for double

the amount lost through failure to obey the law, plus legal fees and court costs.

Official fears have been expressed privately that this automatic enforcement provision will attract unscrupulous lawyers and that "nuisance" suits may be initiated. If this sort of action does develop, the courts soon will be clogged with wage-hour suits, and the administrator is looking to the labor organizations for protection. Employees will be advised to bring suits through unions, and both American Federation of Labor and Committee for Industrial Organization will be requested to aid by weeding out groundless actions.

Just as serious as these problems confronting the administrator, are those confronting the many employers who do not yet know whether they are covered by the law or not.

Interpretations issued by the Wage and Hour division necessarily are general because it is impossible to predict how the courts of last resort will interpret the law.

The courts will provide official interpretations, and the administrator warns that his interpretations can serve only as a guide and are issued with the "grave warning" that they may be overthrown by the courts.

Modernize Illinois Banking Laws

Vote YES Vote

CONSTITUTIONAL AMENDMENT

EXPLANATION OF PROPOSED AMENDMENT

1. Proposed section 5, like present section 5, provides that the State shall not be interested in any bank.
2. The amendment omits the provision from present section 5 requiring submission to the voters of acts of the General Assembly relating to banking. It provides in proposed section 6 that acts of the General Assembly relating to banking shall not go into effect unless such acts receive the affirmative vote of not less than two-thirds of the elected members of each House of the General Assembly.
3. Proposed section 5 repeals the provision of present section 6 making stockholders of a State bank liable to the creditors of the bank over the amount of stock held by such stockholders for liabilities of the bank.
4. Proposed section 7 provides that no bank shall hereafter be permitted to issue money or bills to circulate as money and replaces sections 7 and 8 regulating the issuance of money by banks.

This reproduction shows the position of the proposed Constitutional Amendment proposition on your regular candidate ballot.

Vote "YES" on the Constitutional Amendment by placing a cross in the square opposite "Yes," and then vote your choices on candidates.

Remember the Constitutional Amendment must receive a majority of all votes cast at the election in order to carry, not just a majority on the proposition. An omission to vote is a vote against.
