BOARD CERTIFIED & STATE LICENSED  
ELECTROLOGIST

In practice since 1976.

## Electrolysis is the Answer

Electrolysis is the only form of permanent hair removal recognized by the American Medical Association. Electrolysis is the only form of permanent hair removal that can treat all colors and kinds of hair in all skin types with a problem.

Electrolysis involves a series of treatments over a period of time. The length of time depends on the amount of hair, its coarseness, and the cause of the excess hair. Many hairs will be eliminated with only one treatment, but some will need two or more treatments to achieve permanency.

### What About Laser Hair Removal?

Lasers are not effective on grey, blond or red hair. Lasers are awkward and impractical to use when sculpting/shaping eyebrows and other critical areas. Laser are less effective on darker and tanned skin.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **1-847-381-9020** for your appointment.

**Clear Reflections** has provided 32 years of service. Convenient hours Monday through Thursday.

June 2008

Dear Reader,

Mark down June 20 and 21st on your calendar. That's when the eighth annual Country Garden & Antique Faire takes place. Enjoy touring three beautiful gardens in Barrington Hills, view selected antiques from the boutiques, plus music, gourmet food, horticultural and culinary presentations and more. Proceeds will benefit Hands of Hope, a Barrington-based nonprofit organization dedicated to the critical needs of women and children around the world.

Annie's Attic Sale celebrates its "sweet 16th" this year. This gigantic sale takes place June 26, 27th and 28th on the campus of St. Anne's Church. All proceeds benefit Project Hope, providing emergency assistance to area families in crisis. So, bargain hunters, get ready to peruse over 25,000 square feet of space filled to the brim with great buys!

If you enjoy old-fashioned down-home fun for the Independence Day holiday, you'll love what the Fourth of July Celebration Committee has planned for you. Newcomers to the area, be sure to attend!

Until next time, may all your thoughts be sunny.

With warm regards,  
Glenn McMonigal, Editor

# Eighth Annual Barrington Country Garden & Antique Faire June 20 and 21st

## Spend a Day of Inspiration, Shopping and Leisure

Become inspired by beautifully landscaped private estate gardens, innovative gardening workshops, dazzling garden party settings, award-winning chefs sharing their secrets in the vegetable garden; all of this and more at this year's Barrington Country Garden & Antique Faire, June 20 and 21st! From delightful country charm to European elegance, enjoy touring gorgeous gardens in beautiful Barrington Hills settings featuring tranquil ponds, stunning pools, potager gardens, and perennial flower beds abundant with color. The eighth annual Garden Faire, touted as one of Chicago suburbs' most-anticipated events, is sure to offer something for everyone. Over 20 specially selected antique and boutique vendors will be setup on the main faire grounds along with unique decorative garden items and furnishings, an upscale flea market overflowing with one-of-a-kind finds, musical entertainment, gourmet food served open air under the oak trees, and horticultural and culinary presentations. A two-day faire pass costs \$40 through June 15; \$50 thereafter. Faire hours are 10 a.m. to 4 p.m. For those who love to shop early, a special \$75 "Early Buy" ticket will be offered for Friday morning only, from 8:30 a.m. to 10 a.m. (before the gates open to regular ticket holders). Free Parking and shuttle will depart every 15 minutes from the following locations: Friday, from Barrington High School, 1616 W. Main St., and from 800 Hart Road (across the street); Saturday, from 800 Hart Road only.

### Garden Party Vignettes by Leading Designers

As you tour the three private estates, you will find charming garden party vignettes tucked into the landscape, dressing up patios, and adorning pool sides. The out-

door party settings range from whimsical to elegant, offering unique and traditional ideas to faire-goers. This year's garden faire designers include: Lori Lennon, Lori Lennon & Associates; Lynne Wickham, Wickham Interiors; Lynn Wards and Sharon Lewart, Decorative Arts; Linda Peterson, Pasquesi Home and Gardens; Janet Nichols, Haven Interiors; The Thistle Shop; and Smith & Hawken/William Sonoma.

### Faire Workshop Schedule

•Friday, June 20, 1 p.m.—Debra Phillips, master gardener and owner of Scentimental Gardens in Geneva, Ill., will help us "Think Outside the Pot" as she demonstrates new and exciting artistic container ideas.

•Saturday, June 21, 11 a.m.—Chefs Roberto Orozco and Mickey Ogelsby of Prickly Pear, La Grange, will share some outstanding recipes as they demonstrate how to make the most out of what your garden produces.

•Saturday, June 21, 1 p.m.—Mayo Underwood, founder of Underwood Gardens and nationally acclaimed public speaker, will explain the ABCs of organic vegetable gardening and the benefit of eating organic foods for your health and weight management.

### Special Faire Highlight Hope for Africa Tent

Visit an African Marketplace, brimming with colorful fabrics, handmade tablecloths and runners, African handicrafts, hand-painted umbrellas and much more. Take a photographic journey through Africa by award-winning artist Al Buschauer of Buschauer Portraits and Framing. Guests will get a unique look into some of the many projects Hands of Hope has supported to help families in countries such

From delightful country charm to European elegance, enjoy touring gorgeous gardens in beautiful Barrington Hills.

as Uganda, Rwanda and Zambia. Help "build a well" for the people of Zambia. All donations of \$100 or more to the Well Project will receive a beautifully hand-painted glass carafe as a special "thank you" from Hands of Hope.

Faire proceeds will benefit Hands of Hope, a Barrington-based nonprofit organization, dedicated to the critical needs of women and children around the world. According to Hands of Hope president and founder Vicky Wauterlek, "As a result of the seven previous Barrington Country Garden & Antique Faires, Hands of Hope has raised over \$1.3 million dollars, which has gone directly to sustainable programs that help alleviate poverty in Africa." Having just returned from Africa earlier this year, Wauterlek personally viewed the progress made on specific projects earmarked from past funding. "We have really accomplished a lot," Wauterlek states, "We visited the brand new school building serving 600 orphaned and poverty stricken children in Zambia, we saw farm fields teeming with hope on what would have been considered wastelands, and an expanding network of goats supporting hundreds of poor rural women." The 2008 Garden Faire proceeds have been slated for the completion of a second school building, equipped with books, meals and uniforms, a self-sustaining economic development program in the Western Province of Zambia built around raising livestock and specialized farming, and the building of fresh water wells in the Western Province of Zambia.

### Tickets and Information

For more information, visit the Web site at [www.handsofhopeonline.org](http://www.handsofhopeonline.org) or call 1-847-622-5201. Tickets may be ordered in advance and held at the entry by sending

a check or money order to: Hands of Hope, 800 Hart Rd., Suite 100, Barrington, IL 60010. Tickets may also be purchased at these retail locations: Ambrosia Euro-American Patisserie, 710 W. Northwest Highway, Barrington; Barrington Home Shoppe, Ice House Mall, 200 N. Applebee St., Barrington; Pasquesi Home and Gardens, 975 N. Shore Drive, Lake Bluff; Pasquesi Home and Gardens, 990 W. Northwest Highway, Barrington; Scentimental Gardens, 428 W. State St., Geneva; Wickham Interiors, 67 N. Williams St., Crystal Lake.

More than 20 specially selected antique and boutique vendors will exhibit their wares.

## 13th Annual Run for the Arts— Downtown Barrington

The 13th annual July 4 "Run for the Arts," sponsored by the Advocate Good Shepherd Hospital Health & Fitness Center, includes a 5K and 10K run, 5K (start time 7:30 a.m.) and 2K walk (start time 7:45

a.m.). The annual "Run for the Arts" is a sanctioned and certified 5K and 10K run through the scenic streets of Barrington and neighboring hillsides. The entry fee is \$25 through June 26; \$28 thereafter. For

those who prefer a more leisurely pace, a 5K and 2K walk is offered. The fee for the walk is \$15. The walk is especially popular with families.

All proceeds support the Music Therapy Program at Advocate Good Shepherd

Hospital.

Entry forms are available at Good Shepherd Hospital Health & Fitness Center, 1301 S. Barrington Road, Barrington, or by calling 1-847-620-4589.

The table settings, designed by Lynne Wickham, Wickham Interiors, Crystal Lake, are right at home in this glorious setting.

## Illinois Supreme Court Allows Public Employees to Sue for Retaliatory Discharge

by Joette S. Doran, J.D.

The Illinois Supreme Court recently held that a public employer was not immune from a suit for retaliatory discharge. Retaliatory discharge is a state law claim available to an employee who has been terminated as a result of asserting a worker's compensation claim. In that case, an employee sued his park district employer for retaliatory discharge when he was terminated shortly after returning to work from a work-related injury. The park district moved to dismiss the suit on the basis that it was immune from suit under the Local Governmental and Governmental Employees Tort Immunity Act (Tort Immunity Act). The Illinois Supreme Court rejected that argument finding that when a public employer discharges an employee in retaliation for filing a workers' compensation claim no immunity protection is allowable. It is unlawful under the Illinois Workers' Compensation Act for any employer to discharge an employee for the exercise of their rights under that Act. As such, the Court held that the immunity applicable to discretionary decisions found under the Tort Immunity Act does not apply to a retaliatory discharge claim when an employee's discharge is based upon filing of a worker's compensation action since no discretion exists that can be lawfully exercised based on that type of discharge. The Court further held that

a public employer cannot use the provisions of the Tort Immunity Act which relieves liability to a public employer for certain acts or omissions of its employees because a retaliatory discharge claim can only be brought against an employer and not its agents or employees.

## Gallery Provides Artistic Balance

With artwork from dozens of today's most collectable artists beautifully displayed along with exquisite antique rugs, lamps and glassware, **Woodland Art Gallery and Frame Shoppe** provides a wonderful balance of art and antiques to inspire your senses.

Consider the works of artist **Carol Morton**, who has captured the spirit of some of the most important Native Americans of the past in her collection of 12 original graphite drawings and giclée prints, now on display at the gallery.

Featured this month is Morton's *Chief Joseph*, a tribute to the man who became a national celebrity and was widely referred to in the American press in the late 1800s as "the Red Napoleon." In his last years, Joseph spoke eloquently against the injustice of United States policy toward his people and held out the hope that America's promise of freedom and equality might one day be fulfilled for Native Americans as well. An indomitable voice of conscience for the West, he died in 1904, still in exile from his homeland, according to his doctor "of a broken heart."

Proud and powerful, the Native Americans in Morton's works are portraits of history: the stately Red Cloud and the Plains' Arikara Chief adorned in their symbolic, feathered, war bonnets; and the kneeling warrior ready for battle. Imagine them beautifully custom matted and framed in your home.

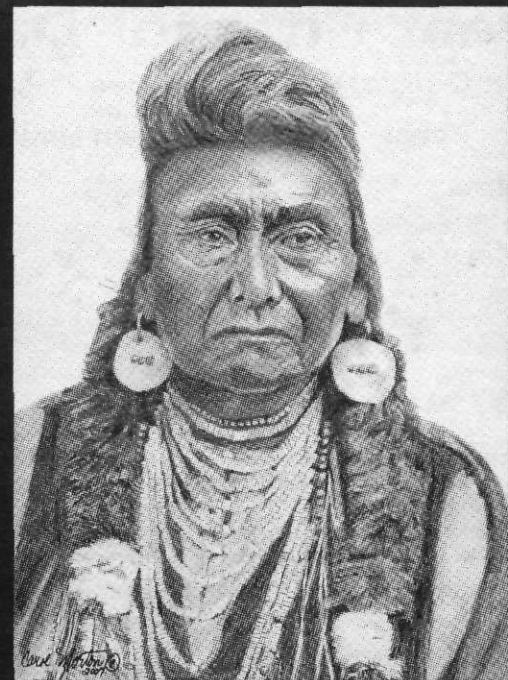

**Woodland Art Gallery** also invites you to discover a new addition to the gallery—**art deco and Edwardian-style jewelry** including bracelets, necklaces and rings.

Whether it's a gift for a special graduate, **Father's Day**, birthday, wedding, or anniversary, you'll find something perfectly memorable and unexpected at the gallery. And you're always assured to see an item or two that you personally would love to bring home.

In addition to outstanding art and custom framing, **Woodland Art Gallery** specializes in beautiful antique furniture, lamps, and glassware as well as Middle Eastern textiles.

**Woodland Art Gallery and Frame Shoppe**, 44 Brink St., downtown Crystal Lake, is open Monday through Friday 9 a.m. to 5 p.m., Saturday 9 a.m. to 3 p.m. Phone **1-815-459-0460**.

## BJWC's "Unmask the Night" is a HIT!

**Pictured is the committee responsible for making the BJWC fundraiser a big success!**

Barrington Junior Women's Club (BJWC) played host to their annual fundraiser and raised over \$80,000. The evening was a fun and energetic event with a masquerade-ball theme. Many guests even made or brought their own masks, which added to the spirit of the evening.

Event co-chair Helen Suk explained the unique meaning behind this year's theme, "Masquerade balls started during the 18th century in Venice. It was a time [when] both the rich and poor celebrated together as equals. We thought that was a fitting theme since our goal at Barrington Junior Women's Club is to provide an enriching and positive environment for all Barrington residents and the surrounding [north-west] suburbs."

One of the incredible highlights of the evening was when a new scholarship and endowment fund was "unmasked" in honor of past BJWC president Janice Clarke, who passed away in 2007 of cancer. Longtime friend of Clarke and BJWC member Carrie Carr spoke from the heart on behalf of the organization about Janice's life and spirit, her loving family, and her strong commitment to higher education and the community. Carr told the guests, "I feel that Janice would be very touched and honored that this fund was started."

Doreen Colletti-Muhs, BJWC president, said, "This community was truly blessed to have Janice in our lives and we are so thrilled to start a scholarship fund in her

honor that will help young people achieve their goals and dreams for their future. With the incredible support of this reverse auction we are well on our way to making this happen for many high school seniors over the year." During the evening, over \$15,000 was raised for the endowment fund alone. The high school scholarship will be for \$5,000 annually and will be given to a Barrington High School senior that shows a high commitment to education and service to others. BJWC is honored to announce that the 2008 and first recipient of the Janice Clarke Scholarship will be Alex Clarke, Janice's daughter who is graduating this year.

"Unmask the Night" would not have been possible without the hard work and dedication of its three co-chairs, Lara Berry, Rebecca Darr and Helen Suk, not to mention their wonderful team, Claire Miller, Maria Montel, Cindy Cowdry, Amanda Olszewski, Shirley Nelson, Kiki Hoener, Christine Donforth, Heather Ciaglia, Suzanne Speichinger, Nina Stephanson, Gretchen Graham-Cherne, Charmaine Lowe, Darby Hills, Lisa Olszewski, Jessica Paxton and Sonal Patel. "Each year BJWC is so lucky to have dedicated committees for our two fundraisers (the other is the annual fashion show to held Nov. 8) that understand that one of our biggest undertakings as an organization is to raise funds for our grants and scholarships, this group was certainly no exception. They had a goal and not only met it but exceeded it!

Their team work and commitment to BJWC is truly exceptional. We couldn't be prouder of everything they did," said Colletti-Muhs. Co-chairs Rebecca Darr and Lara Berry both added, "We wanted to make this event one of our biggest fundraising efforts and our entire team worked non-stop for months to put together a wonderful event that would help so many in our community that need BJWC's support."

For over 70 years, BJWC has been an area leader that has given back to the community through their annual grant process and volunteering. Some of the past grants and contributions have helped abused women and children seek shelter, in-need families enjoy a holiday meal, those living with cancer or in hospice care, and helped assist seniors and disabled adults and children. Not only does BJWC assist other non-for-profit organizations, they run their own programs that benefit the community such as Kids on the Block, Service for Seniors and Safety Town. The group also lends a hand in many local events such as Barrington Giving Day and the Brat Tent. Besides the newest scholarship, BJWC also awards five other scholarships that are based on a student's commitment to community service and volunteerism.

If you would like to learn more about becoming involved in BJWC or if you would like to make a contribution, please visit [www.bjwc.org](http://www.bjwc.org).

### Island Shrimp

Serves: 6

#### Ingredients

- 1 1/2 pound raw shrimp, peeled and deveined
- 3/4 cup Stonewall Kitchen Curried Mango Grille Sauce
- 1 Tbsp. dark rum
- 3 Tbsp. lime juice
- 1/4 cup cilantro leaves, gently torn
- Lime wedges

#### Directions

Combine the Stonewall Kitchen Curried Mango Grille Sauce and rum in a bowl or plastic bag. Add the shrimp and marinate 2 hours (not more than 6). Thread shrimp on skewers. Grill on med-hot grill 2-3 minutes on each side or until the shrimp is cooked but still tender. Serve shrimp over your favorite rice dish. Squeeze lime juice over shrimp. Garnish with lime wedges and torn cilantro leaves.

## "A Night Under the Big Top" Gala Raises Funds to Support BYFS Community-Based Programs

On Saturday, April 12, the Barrington Youth & Family Services (BYFS) Auxiliary held its Annual Gala at Barrington Hills Country Club to benefit the agency's outreach, prevention and counseling programs for area youth and their families. More than 160 Barrington residents and friends of the agency attended the "Under the Big Top" themed event, participating in a magical night of fun, food and entertainment.

The evening's live auction, lead by Barrington's own Jim Daluga, featured unique travel and entertainment packages, as well as an Adopt a Family donation drive to assist counseling clients facing financial difficulties. A silent auction was also conducted offering a variety of merchandise and services donated by local merchant and patron supporters. Attendees were entertained by the music of Ron Bedal.

Primary gala underwriters included James and Rebecca Martell, Stan and Chris Pepper, US Cellular, Edward and Jennifer Tilly, Hale Foundation, Harris Bank, Northwest Community Healthcare, Barrington Bank and Trust, David and Donna Penyak, Mr. and Mrs. Richard Oberdorf, Mellan Family Foundation, Robert Schiewe, Mr. and Mrs. Richard Pepper, Mr. and Mrs. James Fitzgerald, Jeannie and Tom Tisbo, Lancaster Family Foundation, Dave and Nancy Pierce, Mr. and Mrs. Mark Beaubien, Mr. and Mrs. Craig Young, Mr. and Mrs.

Gary Gunderson, and Mr. and Mrs. Nate Palmer. Event-specific merchandise and services were donated by AND Staffing Solutions, Jim Daluga, Long & Co. Jewelers, The Jenca Family and HSBC Corp., Tom and Joanne Mitchell of Re/Max of Barrington and Wickstrom Ford Lincoln Mercury of Barrington.

The event was chaired by Nicole Jacobsen and Amy Wickstrom. Other BYFS Auxiliary members include: Angela Allegritti, Tracy Bischof, Kathy Maca Mangan, Gayle Maraval, Linda Maselli, Donna Penyak, Cinda Pittman, JoAnn Rogers, Barb Simonds, Judy Tolle and Angie Wallin.

Next year's BYFS Gala will be held Saturday, April 18, at the Barrington Hills

## Wellness Challenge Golf Sponsors Engage Affluent Barrington/Northshore Market

Sponsors of the 10th Annual Wellness Challenge Golf Outing, to be held Monday, June 16, at the exclusive Twin Orchard Country Club, Long Grove, will reach the affluent business owners, executives and consumers who routinely play in the popular tournament. The event will benefit Wellness Place, a community-based, not-for-profit cancer resource center in Palatine.

Of the more than 200 guests expected to attend, 67 percent reside in the Barrington area and have a median income of over \$110,000. "I always look forward to meeting new friends and making connections at the Wellness Challenge Golf Outing, and it's great for business. Most people choose to make deals with friends and acquaintances," said Ken Stobart, co-owner of Schaumburg-based K & M Printing, returning this year as Platinum Level event sponsor.

The outing promises challenging play on the club's pristine manicured links, top prizes, and an elegant evening featuring a gourmet dinner, live auction, prizes and live entertainment. Those choosing not to play golf are invited to the evening program to enjoy a lavish cocktail and hors d'oeuvre reception, dinner and all festivities.

Event sponsors returning this year include, at the Diamond Level, Pat and Vince Foglia of North Barrington; at the Titanium level, Fortune Brands of Deerfield and Susan and Stuart Porter of Wellesley, Mass.; and at the Platinum level, Personnette Wealth Management Group of Wachovia Securities of Barrington and K & M Printing of Schaumburg.

Players will gather at 10:30 a.m. for brunch featuring made-to-order eggs and omelets and a visit to the driving range before teeing off at 11:30 a.m. Registration includes green fees, cart, brunch and bev-

## Are You Considering Plastic Surgery?

When considering plastic surgery and whether it is the right choice for you, the first and most important decision is selecting your surgeon. Depending on your need, you should consider a board-certified plastic surgeon for both body and face surgery or experienced facial plastic surgeons with the prerequisite fellowship training in facial plastic surgery.

We all age differently, and visible signs of facial aging occur over time as a result of sun exposure, heredity and lifestyle. Common signs of aging are increased skin laxity with sagging, loss of volume in certain areas and appearance of unwanted wrinkles. Well, what can you do?

Starting with nonsurgical minimally invasive procedures, there are many options on the palette:

**Botox® and injectable soft tissue fillers** (pharmaceuticals such as Juvéderm™ and Restylane®) are often used in combination to help to smooth out facial lines and soften hard earned wrinkles and skin creases. The effects are gratifying but temporary, lasting usually anywhere from 3 to 6 months. These skin and soft tissue fillers are considered medical procedures and require FDA approval for cosmetic use.

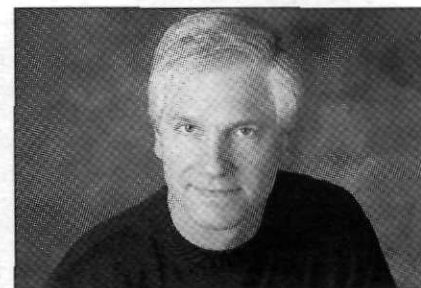

Sculptra® is relatively new injectable "volumizing" filler administered with a layered approach, requiring initially several sessions of treatments 4 to 6 weeks apart. It stimulates deposition of collagen under the skin with progressive increase in volume that lasts for up to two years or longer. As this effect starts to decline, it can be "touched up" usually with only a single treatment. Sculptra is already FDA approved for therapeutic use for certain disorders and is now seeking FDA approval for cosmetic use. (It is currently being used "off label" by select qualified medical practitioners for cosmetic applications.) These facial rejuvenation procedures do not stop the aging process, but may help turn back the clock.

Tissue augmentation with fillers is a quick, in-office procedure that can produce a marked improvement in restoring facial fullness and a more youthful appearance. Recovery time is short with minimal swelling. When choosing to undergo soft tissue augmentation, keep in mind that plastic surgeons are trained not only in injection therapy, but also in all types of nonsurgical and surgical facial rejuvenation. He or she may know your face better than you.

On the surgical side of the palette, some of the popular options are:

**Eyelid surgery** is a very rewarding procedure to improve the appearance of the upper or lower eyelids or both. Once healed it gives a rejuvenated appearance and a more rested look. The procedure treats drooping or loose sagging skin of the upper and/or lower eyelid, bags under the eyes and excess skin and fine wrinkles of the lower eyelid. The recovery time is relatively short, and the procedure is done on an outpatient basis.

**Facelifts and brow lifts** are designed to correct the sagging of tissue of the face and forehead and a deeply furrowed brow. It addresses deep creases below the eyes, along the nose extending to the corner of the mouth, and repositions sagging

**Gunnar Thors, M.D.**

facial features. It also addresses loose skin and fatty deposits under the chin. Facelift does not change the fundamental appearance of a person and does not stop the aging process.

**Breast enhancement surgeries** are performed for cosmetic appearance and well being. These include breast augmentation with saline or gel implants, breast lift with or without implants and breast reduction.

**Abdominoplasty, lower body lift and other body contouring procedures** are ideal to address stretched and excess skin that results from childbearing and significant weight loss. These improve shape and complete the weight loss transformation. As more people are undergoing gastric bypass weight loss surgeries, the demand for total body lift, arm lift and thigh lifts are commonplace.

### Expected Results

While no one can guarantee that the result of your plastic surgery will look exactly as you envisioned, good communication with your doctor, and a trust between you, your physician and his staff is paramount in conveying what is possible. Keep in mind that while plastic surgery has dramatic benefits, it may not be for everyone. Think about what you want to achieve, your expectation and desired outcome. Your doctor should answer all of your questions thoroughly and clearly and discuss likely outcomes and risks, as well as potential complication. Never feel pressured to undergo a procedure; you are doing it for yourself, so the final decision is yours.

### Cost and Financing

Cost is always a consideration in elective surgery. It may be based on a surgeon's experience and what is included in the price. Our goal is to provide quality care with your safety in mind. Choosing the right surgeon, and your comfort with him or her is just as important as the final cost. We offer financing that fits most budgets through financing companies specializing in health care.

Safety and satisfaction is the first and foremost consideration here at **Midwest Plastic Surgery Specialists**. For **Dr. Gunnar Thors** and his staff, your safety is the first consideration. Procedures requiring general anesthesia are performed at accredited surgical facilities that have demonstrated that they have appropriate equipment and staff to safely monitor patients. When deciding to have plastic surgery, schedule a consultation with us. Visit us online at [www.drthors.com](http://www.drthors.com) or call us at our Algonquin location at **1-847-458-8808**.

*Dr. Thors, a board-certified plastic surgeon, has been practicing in the area over 10 years. He performs surgeries on the face and all areas of the body.*

## Adult Self-Defense Workshop

Barrington Martial Arts will be hosting an Adult Self-Defense Workshop on Saturday, June 14 at the Prairie Stone Sports & Wellness Center in Hoffman Estates.

The workshop will cover quick and effective self defense from holds, grabs and strikes. Additionally, the psychology of an

attacker will be addressed and how to avoid certain high-risk situations. The workshop will be taught by self-defense expert Master S. Morris Lawson.

To register, please call 1-847-285-5400. For more information, call 1-847-382-9599 and ask for Master Lawson.

## Quest Academy Team to Represent Illinois at Global Tournament

The Quest Academy middle school Destination Imagination team competed at the State Tournament recently. Once again, the Quest team proved to be the team that owned their division. The team is comprised of Aalap Mehta (Barrington), Tyler Johnson (Inverness), Briggs Mroz and Morgan Mroz (both of Elmhurst). There are also two former Quest students that are on the team: Andrew Arceo and Sarah Grubbe. This team has been together since first grade and this was the first year that they competed at the middle school level.

The Quest Academy team was able to attain first place in their challenge and will once again represent the state of Illinois

at the Global Tournament. In addition to the first place, the team received a DaVinci award. The DaVinci award was one of only a few special awards presented that day and is noted to be one of the highest medals in the organization. This DaVinci award was for the creative and colorful use of recyclable materials.

The Global Tournament is in Knoxville, Tenn. The Quest Academy team will be representing Illinois and Quest Academy amongst 1,000 teams from all over the world.

For more information, please visit [www.questacademy.org](http://www.questacademy.org) or call 1-847-202-8035 ext. 438.

## Healthy Pregnancy

by Claudine M. Kasinak, M.D., WomanCare

Many women become more interested in their health once they find out that they are pregnant. However, the foundation for a healthy pregnancy begins before conception. All women, who are thinking about becoming pregnant, should see their health care provider to gain some insights into nutrition, vitamin supplements, exercise and laboratory testing, which can ensure a successful pregnancy.

Women who are planning pregnancy and who are pregnant should choose a well-balanced diet to get the essential nutrients they need each day. Women need several servings of protein-rich foods (meats, poultry, fish and eggs), grains, calcium-rich foods, vegetables and fruits per day. Women also need adequate fluid intake; eight or more 8-ounce servings per day. Women who are vegetarian may need to take additional supplements. The recommended weight gain in pregnancy is normally between 25 to 35 pounds. Women who are underweight may need to gain a little more and women, who are overweight, should limit weight gain to 15 to 20 pounds.

Women often have questions concerning the safety of certain foods in pregnancy. Caffeine can be consumed in moderation, as studies have not shown that it causes birth defects. Artificial sweeteners, such as aspartame and Splenda, are also acceptable. Certain fish, such as swordfish, should be avoided because of high mercury levels.

A prenatal vitamin, which contains folic acid, is essential to a healthy pregnancy. Many studies have shown that folic acid reduces the risk of a baby developing a type of birth defect called a neural tube defect.

Unhealthy behaviors, such as smoking,

alcohol or drug use, should ideally be addressed before conception. Pregnant women are advised to avoid alcohol because this has been linked to learning disabilities and birth defects in babies. Smoking can lead to poor fetal growth, preterm birth and sudden infant death syndrome.

Most women can continue to exercise in pregnancy. In fact, this may benefit the health of both the mother and the fetus. Women who maintain a fitness program have decreased weight gain and fat deposition during pregnancy and an improved sense of well-being. They may also have a shorter, less complicated birth and a more rapid recovery after the birth. Recommended forms of exercise in pregnancy include walking, cycling, swimming and yoga. It is safe to exercise several times per week at a comfortable intensity. Women with complications in their pregnancy, such as bleeding, preterm labor or other medical conditions, should check with their health care provider before embarking upon an exercise program.

Pregnancy can be a wonderful time for women to boost their overall health. A well-balanced diet, vitamin supplements and exercise are all components to a successful pregnancy.

## Two New Health-Related Programs

The Prism is a weight-loss program built of Biblical principles and addresses the whole person—body, mind and spirit. These principles are designed to provide the best possible opportunity to complete weight loss. Participants are supplied with a framework in which to resolve their desire to change their current weight condition.

American Pain Foundation's Power Against Pain program has a mission to provide education and resources for people who live with chronic pain. Dan

Mjolsness, Illinois state leader for the APF's Power Against Pain program, has lived with chronic pain for a number of years and would like to start regular meetings at Atonement for people who are interested either as a person with pain, as a care-giver, or for those who want to learn more.

For information about either program, call Lutheran Church of the Atonement at 1-847-382-0243. The church is located at 909 E. Main Street in Barrington.

As an alliance of health care professionals,  
we provide the highest standard of medical care for our patients.

## Unusual Honor for School District 220 Students and Families

On March 24, Dame Jane Goodall, Ph.D., honored service learning programs in the Midwest region at The Chicago Botanical Gardens from 5 to 8 p.m. Chess students and their families were among the service learning groups which were selected to present the work that has been accomplished through District 220 schools and Yury Shulman's Chess Without Borders nonprofit organization. There were 30 students and their families who presented posters of the work accomplished and discussed the chess textbook, which continues to make donations possible through its use as a learning tool. Students had the honor of being congratulated for their efforts personally by Goodall, world-famous researcher and humanitarian.

Goodall emphasized the important role played by family members and teachers in helping youth make a difference in the lives of others or the world we live in. The

chess students and their families were inspired by the other student programs as well as the lecture by Goodall.

Since the creation of Chess Without Borders in 1998 by a 9-year-old student at Grove Avenue School and the program's adoption by Grandmaster Yury Shulman, the students have accomplished donating over \$10,000 to various charities, established chess clubs, donated chess sets and conducted many other service learning projects.

communities, OMNI's experiential approach supports learning through doing and the development of skills these youth can use for a lifetime.

With seven offices for over 25 communities, OMNI annually serves more than 15,000 individuals; making it the largest and most comprehensive youth service or-

ganization in Chicago's northwest suburbs.

## Chers Amis...

Unless you've visited us during the month of May, you may not know that we have updated, revised, let's say "revisited" our menu and so far the favorable comments are plentiful. Add to this the new wine selection that will carry us through August and you have two more reasons to come and visit us. It must be said that Masato (chef/partner since day one) has not run out of imagination or stamina for his choice of daily or seasonal specials. It is frequent to hear customers compliment us on being so consistent over the years. Quite flattering as it sounds, I will add that **Chef Masato** is beyond consistent,

he still innovates after 20 years—**bravo!**

Also, I will remind you that on **Sunday, June 8**, we will host our **18th collectible car rally**. Should you own such automobile, give us a call or find out on our Web site what it's all about. It's always a GREAT day—always! Yet, if you can't make the rally, come for dinner and enjoy the site of 60-some beautiful cars parked in front of **D & J Bistro**.

Lastly, do not forget Papa! **Father's Day is Sunday, June 15.**

Hope to see you soon!

*À bientôt*, your host...

## Barrington's Fourth of July Tradition!

The Fourth of July Celebration Committee Inc. would like to take this opportunity to welcome all the new families that have recently moved to our community. You are just beginning to experience all the wonderful things this community has to offer, but one of the community events we would like to share with you is a true hometown tradition... "Barrington's Fourth of July Celebration." Here's a little recap of history and what takes place during this time...

In the mid-70s some of our civic organizations decided that they wanted to give back to the Barrington community by creating a small environment to celebrate our Independence Day with family and friends, raise money for the fireworks, and pass along any remaining proceeds to the many needed charities in our area. On the corner of Spring and Main streets in the parking lot of Village Liquors, a grill was fired up and brats and beer were served. As our community grew, the location changed to the East Commuter Parking Lot between Spring and Cook streets. Finally, in 1984 they formed an official organization known as "The Barrington Area Fourth of July Celebration Committee Inc." This is a volunteer committee that is comprised of private citizens from our community; four chairpersons, and two representatives from each participating service organization. This group of individuals is responsible for coordinating all the details pertaining to the entertainment at the festival, aka "The Brat Tent" and paying for the fireworks. It is the continued goal of this committee to create an event for the entire family to enjoy! Each year the big questions from our community are: Who can participate at the tent?

Where does the funding come from? Where do the proceeds go? The answers are: If you would like to participate, please contact one of the four participating organizations: the Lions Club, the Junior Women's Club, the Rotary Clubs, or the Kiwanis Club. The funding is through the continued generosity of our local businesses and citizens and the proceeds are distributed back to the participating service organizations to be dispersed to their charity of choice. If you or someone you know would like to be a sponsor, visit our Web site, [www.Barrington4thofJuly.com](http://www.Barrington4thofJuly.com). We are always excited to have new members of the community share in this wonderful tradition.

This year's celebration will be on Wednesday, July 2 from 5 to 11:30 p.m., Thursday, July 3 from 10 a.m. to 11:30 p.m., Friday, July 4 from 10 a.m. to 11:30 p.m. and Saturday, July 5 from 11 a.m. to 11:30 p.m. Thanks to George VanHagen and our friends at Barrington VFW Post 7706, immediately following the parade on Friday, July 4, our Community Band will delight us with some great patriotic music. At dusk, thanks to the generosity of Dartmoor Homes, the Sanfilippo Family, Fisher Nut Store and the Wamberg Family, the 4th of July Fireworks Show can be viewed from the lawns of Barrington High School!

The Fourth of July Celebration Committee is excited to be bringing our community another great lineup of entertainment. We hope to see you there and please have a fun and safe holiday weekend! The entire schedule of entertainment will be on our Web site—[www.Barrington4thofJuly.com](http://www.Barrington4thofJuly.com). Thanks to Trey Morris for developing it on our behalf.

## Annie's Attic Sale Celebrates Its "Sweet 16th"

**Biggest Event of Its Kind Assists Area Families in Crisis**

Volunteers gather to organize over 25,000 square feet of items for the 16th Annual Annie's Attic Sale

The 16th Annual Annie's Attic Garage Sale will be held Thursday, June 26 through Saturday, June 28, covering the entire campus of St. Anne's Church in Barrington. Annie's Attic is the largest event of its kind in the area and has become a summertime tradition among area treasure hunters who know it for its many bargains. All sale proceeds benefit Project Hope, providing emergency assistance to area families in crisis. "Sixteen years ago, the idea was born," said Sister Lorraine Menheer, director of Pastoral Care and Project Hope. "Why not recycle the abundance of items we no longer need and put the proceeds to work helping others who are less fortunate to become self-sufficient once again? How 'sweet' it is that we are now celebrating our 16th year and are supported by so many enthusiastic sponsors, volunteers and shoppers that we're overflowing our space and have been able to help so many."

The effort put behind the idea is nothing short of amazing. A core committee works year-round to organize sale logistics. Then hundreds of volunteers join together to receive and organize donated items, set up inviting displays, bake and otherwise prepare to welcome the thousands of shoppers that turn out for the three-day event. Over 25,000 square feet of space is filled to the brim, priced and ready for sale in just one week's time. "Our volunteers really make the magic happen", said Barb Brunka, recruitment and scheduling coordinator. "There is a true sense of accomplishment at the end of each day. This feeling of community—of being united in purpose—brings many volunteers back year after year. We're especially proud of the number of teens involved, representing 17 area schools. They are learning about teamwork and seeing first hand the difference their actions can

make in their community."

The volunteers pull it all together, but it's the goods that bring the shoppers. "We receive very generous community support and the quality and variety of the items donated is always outstanding," noted Colleen Dunkel, event chairperson. High-end designer names mingle with cookie sheets, golf clubs and lawn mowers. Cars and racing boats have been offered along with other one-of-a-kind items like the hot pink sectional sofa that was one of the first items snapped up last year. Bikes are big sellers, too, polished and tuned up by a team of experts prior to sale. Toys, furniture, housewares, clothing and more fill many rooms across the church campus. A special boutique showcases unique items and highly collectible treasures. Designer wedding gowns donated by area bridal salons and originally retailing for thousands of dollars will be offered for just \$50. "We're excited to welcome some new sponsors to our loyal list of supporters this year, including Nordstrom Rack," said Cathy Grain, department chairperson. "Their contributions will help us to make our 'Sweet 16' our best year yet."

Annie's Attic opens on Thursday, June 26 at 4 p.m. with a \$5 admission charge that benefits the St. Anne Food Pantry (children 12 and under are free). Admission is free both Friday and Saturday, with Friday featuring a special 50% off sale starting at 5 p.m. in selected areas, including furniture. The bargain hunting reaches fever pitch on Saturday with the now-famous \$3 per bag sale and negotiable prices on remaining furniture. Maps are provided at the entrance to the event. A bake sale, café and other concessions will be offered to refresh the intrepid shoppers.

"It is a simple idea that has grown beyond our wildest imaginations," said Dunkel. "It has become as much about a sense of sharing as it is about the shopping... and there's a lot of shopping!"

The 16th Annual Annie's Attic Sale will be held on the campus of St. Anne Church, Franklin and Ela streets, downtown Barrington, from 4 to 8 p.m. on Thursday, 9 a.m. to 7 p.m. on Friday, and 9 a.m. to noon on Saturday. Parking is free. Strollers are discouraged due to space constraints and will not be admitted to certain areas of the sale. For directions and more information, call Project Hope at 1-847-381-5721 or visit [www.anniesatticinfo.org](http://www.anniesatticinfo.org).

Bargains as far as the eye can see await savvy shoppers.

## Zoraida Sambolin, Sen. Matt Murphy, Maggie Stephen and More Join to Help Women and Children

NBC-TV Channel 5 news anchor Zoraida Sambolin emceed the Seventh Annual PHD Spirit of Life Gala Saturday, April 26, which raised over \$200,000 for the charity. Sambolin joined honorary chairs Sen. Matt Murphy and wife Julie Murphy of Palatine in praising PHD (The Society for the Preservation of Human Dignity) for more than 35 years of providing vital counseling, education and support services to thousands of women and children in Chicago's northwest suburbs. Sambolin credited PHD for its dedication to changing the lives of women and children in the community and for their outstanding contribution to an underserved Hispanic population.

The Stephen family, founders and owners of the Weber Grill Restaurants (Chicago, Schaumburg, Lombard) and Weber Stephen Products (Palatine), joined a crowd of over 200 guests in honoring one of their own, Maggie Stephen of Arlington Heights. PHD Executive Director Cathy Vincus, presented Stephen with the prestigious "Spirit of Life Award" for her selfless dedication and generosity to the clients served by PHD. Stephen has been a weekly volunteer and generous donor since 2003.

"PHD has given my life new meaning. Each of the women and children that I work with has a special place in my heart. Knowing that my financial support makes a difference in their lives gives me great joy. PHD's mission and work are so dear to me that I could never do enough for this worthy cause," said Stephen.

The honorary chairs of the event were 27th District State Sen. Matt Murphy and

his wife Julie. "Julie and I feel privileged to support PHD's mission to provide vital counseling and education to women and children in our community. By helping their parents, PHD offers hope and brighter futures to children throughout Chicago's northwest suburbs," stated Murphy.

Cathy Vincus said, "Many thanks to the Spirit of Life Gala Chairs, committee, sponsors, donors, Board of Directors, staff, volunteers and guests who are responsible for the success of this evening. Your presence and support brings hope to the women we serve and empowers them to make positive changes in their lives and the lives of their children."

"I am deeply grateful to my dear friend Joan Andersen for her constant love and financial support for the families we serve and to the entire Stephen family for their generosity and dedication to PHD's mission," Vincus said.

PHD, located at 37 N. Plum Grove Road in Palatine, provides professional counseling, education and support services to women who are pregnant or parenting a child under the age of 3 and their families free of charge. PHD offers "Common Sense Parenting" and a variety of programs designed to assist in the development of healthy families. Through its sexuality and relationship education programs, Independence Highway® and Now We're Talking!®, PHD empowers youth to make healthy life choices.

PHD is grateful to the generous gala sponsors including Cornerstone National Bank and Trust Company (Palatine), Weber Stephen Products (Palatine), Northwest Community Healthcare (Arlington Heights), Palatine Bank & Trust, and Design Components Inc.

For further information about PHD, contact Linda Feo at 1-847-359-4967 ext. 30. Visit PHD's Web site at [www.sphd.org](http://www.sphd.org) to learn more about their life-giving work or to make a tax-deductible online donation.

## Quest Academy is gifted. 100%. All the time. Just like your child.

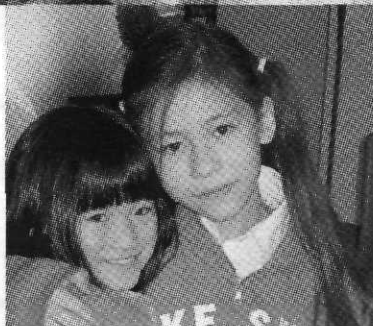

As the parent of a gifted child, you know that giftedness doesn't take time off. Why have your child enrolled in a gifted program that's not full-time? Whether they're tackling the high elements on a field trip or tackling the Pythagorean Theorem, Quest students thrive on challenges. Our nurturing environment gives gifted children educational opportunities that they won't find anywhere else. Contact us today to see us in action and learn why Quest is a great fit for your bright child.

## Quest Academy Encourages Innovation and Experimentation in Science Program

Serving over 300 students in preschool through eighth grade, **Quest Academy** offers a **full-time gifted education** with an equal emphasis on academics and the arts. Why is a full-time gifted education important? "Children aren't only gifted in academic classes; they can't 'turn it off' when they go to art or PE. It's important that these students have teachers in every subject area who truly understand the needs of gifted kids," says Mary Cunningham, Director of Admissions and Marketing.

**Quest Academy** provides gifted children with a **challenging curriculum and a nurturing environment**. "We recognize that, although a 6-year-old may be able to do long division in his head or read and comprehend at a ninth-grade level, he's still a 6-year-old with the same emotional and social needs as other children his age," Cunningham says. "He needs to have a peer group with whom he can enjoy both intellectual challenges and socially appropriate interactions. Our interdisciplinary, concept-based curriculum is open-ended, thereby allowing students to progress as far as possible in any given area. **Quest** doesn't teach students *what* to think; we teach students *how* to think."

Additionally, **Quest** has an **enriching extended-day program**, with options ranging from cartooning to competitive athletics to Lego Robotics (an activity which regularly sees several **Quest** teams com-

peting at the state level). For the 2008-09 school year, preschool students have the option of "Stay and Play." This time is not designed to be an extension of the curriculum-based preschool; rather, students who choose to participate will be engaged in a variety of developmentally-appropriate activities which encourage social interaction.

**Quest's science program** encourages innovation and experimentation, and the success of this approach is evident in the results from the Illinois State Science Fair. Julia Bever and Joey Zwirn both received Silver awards for their projects; Julia also received a Gold award for her paper. Erin Bauer, Ayse Cetinkaya, Laurel Clarkson, Katie Cooke, Mikey Diamond, Aalap Mehta, Alex Schwartz and Austin Mroz all earned Gold awards for their projects. Additionally, Austin was recognized by the EPA as having the best project in the junior division for her work with eliminating garbage with a plasma furnace, and Aalap earned Best in Category (microbiology) for his research on Neem oil and bacteria.

A few openings for new students still exist for the upcoming school year. **To learn more about Quest Academy and to schedule a campus tour for your family**, please contact Mary Cunningham at **1-847-202-8035 ext. 438**, or [mary.cunningham@questacademy.org](mailto:mary.cunningham@questacademy.org).

## Struggling to Lose Weight?

## New Weight Loss Program Shows Dramatic Results

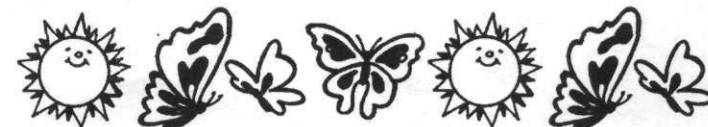

Dr. Barry Berger, a Board Certified Internist practicing in Lake Zurich for the past 14 years, introduces a new weight loss program. This program is based on the 40/30/30 nutrition plan which consists of 40% carbohydrates, 30% protein and 30% fat. By increasing protein while decreasing fat and carbohydrates, weight loss success increases. University studies using this diet method along with the latest advances in prescription medication have shown safe and effective weight loss results.

Unlike other programs for which you need to buy food or count calories, this method offers the most freedom and achieves the best long lasting results available today. Fat comes off and stays off! Dr. Berger custom designs a program for each patient and discusses proper exercise, nutrition and overall weight status while considering your current lifestyle, exercise and diet habits.

Dr. Berger has thousands of satisfied patients. Insurance usually pays for some or most charges, (sorry, no HMOs).

To begin a weight loss program that really works for you, call **1-847-438-2454** in Lake Zurich or **1-847-291-0772** in Northbrook to make an appointment for your consultation today.

## South Barrington Photographer Enhances Elgin Academy Fundraiser

Most of the discussions during the silent auction and cocktail hour at Elgin Academy's recent Extravaganza 31 fundraiser centered on the amazing black-and-white photographs of academy students' faces that decorated the stage.

The photographs were all taken by Claire Suevel of South Barrington, whose son Ken is an 11th-grader at the academy. Suevel managed to have a photograph of every academy student whose parents were attending the event hanging from the stage as they entered the ballroom at the Boulder Ridge Country Club.

"Claire's photographs were a wonderful reflection of the extraordinary students we have here at Elgin Academy," said Siobhan Cottone, assistant director of development, who helped organize the event.

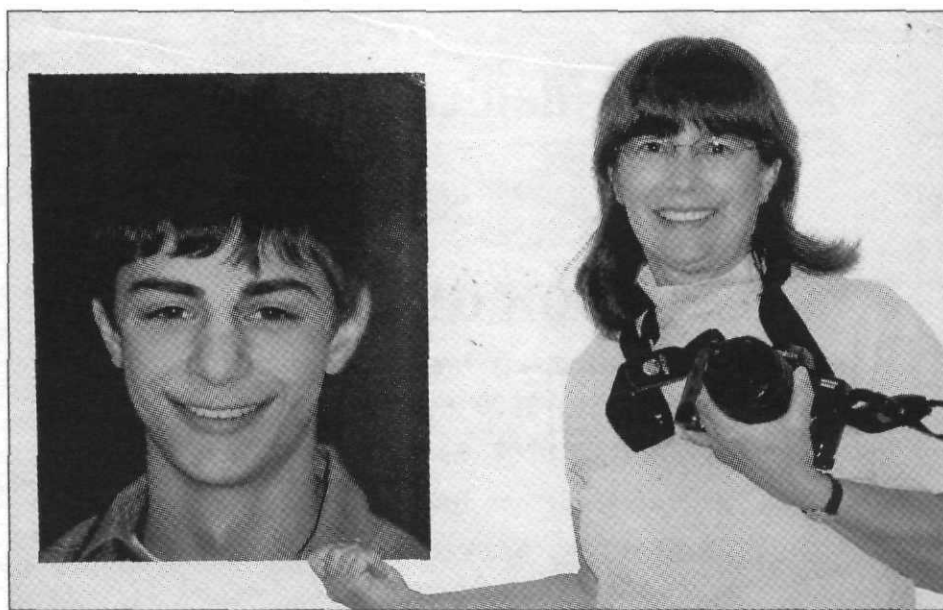

Guests feasted on chicken Mediterranean, prime rib and roasted pork chop

and participated in a silent auction, bidding on more than 700 donated items, raising \$180,000 for the academy's operating budget, including \$20,000 for the faculty compensation fund.

Some of the most popular auction items included an O'Hare Traffic Control Tower tour, a Greek dinner hosted by the Karas and Theodorou families, and a Schwinn scooter.

The Extravaganza committee members were: Yvette Scimeca, Tamera Garrett, Geri Dix, Nancy Kenney, Siobhan Cottone, Kris Leong, Susan Skawinski, Al Thomas, Margie Ward, Sandy Kirk, Sabiha Uraizee and Laura Anderson, the academy's acquisitions chair for more than 20 years.

For more information on Extravaganza and other academy events and programs, visit the academy's Web site at [www.elginacademy.org](http://www.elginacademy.org).

Claire Suevel of South Barrington photographed students from Elgin Academy and used them to adorn the stage of the academy's recent Extravaganza 31 black-tie fundraiser.

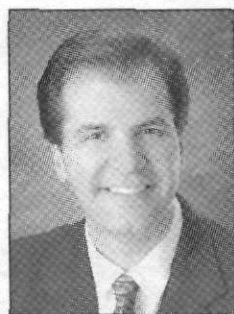

## Cosmetic Dentistry: What Are Lumineers and da Vinci Veneers?

by James T. Gavrilos, D.D.S.

The recent surge in interest for cosmetic dentistry has prompted dental manufacturers to capitalize on its popularity. Patients are showing up in dental offices around the country with information on cosmetic procedures that they get from the Internet, TV or magazines. Two of the major marketers are Lumineers and da Vinci Veneers.

Lumineers are porcelain veneers that are made from porcelain produced by the Cerinate Company. Their marketing suggests that their veneers are so thin, no tooth structure needs to be removed. The patient can visit their dentist and with just a simple impression, a full set of veneers can be fabricated and bonded directly to the unprepared teeth. While this sounds like a great concept, there are very few people that are actually good candidates for this type of procedure. The patient would have to have large spaces between their front teeth and their teeth would have to have a "peg" appearance to them. Trying to put Lumineers on normally shaped teeth that have normal contacts between them will make the teeth feel bulkier and will not allow for reshaping and coloring in the areas where the teeth touch one another. The added bulk can also violate the zone that the teeth are meant to be maintained in. If bulk is added to the front of the teeth, the lip will start pushing the teeth back into the zone. This can create bite problems which can eventually lead into TMJ problems. This is especially true for patients with thin upper lips.

While Cerinate is an excellent company, they are not the only ones that produce porcelain for veneers. The others also make "contact-lens-thin" veneers. The major concern for the patient should not be the type of porcelain but rather the laboratory that fabricates the veneers. The artistry involved in making a lifelike veneer is extensive. Asking for a specific brand of porcelain will not guarantee a natural and lifelike appearance. If that were true, then all of the artists that

bought their painting supplies from the same place that Picasso did, would be world famous.

The term "da Vinci Veneers" was popularized by Dr. Bill Dorfman. When he did makeovers on ABC, he would describe the porcelain veneers as being "da Vinci Veneers." da Vinci was not a type of veneer but was actually the name of the dental laboratory that was fabricating the veneers for Dr. Dorfman. The da Vinci Dental Studio is based out of California and has been providing excellent work for years. To capitalize on the popularity, a marketing group was formed that uses the da Vinci name. A dentist can visit their Web site at [www.davinciveneers.com](http://www.davinciveneers.com) and sign up in the area that is marked "For Professionals." For \$950 a month, the da Vinci Group will provide him with marketing material, patient referrals and a list of about 40 different dental labs around the country that are now part of the program. da Vinci will also help the dentist provide financing for the patient's cosmetic dentistry.

If you are thinking about cosmetic dentistry, talk to your dentist and ask him for guidance. The marketing can be confusing and he is the best source for facts about the final product. Don't let all the hype keep you from getting the new smile you've always wanted.

For an evaluation of your cosmetic needs, you can contact **Dr. James T. Gavrilos** in Barrington at 1-847-381-4040. We can set up a cosmetic consultation for you and advise you of your options.

## Register Now for Fun with NISRA!

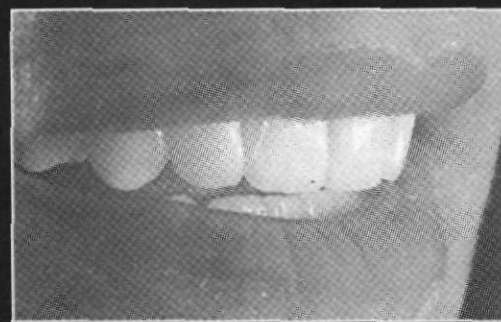

Residents with disabilities can register now for summertime fun with NISRA (Northern Illinois Special Recreation Association). A great lineup of recreation activities begins Monday, June 23 at locations throughout NISRA's 13-member communities.

Nearly 100 programs offer fun, friendship-making, and skill development for people of all ages and ability levels. New this summer are several sports clinics for people with physical limitations. Close staff-to-participant ratios help children and adults succeed in programs, and the

staff and volunteers demonstrate NISRA's values, which are fun, professional, compassionate, trustworthy and innovative. Log on to [www.nisra.org](http://www.nisra.org) to view the catalog for a complete list of activities and registration information.

An extension of local park districts and cities, NISRA provides year-round recreation and Special Olympics for residents with disabilities in McHenry County and parts of Cook, Lake and Kane counties. Call 1-815-459-0737 for information or visit [www.nisra.org](http://www.nisra.org).

## Containers with Pizazz

Just in time for summer, Field & Flower Garden Club members will be able to choose unusual plants and create unique planters at their June 4 meeting, 6:30 p.m., at the Barrington Area Library. Karen Thomson, Chicago Botanic Garden instructor, will be demonstrating the art of container design, resulting in those eye-catching combinations we notice on doorsteps and patios during the summer months.

Field & Flower Garden Club has been a part of the greater Barrington Area for over 49 years. Its membership includes

novice gardeners as well as those very knowledgeable in growing, landscaping and design. Meetings are typically held on the first Wednesday of each month in private homes or at the Barrington Area Library and include a program, a short business meeting, refreshments and time to ask gardening questions. Guests are always welcome. For information, please call 1-847-277-7901.

## Travelling with Asthma and Allergies

Vacation time is here. If you have allergies and asthma, they are always with you even when you travel. Here are some tips on how to minimize your symptoms and make your trip more enjoyable:

- When traveling by car, drive with windows closed and air conditioner on to avoid exposure to outside pollen and molds.

- To avoid excessive exposure to outdoor air pollution that may affect your allergy and asthma—travel in the early morning or late evening.

- If you have asthma, buy a portable nebulizer that plugs into your car's cigarette lighter or uses a battery.

- When traveling by plane, if you have food allergies, you need to be very careful when eating airplane food. Even if you

have requested special allergy-free tray, make sure to carry an epinephrine self-injector and antihistamine in case you have a severe allergic reaction.

- If you experience severe earache or sinus pain while flying, take oral or nasal decongestant (consult with your doctor) one hour prior to departure. In flight, chew gum and swallow frequently to decrease any pain.

- Make sure that you pack all your medications in a carry-on bag, so you have it just in case your luggage gets delayed.

- Obtain travel medical insurance.

To schedule an appointment, call the office of **Dr. Anne Szpindor**, 1-847-310-8844 (Hoffman Estates) or 1-708-848-3393 (Oak Park).

## Clearbrook Women's Classic Golf Event Welcomes Northern Trust as Presenting Sponsor

The Advisory Committee of the 7th Annual Clearbrook Women's Classic Golf Event has announced that Northern Trust will be the Presenting Sponsor. Set for Wednesday, June 4 at a new location, Makray Memorial Golf Club, 1010 S. Northwest Highway, in Barrington, the all-women golf event will feature concierge-style services that players will enjoy while networking with other female executives and business owners. Proceeds from the event benefit children and adults with developmental disabilities supported by Clearbrook.

Lori R. Runquist, director of Alternative Investment Strategies at Northern Trust,

was very impressed when she attended the 5th Annual Clearbrook Women's Classic as a guest two years ago. "I attend many golf outings each year as a way to entertain clients and network," said Runquist. "The Clearbrook Women's Classic stands out because each hole on the course features a fun surprise like martinis or beauty products. It makes the entire day a joy and, more importantly, fun for the clients I entertain."

Recognizing such value in the event, Runquist joined the Women's Classic Advisory Board the next year and served as event co-chair. With that, Northern Trust became involved as a sponsor. Serving as

event co-chair once again in 2008, Runquist stepped up her company's sponsorship and acquired Presenting Sponsor status. Runquist shares the co-chair responsibilities with Besty Voyles of Body Balance for Performance and Kim Oestmann of GolfTime.

To further enhance the networking component of this year's event, the Clearbrook Women's Classic offers its golfers a chance to participate in networking clinics and activities led by Melissa Giovagnoli, founder and president of Networlding.

Other members of the Clearbrook Women's Classic Advisory Committee include: Laura Burkhead of J.P. Morgan Chase Bank, N.A.; Brenda Dunn Kinney of West

Monroe Partners; Carrie A. Durkin of Litchfield Cavo; Debbie Fink; Ann Lyons-Tanaka; Karen Schak of Deloitte Financial Advisory Services; Kathy Steele of Desert Rose Design; and Joni Tucker of JEET.

Registration begins at 8:30 a.m. and includes breakfast and golf clinics to start the day. Lunch will be served on the 18-hole golf course. The event culminates with cocktails, heavy hors d'oeuvres, and a silent and live auction.

Tickets to the event are \$250 per player. They can be purchased by contacting Brynn Kordik at bkordik@clearbrook.org or 1-847-385-5009. Online registration is available at www.clearbrook.org (click on "Events" then "Clearbrook Women's Classic").

## Organic Microexfoliation Microdermabrasion Available at Northwest Dermatology

This **microdermabrasion** uses sodium bicarbonate crystals which are less irritating than traditional aluminum chloride crystals. Microdermabrasion uses a fine jet of crystals to gently and painlessly exfoliate your skin while vacuum suction removes the crystals along with the dead skin cells. Microdermabrasion rejuvenates and revitalizes your skin, leaving you with new, softer skin and a more even skin texture. In addition to surface exfoliation, microdermabrasion promotes the production of new cells in the deepest layer of the dermis; it cleans the pores and stimulates collagen networking that can further improve skin texture. Noninvasive and nonwounding to the skin's surface, the procedure entails virtually no discomfort, down time or recovery. Microdermabrasion is done in a series of treatments, each lasting about 30 minutes so that you can return to work and resume all normal activities immediately. Our usual treatment cost is \$100, but through June 30, we are offering an introductory special of \$75 for your initial treatment. We also have dis-

counted packages available for multiple treatments.

In addition to general and surgical dermatology, our physicians provide the **V-Beam pulsed-dye laser** for treatment of facial spider veins, rosacea, scars, warts, port wine stains and hemangiomas. Also available are the **GentleLASE Laser** for hair removal, **Restylane**, **Perlane**, and **Collagen injections** for wrinkles, **Botox® injections** for frown lines and hyperhidrosis, **Portrait Skin Resurfacing**, and **Beta-Lift peels** to enhance the skin. Acne patients have benefited from treatment with Beta-Lift peels in conjunction with microdermabrasion.

The physicians at Northwest Dermatology, **Susan Liebovitz, M.D.**, **Patricia Ledwig, M.D.**, **Leslie Beaird, M.D.**, **Inderjit Gill, M.D.**, and **Alka Madan, D.O.**, are all board-certified dermatologists who provide quality patient care in a professional, friendly and caring atmosphere. Please call our office, **1-847-884-8096**, for further information or to schedule an appointment.

## Judith Svalander School of Ballet Announces Summer Workshop 2008

An exciting new lineup of classes is being offered for Summer Workshop 2008—June 23 through Aug. 2 at the Judith Svalander School of Ballet. This popular suburban school is known for its excellence, professionalism and talented faculty. There is something for everyone this summer, with classes being offered for beginners through advanced dancers. While the school is known for its great ballet training, Svalander is proud to announce new classes for teens, adults, male and female, young or old. New this summer is Hip Hop Teens, Pilates Mat Class and Musical Theatre Class.

All class instructors are professional, many former students of Judith Svalander's School of Ballet, and nationally known, including New York City Broadway performer Erick Buckley. Buckley's Musical Theatre Class is back by popular demand. Students interested in this class are encouraged to sign up early to reserve their place in this special class with a focus on intensive vocal and movement techniques for musical theatre. A limited number of openings are also available with Buckley for private voice coaching. For more information, contact the Judith Svalander School of Ballet at 1-815-455-2055.

Be sure to check out Hip-Hop Teens. Keeping up with the current trends for teens, Judith Svalander School of Dance offers this new, fun and popular dance form, not to mention, a great cardio and strength workout!

The Judith Svalander School of Ballet is dedicated to the development of dance and to enriching the lives of their students through training, movement and music. The goals of the teaching are to develop a well-disciplined mind and body, a deeper appreciation of the art of dance and a creative approach to living. The classes

offered at the school are structured to provide an education and personal enhancement for both the student interested in a professional career and those who are merely seeking self-improvement and pleasure.

The complete 2008 summer workshop classes are:

- **Child's Dance**—music, motion, magic and me for 3-year-olds. This is a great intro to dance, drama, dress-up and fun.

- **Ballet Level I, II and III Dance Camps**—camps meet one day per week and are geared for ages 7 to 11. Four classes are offered within each level—ballet, dance specialty, stretch and production.

- **Creative Dance**—features three class levels for ages 4-, 5- and 6-year-olds. The pre-ballet classes prepares the young dancer for a lifetime of joy of movement and includes basic tap, character, drama and ballet.

- **Hip Hop Teens**—is a fun way to enjoy and learn the moves of this popular dance trend amongst today's teens.

- **Adult classes** are offered in classical ballet, jazz/modern and Pilates.

- **Pilates Mat Class** is for beginners and the experienced. Improve posture, core strength and balance in this evening class for adults.

- **Musical Theatre Workshop**—this intensive vocal and movement class will help the more advanced students prepare for musical theatre.

For more information, including class schedules and fees, visit [www.jsvalander.com](http://www.jsvalander.com) or call 1-815-455-2055. To register, stop by the studio between 4 and 8 p.m. on weekdays, or 8 am to 3 p.m. on Saturdays. For information about the Judith Svalander School of Ballet/Judith Svalander Dance Theatre, visit [www.jsvalander.com](http://www.jsvalander.com).

## Celebrate Father's Day, June 15, European Style!

Looking for someplace special to take Dad for **Father's Day**? Why not make reservations at **Fritzl's**? They'll be featuring all his favorites and will be open from 3 to 9 p.m. Among the menu items offered on Father's Day will be Steak Tartar, Mixed Grill, Surf & Turf, Fresh Seafood, Chipotle Lobster Tail and much more.

In addition to their full menu, don't miss **Fritzl's Fish Fry** every Friday. Delicious Icelandic Cod fillets (½ lb.), lightly breaded, are served for only \$11.95.

There are banquet facilities available for groups of 20 to 150 people, perfect for

weddings, anniversaries and rehearsal dinners. The meals are lovingly prepared from scratch and made to order just prior to serving. They are then served hot, fresh and delicious. If you are tired of those stuffy "foreign" waiters, try **Fritzl's** restaurant and pub. They have the friendliest staff in town.

**Our outside patio is now open.** Smokers welcome.

## Riding Across America and Raising Awareness for Hospice Care

On March 18, Hospice of Northeastern Illinois (HNI) presented Barrington resident Bob Lee with the Hospice Award of Excellence for his dedication and commitment to making a difference in the arena of hospice care on a national level. At HNI's Annual Meeting at the Garlands in Barrington, Lee was honored for his dedication to spreading awareness for hospice care.

Last year, Lee had the amazing opportunity to bike across America. He did not undertake this journey to experience a scenic tour of the America heartlands nor was he seeking fame and fortune. Instead,

**Bob Lee**

Lee was riding in order to raise funds and awareness for cancer research and hos-

## If You Have Skin, You're In!

Doctors **Jeffrey Berti, M.D. and Toulia Berti, M.D.** along with the staff at **Dermatology & Dermatologic Surgery, Ltd.** have settled in at their newest location: **2 Executive Court in South Barrington.** They have been quite busy seeing new and returning patients in their state-of-the-art facility that offers comprehensive and professional skin care for men, women and children. "With the school year coming to an end and summer not yet here, it is an excellent time of year to schedule your complete skin care evaluation," reminds Dr. Jeffrey Berti.

There are more skin cancers diagnosed each year than all other cancers combined and the incidence is increasing faster than any other cancer. "Luckily most can be cured if caught early," explains Dr. Toulia Berti, "but we all hope that as sunscreen use and its effectiveness improves, these numbers may actually come down." It is never too early or too late to get an evalu-

ation of your skin and an assessment for potential skin cancer risk—so men, women and children of all ages should consider a screening. It is also an excellent time for a little sun-sense education for kids and teens as the pressures remain to have that "perfect tan" even in today's generation.

Dermatologists are the specialists for the diagnosis and treatment of all disorders of the skin, hair and nails. The physicians and staff at **Dermatology & Dermatologic Surgery, Ltd.** are committed to prompt, professional service and are **participating providers in most Illinois PPO insurance plans.**

They are located at **2 Executive Court in the South Barrington Executive Center** on Barrington Road between I-90 and Route 62. Contact them during business hours at **1-847-304-0303** or view their Web site at [www.jbderm.com](http://www.jbderm.com).

## The Health Benefits of Sunglasses

A recent survey conducted by the Vision Council of America found that only 50 percent of children today own or wear sunglasses (Vision Council of America, *UV Protection*). What most parents do not realize is that it is more important for children than adults to have some sort of sun protection for their eyes from ultraviolet (UV) exposure. There are two reasons for this: first, the lenses of children's eyes are more transparent, which means that a larger percentage of harmful UV rays pass through into the eye, leaving kids more vulnerable to the effects of sun damage than adults; the second reason is that 80 percent of an individual's exposure to UV in their lifetime occurs *before* the age of 18.

The facts are clear: because of the decreased ability of children's eyes to block out the harmful UV rays and because of the increased amount of exposure to UV during childhood, you should *always* ensure that your child has some kind of protection for their eyes before heading outside. Studies conducted by the Glaucoma Research Foundation found that by reducing your child's chronic UV exposure today, you can significantly reduce their risk of developing **premature aging or wrinkles, cataracts, skin cancer, burns on the eye itself (also called photokeratitis), sun burns around the eyes, macular degeneration, glaucoma, abnormal growths on the eye (also called apterygia), and other diseases** later on during their adult years—many of which can lead to blurred vision or blindness (Glaucoma Research Foundation, *A Guide to Sunglasses*).

Children are not the only ones, however, that benefit from wearing sunglasses. If you are an adult, wearing sun protection regularly can also protect you from the harmful effects of UV listed above. According to the Vision Council of America, **individuals who spend many hours outdoors for recreation, who take such prescription medications such as tetracycline, birth control pills, diuretics, and sulfa drugs, who have had cataract or LASIK surgery, or who have certain retinal disorders** are at a higher risk for UV damage than others (Vision Council of America, *UV Protection*). By wearing sunglasses or hats, adults can protect their eyes in the same way that sunblock protects their skin.

Stop by **The Eye Works, Ltd.**, located on **126 W. Main St. in Barrington** and **820 W. Route 22 in Lake Zurich.** The optometrists at The Eye Works, **Dr. Ralph Gebert** and **Dr. Anthony Prate**, are not only trained in diagnosing many of the common complications caused by prolonged UV exposure, but are also knowledgeable sources about the many different types of sun protection available today. The Eye Works carries both prescription and nonprescription sunglasses for adults and children. Remember: UV rays are present during all seasons, rain or shine, and are invisible to the eye. Therefore, most of the time you do not even realize that harmful rays from the sun are passing into your eye. With summer upon us, don't wait to call or stop by **The Eye Works** to get your child or yourself some sun protection. Call **1-847-381-0391** or **1-847-540-1144** for a consultation today.

pice care.

This 6,500-mile ride, called "A Ride for 3 Reasons," raised \$130,000 for ALS (Lou Gehrig's disease), the American Cancer Society, and the National Hospice and Palliative Care Organization—for a grand total of \$390,000. More than \$185,000 came from members of the Barrington-area communities that felt a deep connec-

tion to Lee's mission of spreading awareness for hospice care.

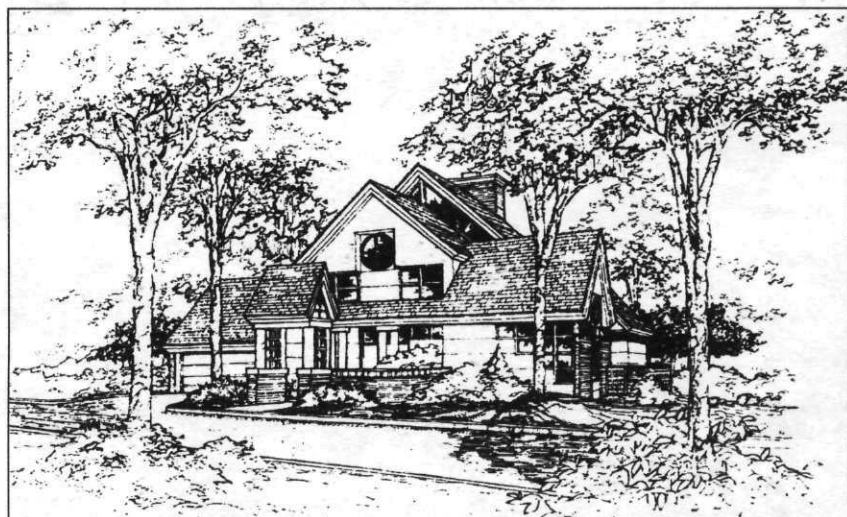

"Anyone who has met Bob will tell you that he is a genuine and compassionate individual," said Beth Raseman, vice president of development for HNI. "Bob is a great father and grandfather, a wonderful neighbor, and an advocate for the hospice community."

## Low Maintenance, Elegant Designs from The Barn Nursery

**2007 Award Winner for Landscape Design and Construction**

With today's busy lifestyles, homeowners are seeking ways to reduce maintenance in the home landscape. A low-maintenance landscape requires proper planning and wise choices. This includes the identification of areas that require a more manicured look and noting areas that are not as important to heavily maintain. There are a number of alternative choices of landscape building materials, plant types, design strategies, and ways to reduce effort and expense. The best place to begin the low-maintenance landscape is to develop a plan for your property.

With almost half a century of experience designing elegant and inviting outdoor environments, **The Barn Nursery** continues to be one of the area's premier landscape design and construction firms.

A well-designed-and-installed landscape

creates new outdoor living spaces for our clients to enjoy for years to come and increases the value of their estate indefinitely. By combining the professional abilities of our Landscape Architects, Horticulturalists, and CLT-trained construction and maintenance crews, **The Barn Nursery's** team delivers maximum value while exceeding individual client needs and expectations.

### Tip of the Month

*What is the best time of year to trim shrubs?*

A general rule of thumb is to trim flowering shrubs a few weeks after they bloom. This way, you won't trim off next year's flower buds after they appear late in the season. Non-flowering shrubs can be trimmed whenever they appear unkempt or overgrown.

*"When choosing a designer for my home I wanted someone that could envision the look and feel I wanted my home to convey. Celeste Jackson has that unique vision to turn a plain room into something truly amazing and completely my style."*

—Michele and Scott Barber, Inverness

*"Friends have told me that sometimes they are hesitant to hire a designer because they are afraid the designer will want to throw out everything they have and completely change their style. Celeste has wonderful and creative ideas, but is so adept at incorporating the things that are important to you, while giving your home a fresh, updated look. Her sense of color is phenomenal!"*

## From a Woman's Point of View

by Amy Wickstrom, Wickstrom Ford Lincoln Mercury

Would you consider trading a current family member for a newer one with more options and in better condition? When I used to sell cars, at least once a year a family with young children would come in and trade their older vehicle in for a new car. As we would drive their trade-in, which often smelled of stale french fries and dirty diapers, around to the back of the store, these poor kids would press

## Resale Event

St. Paul United Church of Christ, 401 E. Main St., Barrington, will hold a Resale Event on Friday, June 13 from 9 a.m. to 6 p.m., and on Saturday, June 14 from 9

a.m. to 1 p.m. Don't miss out on great bargains on gently used items of clothing and household goods.

Proceeds from the sale will benefit local charities and missions.

their noses to the showroom window and bawl their eyes out. In many cases they had come home from the hospital in that car, and even though their new Ford had a cool sunroof or entertainment system, that old car was a part of the family.

Recently, Richard came home from work and announced that the Navigator I'd driven for the last eight months had been sold, so we would need to get our "stuff" out of it. Josh looked up from his coloring book with a look of horror on his face and cried "Whaaat?!!" This kid is obsessed with cars—he doesn't just see a white car drive down the street, he sees a white 2007 Ford Mustang GT with a black top and interior and upgraded wheels drive down the street. He knows what all of his friends' moms drive by make and model, and he will often point out similar cars as we drive around Barrington running our errands. To him, selling our 2008 silver Lincoln Navigator was on level with giving one of his sisters away, only he might not have protested as much... I am amazed that a 4-year-old can be so pas-

sionate about cars, but if he does grow up and sell cars some day, like he says he will, we'll have a fourth generation in the business.

After I calmed Josh down, Richard took him over to the computer and pulled up the Ford Flex Web site, www.fordvehicles.com/flex/. He showed him the Flex's multi-paneled Vista Roof and optional refrigerated console for his juice boxes, then explained to him that Ford would start sending us these cool new vehicles next month. The Web site allows you to design a custom Flex, so it has now surpassed Webkinz as his favorite thing to do online. Based on his current Flex customizations, I don't think Richard will ever let Josh order anything for **Wickstrom Ford Lincoln Mercury**. If you see me driving around town in an orange Ford Flex with a red two-tone roof, black and red flames down the sides, and green neon lights under the running boards, you'll know I was wrong about that.

Until next month,  
—Amy

## The Way to a Beautiful Lawn Runs Through Your Neighborhood Simplicity Dealer

If you're serious about your lawn, you should get a lawn or garden tractor sold by someone who is serious about their products, not someone who sells lighting fixtures one minute and driveway sealant the next. That's why more people are realizing the value in purchasing lawn and garden tractors from an independent Simplicity dealer—like **Reed Lawn & Leisure**. They offer more than the big retail chains—like test drives, financing plans, service technicians, and setup and delivery. You'll also find the best deals now on the world's finest lawn and garden tractors. Like special financing plans with approved credit. Call or stop by for details.

If your tractor or mowing machine isn't dead—just wounded, the service department at **Reed Lawn & Leisure** can deal with curing it. Bring your machine in for repair or call and make arrangements for pickup and delivery.

Chipper vacuums, tractors, riders, walk-behinds, all the latest in lawn care equipment and accessories in name brands can be found at **Reed Lawn & Leisure**. These

lawn care experts suggest you stop in, browse around, ask questions, and purchase your favorite Simplicity, Toro, Echo or Honda. And at **Reed Lawn & Leisure**, they not only sell the equipment but they also service it.

**Reed Lawn & Leisure** also carries a complete line of rototillers, chainsaws, power blowers and string trimmers.

Stop in or call them at **1-847-438-5220**. **Reed Lawn & Leisure** is located at 20413 Rand Road in Palatine.
