Ela Township High School
Dr. Pollard Addresses Student Body
John W. H. Pollard, M. D., Commissioner of Health of Evanston, Ill., addressed the student body of the health department at the school on Tuesday afternoon. He used as his subject, "Health Built Up Through Athletic Activities."

The address was very interesting and timely as our first basketball team to be played Friday evening.

The Illinois State Department of Health supplied Dr. Pollard for us without expense on our part. In addition to furnishing this speaker the health department sent us three reels of moving pictures which were shown during last week. We are indeed grateful to the department for these services.

On Thursday, Friday, and Saturday of this week the teachers will attend the Illinois State High School Conference at Urbana. There will be no school on Thursday and Friday.

There will be a short Thanksgiving recess beginning Wednesday evening, Nov. 28, and closing Monday morning, Dec. 1.

The farm shop room seems to be an especially busy and popular room before and after each day of school as well as at noon. The Ag. boys have built two nice new "pin-ging" tables for the school. The girls are permitted to play "pin-ging" each morning and the boys each noon.

ATHLETICS
Ela and Bensenville Divide Honors
In the first basketball game of the season Bensenville lightweights trounced Ela lights to the tune of 19-1, while the heavyweight game went to Ela by a 12-11 score.

The Bensenville lightweights displayed real class, and the Ela team, composed mostly of Freshmen and Sophomores, failed to score a field goal.

In the heavyweight game, Ela started off with a rush, scoring seven points before Bensenville got started, and though seriously threatened on several occasions, held the lead throughout the rest of the game. The score at the half was 8-7 and at the close of the game, 12-11.

Ela goes to Bensenville for a return game on November 29. The next home game will be with Fox Lake on Dec. 5.

Big Program Planned for Live Stock Show
Chicago will be host to the country from November 29 to December 6, when the International Live Stock Exposition will draw to it a mammoth display of the manifold wonders of the rural world. Not only the class of boys from Ela but also many

townspeople of Lake Zurich are planning to attend this exposition.

A Real Pop Meeting at Ela
A real pop meeting was held Friday morning at Ela preliminary to the Friday evening with Bensenville. The newly elected basketball sponsor and maids were in charge of the meeting.

The program consisted of pep songs, songs and short talks. The yell was led by the cheer leader, Leona Pearce, and pep leader, Marjorie Soderberg. Snappy songs very appropriate for the occasion were given by the sponsor and maids. Short and snappy talks were given by Coach Thoms, Im. Elmer, member of the team, and Phyllis Soderberg, one of the maids.

The basketball team was presented to the student body by Ethel Rudinski, sponsor of the team.

The meeting ended by singing the school song and giving 15 rales for the teams, sending the boys on to victory.

Thanksgiving gives Frigidaire another chance to prove its worth

The marketing season days before-hand—celery, fruits, cranberries and, oh, so many other good things... You'll need a Frigidaire to keep them fresh and tasty.

Kitchen preparations begin early, too. A Frigidaire will carefully guard these Delicacies of the Day.

Surprise? Of course the menu must have a dish that's new and different... Why not a frost salad from Frigidaire's cold compartment?

And afterwards when (no matter how good the dinner has been) there's much of it left... then again Frigidaire will take care of everything—keep all its savories intact for days until everyone is hungry again.

The popular new "Geyline" Frigidaire, with storage capacity of 5 cubic feet, is only \$10 down and about 30c a day the "Little by Little" way. See it at your Public Service Store.
