Three Comedies Feature Bill at Catlow Theatre

"Politics" which is on the screen at The Catlow theatre tonight and Friday is entertainment of the hilarious kind which patrons look for from Marie Dressler and Polly Moran. The plot weaves is of sturdy fabric, however, picturing, as it does, two militant women setting out to right the political situation in the town.

"Politics" makes way for a picture every bit as delightful, which takes the feature spot at The Catlow Saturday night. This is "The Man in Possession," starring Bobbie Montgomery. Montgomery plays the part of the young ne'er-do-well who becomes a sheriff's deputy, serving attachment writs. His duty takes him into the home of a ravishing widow and he is persuaded to impersonate a butler to spare her the humiliation of having an attachment guard in her house during an important dinner party. There are many hilarious highlights, climaxed in the casting of the widow's suitors and admirers. Of course the butler wins the lady fair, amid gay circumstances.

The part is right up Montgomery's alley, affording him every opportunity for the sophisticated drolleries that has made him one of the most popular players on the screen today.

Charlotte Greenwood, herself every inch a star, is featured in the cast. Fand throughout the land have been hoping for a year that Eddie Quillan would get the break his cleverness deserves, so that his place would be among the first in the hearts of his countrymen. In "Sweepstakes," a swift-paced racing story, which plays The Catlow Sunday and Monday nights, this personable young player has edged into the ranks of those whose names flash in electric.

In this story of the turf, Eddie is seen as a jockey whose unfortunate exclusion from national racetracks causes him to seek necessary employment in a cheap cafe in Mexico. That only begins the action of a story that has sure-fire appeal all the way through.

Another golf lesson in the Bobby Jones series, news, comedy and singing are included in this bill.

"Men of the Sky" a spy-romance, which plays The Catlow Tuesday and Wednesday nights of next week, pictures with intensity the adventures of a boy and girl who are spies during the early years of the World war—and the intricate ways by which they came to detection and punishment.

Irene Delroy and Jack Whiting are the featured players.

"Chances," war romance starring Douglas Fairbanks, Jr., coming to The Catlow theatre next Thursday.

Want Her Number?

Alice Platt was chosen as the typical telephone worker of the Chicago branch of the Western Electric Company.

and Friday nights, pictures some of the most heart-stirring intimacies of the war years. It is the story of two soldier brothers who are in love with the same girl and is an adaptation of the novel of A. Hamilton Gibbs.

The winner of the 1931 Ohio poem contest is Mrs. Lida Keck-Wigons of Springfield, whose poem was chosen out of 1,200 manuscripts submitted.

Hudson-Essex Garage Adds New Valve Grinding Tools

The Barrington Hudson-Essex Co., 303 E. Main street, has added a set of precision tools for grinding valves and valve seats to its shop equipment. The tools are constructed so as to accomplish more accurate grinding. In place of the guide and drill being in one piece, the guide fits firmly into the block and the drill turns freely around it. All tools and instruments are accurate to the .001 of an inch. After each valve seat is ground it is tested by an instrument called the eccentricimeter.

Tools for such accurate valve work were not considered necessary for low compression automobiles of former years, but the quick acting engines of present cars require the greatest amount of accuracy to be highly efficient.

Lake Zurich Pirates Defeat North Chicago

The Lake Zurich Pirates defeated the North Chicago Civic club baseball team in a close game Sunday by a score of 5 to 4.

The teams were evenly matched throughout the game. Lake Zurich made five runs and eleven hits, while North Chicago made four runs and five hits.

Batteries were Tomme, Knechtel and Meyer for Lake Zurich, and DeBoe and Carr for North Chicago.

The Pirates will play the Bunge All Stars of Elgin on the Lake Zurich diamond next Sunday.

How One Woman Lost 10 Pounds in a Week

Mrs. Betty Luedke of Dayton, writes, "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, safely and quickly take one half teaspoonful of Kruschen in a glass of hot water every morning before breakfast—an 80 cent bottle lasts 4 weeks—Get it at Fredlund Drug Co. or any drug store in America. If this first bottle fails to convince you this is the easiest, surest and safest way to lose fat your money gladly returned.

The total number of chickens over 3 months old on farms April 1, 1930 was 22,081,002. Chickens of all ages numbered 25,738,123 on January 1, 1925 and 25,320,643 on January 1, 1920.

Acreage Decreases

Crops were harvested in Illinois from 18,958,337 acres in 1920, as compared with 19,755,447 acres in 1924. The total for 1929 includes 7,774,070 acres of corn harvested for grain with a production of 275,890,007 bushels; 3,856,217 acres of oats threshed for grain with a production of 128,257,740 bushels; 2,917,631 acres of hay cut with a production of 3,010,445 tons; 2,065,359 acres of wheat harvested with a production of 30,150,949 bushels; 369,903 acres of barley harvested with a production of 9,381,100 bushels; and 46,721 acres of potatoes harvested with a production of 3,920,098 bushels. In 1920, the vegetables grown in the open for sale, with a value of \$8,828,301, were harvested from 118,507 acres. The four most important vegetables were sweet corn, valued at \$2,013,391, harvested from 64,587 acres; tomatoes, valued at \$1,173,577, harvested from 6,508 acres; dry onions, valued at \$954,512, harvested from 4,240 acres; and asparagus, valued at \$976,928, harvested from 4,004 acres.

Decatur's Schooldays

The bustling Decatur who humbled the proud day of Algiers, and after whom so many New York boys were named when he was in the south of his naval glory, lived in Powder Mill lane and went to school at the Lower Dublin academy in Holmestown, Pa. For all its pretentious name, the "academy" was a small log and stone structure with only two front windows and a shingled roof. Stephen Decatur did not take kindly to study, but he is said to have carved his name on every desk in the school room.—New York Times.

Master of Long Dispute

The true origin of the expression "O.K." is not definitely known, though several explanations have been derived from a Choctaw Indian word meaning "it is so". It has been attributed to an Indian chief, Old Redoubt; it has been considered the initials of "Old Korret"; it has been called an abbreviation of "O. K. (O. K. O. K.)". Another authority ascribes it to Aus Cayes, pronounced a-tay, in Haiti from whence the best rum and to bacco was exported in Colonial days.

Ancient and Modern Youth

Harking back to the days of mud pies, children were probably healthier and happier than the overweight, pampered, dieted and psycho-analyzed infants of today.

Church-Simpson May Lead G.O.P. Race for Congress

Real Fight Looked for in Thirteenth District Nomination

When the republican primary campaign for congress really gets down to business in the new 13th—north shore town—district, although the field may be considerably larger than it appears now, the real fight will lie between Ralph E. Church of Evanston and James Simpson, Jr., of Waukegan, near Waukegan, according to the Chicago Daily News.

"If Col. A. V. Smith, Lake county state's attorney of Waukegan, decides to enter the lists instead of trying for

RALPH E. CHURCH

the attorney-general nomination, it will be a triple play, but the guess along the north shore now is that Col. Smith thinks better of a fling at the state ticket.

Men of Wealth

A campaign between Church and Simpson, the latter a son of the President of Marshall Field & Co., will be worth watching. Both are wealthy men, both able to stand a stiff primary and election campaign without outside help, and both able to live as a congressman is supposed to live but seldom does in Washington, irrespective of the \$10,000 salary.

"Mr. Simpson announced his candidacy last week but said that his platform and plan of campaign would be discussed at a later date. Meanwhile Mr. Church had been at work, as Evanston voters discovered today when their mail boxes gave up a Church letter signed by 277 of the most prominent names in Evanston, 65 of them joint husband and wife signatures. Similar letters, signed by residents of the other north shore towns and villages, are to come later."

Beautiful Capetown

The sea voyage to South Africa is the fair weather voyage of the world. Capetown, once so remote outpost of civilization, is today one of the world's finest cities. It is not only beautiful and delightfully situated but the Cape is historical as well, for it was here in 1487 that Dias saw the sea-route to India and this lured Columbus, who in his search for India found America instead. The discoveries between 1487 and 1497 mark this era as the dawn after the Dark Ages and the first rays hit the Cape when Diaz discovered his way around.

Duck Hunting Season May Be Shortened This Year

Either a duck shooting season of reasonable length this fall or an entirely closed season is the announced stand of the American Game association pending completion of final private and official investigations of major waterfowl nesting areas in the northwestern states and the prairie provinces of Canada. Having lopped two weeks off the shooting season of every state subject on the strength of drought conditions the bureau of biological survey of the Department of Agriculture has issued a warning that further drastic restrictions may be necessary to save sufficient breeding stock of wild ducks to avert a serious shortage for years to come.

"We believe that if the duck supply will not justify a reasonable open season, thinking sportsmen will prefer to give up shooting entirely during the crisis," said Seth Gordon, president of the association. "Half-measures will undoubtedly result in a worst situation. A brief season would cause concentrated slaughter, and would only open the field to dishonest hunters, game bootleggers and pot-shooters."

"If the threatened drastic action is found necessary, giving the duck crop a year of protection in which to recuperate would simplify enforcement by the inadequate force of officers. Enough sportsmen already realize the seriousness of the situation to aid in every way in making a close season effective."

Mr. Gordon declared that in the present waterfowl shortage he can see the beginning of concerted action toward restoration of breeding grounds destroyed by drainage as much as by drought. He said he feared that logging the issue with ineffective regulations might encourage a disgruntled attitude unfavorable to the concerted restoration activity needed.

University's Art Treasure

A full-size copy of Mueillo's "Immaculate Conception" in mosaics is in the chapel of the Catholic university at Washington, a gift from Pope Pius XI. Three artists labored nearly four years in the Vatican mosaic studio to piece together nearly 800,000 bits of colored glass and of other mineral compounds which form the finished picture, the original of which is preserved in the Prado at Madrid. The mosaic is 9 1/2 feet long and 6 feet wide. It weighs a ton, and is valued at \$600,000. The pieces are of 20,000 different tints and shades.

Loose Blade

If the blade has come loose from the knife handle, make a piece of three parts resin and one of powdered pumice. Heat the prong of the knife until red hot and press into the paste. When the paste hardens, the knife will be good and firm.

to replace horses. While conducting his farm in Cuba township, for many years he operated threshing outfits throughout southwestern Lake county with the accompanying corn shredding and wood sawing outfits in season.

He served two years as tax collector for Cuba township and was a highway commissioner for that township for fourteen years. He retired from active farming six years ago when he sold his farm to Tower Lakes Estates. Mr. Paddock was a member of Barrington (Camp No. 89) Modern Woodmen of America, transferring to this camp a short time ago when the Waukegan camp disbanded. He was a former member of the Odd Fellows and Mystic Workers.

About Flag Flying

It is contrary to the flag code for a person in this country to fly a foreign flag above the American flag, but there is no national law against it and consequently there is no penalty, unless the state in which the act occurs happens to have such a law. The federal government probably could not pass such a law applicable in the states without a Constitutional amendment.—Pathfinder Magazine.

St. Pauls Victors in Sunday School Diamond League

Winners Hold 14 Out of 15 Games; Salem Team in Second Place

The Barrington Sunday school league's season was brought to a close Monday night with the St. Paul team the undisputed victors.

The team maintains the record of winning 14 out of 15 of the season's games.

The Salem team holds second place, having won six and lost six games.

The St. Paul team displayed consistent scoring throughout the season.

The team chalked up a few home runs, but made most of its points by single and double base hits with an occasional triple.

The Baptist team lost to the St. Pauls on Friday night by default.

The Methodist team defeated the Salem Sunday school on Monday night by a score of 8-2 in the final league game of the season.

The final standing of the Sunday school league at the close of the season is as follows:

St. Paul 14 1 0 33

Salem 6 0 0 500

Methodist 9 0 0 307

Baptist 1 9 0 100

The Jewell baseball players defeated the Methodist team Wednesday night in a non-league game by a score of 10-8.

The purpose of the game was to play off a 5-5 tie that was made in a game on the previous Thursday.

Changes in Business P
Grade Tuition \$60 Per
Semester

The Barrington public school building is all in readiness for the opening of school after undergoing repairs and redecoration during the summer months. Ceilings of three rooms replastered, the high school assembly hall and a number of classrooms on top floor painted. Gymnasium washed, and a new concrete walk laid east side of the building.

School will open Wednesday, Aug. 26, at 9 a. m. Superintendent A. J. Smith announced yesterday.

A per capita tuition of \$60.00 per semester, equivalent to the cost of education, will be charged for grades pupils residing outside the Barrington school district who attend the schools this year.

This decision was reached by the school trustees who decided that the tuition should be paid by parents outside the district to provide school for their children. The figure was arrived at by dividing the total expense of operating the school by the number of pupils in the grades, the per capita tuition has been previously \$10 a semester.

This ruling does not affect the school pupils whose tuition is taken care of by the district, which they reside.

ing for teachers will be held September 1, 1931, at 9:30 a. m., and will be expected to compare with books and equipment a full day's work.

Most high school students completed registration at the school last spring. Those who have registered will be given next Friday and Saturday, Sept. 4 and 5, 1931, and 12 a. m. and 1 to 3 p. m. which to do so.

In Charge of Kindergarten Children entering the kindergarten class will register Saturday and day Sept. 5 and 8, from 1 to 3 p. m. with Miss Dorothy McCauley, who will have charge of the class. Children who will be 5 years old before 1, 1932 will be permitted to enter the kindergarten division. Those who were not in kindergarten last year will be required to present birth certificates to enter first grade this year.

Classes will be called to order the morning as follows: high school at 8:15 o'clock, junior high at 8:30 o'clock, kindergarten and first grades at 9 o'clock. Kindergarten classes will be dismissed at 11:30 a. m., first grades at 11:45 o'clock, fourth and fifth grades at 12:15 o'clock, junior high at 12:30 o'clock, and high school at 1:00 o'clock.

"The school will do its utmost to protect children in crossing the street," Mr. Smith said, "but the cooperation of parents is needed. Children in the kindergarten and first grades should be kept from crossing before 8:45 a. m. in ample protection will be on the crossing."

Trustees Insist on Hough Street Crossing Repa

Ask Northwestern to Route to 40 Feet Over the Tracks

Construction of a bridge over creek at Raymond avenue is start for several days because the way lay-up between village fields of the Chicago & North Western Railroad Co.

The trustees decided Monday by a vote of one decision that a bridge would be built over the creek until after a conference with officials regarding repair of the street crossing. The crossing is in bad condition and is a hazard to traffic. With the village planning to widen the pavement on Hough street between Main and the tracks, trustees feel the crossing should be repaired to complete the improvement.

The officials, it is understood, favor widening of the street way to the tracks. A 40 foot ment with an 18 foot crossing
