## Garden Club Plans School for Judging

The Garden Club of Illinois will hold its second annual judging school at the Palmer House in Chicago on Tuesday and Wednesday, Nov. 14 and 15.

A program has been worked out by Mrs. George Parker of the Kankakee Garden club and chairman of the Community Flower Shows committee, which covers many details of staging a successful flower show from the standpoint of the flower arranger, the staff, the exhibitor and judge.

The two days of lectures on planning the show, growing, exhibiting and judging specimen blooms and arranging artistic table flower arrangements will be followed by an examination. The list of those who successfully complete the course will be the list of judges accredited by the Garden Club of Illinois.

The instructors will be Mrs. O. W. Dynes, who will give an outline of the preliminary steps necessary to stage a successful show, the duties of the show chairman and the schedules. Mrs. Dynes is a member of the Hinsdale Garden club and for the past eight years has been the executive chairman of the Chicago Flower show. Mrs. Maud L. Jacobs, formerly horticulturist of the Chicago Parks district and a botanist of national reputation, will conduct the class on sex growing, exhibiting and judging specimen blooms.

Two Garden club of Barrington members are actively associated with this school, it is announced. They are: Mrs. Lester L. Higgins, a member of the board of directors, and Mrs. Henry Bockelman, chairman of the nominating committee. Both Mrs. Work and Mrs. Edgar P. Hostler have already registered for the judging school.

## Amputate Arm of Chicago Hunter After Shooting

### Lawrence Hand, 26, Hurt As Shot Gun Is Accidentally Discharged

Lawrence Hand, 26 years old, of 1610 W. 14th street, Chicago, had his right arm amputated at the shoulder Tuesday in St. Joseph hospital in Elgin as a result of shotgun wounds received Monday morning in the first hunting accident in the local area this season.

Two blood transfusions were given the young man before the operation in an effort to strengthen his system.

Hand received the full charge of shot in the right upper arm and lost a large amount of blood before he was taken to a physician's office at Cary. After the blood flow had been checked, he was rushed to Elgin.

It was found that the flesh between the elbow and shoulder was riddled with shot. Transfusions were made in an effort to save his life.

The Chicago man was injured near Rasswood Island lodge while hunting ducks. The lodge is located along Fox river near Fox River Grove. He and two companions, George White, 2240 N. Nagle avenue, and Kris Steneseng, 2815 Nava street, both of Chicago, had stationed themselves in a blind before daylight.

## Gets One to 10 Yrs. for $1000 Chicken Theft

John Ritchuck, 37 years old, of Bellwood, was sentenced to from one to 10 years in Joliet by Judge Ralph J. Dady Friday on his plea of guilty to a charge of grand larceny.

Represented by his attorney, William Herr, Ritchuck withdrew a plea of not guilty to indictments returned by the October grand jury charging him with burglary and petit larceny, to enter his plea of guilty to grand larceny.

Ritchuck, a former soldier, whose superiors said he had an excellent army record, was charged with stealing thirteen hundred pounds of chickens from farms in the vicinity of Barrington in Lake county.

The plea of guilty automatically carried the mandatory sentence of from one to 10 years, Judge Dady explained to the prisoner, after pronouncing sentence.

His partner in the chicken thefts was Steve Kindy, 24 years old. They got 500 chickens from the farm of Paul L. Pentzen in Elk township on June 14; 200 chickens from Otto Sperlein in Verona township on June 17; 150 chickens from Elizabeth Reppuit in Fremont township on July 3, 175 chickens from Howard Converse in Fremont township on July 6, and 275 chickens from John Thatcher in Fremont township on July 10.

On the latter theft the stealing was broken up by Sheriff Thomas E. Kennedy's deputies.

Ritchuck was captured near Mendota and Kindy escaped the radio blockade, only to be arrested by the DuPage county authorities. Kindy was sent back to the penitentiary for violation of parole and will come up for release by the state board of pardons and paroles in October, 1940, to be released. Kindy will be served with the five indictments returned by the Lake county grand jury for chicken-thefts.

## Committee Selected to Aid Campaign to Purchase Iron Lungs

J. F. Welch, supervisor of Cuba township, announced this week the selection of a committee to assist him in obtaining voluntary contributions to be used toward the purchase of two iron lungs for Lake county. The drive to secure the devices, which are used for aid of persons stricken with infantile paralysis and other diseases of the respiratory system, was inaugurated by the Waukegan News-Sun. A lung for adults and one for children will be purchased at a total cost of $3000.

Members of the local committee are Village President Earl Hatje, N. D. Church, Lions club president, and Mrs. Robert Wood, Woman's club president. T. E. Davis and Ray M. Jurs.

The purpose of local committees, Mr. Welch said, was to make the project county-wide and to have each community represented so that the lungs would be available to everyone in case of emergency. In the instance of Barrington, no restrictions will be made if stricken persons live in Cook county, it was learned.

The lungs, when purchased, will be kept at the Jane Dowel Emergency hospital in Waukegan and are constructed so that they can be loaded on an ambulance and transported quickly and easily.

The campaign locally, for which no quota was set, will continue until November 14, according to Mr. Welch. Contributions may be made to any of the committee members.

## Several Changes in Dairy Businesses Are Learned This Week

Bertell Pedersen, who has been operating the Pedersen Retail milk routes in Barrington, announced this week the sale of the routes to Brandt Dairy of Barrington. Mr. Pedersen will now devote his entire time to the operation of the milk tavern, which he recently purchased.

Along with the sale of the routes went the dairy delivery trucks and the customers' list. Brandt Dairy has started servicing the routes.

Pedersen Dairy Inc., from which Mr. Pedersen purchased his milk supply for delivery, announced that a cash-and-carry business has been established at the dairy on East Main street. With the sale of the Pedersen routes, no local delivery of Pedersen Dairy products will be available and it was decided to start the cash-and-carry business, according to Edmund L. Fitzpatrick, manager of the dairy.

### Reverse Usual Role . . . Parents Will Attend Class Tuesday Night

Teachers of the senior and junior high school of the Barrington public school will call their pupils to the school next Tuesday night, Nov. 7, but instead of the regular call of roll, the seats will be occupied by parents of pupils. This social occasion will be part of the observance of national Education Week.

Each parent will follow exactly one day in the school life of his or her son or daughter according to the plan. Each "class" of parents will be limited to ten minutes and the "day" will last about an hour and one-half.

Teachers will have a chance to explain the aims and purposes of the various subjects offered.

Parents of junior high school pupils will assemble in the junior study hall on the third floor of the new addition while senior high parents will meet in the senior assembly on the north end of the top floor. The tardy bell will ring promptly at 8 p. m.

## Committee Votes to Hold Town Warming Series of Eight Days

### Steering Group Will Discuss Speaker and Financing Plans

Barrington will have another Town-Warming series of a shorter duration which will be held either before the holidays or soon afterwards, it was decided at a general committee held in the public school Thursday night. E. S. Smith presided over the meeting, which was preceded by a dinner.

It was decided by the group to have the general committee meet on the selection of a tentative list of speakers and also to decide means of financing this year's series, which will probably be only eight nights long, compared to the 14 held last February. The representative group will vote on the recommendations of the smaller group.

The support of the series should be more on a community project, was the general consensus of all representatives at the meeting. Village President Earl Hatje, N. D. Church, Lions club president, and Mrs. Robert Wood, Woman's club president, T. E. Davis and Ray M. Jurs.

The purpose of local committees, Mr. Welch said, was to make the project county-wide and to have each community represented so that the lungs would be available to everyone in case of emergency. In the instance of Barrington, no restrictions will be made if stricken persons live in Cook county, it was learned.

The lungs, when purchased, will be kept at the Jane Dowel Emergency hospital in Waukegan and are constructed so that they can be loaded on an ambulance and transported quickly and easily.

The campaign locally, for which no quota was set, will continue until November 14, according to Mr. Welch. Contributions may be made to any of the committee members.

## Confessions Clear Up Burglaries in Two Local Homes

### Chief E. Bande Receivers Loot; L. Hix and F. West Are Named

Lyle Hix, 18 years old, 640 Prospect avenue, and his uncle, Fred West, 26 years old, of Wisconsin, are held in the Cook county Ridge city jail awaiting a hearing on being bound over to the November panel of the Cook county grand jury on charges of burglary and carrying concealed weapons. Both men are charged with entering a Park Ridge home last Wednesday night.

Along with the Park Ridge charge, the two youths are said to have confessed to Chief of Police E. W. Bande that they burglarized the R. D. Wells home on Lake street on the night of October 23 and the home of Harold M. Keele on Hart road October 24.

All the loot taken from the Wells' home has been recovered by Chief Bande with the exception of several plates and a few pieces of silverware. Nearly everything taken from Mr. Keele's place, with the exception of a 16th gauge shotgun, a radio, some salt and pepper shakers and silver ash trays, has been recovered also.

Chief Bande said he secured the confession of the two youths as the result of a chance remark made last Thursday afternoon. He was told by Mr. Keele that the two boys and youths had been caught at Park Ridge after an alleged burglary attempt. Mr. Keele then went there and obtained the confessions. Since then, the two youths have been in Chicago for examination and will be returned to Park Ridge Tuesday, it was said. Bail was again taken to the two this afternoon, Thursday, in an effort to get information concerning the burglary of the Standard Oil Co. bulk plant on Applebee street several weeks ago.

He said that prosecution would be left to Park Ridge police by agreement unless a combined case can be built up of all charges. Mr. Keele has indicated his desire to prosecute.

By obtaining the confession to the two burglaries here, Chief Bande has apparently cleared up a minor wave of home thefts. The loss at the Keele place was not reported last week because Mr. Keele left for Indiana on business the day following his loss and did not report the matter until he returned Sunday afternoon. In the meantime the case was solved and most of the articles recovered.

West had been staying with His at Barrington address for the past seven weeks, it was learned. Most of the loot was recovered at the Hix home and has been identified by the respective owners.

Miss Phyllis Bascomb of the Bascomb Beauty shop, Mrs. Gladdale avenue, underwent a tonsil operation at the Sherman hospital in Elgin Wednesday morning.

## Ambitious Leaders Will Not Build A Centralized Europe, Says Speaker

"Ambitious government leaders will not win and build up a great central government in Europe. The rulers of modern Europe were written 3500 years ago and then it was decreed that never again would the destiny of that continent be brought under the sway of a single ruler, be he king or dictator," declared M. N. Shadsheim in his second lecture in the high school building here Tuesday night. His subject, "Will Hitler Succeed Where Wilhelm II Failed in 1918," was interesting and attentive, appreciative audience. The speaker announced at his opening lecture Sunday night that this was the beginning of a series of "Back-to-the-Bible" programs under the sponsorship of the Seventh Day Adventist church of Barrington.

Continuing the lecture, Mr. Shadsheim said in part, "We learn much about the 'collapse of civilization.' Will it come after the collapse, only a few seem ready to even hazard a guess. Yet all can know what will come to the world in the next few years, for there is a more sure word of prophecy, where ye do well that ye take heed."

"Six hundred years before Christ, the king of Babylon, Nebuchadnezzar, fell to wondering what would come to the world after his departure. God gave him a remarkable dream, and through a combination of Divine circumstances, the prophet Daniel was called upon to interpret the dream.

See Daniel 2:1-44. The king dreamed that he saw a great image of a man, but composed of many metals, and at last the feet and toes were composed of iron and clay. A great stone from God came and smote the feet and destroyed all the metals together.

"By divine unction, Daniel said that the gold stood for Babylon, the silver breast stood for Medo-Persia, the sides for Greece, and the iron legs for Rome. The feet and toes were composed of iron and clay, and were of iron and clay. In 476 A. D. ancient Rome was finally divided into ten kingdoms, the remnants of which still cover Europe and keep the war flame burning by seeking to gain the ascendency one over the other.

"To the ancient prophet God said of the present nations in Europe, 'Behold, I will cleave one to another.' These seven words prevented Charlemagne, Napoleon and the Kaiser from ever ruling all of Europe. These seven words will likewise prevent Hitler or any other ambitious leader from doing that very thing," Mr. Shadsheim pointed out.

Tonight, in the Barrington high school (south entrance) Mr. Shadsheim will speak on "Illustrated lecture on the topic," Scientific and the Bible." Sunday night, he presents "Glorious Pictures of God's Love" and on Tuesday night he presents a striking lecture, "Will the Turk Be Destroyed?" "Who Are the Jews of the Dictators and the Allies?"

## Dayton Nances Bring Home Odd Reminder of Vacation Journey

Barrington residents bring back many souvenirs from their trips, as indicated by them each year on their vacation sojourns but Mr. and Mrs. Dayton Nance have come back a reminder that really is a reminder. They returned home Sunday evening following a visit at the home of Mr. Nance's parents, Mr. and Mrs. J. D. Nance, of Plainview, Tex., and with them they brought a tarantula spider.

The spider was named "Happy" after his home state of Texas and was captured along one of the roads by Mr. Nance for the purpose of showing his wife some of the wild life of that region. A small screened cage was purchased, the spider seems complacent in his new surroundings but ordinarily he is somewhat shy being a deadly, venomous and fearless insect.

"Happy's" home is a cheese box covered with moss and he is now being kept in the office of the Nance Feed and Market, where Mr. Nance is employed.

The local traveler discovered that the spider was a "hitch-hiker" but wonders where his source of food will be found this winter.

The idea of a Civic league was broached by Mr. Hatje during the meeting. His plan followed upon the remarks of several speakers, Mr. M. Schelter, Mr. H. R. ## Joseph Subrt, 21, Fatally Injured in Crash on Tuesday

### Fox River Grove Youth Loses Life When Car Leaves Northwest Highway

A verdict of accidental death was returned Wednesday afternoon by a Kane county coroner's jury impaneled to investigate the death Tuesday which Joseph Subrt Jr., 21 years old, of Fox River Grove, was fatally injured on Northwest highway, about one mile west of Barrington, at 8:45 Tuesday night.

Subrt died at the Sherman hospital in Elgin shortly after midnight Tuesday night. He received a fractured skull and shock received when his car left the road and crashed into a ditch.

His car, trawling east on Northwest highway, veered first to the south and then crossed over the pavement to the north.

The machine left an eight-foot embankment and was hurled for ten feet before striking the ground, traveling in all a distance of about 350 feet from where it appeared Subrt first lost control of the vehicle.

His throat was cut from ear to ear, presumably by broken glass.

When the Fox River Grove man was taken from the wreckage he was given prompt professional and severe shock. An ambulance was called from Barrington and Subrt was rushed to the Sherman hospital. He was later removed to Elgin, where physicians and nurses worked vainly for nearly four hours to save his life.

According to testimony presented at the inquest by State Highway Patrolman William Gallagher, who investigated the crash, Subrt had left Fox River Grove a short while before, bound for an unknown destination in Barrington. His parents or friends were unable to offer any reason for his coming here.

Stanley Hartwig, who lives nearby and who was first upon the scene of the crash, reported his attention was first attracted by the noise of a car trawling at what appeared to be a high rate of speed. He heard the crash and hurried to the scene.

Subrt, a janitor at the Chicago arena, 630 McClurg court, Chicago, had been in Chicago but recently made his home with his parents, Mr. and Mrs. Joseph Subrt in Fox River Grove.
