The Barrington Lincoln Chautauqua

Something for Everybody

Men's tastes differ as widely as their circumstances or personal appearance.

It is manfully impossible to build a Chautauqua program that will for each of the six days, give equal pleasure to the individual, or satisfy every one, old or young, rich or poor, learned or uneducated.

Our program will please some people all the time, most people most of the time and everybody some of the time. You will find it a high grade entertainment for high grade people.

We bring to your door the best there is to be had in this country or the world. The study of the scholar, the laboratory of the scientist, the forum of the statesman in America, England, France, Germany and the isles of the sea have been drawn upon for your entertainment and inspiration.

For your own future happiness and the well being of your children, you cannot afford to miss it.
