New Executive at
Jewel Tea Co., Inc.,
Follows Shake-up

Robert F. Walker Appointed
General Sales Manager
and Vice President

Jewel Tea Co., Inc. has announced
the engagement of Robert F. Walker
as general sales manager of that
company. Mr. Walker will assume his
duties on Monday, July 13, 1931.

Mr. Walker is disposing of the ad-
vertising agency bearing his name in
Chicago and will bring to his new
work 22 years of experience in mer-
chandising to the consumer. His en-
gagement by Jewel is one of a series
of changes recently made in the sales
department of that organization.

Mr. Walker started in business in
1904 with Swift and Co. Since then
he has been connected with Hammond
Packing Co., Rothchild and Co., and
other nationally known business
firms. He has been at the head of the
Walker advertising agency for the
last eight years.

C. W. Kayler has been appointed
assistant general sales manager in
charge of operations, in place of
H. Woodring.

Robert W. Muir, assistant secre-
tary, has been placed in charge of per-
sonnel and public relations.

One Vacancy Remains
George Barrett has been placed in
charge of publications in place of
R. E. Nagler.

L. A. Cashman has been appointed
district manager for the northwest
due to the illness of the present dis-
trict manager. A successor to George
J. Daley, formerly head of the job-
bing division, has not been appointed.

Automobiles and
Cash Stolen From
Barrington Firm
Thieves Break Into Schauble
Brothers And Collins
Garage Monday

Robbers who broke into the Schauble
Brothers and Collins garage on
N. Cook street early Monday morning
escaped with two automobiles, about
one dollar in cash, and a bundle of
automobile insurance policies which
probably were mistaken for bonds.
Most of the cash had been removed
from the cash register the night be-
fore.

The automobiles stolen were a new
Pontiac two-door sedan belonging to
the garage and a cabriolet sedan be-
longing to L. E. Murphy.

After breaking in a quarter pane of
glass, the thieves entered through a
window on the south side of the
building, bordering the alley, and
wheeled out the automobiles through
the large north door of the shop, leaving
it open behind them. The thieves
were seen leaving the garage in the
stolen automobiles by Lloyds Zim-
merman, from a second floor window
across the street. Mr. Zimmerman be-
lieved the men to be connected with
the garage so did not report the in-
cident.

One or more of the robbers was
tied up by the jagged window glass
when he entered, it was later learned,
because the window sill, wall, and
floor were smeared with blood. In
fact, the entry trail revealed to police
and garage attendants, when the
building was opened for business Mon-
day morning just where the robbers
had gone while ransacking the plant.

The cracksmen had gone to the
office, pried open the cash register, ex-
tracted the contents and had forced
their way into a private office and
searched through a private desk, prob-
ably for valuables. It was from this
desk that the insurance policies were
stolen. Included in this latter loot,
valuable to the thieves, was a theft
insurance policy covering one of the
automobiles. Loss of the policy will
not interfere with payment by the in-
surance company.

PENCIL COMPANY MAY
LOCATE AT ST. CHARLES

Any hopes Barrington people may
have entertained that the Duroille
Pencil Co. will move its factory to
this community were dashed Satur-
day when it was learned the company
had all but decided to locate at St.
Charles.

A committee from the Duroille
company visited Barrington, last
Wednesday and accompanied by a
committee from the Barrington Lions
club visited several possible sites.
Only one building visited seemed to
satisfy the needs of the pencil com-
pany people, and that one was not
available. The visitors explained that
they wanted a building which could be
remodeled at low cost to fit their
needs for factory production.

Barrington is ideally located for
industry, but at present very little
building space is available as com-
pared to many other communities.

Eight Gardens to
Be Open to Public
Saturday, July 11

Open house in eight gardens of the
Barrington community, under the aus-
pices of the Barrington Garden club,
has been announced for Saturday,
July 11. The gardens will be open
from 11 a. m. to 5 p. m.

Those gardens which will be open
to the public this year are at the
homes of the following members of
the Barrington Garden club:

Mrs. H. Stillson Hart, Mrs. James
MacMurray, Mrs. John Edmund, Mrs.
Marvin Miner, Mrs. Alexander Reich-
man, Mrs. T. H. Johnston, Mrs. John
O. MacAuley, and Mrs. J. R. Card-
well.

In case of rain the event will be
postponed one week.

LAKE COUNTY BOARD
TO BE CUT DOWN 9
ASST. SUPERVISORS

Nine assistant supervisors in Lake
county will lose their jobs as the re-
sult of a new state law sponsored by
Senator Ray Paddock of Waukegan.
These will be retired from Waukegan,
Deerfield and Shields townships.

Waukegan township with a popula-
tion of 41,304 is entitled to eight as-
sistant supervisors under the new law.
Under the former ruling Waukegan
township, after the 1930 census, was
given six new assistants on the board,
making a total delegation of fifteen.
Before the census Waukegan had nine
assistants. Hence two years from now
the township's delegation will be de-
creased below its old standing.

Shields township, which now has
four assistants on the board will be
cut to one supervisor and two as-
sistants, since population of the town-
ship is only 12,948. After the census
go-round, side-shows, etc., will be no
less attractive than usual. In fact,
races and games will be as numerous
and exciting as in the past, and all
water sports will be in addition to the
features outstanding in other years.

The Friday schedule of special
events will include two five inning
diamondball games with the Salem
Sunday school playing the Baptists
and the St. Paul Sunday school play-
ing the Methodists. The first game
at 6:45 p. m. Following the diamond-
ball games, a beauty parade of little
girls will be held with dolls and car-
riages. All little girls have been
urged to decorate their doll carriages,
dress up their dolls and be on hand
a little before 7:30 p. m. to enter the
parade. Swimming at the pool will
be the chief attraction for Friday
night.

Races Saturday
The Saturday program will start
at 2 p. m. The first race will be the
100 yard race for boys, 150 pounds or
over, that will be followed by the 100
yard race, 180 pounds or more, the
girls race, boys race, flappers race,
collegiate race, novelty race, milk
drinking contest, pie eating contest,
and the pool swimming, midway at-
tractions, etc.

The second regulation baseball game
of the four day event will be played
at 5 p. m. with the Barrington Bears and
Cary teams as opponents. At 6 p. m.
the winners of the two Friday dia-
mondball games will play off for the
celebration championship. The first
works display will start at 10 p. m.
The Legion decided this year to elimi-
nate the unsatisfactory but expensive
ground fireworks scenes which most
of the crowd are unable to see, and
buy a complete aerial fireworks com-
bination. This will be easily seen by
everyone on the grounds.

Airplane Contest Sunday
The Sunday program will start at
2 p. m. with a water polo game be-
tween two local teams. At 2:30
o'clock the boys will hold their model
airplane exhibition, and one with a
corps of judges to decide the winners
headed by Wilson Herren, and
other aviation men picked by him.
Barrington will play Long Grove for
the final baseball game.

The tug-of-war between Popp's
confectionery store and the U. S. post
office will start at 6:30 p. m. The
losing team will be pulled through a
stream of very cold water. The Old
Fun auction will be held at 8:45 p. m.

JEWEL TEA CO. BUYS
80 ACRES OF LAND

Eighty acres of land lying south
of the present Jewel Tea Co. Inc.
property were purchased by the com-
pany.

The land borders the present
Jewel property on the north and ex-
tends from the Northwest highway
east. The officials of the company
have made no announcement as to
what type of landscaping will be done
or when the property will be par-
celed. Included in the Jewel park im-
provement program for this year is the
construction of two new houses, one
on Elm avenue and one on Maple ave-
nue. One will be a frame house and
the other a brick structure, both
of English type architecture. They
will be six room houses. Herman Gar-
bisch of Barrington is the contractor.
The addition of the two houses will
increase the number in the park to
17. A steady building up of the park
addition is planned.

Miss Katherine Mulholland Becomes Bride

One of the prettiest weddings of the season was solemnized Saturday morning, June 27, at 9 o'clock at St. Anne's church when Miss Katherine Mulholland, daughter of Mr. and Mrs. M. J. Mulholland, 135 North Avenue, became the bride of Russell Knudsen, an uncle of the bride, officiating and the single ring ceremony was read in the presence of more than one hundred relatives and friends.

The bride was beautiful in a gown of ivory satin and tulle veil of ivory secured by a lace cap. She carried a colonial bouquet of roses, lilies of the valley and baby's breath. Miss Loretta Mulholland, a sister of the bride, served as maid of honor and was dressed in pink organdy with a touch of blue trimming. Miss Rita Kunding, a sister of the groom, Miss Mary Chisholm and Miss Mary Margaret Conley attended as bridesmaids. Miss Kunding was attired in peach embroidered organdy with a touch of green. Miss Chisholm was in orchid with pink trimming and Miss Conley in green and peach. They wore transparent picture hats to match their gowns and carried colonial bouquets of garden flowers. Little Loretta Joan Dempsey and Mary Lou Schwartz of Chicago served as flower girls and were dressed in green and orchid organdy. Robert Peddlar of Evanston, a cousin of the groom, served as best man; Walter Adams and Charles Nolan of Chicago acted as ushers.

The church was beautifully decorated with palms and baskets of garden flowers. Field daisies were used for altar decorations. As the bride entered on the arm of her father strains of the wedding march from Lohengrin were played by Miss Katherine McCarthy, pianist, accompanied by Mr. George Benson at the organ. During the ceremony they played "I Love You Truly" after which Mrs. Benson and Mrs. W. W. Miller sang "Veni Jesus." This was followed by a solo, "Ave Maria," sung by Mrs. Benson and at the close of the service Mrs. Miller sang "O Sanctus."

Immediately following the church services 45 guests were entertained at a wedding breakfast served at the Biltmore country club under the direction of Mr. and Mrs. W. C. Sullivan.

Mr. and Mrs. Knudsen left in the afternoon for a motor trip through the west. The principal stops will be at Woodland Park, Colo., where they will visit at the ranch home of relatives. Mr. and Mrs. W. W. Thompson. After a two weeks' vacation they will be at home in an apartment on Franklin boulevard and Central Park avenue.

Altru Society Entertained

The Altru society of the Baptist church was entertained at a social meeting held in the church parlors Friday evening. Twenty-three members enjoyed an evening of progressive games in which prizes were awarded to Mrs. A. C. Lines, Miss Helen Drusell and Mrs. J. A. Lester. Dainty refreshments in the spring colors were served by the following committee: Mrs. Russell Brockway, Mrs. George Whitcomb, Mrs. John Heinrich and Mrs. Celus Schwartz.

Entertains Double Eight Club

Mrs. William Hoffman, 204 W. Lincoln avenue, entertained the Double Eight Pinch club Tuesday evening. First prize for ladies was won by Mrs. Louis Miller, second by Mrs. Hoffman. First prize for men went to Gottlieb Kuhlman, and second to Herman Kuhlman. Ted McCabe received the consolation prize.

Entertains Cradle Roll

Mrs. B. H. Bates, 123 Waverly road, entertained the Cradle Roll of the Congregational church of Waukegan, with their mothers, at a picnic dinner at her home Friday of last week. About 25 were present.

Celebrates Silver Wedding

The silver wedding anniversary of Mr. and Mrs. A. G. Geske, 312 Grove avenue, was observed Saturday evening, June 27, by a surprise tendered them by some 40 guests, nearly all relatives. Rev. and Mrs. Philip Beuscher and family were among the guests.

To the strains of Lohengrin the bride and groom of twenty-five years were ushered in to guests of honor who they enjoyed with their guests a program previously arranged. A poem written by H. H. Hubbard, 70, in 1900, and dedicated to the bride and groom was read and followed by interesting reminiscences of those bygone days. Other numbers on the program were vocal solos by Miss Josephine Beuscher and Willard Geske, Miss Faith Rodt accompanying at the piano, readings by Mrs. R. G. Plagge and Mrs. John N. Plagge, and the singing in unison of "O Sanctus." Rev. and Mrs. Bates of Waukegan, Ill., presided. They addressed the bride couple, commenting on the success of the past 25 years and expressing best wishes of the guests for their future happiness. He finished by presenting them a gift of silver, a dozen knives and forks, a token of the love and respect of those present. Mr. and Mrs. Geske also received a gift from the Beuscher family and one through the mail from Miss Cornelia Smith of California at one time of July, and a lifelong friend of Mrs. Geske.

Delightful refreshments served by Mrs. William Solt and Mrs. H. T. Schroeder as assisting hostesses, completed a very pleasant evening. The following were out-of-town guests: Mr. and Mrs. Frank Bohl and Mr. and Mrs. Richard Saxell of Chicago.

Miss Abbott Bride of Chicago Man

A group of fifty relatives and friends witnessed a pretty wedding at the Baptist church Thursday, June 25, at 5 o'clock, when Miss Marian Abbott, 126 W. Main street, became the bride of Edward James, son of Mr. and Mrs. R. W. James of Chicago. Rev. Charles R. Drusell officiated, reading the single ring service. The bride was adorned in a flowered chiffon dress with hat to match and the bridesmaid, Miss Winifred Doyle, wore pink georgette and white hat. Lelburn James, a brother of the groom, served as best man. As the bridal group took their places Mrs. Alta Bennett played Mendelssohn's wedding march. Twenty-eight years ago on June 21 Mrs. Bennett had played the same march for Miss Abbott's parents.

During the service Miss Norma Lundberg of Chicago sang "I Love You Truly." Miss Lundberg has sung for two sisters of Miss Abbott on similar occasions.

A reception at the home followed the church services, at which thirty guests enjoyed a social hour and buffet luncheon.

The bride couple left Thursday evening for a week's vacation with relatives in northern Michigan. On their return they will be at home at 4209 Hirsch street, Chicago.

The out-of-town guests were: Mr. E. A. Grimmer and Mrs. R. W. James, Lelburn James, Edith James, Mr. and Mrs. Fred Mueller and Miss Norma Lundberg, all of Chicago, Mr. and Mrs. C. H. Jones and daughter and son and Mrs. Elliker of Oak Park, Mrs. C. Stumpf of Crystal Lake and Dan Kemp of Riverside.

Entertains O. N. O. Club

Mrs. Robert Bergsma, 512 Prairie avenue, entertained the O. N. O. club at a 6 o'clock dinner and social evening on Friday. The following members were guests: Mrs. Bertram Schultz, Mrs. Edwin Herrlin, and Mrs. Chester Meyer.

Entertains Star Officers

Officers of the Eastern Star met at the home of Mrs. Arthur Calkins Monday and enjoyed a pleasant evening. Mrs. P. L. Anderson assisted the hostess.

Enjoy Silver Wedding at Wichman Home

Mr. and Mrs. E. F. Wichman, 313 Grove avenue, celebrated their twenty-first wedding anniversary Saturday, June 27, by entertaining fifty-eight guests, at a 7:30 o'clock dinner after which a most enjoyable evening was spent in music and unison singing.

Mr. and Mrs. Wichman were the recipients of many beautiful silver pieces from friends and a purse of silver from the relatives, tokens of the love and respect of the guests.

Mr. and Mrs. Wichman have spent their twenty-five years of married life in Barrington and twenty-two years of the period in the home in which they now lived.

The following out-of-town guests were present: Mr. and Mrs. Gust Koeniger and daughters, Bertha and Doris of Sturges, Mich.; Mr. and Mrs. Ivan Tokkimo and daughter, Janet, and Mr. and Mrs. Henry Dehnoff of Kenosha, Wis.; Mr. and Mrs. B. Broemmekamp and daughters, Bertha and Lela, Winthrop Harbor, Mr. and Mrs. Frank Hogner and daughters, Joyce and Mary Jane, of Edison Park, Ill.; and Mrs. William Krieger of Elgin, Mr. and Mrs. William Bruggen of Crystal Lake and Mr. and Mrs. E. Johnson of Atchison, Kansas.

Smiley's Attend Class Reunion

Mr. and Mrs. Lee Smiley and son, L. Travis, Grove avenue, spent the week-end with relatives at Vinton, Ind. Mr. and Mrs. Smiley attended the fourth reunion of their class at the Vinton high school. On their return they stopped at Mr. Vernon and called on Mrs. Grace Barker, and her daughter, Darleen, who has been a member of the Barrington high school faculty for several years.

Entertains For 11th Birthday

A group of sixteen classmates helped Sylvia June Ott celebrate her eleventh birthday anniversary at her home on S. Cook street Saturday afternoon. A jolly time was had and Betty Seaverus, Ruth Brandt, Betty Lee Schreiner and Elizabeth Wiltman were the lucky winners in the contests. Refreshments were served out of doors.

Enjoy Outing At Crystal Lake

A young ladies Sunday school class of St. Paul's church and a number of friends accompanied by their teachers, Miss Edwina Ost, and Mr. Ost, and children had an outing at Crystal Lake, Friday afternoon. The group enjoyed boating and bathing, and a picnic supper was served by Miss Hazel Gross.

Enjoy Week-end House Party

The following guests enjoyed a week-end house party at the home of Mr. and Mrs. W. R. Overbe, N. Hough street: Mr. and Mrs. L. Mink and son, Ronald, Mr. and Mrs. Leo Brown and son, Bruce, Mr. and Mrs. Donald Pirie, and Mr. and Mrs. G. Wiltmer and Junior, all of Chicago.

A PROMISING PROGRAM

All sorts of people are putting forth all sorts of schemes designed to prevent a recurrence of the industrial depressions such as we have been going through. Most of the schemes are merely schemes, put forward by people who do not really know what they are talking about. There seems, however, to be real promise in the suggestion of the national civic federation to call a national congress of selected delegates from every line of industry and business, and from the ranks of all the important trades as well, to formulate a program of industrial readjustment and to create a permanent organization to maintain the proper balance between production, distribution and consumption.

The suggestion originated with Matthew Woll, vice president of the American Federation of Labor, in a letter to James W. Gerard, former Ambassador to Germany, who is chairman of the commission of industrial inquiry of the national civic federation. Elihu Root, America's most distinguished "elder statesman" is the honorary chairman of the federation.

Under such auspices, any movement for public welfare starts off with a fair chance of success. Every intelligent person knows that all that is needed to keep business and industry on an even keel, and labor steadily employed, is cooperation to that end between all of the elements involved. Capital alone cannot do it, management alone cannot do it, labor cannot bring it about. But if all the groups of these three elements of business and industry get together and agree on a program, it is pretty likely to be a program which stands a chance of success. Its value will be increased if the farmers are also included. And it will be lessened in precisely the degree in which politicians take part in it.

The advocates of this movement are referring to it as "the Ten-Year Plan." They figure it will take ten years of experiment, trial and error to arrive at a working basis which will be reasonably certain of accomplishing its purpose. If some method could be devised to compel all of the interests involved to live up to their joint agreements there is no reason in the world why something of this sort should not be effective. And, as the gentlemen who are active in promoting the ten-year plan point out, unless intelligent action in this direction is taken, the alternative will be the government stepping in and regulating business, socializing industry in ways which are entirely foreign to the American conception of individual rights and liberties.

FARM FIRE WASTE

Man is a peculiar animal. He worries a lot about minor dangers, but gives little thought to greater risks which may cost him his property and even life itself. Indifference to the danger from fire is an example of this.

People of the United States allow \$500,000,000 worth of property to be destroyed by flames each year. Fires on farms cost an average of more than \$93,000 a day. A farm fire occurs somewhere in this country every fifteen minutes. In five years \$890,708,767 was the estimated farm loss from fires, most of which were preventable.

The farmer needs protection from fire, but he has been reluctant to help himself, although a large measure of protection would cost very little. When the average fire starts, one squirt of a fire extinguisher will put it out without serious loss. But given a few minutes to get headway it is beyond control, licking up the property owner's dearest possessions, and threatening the destruction of his family and himself.

A little fire extinguisher, kept in a convenient place for instant use, is so inexpensive as to mean practically nothing in the household budget. Handy for its vital job when a fire breaks out, its worth is incalculable in protecting house or barn, and it may often be the means of saving the lives of people and animals.

WHY HE WENT CRAZY

This story, with various modifications, has been doing duty for a good while, but for the benefit of those who have not had a chance to read it we tell it again.

It concerns an inmate of a lunatic asylum, who on being asked by a visitor how he got that way, replied: "It all started when I married a widow with a grown-up daughter. Then my father, being a widower, married the daughter. That made my step-daughter my step-mother, and my father became my step-son; my wife also becoming the mother-in-law of her father-in-law."

"Then my step-mother had a son, who was my father's son; but as the boy was the grandson of my wife, he was also my grandson."

"Then my wife and I had a son. My father's wife is my son's half-sister and also his grandmother. Now, it is easy to see that my father became my step-son, my marrying my step-daughter. Therefore, being my father's father, I am my own grandfather."

The visitor stopped the lunatic at this point, thoroughly satisfied as to why he went crazy.

WHO WILL BE KILLED?

With July 4 coming on Saturday this year, thus creating a two-day holiday, motorists have been urged by the Chicago Motor club to drive with extreme caution, in view of the fact that Independence Day is considered, from the standpoint of traffic accidents, the most dangerous holiday in the year. A total of 107 persons lost their lives on the Fourth last year.

In recent years, the motor club pointed out, traffic deaths have steadily increased, while casualties from fireworks have been on the decline. Last year only fourteen persons were killed by fireworks. Drownings on the Fourth last year aggregated sixty-five.

Whether one is driving, swimming, boating or celebrating with fireworks, the day, according to statistics, presents more hazards to life and limb than any other on the calendar.

THIS WEEK IN Washington

Special Correspondent

IT IS NOW evident that President Hoover's summer in Washington and his camp along the Rapidan will be anything but dull. His recent trip to the Middle West, when he unloaded a number of speeches has brought him assurances that the targets he set up will draw fire. His statements are taken as unmistakable signs of his candidacy for re-election. This condition inspires counter-attacks from his enemies in the Republican camp and from the opposition party. Mr. Hoover's summer in Washington has been anything but dull. He has done the right thing in conserving his physical strength and refraining from long tours this year. They believe that he will need his full energy to carry the double load of a President and a candidate next year.

CONGRESSIONAL LEADERS who are camped in Washington are taking soundings from a distance. They are endeavoring to detect the direction of political winds at Washington before committing themselves to vague propositions. For instance, the politicians are particularly chary with the new Hoover "plan" submitted to the public at Indianapolis last week. This proposal deals with long-range planning by government and industry for the next 20 years with an increase of twenty millions in population and four million homes.

THE AFTERMATH of the conference of young Republicans is not to the liking of veteran party leaders. Reports coming from younger party workers are delivered to their elders in the home town have given rise to grave concern. Curiously enough the opposition party the Democrats, have little or nothing to do with the matter. It is strictly a G. O. P. family affair. It appears that instead of developing zealous Republican missionaries, the recent conference has brought out mental indigestion resulting from overfeeding the delegates with oratory.

MR. FESS and Mr. Lucas of the G. O. P. high command wanted to impress these potential Republican evangelists as a means of keeping the partisan fires burning throughout the land. The youngsters wanted to discuss practical affairs, such as organizing clubs, drafting by-laws and the multitude of details essential to a concerted drive for votes. The managers blundered in preaching too much and planning too little. The enthusiasm of the selected party orators could have been contagious. Instead, the absence of stop-watches on the speakers' table aroused the latent boredom of youth, and then finally resentment and indifference. The evangelical spirit may be developed by correspondence and careful cultivation. Meantime the real problem is to overcome the errors of useless talk at the conference of Republican youth.

WHERE IS SOMETHING more than problems in arithmetic before the Federal Budget Bureau at this time. The spending Congress which closed shop March 4 left them the tremendous sum of ten billion dollars to dig up and distribute. Before the war a Congress that voted over a billion dollars was likely to meet with rebuff at the next budgeting. The Congressional money authorization represents more than one-seventh of the national income for the past year. These figures become more pronounced with the Treasury deficit nearly a billion dollars at present. Whatever pruning is done by government departments and agencies will be insignificant compared to the total. Now the suspension of debt payments amounting to hundreds of millions will also cut a dent in the revenues. These figures will develop when the House Committee on Appropriations meets for hearings on the proposed budget for next year. A debt holiday means just the opposite for the guardians of the government's cash box.

WHAT'S NEW?

A German inventor has designed an alarm clock that switches on an electric light when the bell rings.

To prevent soap from slipping out of metal holders, rubber insets have been invented.

A new fire engine has been perfected which pumps streams of carbonic acid powder that smother flames, instead of using water.

Microphone equipment has been invented to enable hospital patients to summon nurses by speaking in natural tones of voice from their beds.

Radio loudspeakers that can be tuned to suit the tastes of passengers have been installed in some Paris taxis.

Warmed by electricity, an incubator that can hatch 20,000 eggs at a time has been constructed by a Canadian.

Golf balls have been invented that depend upon hog bristles to give them resiliency instead of all rubber cores. An Englishman has combined an eight-day clock, visible to all occupants on an automobile, with a rear vision mirror.

So clear is the atmosphere in Zululand, South Africa, that objects seven miles distant are often plainly visible by starlight.

Dent patients of several talking picture theatres in New York and Chicago are supplied with head phones.

With a membership of 3,075, the Massachusetts Horticultural Society is said to be the largest organization of its kind in the United States.

A medical association of 400 physicians, who plan to furnish medical care at \$1 a week, has been formed in New York.

All but six of the 56 signers of the Declaration of Independence are said to have been members of the Masonic fraternity.

The bill of Representative P. J. Breen, of Vermillion Grove to abolish the commerce commission, was defeated, following the recommendation of the house committee on public utilities and transportation that it do not pass.

STATE NEWS

Seldom have five musical organizations been gathered together equal to those participating in the dedication of the Lincoln monument. The University of Illinois band, directed by Albert Austin Harding, is widely known; the Joliet high school band under its director, Archie H. McAlister, has won several times the national championship; the university chorus of local singers was under direction of William Dudd Cheney, famed director of biblical pageants; the Hamilton Glee club, Chicago, sang; and the Liberty chorus, composed of Springfield, Decatur and Chicago singers, was led by James Murphy, of Chicago.

The house of representatives accepted the responsibility for the killing of two important bills this week, one favored by labor leaders and the other opposed by them. The eight hour bill for women received only 50 votes, 18 short of a constitutional majority, and there were 65 votes in opposition. The bill for an increase of fifty on the staff of the state highway police met its greatest opposition because of the amendment placed on by the House giving the state force an unlimited police powers, which labor leaders claimed to four as favoring its use in strike breaking. The final vote on this bill was 37 yeas and 55 nays.

The paper and bill introduced by Senator W. I. Finn, of Joliet, passed the house by a vote of 100 to 12, requiring that paper funds be provided by the state instead of the counties. It was a substitute bill for a previous measure making it optional with the board of supervisors whether to transfer the burden to the township, which was vetoed by Governor Louis L. Emmerson following the rendering of an opinion by Attorney General Oscar B. Carleton that it was unconstitutional.

Among national men of new president, with President and Mrs. Hoover at the Lincoln trip, re-election was several Illinois citizens, Robert P. Lamont, secretary of commerce in the president's cabinet; Charles G. Dawes, Evanston, ambassador to Great Britain and former vice president; Otis F. Glenn, Murphysboro, senior U. S. senator from Illinois; former Senator Charles S. Deneen, of Chicago; and Congressman-at-large, Richard Yates.

Ride the Range
—behind
your own herd

There are perhaps more thrills and romance in riding the range, guardian of the welfare of the thundering herd, than in attending the details of guarding one's nickels and dimes. Still, the comparison is there, your dollars, which you work and sweat to earn, the herd under your charge.

Make the game a thriller; your dollars the herd; our bank the range. Keep them on this range to grow and fatten.

The gates are open. Round up and drive in the herd. We pay 3 per cent on savings accounts. Com' on cowboy!

Three Games For Bears

Bears Unable To Solve Problems of Elgin Southworth Sunday's Game, Lose 4 to 0

The Elgin Parkettes defeated Barrington Bears at Elgin Sunday after the hosts found the offense of their visitors' moundmen. A. J. Alperberg for 14 hits, while the southpaw pitcher, Walter, scattered the Bears to 7 scattered hits, but failed to get a single out. Two fast double plays by the Parkettes ruined excellent scoring opportunities of the Bears in the first and fourth innings. Charley Beck, the local hitter, with a double in the fourth, drew in the Parkettes, but failed to take home runs for Elgin.

Three Games This Week
The Bears have three games scheduled this week, all games to be played at the Elgin Southworth. Thursday evening at a twilight game at 6 p. m. they play the Elgin Parkettes, who defeated Elgin last week 11 to 3.

Saturday at 3 p. m. the Bears play the Cary Indians. The Bears lost Cary 11 to 10 earlier in the season scoring four runs in the half of the ninth to win. Elgin Long Grove will play here.

Farthest From Land
The farthest distance a ship can sail from land is 1,200 miles. This may seem strange, for the Atlantic ocean is more than 4,000 miles wide, and the Pacific even wider than that. But there are islands in these oceans, and never can a ship be more than 1,200 miles from some point of land. The spot of greatest distance from land is in the Pacific ocean, half-way between New Zealand and South America.

The Wrong Start
If more and better home training were given to youngsters between the ages of one and six, less responsibility and blame would be laid upon the school teachers for giving them a "wrong start." Country Home.

Person of Unusual Size

Classed as Monstrosity
Many persons admire giants, perhaps envy them, and imagine that they are examples of a superior humanity. A complete error; for gigantism is an anomaly, a monstrosity, as much so as dwarfism. It is really a disease. The work of anthropologists has shown that the giant is a man that is still a child, in whose case growth does not stop at the age when normally they ought to have ceased to grow. The giant is rarely well-proportioned; his hands and feet are almost always too large, his face is generally distorted.

Physicians who have studied gigantism say that giants are all diabetic. Professor Landouzy says also that almost all of them are candidates for tuberculosis. They are subject to all sorts of other morbid troubles; they are sooner than normal persons; they are unfit for all violent labor; their muscles are weak in spite of their size; their nerves lack resistance, and they are often affected with neurasthenia. Handsome giants are rare. —Jean Lecoq in Le Petit Journal, Paris.

Women Geographers

The Society of Woman Geographers is a society, organized in 1925, by a group who felt that there should be some medium of contact between women distinguished in geographical work and its allied sciences—ethnology, archaeology, botany, natural history, sociology, folkways, arts and crafts, etc. For active membership in this society only those women are eligible who have done distinctive work whereby they have added to the world's store of knowledge concerning the countries in which they have traveled. Corresponding members are those who fulfill the requirements for active membership, but who reside outside the United States of America and Canada. The associate membership admits widely traveled women who are interested in furthering all forms of geographical exploration and research.

Highway Closed for Grading at Hillside Avenue

Detour Routed Over Broadway Street While Highway Is Closed

Although detouring highway through Barrington for the temporary expedient of avoiding the congested intersection of Hillside Avenue and Broadway Street, it is probable that the detour will be raised until after the summer grading of the road from the DuSable road to Barrington has been completed, according to Charles Campbell, district highway engineer. The work of laying the new road is for Hillside Avenue extension is not completed. The grade will be given a temporary surface before being left to settle a year prior to its next summer. Gravel is being taken over the highway at the intersection made travel at that point dangerous with the result of traffic was detoured through Barrington.

Tear Out Paving
The detour leaves the North highway over Dundee road and follows the Dundee road to Hillside Avenue. The detour turns north on the Hillside Avenue and follows the Hillside Avenue to the North highway.

Although the paving operation on the Northwest highway is gradually those of widening the road for late traffic, some sections of the road will be torn out and repaved. The tearing out of concrete will be started within ten days. In case of this, the shut off section of the road will be closed until it has been paved throughout.

Pave Route South
With the widening of the highway at Barrington and near Hillside Avenue, motorists will have four lanes from East Main street to the highway to Chicago.

While the state is improving the Northwest highway, Cook county engineers are considering widening Barrington road south to U. S. Highway 20. This probably will not be undertaken until 1932. An extension of Barrington road to Hillside street is included in the plan of the Cook county board and may be undertaken late in 1932 or early 1933 with the result that there will be a continuous paved route from Hillside street to Waukegan through the Northwest highway.

GARDENS READY FOR VISITORS SATURDAY
Preparations have been complete for the opening of the gardens at the Barrington country estate, Saturday, July 4. The Barrington Review has announced that gardeners, who of the following will be on duty between the hours of 10 a. m. and 5 p. m.: Mrs. H. Stillson Hart, Mrs. J. A. Murray, Mrs. John B. Smith, Mrs. Mary Mier, Mrs. Alexander R. Smith, Mrs. F. H. Johnson, Mrs. J. C. MacAulay, and Mrs. J. E. O'Neil.

In case of rain, the event will be postponed one week.

Bonded Debt of Barrington Low by Comparison

Barrington south of Main street, with other municipalities in Cook county in a bond indebtedness table, published in the Chicago Daily News, showing the total amount bonded indebtedness, the population, assessed property valuations, ratio of bonded indebtedness to property valuations and the per capita debt with figures as of Dec. 31, 1930.

Four average bonded indebtedness compared to valuations, not reported by Barrington was far better than the average of 3.5 percent. The county, Barrington was approximately 1.5 percent of Cook county's bonded debt.

The average ratio of bonded indebtedness to valuation for all 46 municipalities was 10.39 per cent, while in Barrington was 3.16 per cent. The per capita debt of Cook county was \$114.60 as compared to the per capita debt of Cook county of \$11.46.

Of eight Northwest suburban communities, Barrington and Arlington Heights had the lowest per capita debt, and the lowest indebtedness to property valuation. With Barrington undertaking the new swimming pool, and other municipalities public improvements, the proportion undoubtedly changed since December 31.

The table as of Dec. 31 for eight northwest suburban communities follows:

	Ratio of Per capita bonded indebtedness to debt		
Barrington	3.16	Arlington Hts.	4.80
Rolling Meadows	6.21	Des Plaines	6.90
Glennview	6.57	West Chicago	6.89
Bellevue	6.63	North Ridge	11.46
