An Extra Long Session at Which Lots of Talk Was Indulged In—Clerk's Salary Doubled—Many Visitors Are Present. What Will Be Done With Station Street?

Every member of the Board of Trustees was in his chair Wednesday evening when President Henry Boehmer called the Board to order. A number of visitors were also present.

After the roll call and reading of the minutes of the previous meeting the following bills were read and allowed:

Alderman Grunau then took the floor and said that a great many complaints had been made regarding the pool of stagnant water which stood on Robert Purcell's property after a rain. Mr. Purcell, who came in just about this time, gave it as his opinion that the tile was not large enough. The street committee and street commissioner will see to it that the necessary relief is granted.

Attorney Redmond was asked what action had been taken since the last meeting in the matter of opening up Station street. He informed the Board that he and Attorney Cutting had the case brought up for a hearing in court since the last meeting, and although the condemnation proceedings had been decided in a manner favoring the village, it was found that with the exception of one or two, all the property owners along the proposed street objected to the assessment, and that part of the case would have to be decided by a jury. He further said that Attorney Cutting advised that the Board drop the whole matter, which Alderman Peters thought would be the best course, but the rest of the members thought it very poor advice. After considerable discussion it was finally decided to instruct the finance committee to see the property owners and try and get them to meet the Board at the adjourned meeting this evening, when the whole matter can be discussed, and it is hoped an amicable settlement will be the outcome.

Moved by Collen and seconded by Peters that the ordinance authorizing the tax levy be passed. Carried.

An ordinance regulating the riding of wheels within the village limits was then read. As originally read it prohibited also children from riding their tricycles (3-wheeled carriages) on the sidewalks and Grunau objected to the children being compelled to ride in the street, and Willmarth thought 8 miles an hour too hard a restriction on the cyclists and recommended that the rate of speed be put at 12 or even 15 miles an hour, while Peters thought 8 miles an hour sufficient leniency. Willmarth and Grunau thought that if the speed of the cyclists were placed at 8 miles an hour the matter of speed-

and seconded by Grunau that the word "tricycles" be erased, allowing the children to ride on the sidewalks. Carried.

Moved by Collen and seconded by Willmarth that the ordinance be adopted. Carried unanimously.

The indemnifying bond which Lageschulte Bros. were asked to give the village in lieu of the privilege of erecting a scale in Railroad street was thought to be too strong by Garret Lageschulte and it was changed to read "in case such damages result on account of the scales being out of repair," which was mutually agreeable.

A petition was then read which objected to H. D. A. Grebe particularly and anyone in general, carrying dynamite in stock within the corporate limits of the village. The petition was signed by twenty-four property owners. The village attorney was instructed to look up the law in the matter, and if no statute covers the case to draw up an ordinance and present it at the adjourned meeting this evening.

Mr. Purcell got permission to change the position of the tile on his premises to a curve.

The street committee was instructed to look after the waste pipe of the Barrington creamery, and see what can be done. It seems that the pipe is in the way of the village line of drain tile.

Mr. Staak then was assured that the street committee would look after his interests in the matter of drain tile.

C. C. Hennings then took the floor and said that his intentions were all along to take out saloon license, but owing to the hard times, he had been unable to raise the money, but if the present suit standing against him by the city was disposed of he would take out license. It was finally agreed among the members of the Board that in case Mr. Hennings was fined, and he should take out license, the fine would be remitted.

Moved by Willmarth and seconded by Peters that the salary of the clerk be raised to \$50 a year. Carried.

Moved by Collen and seconded by Willmarth that the salary of the trustees and the president be \$24 per year. Ayes—Willmarth and Collen; nays—Hatje, Grunau, Robertson and Peters.

Moved by Grunau and seconded by Hatje that the salary of the trustees and president be \$2 each for every regular meeting, when present. Carried.

Alderman Peters asked what the Board intended to do in regard to the grade on Main street. He said the railroad company was filling in its right-of-way and if this matter was not attended to immediately there would be a mud hole in front of the business houses on that thoroughfare. After considerable discussion the matter was left to be decided at a later meeting.

It being nearly 11 o'clock the Board adjourned till this evening.

ORDINANCE NO. 56.

Be it ordained by the President and Board of Trustees of the Village of Barrington.

Section 1. No velocipede or bicycle shall be ridden upon or along the public streets, avenues, alleys or other public grounds or ways within the village of Barrington, at a speed exceeding twelve (12) miles an hour, and no velocipede or bicycle shall be ridden more than two abreast. All velocipedes and bicycles while in motion shall keep to the right.

Section 2. Velocipedes and bicycles must carry lamps and keep them lighted at night.

Section 3. No velocipede or bicycle shall be ridden upon or along the sidewalks within the village of Barrington.

Section 4. Any person violating the provisions of sections one (1), two (2) and three (3) of this ordinance shall, upon conviction, be fined not less than three nor more than ten dollars for each offense.

the Village of Barrington: That there shall be levied, assessed and collected, upon the personal and real property within the corporate limits of the village of Barrington, as the same is, or may be, returned by the assessor or assessors of the said village for the year A. D. 1896, the sum of three thousand (\$3,000) dollars for the following purposes to-wit:

Salary fund.....	\$1100 00
Street fund.....	1700 00
Lamp fund.....	200 00
Total.....	\$3000 00

Section 2. That the village clerk shall file a certified copy of this ordinance with the county clerks of Cook and Lake counties in the State of Illinois, together with a certificate of the amount of taxable property within said village of Barrington, for the year A. D. 1896, so that the tax herein set forth may be by them respectfully extended in the collector's books for said year agreeable to the Statute in such case made and provided.

Passed June 3d, 1896.
Approved June 3d, 1896.

The ayes and naves were finally called for on the passage of the ordinance as originally read with the exception of the rate of speed, which had been raised to 12 miles an hour, and resulted as follows: Ayes—Hatje, Willmarth and Collen; naves—Grunau, Robertson and Peters. This left the president to decide the matter, and he voted "aye."

Willmarth then moved to reconsider the matter, which motion was seconded by Grunau. Carried.

It was then moved by Willmarth

Moved by Willmarth and seconded by Peters that the salary of the clerk be raised to \$50 a year. Carried.

Moved by Collen and seconded by Willmarth that the salary of the trustees and the president be \$24 per year. Ayes—Willmarth and Collen; naves—Hatje, Grunau, Robertson and Peters.

Moved by Grunau and seconded by Hatje that the salary of the trustees and president be \$2 each for every regular meeting, when present. Carried.

Alderman Peters asked what the Board intended to do in regard to the grade on Main street. He said the railroad company was filling in its right-of-way and if this matter was not attended to immediately there would be a mud hole in front of the business houses on that thoroughfare. After considerable discussion the matter was left to be decided at a later meeting.

It being nearly 11 o'clock the Board adjourned till this evening.

ORDINANCE NO. 56.

BOARD PROCEEDINGS.

No Agreement Reached With the Property Owners of Station Street—The Dynamite Dealers Limited to Five Pounds of Stock.

At the adjourned meeting of the Village Board Saturday evening little good was accomplished.

The property owners along the proposed Station street were there in full force, but the Board did not care to take the initiative and make them a proposition, while on the other hand the property owners were not all of the same opinion.

President Boehmer, speaking as a property owner, said he, and several others he had spoken to, would be satisfied to settle if the Board would deduct 25 per cent. of the benefit assessment. After a good deal of wrangle it was finally agreed to have the property owners meet at the village hall Wednesday evening (June 10th) and find out what kind of proposition they would make or would accept from the Board at the adjourned meeting this evening.

It was finally moved by Willmarth and seconded by Collen that the property owners be given a week's time to find out what proposition they cared to make or would accept. Carried.

An ordinance limiting the amount of stock of dynamite and explosive substances to be carried by dealers within the corporate limits of the village was then read and passed without any opposition.

Village Attorney Redmond was instructed to draw up a bond for the village treasurer.

The matter of remitting Hennings' fine was also brought up, but the Board did not think it wise to remit the fine until Hennings took out his saloon license, which he did Monday, and probably the matter will be settled at the adjourned meeting this evening.

The grade question also received attention. Collen was in favor of lowering the grade of Main street from Railroad to Williams street, providing it could lawfully be done. Peters said he wanted to know what could and should be done. Willmarth was in favor of throwing out the entire grade line, and several other members were of the same opinion. A good deal of discussion was indulged in, but no action was taken.

President Boehmer then requested the visitors, of which there were many in the room, to leave the room so that the members of the Board could talk over some private business. All the visitors heeded the request.

President Boehmer undoubtedly made this unusual request with the best of intentions, but we cannot find any law that will back him up in such requests. The entire proceedings of the Board should be public property. The law plainly says: "It (meaning the city council or village board) shall sit with open doors."

On motion the Board adjourned till this evening.

ORDINANCE NO. 58.

Be it Ordained by the President and Board of Trustees of the Village of Barrington:

Section 1. It shall be unlawful for any person, firm or corporation to keep at his, their or its place of business, or elsewhere within the Village of Barrington, a greater quantity of gunpowder than fifty pounds at any one time, and the same shall then be in tin canisters or cases containing not to exceed twenty-five pounds each, and in a situation remote from fires, lighted lamps, candles, gas or other inflammable matter, from which the same may be easily removed in case of fire. And it shall be unlawful for any person to sell or weigh any gunpowder after the lighting of lamps in the evening unless in sealed canisters or cases.

warehouse or house for said purpose. And upon said application the village council may draft a permit for the storage of dynamite, not to exceed five pounds.

Whoever shall violate any of the provisions of this section shall be subject to a fine of not less than ten dollars nor more than one hundred dollars for each offense.

Section 3. This ordinance shall be in force from and after its passage.

Passed June 6th A. D. 1896.

President Boehmer reported for the committee appointed at the last meeting to settle with the property owners along Station street. He said everything was now ready for opening and grading the street.

Motion made by Collen, seconded by Peters, that the work of grading the street be commenced at once. Carried.

Moved by Grunau, seconded by Collen, that nothing but 18-inch glazed tile be used.

President Boehmer then asked those present to state their business, if they had any.

The first one to take advantage of the opportunity was George Foreman, who asked where he should build his sidewalk. He said he wanted to put in a new walk, and he wanted to know whether he should put it on grade line or not. This fairly started the sidewalk question at a 2:40 gait. Nearly every trustee had seen holes in the sidewalks, and thought they ought to be repaired. The matter ended by Foreman getting no satisfac-

tion to change the tile on his premises some time ago), was changing the natural water course to the detriment of the adjoining property and street. He wanted the Board to prevent Mr. Purcell from changing the tile at all. Mr. Purcell was represented by Steve Palmer. Mr. Palmer, who is doing the work for Mr. Purcell, said that the way they were laying the tile would not do any more injury than they do at the present time. He also said that Mr. Purcell instructed him to lay those tile the way that the Board wanted them laid, and in a way that would satisfy everybody. The matter was turned over to the street committee with power to act.

No further business being before the meeting the Board adjourned.
