Hebron Farmer Narrowly Escapes Death By Bolt

Preston Wester, who operates a farm two miles west of Hebron, narrowly escaped death early one morning last week when his dairy barn was struck by lightning. During the electrical storm he was playing the cows in the barn stanchions, preparatory to milking. He noticed a small flash of light and five cows, three on one side of him and two on the other, fell dead. Wester had removed his hand from a stanchion only a moment before the fatal lightning bolt struck, thereby occupying possible death or serious injury. It was thought the lightning entered along the milking machine pipes.

Story of Jewelry Loss Questioned by Police

Chief of Police Frank Tiffany of Lake Forest was in doubt last week concerning the tale of an \$18,000 jewelry hijacking that was reported to have occurred on Skokie road while that route was heavy with traffic. Jack Nathan, salesman for a New York jewelry house, told Chief Tiffany that robbers pulled alongside his car and ordered his chauffeur, Henry Harris, to stop. Commanding the men to "keep your heads down," the robbers were reported to have taken three sample cases and other jewelry. Nathan said the robbers fired a warning shot to make them halt.

Chicagoan Killed by Power Rail South of Batavia

Wandering away from his companions after their fishing boat had been swept into a mud bank along the Fox river early Sunday morning, Adam Patton, 40 years old, 1708 Thirty-fourth street, Chicago, stepped on the Chicago, Aurora and Elgin railroad third rail and was electrocuted, about a mile south of Batavia. The accident occurred during a storm. His body was discovered several hours later. His companions, believing he had returned home safely, returned to Barrington unaware of the tragedy for several hours.

70-Year-Old Man Killed in Elgin: First of 1938

Struck by an automobile as he walked along route 20 in Elgin Sunday evening, George Hansten, 70 years old, an Elgin greenhouse employee, was hurled nearly 50 feet to his death. Mr. Hansten's death was the first auto fatality to occur in the city of Elgin this year. Leonard Busche, residing east of Elgin, driver of the car, and a companion, Donald E. Davis of Chicago, told police they failed to see Hansten as he walked along the road. He was apparently walking from the south side of the road to the north. Busche was driving west. The Elgin man received a skull fracture, broken leg and

other injuries. He was dead when picked up from the pavement.

Each Vote Costs \$1.12 at Special Election

The special election that was held in McHenry county last week on the question of a county bond issue for roads had a cost of \$2,076.11, or a cost of \$1.12 per vote. There were 1762 votes cast in the special election, with the proposition for the issuance of bonds winning by a large majority.

Palatine Commissioner Cuts Tax Levy \$1800

Palatine taxpayers were pleased last week to hear the gratifying report made by Henry Roper, commissioner of highways for that township, who showed that \$1800 was to be slashed from the township's \$7500 tax levy for road purposes. Last year the road commissioner had a cash surplus in his department and this money was used by the town board for relief purposes, issuing tax warrants to Mr. Roper. This year, however, Mr. Roper decided against having a balance to be loaned out and asked that the reduction be made.
