## Electrolysis is the Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair permanently, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those telltale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination.

Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **381-9020** for your appointment.

**Clear Reflections** has provided 21 years of service at the same location.

July, 1997

Dear Reader,

We hope you are getting ready for a festive and fun July 4th! There's a lot happening this month, so we hope *Lifestyles* may make suggestions for even more "summer fun" throughout this issue.

The Near North Chapter of the Infant Welfare Society had a great time in May. Chic chapeaux, mint juleps and horseplay made for a winning trifecta as the chapter celebrated the 41st annual Derby Day "Run for the Roses" benefit at the Plaza Club atop the Prudential Building in Chicago.

One of the greatest social events in the area took place the end of May. Over 800 guests attended the 11th annual Alexian Brothers Medical Center Garden Ball. The black tie affair benefited the "Community Cares" internal grant application program. Over \$100,000 was raised from the evening. It was a beautiful event.

Remember to mark down "Annie's Attic" on your calendar. July 11 and 12. Project Hope, a charitable organization assisting persons and families in emergency crisis and housed at St. Anne Church, is sponsoring its 7th annual Annie's Attic Garage Sale at 120 N. Ela in Barrington. Donations happily accepted. Questions? Call 381-5721.

Until next time, may all your thoughts be sunny.

With warm regards,  
Glenn McMonigal  
Editor, *Lifestyles Magazines*

Millinery mania and racing fever swept through Chicago Saturday, May 3, as the Infant Welfare Society (IWS) Near North Chapter presented the 41st annual Derby Day "Run for the Roses" benefit at the Plaza Club atop the Prudential Building.

In the spirit of Churchill Downs, ladies from throughout the Chicago area paraded chic chapeaux, heavenly hats, cute caps and magnificent millinery at the luncheon fete, which featured a spectacular spring fashion presentation by Oak Street retailer Janis and local hat designers Eia Radosavljeric, Holly Lowell-Bellew and Veronica Chin, members of the Millinery Arts Alliance.

Honorary Chair Sandy Kagan, fashion

editor of Skyline/Lerner Newspapers," and author/philanthropist Sugar Rautbord served as celebrity judges of an annual Derby Day hat contest.

Phyllis Horwitz stepped into the winner's circle with a horse racing-themed chapeaux, which was judged as the most "winning hat." In a photo finish, Cookie Cohen and Ann Lloyd tied for the most alluring hat, while Carla Walker of Janis took honors for most beautiful millinery. Fergie look-alike Kim Keller placed first in "Royal Enclosure" hat category.

In a parlay for the gentlemen, "Chicago Tribune" marketing columnist George Lazarus won champagne from Romano Brothers as the best "hat-less" Derby guest, while Nick Graziani took home a

dashing hat donated by Brooks Brothers as a special "Beau Brummell" prize.

IWS Near North Chapter members Susan Mortenson and JoEllen Bursinger Zacks were co-chairs of the annual Derby Day bash, the profits of which are expected to triple those of 1996.

"Run for the Roses" benefits the Infant Welfare Clinic, 1931 N. Halsted, which provides comprehensive health care services to disadvantaged children and their mothers at little or no cost. Founded in 1911, the Infant Welfare motto is: "No one is denied care due to an inability to pay." Events sponsored by the Infant Welfare Auxiliary, such as "Run for the Roses," provide the clinic's single largest source of funding.

Guests enjoyed jazz entertainment by the Greg Smith trio during the reception and luncheon, which featured a mixed baby greens salad, char-grilled filet mignon with rosemary/merlot sauce, duchess potatoes, steamed asparagus, and "chocolate decadence" torte with Frangelico creme anglaise.

Following luncheon and the hat contest, guests enjoyed cigars from Ivan Ries & Co., and cheered on their favorite Derby contender during televised racing action from Churchill Downs. Cries of victory—and defeat—filled the room when "Silver Charm" upset favorites "Pulpit" and "Captain Bodgit" to become the winner of the 123rd Run for the Roses.

## Garden Council Offers Summer Series in Flower Arranging

Floral designer, Barbara Hansen will present a two-part class, "Decorating with Flowers," on Thursday mornings, July 31 and August 7. Sponsored by the Council of Barrington Garden Clubs, the series is geared toward people who have some previous experience in handling cut plant material.

Hansen, a Garden Club of America approved flower arrangement judge, has received countless awards recognizing her exceptional skills and her willingness to share her creative gifts. She has served

nationally on many committees and travels extensively to meet her teaching, speaking and flower arranging commitments. Locally she is a member and past president of the Garden Club of Barrington.

Hansen encourages her students to use their imagination. "We're all unique, and it is both refreshing and fun to capitalize on our different points of view," says Hansen.

The classes will be held from 10 a.m. to noon at the Barrington United Method-

## Reiki... A Responsibility, A Gift, A Powerful Ancient System of Healing

Reiki classes are now being offered in Crystal Lake through **Pamela Arwine**, Ct. Rubenfeld Synergist and **Reiki** Master Teacher. Class schedules and locations can be obtained by calling her at **815-455-4502**.

**Reiki** (ray-key) means "spiritually guided universal life force energy," (ki). Life force energy animates matter, balances our body, mind and spirit; it keeps us healthy when in balance; it makes us ill when out of balance. Imagine what learning to vitalize, enhance and guide this life force can do for the state of your emotional and physical health!

The practice of **Reiki** was lost for many centuries, but Dr. Mikao Usui, the principal of a Christian seminary in Japan, rediscovered this ancient healing method in the middle of the nineteenth century. Whether your goal is self-healing, providing assistance to loved ones, or becoming a professional **Reiki** Master Teacher or Practitioner Level—all that is required is the desire to learn **Reiki** and use it ethically. It was intense desire which led Dr. Usui to his discovery. **Reiki** is a holistic method which reaches all levels of one's existence and works to bring them into balance, thereby addressing the cause rather than the symptoms of disease or disharmony. You may experience **Reiki** as love, the original home of the soul. However it is not linked to any specific faith, religion or belief.

"I believe **Reiki** is a great gift which engenders great responsibility," states Ms. Arwine. **Reiki** is taught in four levels, each requiring a full day seminar at a cost of \$150 per day each for Levels I and Levels II and \$200 each for levels III and IV. "Simple to learn, it is in no way simplistic," she continues. "We learn most deeply that which we experience directly both from being the giver and the receiver. Our **Reiki** work will be refined as

we use it and questions will arise. Therefore, I offer supplemental classes two evenings a month for sharing, practice and further development. These very beneficial classes are offered to all my **Reiki** students free of charge. It is a unique bonus and my way of giving back for all that I have received through learning, practicing and teaching **Reiki**.

Pamela is a teacher and practitioner of the art of Rubenfeld Synergy (body/mind/spirit integration) and **Reiki** Master Teacher. She has also recently completed her certification program in metaphysical hypnotherapy with an emphasis towards past life regression for therapeutic purpose. She offers both classes and private sessions. The next **Reiki Level I Class** is on August 2. Private sessions are available by appointment. She brings a rich blend of experience to this work dedicated to health and balance with the focus on unity of mind, body, spirit and emotion. Each step along her path has brought her closer to her goal of teaching and assisting others in alleviating pain, disease, dysfunction and discomfort. Along the way, she has discovered that the true goal and the true joy is to take wing and soar; alleviating pain is just the necessary first step in the process.

contouring, tumescent liposculpture of the body, and tummy tucks are just a few of the new procedures that are available.

Dr. Sweis grew up in the Chicago area and attended Loyola University, obtaining her undergraduate degree in biology. She attended Northwestern University Medical School followed by a residency in general surgery at Case Western Reserve University. She then completed training in the specialty of plastic and reconstructive surgery at Northwestern University. She has received numerous honors and awards during her education and has many publications currently in the medical literature. The scope and extent of her professional accomplishments are too numerous to list here, but this information is available for anyone interested by calling our office. Her most recent accomplishment was in May of 1997 when she organized and led a team of surgeons overseas to perform mission-ary work for orphans and impoverished

patients. While Dr. Sweis's credentials and accomplishments are impressive, the most important characteristic she exhibits is her commitment to excellence and a genuine care for her patients. These are the traits on which Dr. Churchill has based his practice since its establishment eight years ago.

With the expansion of Dr. Churchill's practice, and to reflect the broadened array of services available, the name of his surgical center has been changed from the Center for Facial Plastic Surgery to **The Center for Cosmetic Surgery**. The Center is a 6000 square foot facility at 515 Old Northwest Highway in Barrington. This is a fully equipped office, surgery center and overnight care facility. The Center is accredited by the AAAHC (Accreditation Association for Ambulatory Health Care), the nationally recognized standard in quality outpatient care. ## The Pleasantries of Summer in Art

*House Finch and Roses* by Robert Bateman

Warm breezes, sandy beaches, roses in bloom and songbirds sweetly singing; these are some of the pleasantries of summer. In celebration of the season, **Woodland Art Gallery** is featuring a delightful collection of limited edition works of art that reflect the warmth of nature that you can enjoy year-round.

From Robert Bateman, today's most sought-after and collected artist, the gallery is pleased to include *House Finch and Roses*. This signed and numbered print has a cheery effect on any decor and would be the perfect complement to your favorite room. It's now on display at the gallery and is available custom matted and framed to your specifications.

The master of reflecting on lazy summer days is artist Don Hatfield. His serigraphs, all hand-pulled at the famous

Morrostudio in California, are marvelously colored. *Peaceful Cove* by Hatfield is one of his most spectacular works featuring a woman and her children enjoying the warmth of their togetherness at the water's edge—in a 130 colors, no less. It's also now on display at the gallery.

If you've been thinking of a way to capture summer in all its glory, visit **Woodland Art Gallery and Frame Shoppe** in downtown Crystal Lake where the art is always in full bloom. The gallery is located at 71-B East Woodstock Street and you're invited to stop in Monday - Friday 9am - 5pm, Saturday 9am - 3pm. For a full color brochure of works by your favorite artists, phone **815-459-0460**. **Woodland Art Gallery** accepts Visa and MasterCard and they can ship your artwork anywhere.

## Golfers Tee-Off on Pediatric Cancer

Bear Necessities Pediatric Cancer Foundation, Inc. will host it's 4th Annual "Golf For Bear's Friends" golf outing, for Pediatric Cancer. Pediatric cancer is the number one killer facing our children today. Last year's golf outing generated over \$40,000.00 for Pediatric Cancer, and the event has drawn far reaching attention of avid and not-so-avid golfers.

This event is the ultimate duffers' dream and will be held at the scenic Cary Country Club in Cary, Illinois, on Monday, July 14. "Golf For Bear's Friends," has drawn golfers from all over Illinois for the past three years. The \$160 entry fee for the golf outing includes 11:30 AM check-in, 12:30 PM Shotgun start, locker facilities, greens fee, golf cart, prizes and dinner. Among the exciting prizes and

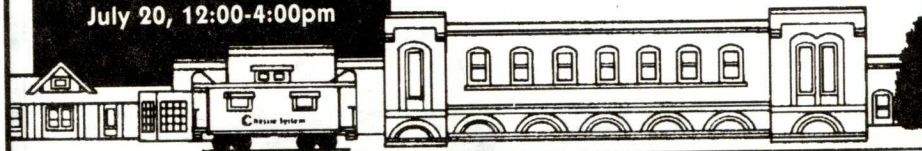

contests that will be offered, is a brand new Chrysler Seebring Convertible, courtesy of Gary Rosenberg of Crystal Lake Chrysler-Plymouth, for the lucky golfer who gets that "hole in one." The golf outing can accommodate 144 golfers and due to the popularity of the event, pre-registration is necessary.

Corporate and individual sponsorships are still needed. Several levels of sponsorship programs exist, with each sponsor recognized in print, and special recognition awards. Local media is invited to cover the event on July 14, 1997 attended by many local residents and organizations, as well as other Chicagoland corporate, social and political leaders. All proceeds are earmarked for pediatric cancer research and the immediate needs

## Summer Savings on Rubies and More

This month, July, **Mitchell's Jewelers** is having its **Birthstone of the Month Sale** with savings of 20% on all our rubies. Here is some information regarding rubies.

Ruby, the birthstone for July, is the red variety of corundum. Ruby and sapphire both belong to the corundum family or

group. It was not until about 1800 that this was discovered. Until that date, garnet and red spinel were also called ruby.

Ruby was named because of its red color (Latin rubeus). The color ranges from medium to light red to dark tones of red to purple-red. Stones that are light to very light pink are properly called pink sapphires.

The finest rubies are found in Burma and are commonly called "Pigeons' blood." The oldest sources are Burma and Sri Lanka. The leading source of ruby today is Thailand and others include Afghanistan, India, Kenya and Tanzania.

Ruby is the hardest mineral after diamond (9 on Mohs' scale and 10 for diamond), although only 1/140th as hard. It is seven times as hard as topaz, the next on Mohs' scale; however, the hardness varies in different directions. Ruby is commonly heat treated to improve the red color and the overall appearance.

Along with savings on rubies, we are having a summer storewide sale the last two weeks of July so don't miss out on great savings at **Mitchell's Jewelers** during our summer sale.

## Your Child's First Dental Visit

by Drs. Raymond Kotz & Stephanie Skopek

A child's first experience in the dental office can and should be a pleasant and positive one, but how do parents know exactly when their child is ready for this experience?

The ideal time to see a dentist for the first time is when your child's primary teeth are erupting, typically between the ages of 18 and 24 months. During this window of time, the development of your child's mouth can be examined thoroughly. Because dental problems often start early, the sooner the visit the better to safeguard against problems such as baby bottle or nursing caries, teething

## Travel and the Web

by Eleanor Nelson & Sally Hayward, Travel House

Often, friends and I talk about various travel destinations and the travel business, and lately booking travel on the Internet seems to be a subject which comes up in the conversation. Many are asking if I am concerned about the future of our business now that the Internet is becoming more a part of our daily lives.

**Travel House** is in the customer service business as well as the travel business. We offer our experienced travel knowledge with as little effort to the customer as possible, and give the customer choices that suit their individual travel needs. We ask questions that directly relate to that specific customer, a customer who requires individual attention and wants to feel completely satisfied that he/she will be spending his money wisely.

I believe that there is a market for purchasing tickets on the Web. If you always take the same flight on the same airline, have knowledge of price, no time constraints and know that you will not be changing your tickets in any way, then you could order your tickets using a computer. Most travelers are not that flexible. If you need hotel or car accommodations, need to have choices of times, fares and airline flights then a travel agent is still your best bet. Cer-

tainly new destinations require specific information that is far more easily obtained from the travel agent.

We at **Travel House** know we provide a most competent level of service to our clients and believe there will always be a market for our services. We hope our customers will continue to support us as we work diligently to keep ourselves informed of new destinations and new properties. We know you will be extremely satisfied!

## Committed to the Highest Standards of Oral Health

## 11th Annual Garden Ball Blooms with Success

Marilyn and Dr. John Ortinau of Barrington chat with friends during the elaborate cocktail reception.

The 11th annual Alexian Brothers Medical Center (ABMC) Garden Ball was held on May 31. Eight hundred guests, with ages ranging from nine to 90, brought out their sequins, lace and black tie for the premier social charitable event sponsored by the Alexian Brothers Medical Center Foundation and the St. Alexius League. Proceeds from this year's gala will benefit the "Community Cares" internal grant application program which

provides a vehicle for allocating funds to the Medical Center's programs, services, projects and capital equipment most in need of philanthropic support.

Although the final numbers are not yet in, more than \$100,000 is expected to be raised from the evening.

During the evening festivities, the guests were entertained by accomplished singer, songwriter and poet Melissa Manchester who performed her well-

## Fourth of July Senior Day Celebration

The Barrington Area Council on Aging, Inc. would like to announce a special Fourth of July Senior Day Celebration that will be held on Thursday, July 3, from 11:30 a.m. to 3:30 p.m., at the Brat Tent in Barrington.

This is a cooperative effort between the Fourth of July planning committee, the Council on Aging, Barrington Park District and Advocate/Good Shepherd Hospital—Older Adult Services.

Admission is FREE for all, but between 11:30 a.m. and 3:30 p.m. senior citizens

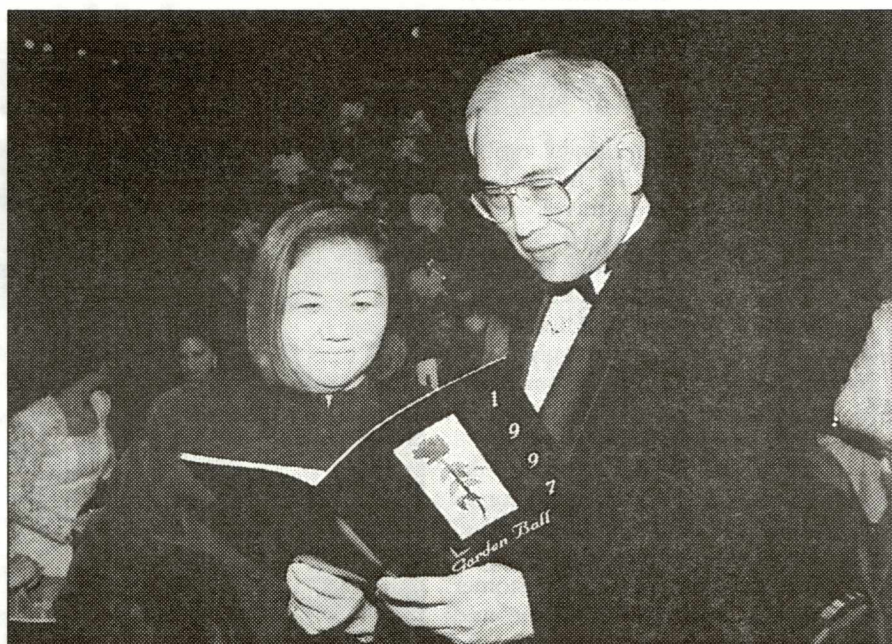

(60+) will be able to purchase food and activities tickets for 75 cents apiece (regular price is \$1.)

Seniors are encouraged to attend and bring their grandchildren or adopt a child for the day to participate in the many activities which will be held.

Thursday, July 3, Activity Schedule: 10:00 a.m. to 5:00 p.m., Sand Art (there will be a charge for materials); 12:00 noon, Magic Show; 1:00 p.m., Senior Jazzercise; 2:00 p.m., Marionettes; 5:00 p.m., Comedy Sports.

Enjoying the stage show by Melissa Manchester are Drs. Susan and Donald Arenson of Barrington.

Dr. Carlos and Rosa Shibata of Barrington, Garden Ball Steering Committee members, look over the program for the evening.

known contemporary music, hit singles and sensual ballads.

The evening started out with an elaborate cocktail reception complete with mouth-watering hors d'oeuvres, life-size ice sculptures in the shape of beautiful swans and a clever mime who silently interacted with the enthusiastic guests. For the four-course gourmet meal, guests were escorted into the Grand Ballroom majestically decorated with black linen

tablecloths, gold lame napkins and four-foot high centerpieces of three dozen Madame Delbar velvet red roses with gold and green leaves. On stage for the introductory program were Richard Brennan, ABMC Foundation Chairman. LeRoy Messenger, Chairman. ABMC Board of Trustees. Brother Valentino Bianco, C.F.A., ABMC Facilities Designer, Judy Briesch, 1997 Garden Ball Co-Chair, and the most Reverend Gerald Kicanas.

## For Improving or Enhancing Your Appearance

If you are one of the millions of consumers evaluating your options for improving or enhancing your appearance, the **Valley Plastic Surgery Center** should be at the top of your list. Much more than a doctor's office, services are provided along with an experience that is unparalleled within the field of aesthetic plastic surgery. Truly a state of the art facility, the seven thousand square foot surgery center provides elegant and professional surroundings while meeting the highest standards of safety. It is one of the few free standing surgical centers approved by the joint Commission for the Accreditation of Hospital Organizations, the same safety organization responsible for overseeing hospitals.

Discretely located in West Dundee just twenty minutes from O'Hare Airport, the center caters to out-of-state as well as local patrons with equal convenience. Many of those considered as Chicago's north shore elite find the short commute from the city well worth the trip, and are welcomed by the Fox Valley's scenic ambience. The center offers the full range of plastic surgery procedures; from facelift, eyelid, nose, and lip surgery to breast enhancement or refinement, liposuction, and tummy tuck procedures. Four separate lasers, fiberoptic cameras, and cutting edge techniques serve to minimize scars, discomfort, and time off of work, making aesthetic procedures an affordable reality that fits into the lifestyle of today's working women and men. Full esthetician services are also offered for image consultation, skin care treatments and peels, spa style facials, as well as make up application and assistance.

An entire satellite center, the **Valley Body Contouring Salon** is devoted entirely to the non-operative treatment of cellulite, and features the highly publicized "Endermologie" technique from Europe. Here, highly trained technicians provide private consultation, and demonstrations of the suction assisted deep massage procedure that appears to re-

shape the body contours while minimizing the appearance of skin dimpling and waviness. Patients also receive complete body fat determinations along with dietary and nutritional counseling. The **Valley Body Contouring Salon** is located at 1425 North McLean Boulevard, Suite 400, Elgin, (847) 608-7506.

In addition to the separate amenities offered at **Valley Plastic Surgery Center**, surgical expertise is the center's most compelling attraction. Doctors Rosenberg, Lambruschi, and Manus are the three plastic surgeons that make up the team of prestigiously trained sub specialists. With more than sixty years of combined experience, they offer expertise in every area of cosmetic and aesthetic surgery. Collectively, they have been heard on numerous radio programs, and have been featured in scores of periodicals, including the popular *People Magazine*. They have been seen on CNN news, and are published in the United States and Europe on various topics in plastic surgery. They all continue to regularly lecture before audiences of lay persons, as well as health care professionals. Patients seeking consultation are sure to get knowledgeable and professional recommendations in a friendly, unimposing atmosphere that caters to each individual's special needs.

Of interest to most, since **Valley Plastic Surgery Center** is a true outpatient surgical facility, most aesthetic procedures can be performed on site, often saving patients thousands of dollars in hospital charges. Indeed, the final expense associated with major procedures is often less than half of that incurred through other local and downtown surgeons. This, combined with surgical expertise and a uniquely complete plastic surgery complex makes it Chicago's best choice to help you meet your personal goals. So if diet and exercise can't get you to where you'd like to be, **Valley Plastic Surgery Center** probably can! To arrange a convenient consultation, call (847) 836-3200 and consider yourself... for a change.

"Where makeup is an art...  
and skin care is a science."

## Unique Couple Honored by Brain Research Foundation

Joan Harris, honored at the recent Brain Research Foundation benefit, works to assist the arts across the country and in the Chicago area.

Making a commitment to early child development and family life issues earned Irving Harris a 1997 Creativity Award from the Brain Research Foundation.

Meteorologists called it the coolest spring in more than a decade but that didn't stop the "Magic of Moonlight and Mystery of Molecules" from raising nearly \$300,000 and honoring two of Illinois' most illustrious creative minds. Proceeds from the Brain Research Foundation gala benefit humanity; select scientists are awarded seed grants to pursue new research programs in causes, cures, treatment and prevention of brain disorders. More than 70 scientists at the Brain Research Insti-

tute of the University of Chicago collaborate across disciplines and have found the first known effective drug to help those with Multiple Sclerosis; have reduced bleeding during delicate brain surgeries; predicted the specific effects of alcohol and Prozac in different human subjects; and looked into violent behaviors in children, for example.

These practical and results-oriented efforts would never have been possible without the support of the Brain Re-

## Be More Beautiful for Summer

It's time to pay more attention to our skin care program. Now that summer has arrived we are outside a lot and it is a necessity to wear our sunblock, even on cloudy days. Always remember, sunblock is part of our basic skin care, because skin cancer is the fastest growing cancer in the United States. Also sunblock helps slow down the aging of the epidermis layer and pigmentation problems.

Book your July facial treatment with your esthetician at **Syd Simons**. They will help you transfer from winter skin care to summer care and give you a facial treatment to clean your pores, help moisturize, or to remove oil. We have a wonderful new facial for oily skin. It has very deep cleaning and is a great summer facial, it's call the Purifying Facial.

It is very important in the warm summer months to exfoliate the skin and to be faithful with masking. Clean! Clean! Clean!

I would like to touch briefly on the hands and feet. People that garden have a problem with keeping the nails and hands in good condition. Terry, our wonderful nail tech, will be able to cure that problem for you.

We have a wonderful Spa Pedicure that will help maintain your feet. Everyone likes to go barefoot in the summer including myself. It is such a free feeling, but it does cause rough skin. So your

summer time pedicures are a necessity and every three weeks is a good cure.

We must not forget about our bodies. Have a wonderful body massage with Tammy for moisture and to relieve those tired muscles we get from yard work, swimming, tennis, etc. The skin on the body gets extremely dry in the sun and air-conditioning, so treat your body well.

What about summer make up? Summer is always more casual, some of our clients use only our Dr. Murad sunblock with tint, we have light or dark. We are using a lot of bronze tones this summer. Golden brown on the eyes, lips, cheeks and much more. Ask your makeup artist at **Syd Simons**, she will show you.

Otilia and I have just returned from the Skin Care Convention in Las Vegas. We learned many methods of body care and skin care.

**We are very excited at Syd Simons! We have acquired 1200 square feet next door to our studio. We will be using this space for our new day spa! We will keep you posted on our progress. Our goal is to be open September 2, 1997.**

Have a happy, healthy month.

Sincerely,  
Cathy Ramstadt, Owner

## BHS Offers Summer Dance Workshop

Barrington High School's Dance Program will offer a summer dance workshop. Chicago choreographers Ellen Werksman and Juli Campbell will conduct dance workshops in modern and jazz technique and composition at Barrington High School, August 11-15, 1997.

Classes are offered daily from 9 am to 12:30 pm which includes a half hour break between each class. The registration fee for the entire week of 10 classes is \$30. For more information and registration form, contact Julie Salk at Barrington High School, (847) 842-3253 OR 842-0922. *A minimum of thirty students is required for the workshop.*

Ellen Werksman is a Barrington native and founder and director of Dancewerks Dance Production Company. She has appeared on the Oprah Winfrey Show, Star Search and Channel 11, WTTW. She choreographs extensively throughout the Chicago area. Her training includes, Rob-

ert Joffrey, David Howard, Lou Conte, Mary Ward and Leona Bataille.

Juli Hallihan-Campbell, a Chicago native, developed a voracious appetite for full, qualitatively diverse movement through extensive training as a figure skater and gymnast. She began professional studies at the U of I, Urbana-Champaign which led to the completion of a BFA and MFA in dance performance, choreography, and education. Ms. Campbell has danced throughout the United States and Taiwan with Chicago based Jan Erkert and Dancers and Bob Eisen and Dancers. She has choreographed and taught at Maine East High School and other institutions including UIUS, Columbia college, University of Chicago and Harper College. Currently, Juli adjudicates for various high school dance groups/festivals; she recently received her Illinois dance certification this spring.

search Foundation that secures gifts from ordinary men and women, corporations and foundations, to help scientists find answers.

During the benefit event, temperatures hovered under forty and bare arms, sheer gowns and tuxedo jackets were little protection from the cool and elegant elements that called for heaters in the Chicago Botanic Garden. But the moon rose and hung above the party that honored Joan and Irving Harris for lifetimes of creativity.

The heat of the greenhouse and the warmth of the audience toward the hon-

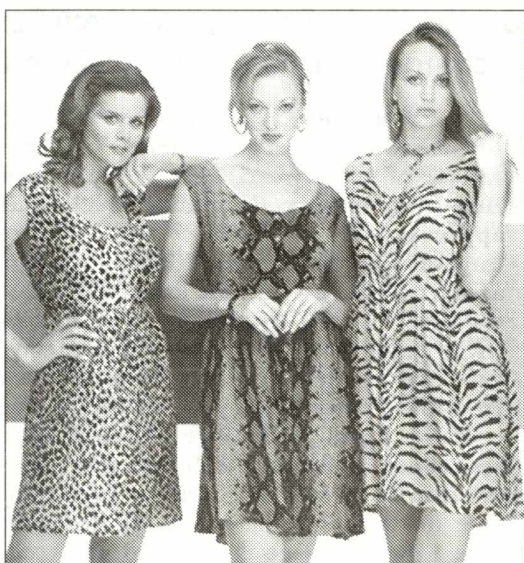

orees generated a family feeling among several hundred participants. Joan's work to assist the arts across the country and in the Chicago area, and Irving's commitment to early child development and family life issues earned the 1997 Creativity Award of the Brain Research Foundation. Both Joan and Irving Harris made brief comments of acceptance for the 1997 Creativity Award. Each acknowledged that past, present and future is contained in the human brain, and both are grateful for advances in understanding of its power and potential to improve creativity and healing on the planet.

## Cartilage Implantation— for Damaged Knees

Dr. Martin L. Saltzman Announces a New Innovative  
Technique for People with Knee Cartilage Damage

### Three Step Process:

- Arthroscopic surgery to obtain sample of healthy cartilage.
- Healthy cartilage cells multiplied approximately 15 times.
- Implant new cartilage in to injured area to produce a durable joint surface.

More than 500,000 people in the United States suffer injuries to the cartilage in their knees every year, resulting in disability and pain. Since cartilage does not heal by itself, the debilitating effects can last a lifetime. Cartilage is a tissue in the joints that cushions the bones. When cartilage is damaged, the bones begin to grate against each other. Previously, patients suffering from knee cartilage injuries would be candidate's for a total knee replacement procedure.

"Being able to 'grow' a patient's own cartilage cells and then successfully implant them into an injured knee is a real medical breakthrough," states Dr. Saltzman. "Many of the patients who have shown long-term benefits because of this procedure were injured while participating in sports or at work. Pain and loss of mobility is difficult for anyone, but especially for those who are accustomed to a very active lifestyle. My goal is to help patients with specific knee injuries regain mobility and return to optimal function."

In a three step process, **Dr. Saltzman** performs Arthroscopic surgery to obtain a tiny sample of healthy cartilage from a patient's injured knee. This sample is then sent to the laboratory where the car-

tilage is grown, increasing the number of cells approximately 15 times. The patient then undergoes a second surgical procedure several weeks later that involves implantation of the cultured cells into the injured area, where they multiply and produce a durable joint surface.

Developed and tested at the university of Gotenborg in Sweden, the new technique and its promising outcomes were first described in the New England Journal of Medicine (10-6-94). The procedure was first performed in the United States in 1995 and Genzyme Corporation began providing the cartilage cell laboratory service to orthopedic surgeons here. Orthopedic surgeons complete special training in order to perform the procedure.

The Medical breakthrough has been performed by **Dr. Saltzman** more than any of the handful of surgeons in the Chicagoland area that are trained in this procedure.

**Dr. Saltzman** completed his residency in orthopedic surgery at Loyola University Medical Center and is board certified by the American Board of Orthopedic Surgeons and the Arthroscopy Board of North America. He has been in practice since 1984. He currently is at the **Woodfield Orthopedic Center** in Schaumburg, and is on the medical staffs of Columbia Hoffman Estates Medical Center and Alexian Brothers Medical Center.

For more information and free seminar schedule call **(847) 301-7773**.

## Document the Road to Graduation with a Scrapbook from CLIX

by Gal Friday

Here we go again. It's graduation time. Perhaps you have a fledgling who's on the verge of fledgling? Getting to this point has been an adventure, hasn't it ... all the successes, side-trips, and big moments accompanied by pictures, drawings, poems, ribbons, etc.

So, isn't this the year you get your act together and put it all in a scrapbook?! It would make a great graduation present... well, no, it probably wouldn't be a good substitute for the car they requested, but you know they'll be grateful that you put this together twenty years from now.

At **CLIX photographs & savables** you can custom design your own scrapbook to fit your graduate, whether documenting the big preschool extravaganza, the high school graduation, or the kid who's finally collected enough credits to get out of that university.

Choose from our wide variety of flexible **Webway archival (acid-free) album systems**. The best and most flexible storage system that we offer. It's easy and acid free for the convenient, safe protection of your irreplaceable savables.

Or use our unique handmade paper albums to make a small photo album of

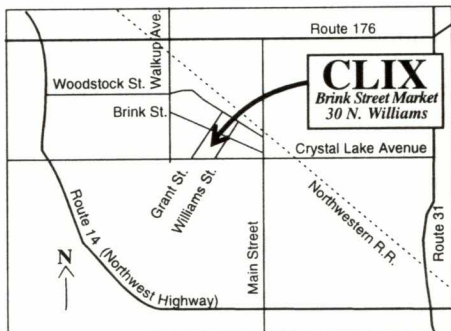

soccer games, church retreats or longtime best girlfriends. At **CLIX photographs & savables** you'll have choices in many page styles for everything from photos to those odd-shaped pieces of personal history (like pressed prom flowers.)

### By the Way...

Let me tell you about some of the **Big Stuff going on in Downtown Crystal Lake in July**.

**Acres of Art, on July 12 and 13th**, will be held this year in Downtown Crystal Lake. Come visit, browse our beautiful Downtown, enjoy the street fair atmosphere, and stop by at **CLIX** to say hi!

**Sidewalk Sales Days, July 18 and 19th**. Shop early and get the best bargains from our Downtown Merchants. A crowded event and lots of fun!

**CLIX is located in Downtown Crystal Lake.**

## Independence and Our Freedoms

by Sharon L. Keller, J.D., LLM

Happy Independence Day! I have just returned from my son's commencement where I was fortunate to hear Justice Steven Breyer's commencement address. He inspired me to write about independence and particularly our freedoms that are protected by the First Amendment of the Constitution.

*"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances."*

The Constitution allows freedom of expression; however, with these freedoms come responsibilities. There has been an age-old conflict between the individual's right to free expression and the government's right to protect itself.

Oliver Wendell Holmes, Supreme Court Justice from 1902-1932, set the tone for determining what constitutes free speech under the Constitution. He stated, "The reason for punishing any act generally must be to prevent some harm which is foreseen as likely to follow that act under the circumstances in which it is done."

You may recall Holmes' famous litmus test concerning the limitation on freedom of expression:

*"The most stringent protection of free speech would not protect a man in falsely shouting fire in a theater and causing panic... The question in every case is whether the words used are used in circumstances and are of such a nature as*

*to create a clear and present danger that they will bring about the substantive evils the Congress has a right to protect."*

At the same time, the government has an obligation to ensure that freedom of expression is not unnecessarily squelched. Dr. Holmes warned that "fear of an open discussion implies feebleness of inward conviction, and great sensitiveness to the expression of individual opinion is a mark of weakness."

As we celebrate this Independence Day, let's remember that we are a part of a community... a community of diverse individuals... a democratic community. We were guaranteed freedoms on that first independence day, but the freedoms

### Annie's Attic 7th Annual Garage Sale Supports Persons in Crisis

Annie's Attic Crew: (left to right) Sr. Lorraine Menheer, Peggy Sobolewski, Sandy Carlson and Sr. Margaret Eisele.

Project Hope, a charitable organization assisting persons and families in emergency crisis and housed at St. Anne Church in Barrington, is sponsoring its 7th Annual Annie's Attic Garage Sale on Friday, July 11 from 9:00 a.m. to 5:00 p.m. and Saturday, July 12th from 9:00 a.m. to 12:00 noon. A special event on Saturday only is a \$2-A-BAG sale for items in the gym and children's department. All other items are negotiable on Saturday only.

The two building plus two tent sale will be located at the St. Anne Parish Center, situated in the heart of Barrington, 120 N. Ela St. one block north of Lake Cook Rd. (Main St.) and two blocks east of Rt. 59 (Hough St.).

Persons desirous of donating are reminded that all donations are tax deductible. Donations of used but not abused items ranging from: furniture, electronics, antiques, toys, jewelry, clothes, even used cars will be taken at the Parish Center on Monday and Tuesday, July 7 and 8th from 9:00 a.m. to 9:00 p.m. and on Wednesday, July 9 from 9:00 a.m. to 4:00 p.m. No items will be taken after 4:00 p.m. on Wednesday.

Proceeds will provide food certificates, clothing, furniture, appliances, utilities assistance, counsel, and job connections for persons and families in emergency crisis as well as prison visitation and retreats for persons with Aids. Further information can be provided by calling 381-5721.

### Infant Welfare's "Springtime on Parade"

The Springtime on Parade Luncheon and Fashion Show held at Biltmore Country Club hosted by the Barrington Chapter of the Infant Welfare Society of Chicago raised an unprecedented \$18,000 for the downtown clinic which dispenses medical care to needy children and mothers. Fashions were presented by Mira of Chicago. Pictured here are some of the 1996

officers. Front row, L-R: Diane Zelecs, Memorial and Honor; Mary Cate Hanson, President; Iolanda Goodfellow, Corresponding Secretary; Sue Manko, Publicity. Back row, L-R: Sharon Lundstrom, Treasurer; Liz Rodosky, Recording Secretary; Krista Debeuckelaer, 2nd Vice-President; Margie Ban, By-Laws; Gloria Johnson, Member at Large.

### "Diamonds are Forever"—A Dazzling Success!

Members of the Barrington Junior Women's Club enjoyed its 10th annual Spring Fashion Show, "Diamond's are Forever" by hosting an enchanting evening of gourmet cuisine and jazzy dancing on April 5 at the Woodfield Regency Hyatt, celebrating 60 years of community philanthropy in the Barrington area to a dazzling crowd of nearly 500 attendees. Ginny Conners, co-chairman of the fashion show, quotes, "We were thrilled with the new format from a daytime luncheon to a nighttime affair and glad to see so many husbands there! The fashion show, silent auction, and prizes were a huge success with record profits."

The European Style Fashion Show was produced by Creative Impact Group, Inc. and underwritten by Nordstrom's. Spring fashions were adorned by professional models and children of the committee members sporting casual to elegant evening attire from the following Barrington merchants: Barrington Saddlery, Jump Street Children's Clothing, Kiki's, Peter Daniel, and Talbot's. The lovely models also donned glamorous furs from the Mink Barn and creative spring fashions by April Reigns, Ltd., Cynthia Rowley Designs, and Vivian Nicole. The breathtaking grand finale featured a bridal affair with glamorous fashions from A'L'Mour, Gipper Formal Wear, and Wedding Belles.

The following recipients glistened with delight as their names were called as winners of the spectacular prizes: Laura Krug, Barrington—round-trip airfare to London

Mr. and Mrs. Rodger Soeldner of Barrington are the joyous recipients of a 14K gold, two carat diamond bracelet, a prize donated by Michal's Jewelers of Barrington. Ginny Conners, left, was the co-chair of this year's 10th annual Fashion Show "Diamond's are Forever," held at the Woodfield Hyatt on April 5th, celebrating BJWC's 60th year of philanthropic service to the community in raising funds for local charities, scholarships, and Barrington's own Safety Town.

via United Airlines, Cathy Soeldner, Barrington—a 14K gold, two carat diamond bracelet from Michal's Jewelers of Barrington; Dede Wamberg, Barrington—a Motorola 6000E StarTac Phone and Airtime from Areawide Cellular and the ladies fur lined microfiber jacket from Furs by Talidis/The Mink Barn; and Suzanne Crandal, Lake Barrington—an English Pine Armoire/TV cabinet from R.K. Tech, Inc. of Barrington.

Nearly 200 fabulous silent auction prizes, many including multiple items, brought exceptional funds to support 25 local charities, two scholarships, and a substantial contribution to the new permanent site for Safety Town in Barrington. Karin Comyn, co-chairman of the fashion show, quotes, "Our committee should be very proud. The evening was a huge success. I would like to thank everyone who contributed to our silent auction. With their help, we raised over \$25,000 for many of our needy organizations." Many thanks go out to the local businesses and community members for their generous contributions.

Laura Krug of Barrington Hills, left, is the proud recipient of this year's Grand Prize: two round-trip tickets to London via United Airlines.

### Golf Outing Planned by BWC

The Barrington Woman's Club is sponsoring its annual Golf Outing on Monday, July 28 at Cary Country Club. Golfers are urged to make their own foursome, although the committee will form groups if necessary. A fee of \$70 includes green fees, cart, lunch and prizes.

Register early, space is limited. Send your checks made out to Barrington Woman's Club to Nancy Sandquist, 1638

Galloway Drive, Barrington, IL 60010, by July 18. When registering, be sure to print the names of each player, including each person's handicap according to the CDGA index.

Proceeds of this fund raising event will be used for the Woman's Club scholarship fund. Each year nearly \$20,000 in scholarships is distributed to high school and college students.

### Hot Lunch for Senior Citizens

A hot lunch is available to senior citizens on Mondays and Tuesdays at 12 noon at Langendorf Park in Barrington for a cost of \$2.25 per person. This program is a partnership between the Council on

Aging, the Barrington Park District and Catholic Charities. Call the Council on Aging at 381-5030 one week in advance to make your reservations, or for additional information.

## Thai Avenue Restaurant—Summer Fest

Finally! Its summer! You know what that means! The 4th of July is just around the corner, and the taste of Lake Zurich is just about to happen. Just like other years, **Thai Avenue** will bring your favorite foods to serve you at the park. But this year will be different, because we will make our menu bigger than in the past. Which means more food items for you!

The park will be open at 9 a.m. and **Thai Avenue** will also start serving at 9 a.m. The fun will go on throughout the day, culminating with fire works at dusk. It will be a lot of fun! Look for us at the park on the 4th of July. Our restaurant will also be open during the event.

**Thai Avenue Restaurant** would also like to say thank you for your business during the past few years. This July **Thai Avenue** would like to prove to you that your business really does matter to us. We would like to say thanks to you by giving out this special discount coupon for the month of July. When you dine-in with the coupon, you may take **15% OFF**

your total bill. Dine-in must be on Tuesday to Thursday night only.

For those without enough time to dine-in, carry out service is also available. If you spend \$30 or more on your carry out, we will add two Thai spring rolls to your order! That is just one way of saying thank you.

**Thai Avenue Restaurant** has been serving authentic Thai food for almost seven years in Lake Zurich, and we have the best Thai food in the area. Our menu has over 50 selections, and we will cook it the way you like it. Our chef also prepares his special dish which changes weekly. If you would like to end your meal in Thai fashion, try the special sticky rice with fresh mango. You won't find it in any other Thai restaurant.

Gift certificates are available at **Thai Avenue** restaurant. We're open from 11:00 a.m. to 9:30 p.m. on Tuesday through Friday, 11:00 a.m. to 10:30 p.m. on Saturday, and 4:00 p.m. to 9:00 p.m. on Sunday. We have full bar service with a lot of special Thai mixed drinks.

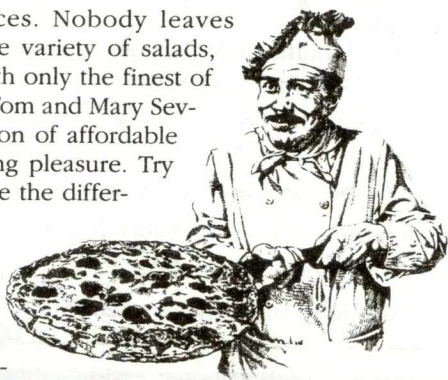

## Futuro's Pasta & Pizza

Casual Italian dining, with casual prices. Nobody leaves **Futuro's** hungry! Choose from our wide variety of salads, pastas, entrees or sandwiches all made with only the finest of *fresh* ingredients. **Futuro's** chef/owners, Tom and Mary Severs serve daily food specials and a selection of affordable California and Italian wines for your dining pleasure. Try our thin crust or deep dish pizzas and taste the difference quality makes.

Everything on our menu is available for carry out. Why cook when you can call **Futuro's**? Open for dinner Monday through Saturday beginning at 5:00 pm.

Private parties are also available. The restaurant is available on Sundays for private parties of 50 to 125 people. Plan your birthday parties, family gatherings or company events with us.

## Summertime an' the Living is Easy

The fish are jumping and you can't help thinking of George Gershwin's great tune "Summertime" from his wonderful stage play *Porgy and Bess*.

To make your life more enjoyable and easier, orchestrate a cruise on the charming "Turn Of The Century" **Algonquin Princess** Paddle boat on the beautiful Fox River.

As you come aboard, Captain Bob and his friendly crew in dress whites greet you with a wave and a smile and escort you to the top deck for relaxing camaraderie. Feed the "Fox River Coho" (actually carp, some as big as three feet) and the mallard ducks with bread that's provided. The competition between the fish and the ducks for the bread provide quite a spectacle. The Top Deck is a great place to unwind with your favorite cocktail or just relax in anticipation of your cruise. Our lush segment of the Fox River offers a *protected* gentle, comfortable cruise while heading upriver to Fox River Grove.

Passengers get a shore yard view of life on the river viewing beautiful homes, sweeping lawns, intriguing docked boats, peaceful gardens, parks and a variety of wildlife. As the captain rings the ship's

bell, it's time to go down to the main cabin. Formally set tables welcome diners in the climate-controlled setting reminiscent of turn of the century ambience. The **Algonquin Princess** crew is known for their especially warm, caring and friendly service. Enjoy fine dining service with china, linen and fresh flowers.

The daily cruise menu features boneless Breast of Chicken for lunch with a savory imported Marsala wine sauce with shallots and fresh mushrooms served with rice pilaf and fresh vegetables. The dinner is a spectacular double speared Brochette with medallions of prime Filet Mignon, large succulent Gulf Shrimp with fresh mushrooms, red and green sweet peppers, cherry tomato and onion over rice pilaf. All meals include an elegant fresh fruit platter, signature marble pumpernickel rye bread and butter, dessert, coffee or tea. Full cocktail service is available as well as a fine selection of Wines and Champagnes. The Port Edward River Rides' staff can arrange a variety of menu selections when the "Princess" is chartered.

The **Algonquin Princess** and staff has successfully managed intimate interna-

## Junior League of Chicago Lunches for Literacy

Event Committee members: Lynn McGugan of Barrington; Ellen Harker of Palatine; Leigh Bowler of Buffalo Grove and Debbie Lemonidis of Palatine.

Close to 400 guests attended the Junior League of Chicago's Lunching for Literacy fund-raiser held on April 14, 1997 at the Hyatt Regency O'Hare in Rosemont, IL. The event was hosted by The Northwest Area of the Junior League of Chicago (JLC) for the third year. The event was co-sponsored by The Book Stall at Chestnut Court in Winnetka and was a smashing success. The stellar lineup of authors, featuring Chris Casson Madden, Barbara Delinsky, Judith Michael and Caroline Preston made for a day to be remembered.

Greta Wiley, Master of Ceremonies, welcomed the luncheon guests and led off by mentioning the tragic death of author, Michael Dorris, who was to speak at the luncheon. Joan Lunden also had an

unfortunate change of travel plans which took her out of the country with Good Morning America and so she was not able to promote her first book, *Healthy Living*. Nevertheless, the day was a great success and raised a significant amount of money for the JLC literacy programs.

Over lunch, the 5 authors shared with guests a glimpse of their lives as authors. Chris Casson Madden, enthralled attendees with a slideshow highlighting her latest book, *A Personal Guide to Decorating: Simple Beautiful Ideas for any Room*. Chris shared decorating tips and thoughts on quick and easy ways to add personal charm and warmth to ones home. Chris is not only an author, but is also a guest design correspondent to "Good Morning America", host of her own television

show, "Interiors by Design" and monthly columnist for *SELF* magazine.

Barbara Delinsky, best-selling author of sixty-five books, spoke about *A Woman's Place*, a story about a woman fighting for the custody of her children after a bitter divorce. Barbara shared with the audience how she got started in writing and how she continues to be such a prolific writer. Her book *Together Alone* put her on the New York Times "must read" list.

Judith Michael, the husband and wife duo from Chicago whose names are Judith Barnard and Michael Fain, promoted their new book *Acts of Love*. The book is a romance/adventure story set in around the world of the theater. Judith and Michael had fun sharing with guests clips from some of the many letters they have received as authors. Some comments were priceless.

Caroline Preston shared the fact that she never envisioned becoming an author. She found her way into the profession while she was researching the life of Jackie Kennedy for an author writing a tell-all book. *Jackie by Josie* is a comic and charming novel of parallel lives—those of the lead character, Josie, and Jacqueline Kennedy. Caroline related well to the audience and sparked many laughs.

At the book signing following lunch, 425 books were sold and signed by the authors. The book signing added to the days profits by raising \$1,800. The luncheon event, which net over \$25,000 last year, is expected to again net a similarly

significant amount of money which will benefit the literacy programs of the JLC.

The Committee that made this wonderful day possible was co-chaired by Ellen Harker and Debbie Lemonidis, both of Palatine, and Lisa Gray Osterman, of Barrington. Their dedicated committee included members from the northwest area: Julie Adams and Annette Nikolich of Lake Barrington; Diane Bajalia, Deborah Ann Greenwood, Amy Jones, Lynne McDonough, Lynn McGugan and Brett Peterson of Barrington; Sue Barrera of South Barrington; Leigh Bowler of Buffalo Grove; Laura Ekstrom, LuAnn Gavula, Nancy Starnes-Pierce and Anne Theophilos of Barrington Hills; Leigh Robins of Long Grove; Beth Rosencrans of Hoffman Estates; Cindy Seibert of Crystal Lake; Kay Thorpe of Lake Zurich; and Susan Wachter of Cary.

The Junior League of Chicago, Inc. is a metropolitan organization of women committed to promoting voluntarism, developing the potential of women, and improving the community through effective action and leadership of trained volunteers. The JLC is affiliated with the Association of Junior Leagues International, Inc. and reaches out to women of all races, religions and national origins who demonstrate an interest in and a commitment to voluntarism. With a current membership of over 2,000 women, the JLC volunteers approximately 120,000 hours of service to the Chicago community annually.

## Chers Amis...

Merci to the 43 people who participated in our 2nd annual rally. There were 23 cars present; the whole day, ending with dinner at **D & J** (of course), was quite a success... see you again in 1998.

The next event to be celebrated at **D & J Bistro** is "Bastille Day" (July 14). Since I do not find it a good idea to party on a Monday, **D & J** will celebrate on **Sunday, July 13**, starting at 4:30 p.m. We will present a 3 course prix-fixe dinner that reflects the sophisticated simplicity and value of our bistro concept—a concept that has been copied, yet never duplicated. Merci! The room will be decorated, balloons and more, the staff

will revolutionize the service and Johnny Maggio and his trio will play (really) live music and songs... just a great time with genuinely great food. Plan on joining us! There is no place like **D & J**—beware of imitations.

## It's All Taken Care Of

You probably have days when "take a break," is so far from your "to do" list that it is in another time zone. Well, "take a break" may again become a regularly scheduled event, due in part to **Event Nouveau Inc.**

Some call it "Concierge Service"—that personal attention of someone whose only goal is to make your life simpler. We call it total corporate and personal services. We meet with you to help you evaluate how we may best be of service—and then we do it, freeing you up to do other more important tasks. Some of the services that we provide include: corporate and individual gift services, event planning, office party planning,

dinner planning, romantic weekend getaways, office openings and other events.

**Event Nouveau Inc.** will assist you at the grocery or food specialty store of your choice, pick up your shopping list, and deliver your groceries or your prepared dinner. What's more we will assist the busy executive, corporate incentive program or the individual customer for producing any gift. Everything from wrapping, delivering, or even sending it to a different state. We pride ourselves in customizing our services to meet your needs.

With that, we wish you a relaxing break. **It's all taken care of.** To learn more call (847) 602-6065 for a free brochure.

## A Night to Remember

Deemed the grandest party of the Naples, Florida social season was "An Evening in Paradise." The invitation only affair was held on the private gulf front estate and gardens of Canadian businessman Michael DeGroot.

Oscar de La Renta was the guest of honor who put on a fabulous fashion show with his New York models.

The Oscar evening benefited two local charities: St. Anne's School and Girls Inc.

## Shipment of European Antiques Just Arrived

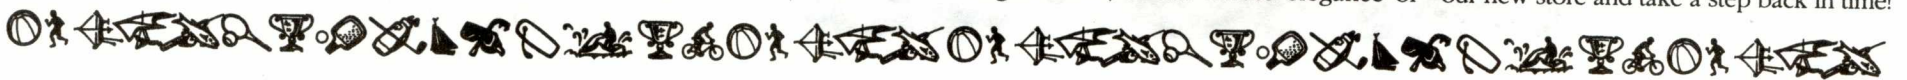

Jack and Lisa Gdowski, of Barrington, are pleased to announce the opening of **Romantiques**. We specialize in fine European antiques from the 18th and 19th century. We also have a renovation specialist on site who can take care of your refinishing needs.

Our pieces are all one-of-a-kind and original, but being direct importers, we are able to pass our savings on to you. From the refined beauty of French Provincial and the simple country charm of English Pine, to the ornate elegance of

Louis XIV, our growing collection is as diverse as our customers.

On our last trip abroad, we visited the French countryside and gathered a unique selection of stoneware, ceramics, brass, copper and wood accessories. Our store takes you back to the European countryside where vineyards are many and city lights few.

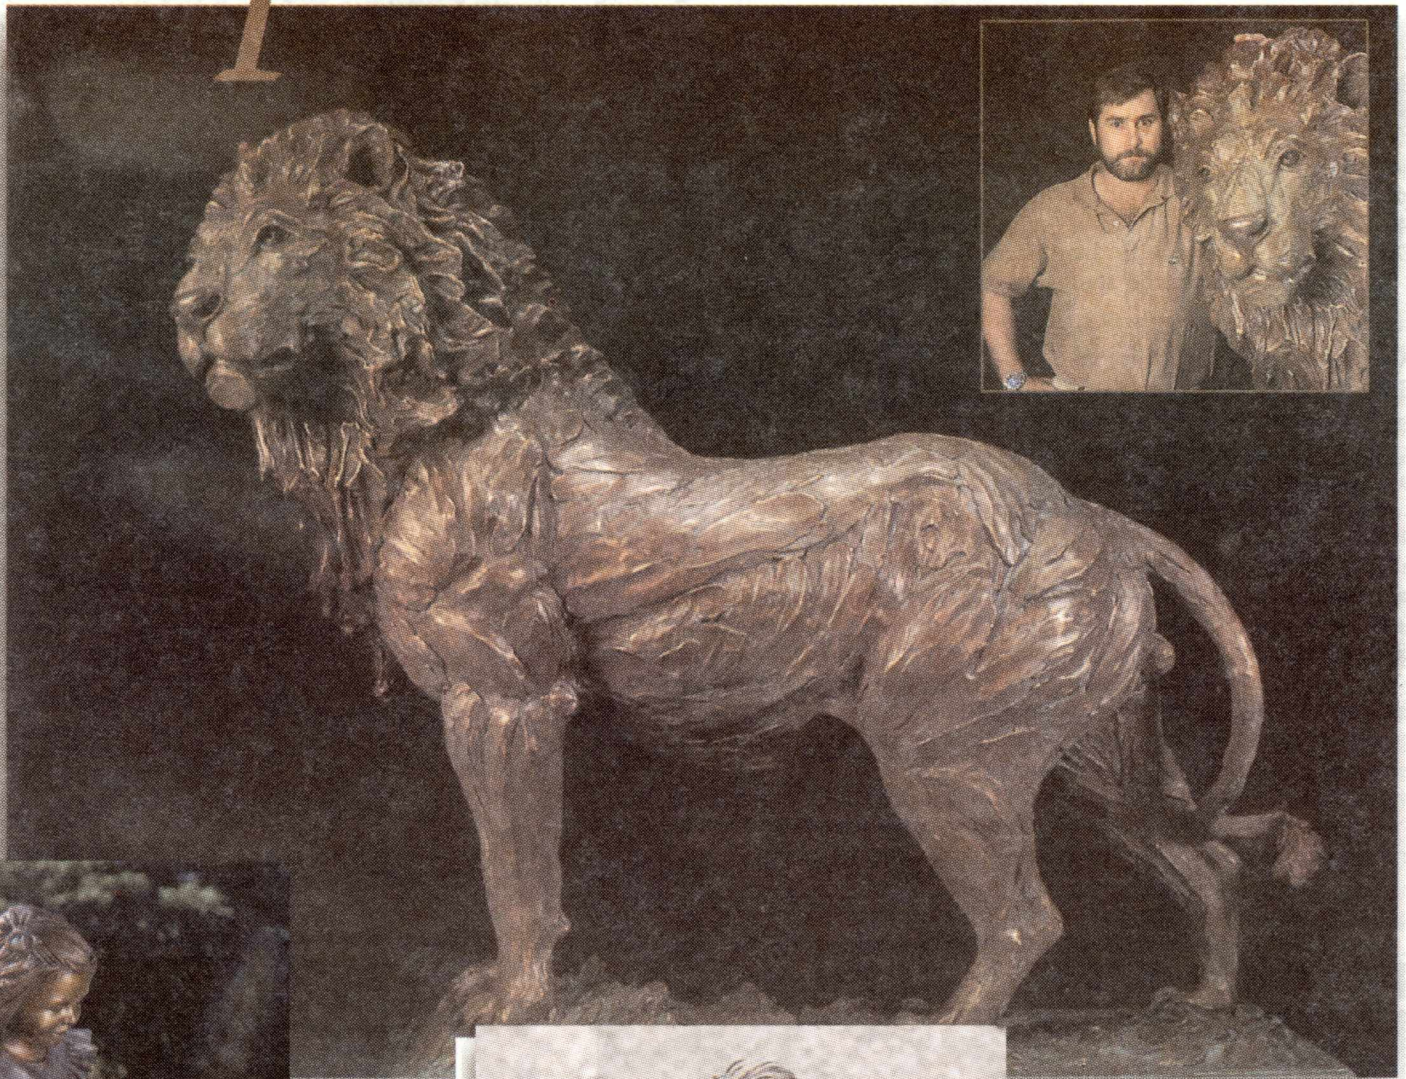

We are located in the heart of Barrington, at 118 West Main Street. Call for store hours at **(847) 304-9421**. Come visit our new store and take a step back in time!

The quaint historic village of Long Grove, Illinois, with 110 restaurants, shops and galleries is a perfect setting for life-size sculptures, placed in scattered locations. A **Sculpture Walk** with a map and information on the artists will lead thousands of visitors through this unique exhibit to the award winning Studio of Long Grove Galleries, where over 100 works will be exhibited. A group of the nation's finest sculptors will be featured - the Lundeen's: George, Cammie, Mark, Bets and Ann LaRose - as well as Sherry Solari Sander, Rosie Sandifer, Charles and Geoffrey Smith. This unique and exciting event, 15 miles northwest of Chicago's O'Hare airport, will extend throughout July, with an artist's reception July 12th.

# 'Sculpture Walk' in Long Grove

During the month of July, visitors to Long Grove will be reminded of some of the nation's leading arts communities—such as Vail, Scottsdale, and Carmel—as they stroll through the historic village and discover many pieces of life-size sculpture placed throughout the community. The bronzes are being provided for the enjoyment of the community by **The Studio of Long Grove Gallery** and the **Rotary Club of Long Grove**, and may be purchased through the Studio. A walking map is available at the village information booth to inform visitors about the works and the artists. In addition to the life-size works, over 100 smaller pieces will be on display at **The Studio Gallery**.

Other events at **The Studio** include a Western European Trunk Show beginning June 27th and continuing through the middle of July. A dozen artists from France, Spain and the Netherlands, painting in the classical and impressionist traditions, will be represented in this event. **The Studio** will continue to carry the work of several of these modern masters, but the large volume of original pieces will be available for this limited time only.

Also presented this summer is a series of concerts every Thursday evening at Fountain Square in the village. The concerts are sponsored by Seasons Restaurant. The village shops will stay open until 8:00pm on Thursdays as well.

Rounding out "Art in July" month in Long Grove, the annual outdoor art fair takes place the weekend of July 25th-27th.

## The Tents are Up at Haeger!

It's the annual tent event at **The Haeger Potteries** in Dundee, now through July 27. Join in the festivities. Tent sale hours are 10 a.m. to 6 p.m., seven days a week, including July 4th. This is the 27th year that Haeger has pitched the tent for their annual sale. It's an 18,000 square foot sale that attracts visitors from near and far. As you enter the tent you will be impressed by the warm vibrant colors, strikingly modern sizes, shapes and glazes. You'll find all types of vases, urns, ceramic bowls, as well as, floor planters and candle sticks. If you are interested in sculptures they are in various sizes, and designs. These are all at savings of **20% to 70% OFF** while quantities last. They have an outstanding standing selection of

live tropical plants.

Inside the factory outlet showroom there are super values on red clay pots, stoneware, and silk and dried flowers.

Now in our 126th year we are proud that the **Haeger** name is synonymous with quality and excellence in fine art pottery. Our history is as rich and enduring as the clay along the banks of the Fox River in Dundee where it all began.

Today under the direction of the fourth generation of the **Haeger** family we still transform clay into art at our original location. The years have seen steady growth, creativity and innovation. **Haeger** quality has been accepted worldwide as the standard by which other pottery is judged.

## First Chicago Sponsors Barrington Area's Young Writers Project

During a reception for the Barrington Area Arts Council's (BAAC) 18th Annual Young Writer's Project, Adam Guerrero displays the manuscript that he submitted and was published under the project. Also on hand (from left) were Kathy Weidner, vice president of First Chicago's Private Banking and Investments unit in Barrington, and Georganna Smalarz (right) manager of the First Chicago

branch, standing with the Guerrero family: Eva and Anthony Guerrero and their children, Adrienne, Anthony, and Adam. tion of the proceeds from the boutique also benefits the Catholic Charities.

"The Women's Board presented the Catholic Charities Board of Advisors with a check for \$20,000 following the 1996 event. These funds were used for the new building which is almost completed on Lewis Avenue in Waukegan," added McCabe. "We are very fortunate to live in a community with neighbors generous enough to open their homes for two days. They also came out to support our efforts either by attending or volunteer-

ing their time in each home. We owe them a great deal of gratitude for helping us make this event such a success."

Catholic Charities provides a full range of social and basic human needs services for the children, families and elderly in Lake County regardless of religious affiliation. Since 1945, programs have been developed and modified to meet the changing needs of the county. ## Second Annual Holiday Housewalk Set for November

**Housewalk Committee begins plans for second annual housewalk at Wynstone Golf Club scheduled for November 13 and 14. Members pictured are Gray Gust, Gail Newberg, Co-Chair Kathleen Currie, Sandi Schmidt, Cori McCabe and Joanne Dalessandro.**

Wynstone in North Barrington will again be the setting for the Women's Board of Catholic Charities second annual housewalk. "We have four houses selected this year which we think will be wonderful attractions for this year's housewalk. When you add the holiday touches from four area florists to each of these gracious homes, you have a really memorable tour in the making," commented Barrington resident Cori McCabe, Women's Board Chair.

This year's Housewalk committee is co-chaired by Lillian Young and Kathleen Currie both of North Barrington. Veteran committee members

working on this year's walk include Sandra Schmitz, Joanne Dalessandro, Gail Newberg, Gray Gust, Barbara McIntyre and Sherry Bonhaus. Plans are well underway for the November 13 and 14 event with tours at 9:00 AM and 1:30 PM daily. Ticket prices will remain \$50. Besides the tour of homes, the price includes a traditional high tea at Wynstone Golf Club.

One of the highlights of last year's event was the Holiday Boutique held at Wynstone Golf Club throughout the event. Florists who decorated each of the homes had duplicate items as well as special holiday selections for sale. A por-

## Midlife Crises—Myth or Reality

by Judy Kaplan, MS

As the baby boomer generation hits the 45 to 55 year old age category, midlife crisis takes on a whole new meaning. Approaching epidemic proportions, most people know someone experiencing a midlife crisis or are touched by it in one way or another. Although it may be easy to conjure up some standard images of midlife; men with graying temples riding Harley Davidson motorcycles with young women in tow or women opting for cosmetic surgery, becoming more assertive, reentering school or the work force after their children are grown or perhaps men or women sliding into a serious depression. When the crisis hits home it is very difficult to understand or deal with for all parties involved.

What is a midlife crisis anyway? It is a time in life, usually in the 40's, when one is forced to deal with a challenging dilemma, disaster or otherwise disturbing issue. Most people engaged in what we know as a midlife crisis seem to be catapulted into this stage by some specific event or situation like the death of a parent, child, friend or sibling, failures in business or financial matters, career loss, affairs or breakup of marriage. It seems that the person going through the crisis takes temporary leave of their senses and needs to go through what they are going through despite the well meaning attempts by outsiders to "help" with reason and logic. The choices one makes during this time are usually not consistent with their usual life patterns. Significant others, family members and co-workers have a challenge ahead of them helping one navigate the rough waters of the midlife crisis. During this time most people begin the phase of "reassessment." People consider what they have done up till now and try to imagine what the future holds. Often faced with aging parents who are becoming more dependent or

experiencing the loss of friends in their peer group puts people face to face with their own mortality. Questioning their current status in life is primary during the midlife crisis.

As men and women develop and pass through the many stages of life, there are challenges to overcome and lessons to be learned. As children learn to crawl, then walk, then run so are the passages in later life a series of events building upon one another. Most midlifers can remember their days of adolescence, including turmoil, emerging new identities, the vacillation between confusion and knowing it all, raging hormones and fear or avoidance of adulthood responsibility. A midlife crisis can easily be compared to the turbulent times of adolescence. The good news is that, just like adolescence, the rough times pass and one can go on in life happily and smoothly with new insight and wisdom in hand.

Working through the issues raised during midlife crisis is important in order to successfully embark on the next stage of life. I am engaged with many individuals, couples and families in the throws of midlife crisis. By lending some objectivity, support and experience to the situation, the process can be streamlined somewhat, reducing wear and tear on families, relationships and work. As people enter the "afternoon" of their life, the small wrinkles around the eyes and mouth are the measures of life's challenges, adventures, joys and sorrows. Their lives have been colorful and are punctuated by the experiences that they have had up until now. The optimism I want to share is that when this time is passed (and it will), the crisis will have provided the lesson that will enable one to successfully enter the next stage, despite the pain and difficulty in getting there.

## Treasures of the Pharaohs at Navy Pier

Ancient treasures of the Pharaohs and a shopper's bazaar of authentic Egyptian products will fill Navy Pier's Festival Hall when Egypt Expo 97 opens its doors now to July 6.

More than 1,000 museum-quality pieces will be showcased, including funerary treasures of King Tut. This XVIIIth Dynasty king who came to the throne at the age of nine and died at eighteen is probably best known for the sumptuous riches discovered in his tomb in 1922. Many will be represented at the show, including his gold coffin and burial mask, life-size statues of the king, beds, chairs, unguent jars, vases, amulets, jewelry and animal figures.

The famous Bust of Queen Nefertiti, now housed in Berlin, will also be on display along with other artifacts of the beautiful queen.

The artistic reproductions are all in original size and are made from original materials. Each piece is fully described and authenticated by The Egyptian Antiquity Authority.

The artifacts represent 7,000 years of ancient civilization and explore the cus-

oms, arts and commerce of glorious dynasties and famous rulers.

More than 50 different exhibitors will also be on hand with traditional arts and handicrafts which can be purchased on site. Egyptian artisans will demonstrate engraving, inlaying of mother of pearl, glass blowing and clay modeling. Shoppers will have the opportunity to choose from furniture, carpets, leather products, clothing, jewelry and art objects.

Egypt Expo 97 is open from 10 a.m. to 9 p.m. now to July 6. Tickets for Treasures of the Pharaohs can be purchased at the door and are \$10; senior citizens and students \$5; children are free. Tickets can be purchased through Ticketmaster by calling 312/559-1212 or online at [www.ticketmaster.com](http://www.ticketmaster.com). You can also buy tickets on a cash only basis at Ticketmaster locations at Carson Pirie Scott, Dominick's, Omni, Blockbuster Music, Tower Records and Hot Tix. Admission to the shopping area is free for all.

For information about the show, please call 312/595-5960.

## Barrington Woman A Semifinalist in the Mrs. Illinois/Mrs. America Pageant

Ruth Kern was a semifinalist in the Mrs. Illinois/Mrs. America pageant June 14 and 15, 1997. At age 53, she was the oldest participant by far, but that is precisely why she decided to actually compete after she was accepted as a semifinalist. She wanted to represent women who are no longer considered "young" by popular media in our country and to show that there is beauty at every age. Granted there is nothing more beautiful than the beauty of youth, but with discipline and a good attitude about life, the more mature woman can have her own type of beauty.

To prepare for the bathing suit part of the competition, Ruth put herself on a strict diet and exercise program. The pictures she had sent in to qualify for the contest were from last summer after she had worked her tail off getting ready for her garden walk. Her weight was very low at the time the pictures were taken, but from that time until six weeks before the contest, she had gained 11 pounds! Even though she had no thoughts about actually winning the competition because she would be competing against 20 and 30 year olds, she did not want to look bad. She decided to start a notebook and record her progress everyday.

First she weighed and measured herself, then for six weeks, she weighed herself everyday and recorded everything she ate or drank with the corresponding calorie count. Her doctor had her on vitamin and herbal supplements and she drank

tons of water everyday even carrying a water bottle with her when she was in the car.

She also called her trainer, Doug Benbou who put her on a good exercise program to firm up those 53 year old muscles! Ruth has always exercised more or less all her

## Summertime is the Perfect Time for Learning

How does planning a vacation or baking a cake with your child teach valuable skills necessary for proper learning? Working with your child, performing tasks and doing chores are great opportunities to teach the process of learning. With an objective to meet and a sense of responsibility, most children will find the challenge irresistible. "Parents should find jobs which are fun and encourage family togetherness," says Dr. Raymond J. Huntington, founder and president of **Huntington Learning Centers, Inc.**

"Activities such as cooking, baking and setting the table require following step-by-step directions," explains Huntington. "When complex tasks can be broken down into simple steps, a child's self-confidence is enhanced. Accomplishing something encourages a child to move on to the next challenge."

Summer vacation from school offers a unique opportunity for parents to keep their children learning while enjoying close family experiences. Huntington suggests including your child when planning outings and vacations. "Planning the route teaches geography. Figuring the number of miles and when to stop teaches a time/distance relationship," he says.

Huntington notes that holidays are more than just days off from school or work. "Holidays give us the time to do the things we enjoy. Parents can read sto-

ries with their children, asking questions and encouraging them to think. Use these experiences to strengthen a child's attitude toward learning."

"Try to make reading a reward for the child," advises the noted education expert. "Remember that magazines and newspapers—even the television schedule—are good reading practice tools. All of these activities help your child to improve skills and increase learning potential." Huntington cautions parents to remember that learning is progressive and that all children develop at different levels. "Climbing the ladder step-by-step is the best way to ensure success," he says.

Completing one thing at a time is crucial for children trying to reach their academic goals. The **Huntington Learning Center** is a nationally recognized leader in the field of improving a child's basic study skills through remediation and enrichment programs. Students are given individual attention by certified teachers using personalized programs tailored to improve skills in a child's trouble areas. Huntington offers individual testing and tutoring in reading, math, study skills, writing and SAT/ACT preparation to students of all ages.

For further information, or to discuss a specific problem, parents are encouraged to call the **Huntington Learning Center** in Barrington at (847) 382-3655 or in Buffalo Grove at (847) 459-5939.

life, but with this bathing suit competition looming in front of her, she got very serious, very quickly! The result was that she lost 14 pounds in the six weeks (you can't be too trim when competing against gorgeous, YOUNG things!) and several inches off her tush and thighs and even an inch off her already small waist.

This summer Ruth's sister is sending her daughter to Barrington to spend two weeks so that Ruth can help her niece get in shape and learn good eating habits. Carolyn went to a diet camp last year, but gained her weight back. Ruth is looking forward to helping her niece and also looking forward to Carolyn's help in get-

ting Ruth's garden ready for another garden walk July 22 and for *Better Homes and Garden's* photographer to come over and take pictures of the garden for their magazine.

Ruth would like to encourage other women who look good and are no longer "young" to go out for the Mrs. Illinois/Mrs. America pageant. It is lots of fun and Ruth met many wonderful people by participating! Ruth is an Image Consultant and helps people "package" themselves so that they present the correct image of themselves to the outside world. 55% of one person's first impression of another is based solely on how that person looks!

## Scholarship Winners Announced!

Inverness Women's Club Scholarship Winners: (left to right) Adrienne Meyer, Allison Plikattis, Michelle Soldoyna, Joy Jelinek (IWC President), Rabeh Soofi, and Diane Gardner (IWC Education Chairman), (not pictured) Samantha Eiseman, Nancy Joseph.

The Women's Club of Inverness is pleased to offer six college scholarships to outstanding local students. The scholarships are based on academic achievement and leadership as well as financial need, and each recipient will receive a \$1,000 scholarship. The funds for the scholarships are raised through the Spring Fashion Show and are part of the overall philanthropic emphasis and efforts of the organization.

The winners this year have varied talents and goals. Adrienne Meyer of Hoffman Estates has been a peer counselor at her high school, is active in student council and plans to study engineering at Southern IL Univ.; Allison Plikatits of Palatine is an Illinois State Scholar and co-captain of the pompon squad, volunteers at Northwest Community Hospital, plans to be a pharmacist and will study at the U of I Champaign; Michelle Solodyna of Hoffman Estates maintains an excellent scholastic average, has received the Illinois Drill Team Assoc. Scholar Athlete Award, and is primarily interested in

graphic design at the U of I Champaign; Rabeh Soofi of Inverness has an "A" cumulative average while serving on the school newspaper and editing the school's literary magazine and plans to major in pre-law at the University of Michigan; Samantha Eiseman of Schaumburg is a honor roll student while tutoring children, and has achieved the Saxon Pride Award and an Illinois Education scholarship. She plans to study in the field of education at Illinois State University; and Nancy Mostafa Joseph, a 4.0 student from Schaumburg, has concentrated on her interest in medicine by a study at a local hospital and volunteering in the emergency room, as well as being math team captain, tutoring and soccer coaching. She will study at the University of Michigan.

The Women's Club congratulates these winners and the other excellent applicants for these scholarships which made the process of selection very challenging this year for Education Chairman Diane Gardner and her committee.

## Necessity—the Mother of Invention

In Colonial times, necessity was the mother of invention. Apple bowls were shaped from logs. With the rarity of iron, wooden pegs were carved in place of nails. Boiled bayberries were made into fragrant (but flammable) candle wax. Natural slate was crafted into hearthstones, roofing tiles, kneading boards and crock covers to keep the rodents out. In their meager spare time, farmers painstakingly made the family furniture, employing crude tools to build memories of their homeland. Even children's toys sprang from the loving hands of grandfathers who could whittle and mothers who formed cornhusks into dolls.

Some of the finest expressions of artistry sprang from the need for creative expression as well as frugality. In her spare time (and there was little—unless she was wealthy), women designed sam-

## BYS Auxiliary's "BYS-OPOLY" Event Raises Needed Funds for Local Agency

Guests of Barrington Youth Services (BYS) annual dinner/dance, silent auction benefit enjoyed the unique theme of "BYS-OPOLY" at the recent event held by the BYS Auxiliary at the Inverness Country Club. Based on a variation of the popular board game "Monopoly", guests contributed to the local Community Chest by paying to send other guests to jail. Once in jail, guests then paid into the Community Chest to bail themselves out. Proceeds raised from ticket sales, event underwriting and the silent auction, raised over \$85,000 to support direct-service programs for the local non-profit youth services agency. United Airline's generous donation of two round-trip connoisseur class tickets to any destination in Europe, plus numerous items from other donors, helped to meet this year's fund-raising goal. Chi-

cago favorite, Ronnie Rice, provided the entertainment for the evening.

According to "BYS-OPOLY" Co-chairs, Chris Pepper and Sheryl Frankenberg, over thirty volunteer auxiliary members worked to ensure the success of the event. "Credit for the success of this event is due to the tireless efforts of the ladies on the BYS Auxiliary," said Chris Pepper. "Without their dedication and support, we could not raise these vital funds for BYS programs."

During the past six months, auxiliary members have solicited donations of products and services for the event's silent auction and underwriting funds to offset the costs of running the event. As in the past, several local businesses generously contributed including: Pepper Construction, Travel House/American Airlines, Wickstrom Ford, Harris Bank, Up In

Smoke, M.J. Miller and Company, and more. The event also benefits from the generous support of the Sara Lee Corporation, Walgreens and Thomas Engineering.

"One of the reasons our function sells out every year is that we have a good time supporting an important cause," claims benefit Co-chair Sheryl Frankenberg. "Each year we're at capacity which speaks well of the Barrington communities and their commitment to meeting the mental health and emotional needs of Barrington area youth."

Barrington Youth Services is a community-based, not for profit agency serving children of the Barrington area and their families with counseling, prevention and intervention programs. Hundreds of children have been helped by these programs since the agency was formed in 1972. However, the problems children face today keep the agency's caseload in-

creasing and the costs to provide necessary services continues to escalate.

BYS Board President, David Thompson and Executive Director, Rochelle Schulman, recently recognized the accomplishments of the BYS Auxiliary at the BYS Annual Meeting. "Their dedication and tremendous efforts enable us to touch the lives of more troubled children and concerned parents than you could imagine," stated Schulman. "There's a perception that Barrington's relative affluence protects their youth from experiencing the same problems as children in other areas," according to Schulman, that's not the case.

"It's very important for parents and school personnel to realize that Barrington youth have family problems, self-esteem issues and alcohol and drug related concerns that need to be addressed.

(Please continue on page 38)

BYS Board President, David N. Thompson (center) spent time in the "BYS-OPOLY" jail. Rochelle Schulman, BYS Executive Director and 2nd Vice President, George Gill took a couple minutes to visit Thompson.

Barrington Youth Services 1997 Annual Benefit Co-chairs, Chris Pepper and Sheryl Frankenberg, use the winning key to open the "BYS-OPOLY" Community Chest. Funds raised by selling keys were intended to be split between the winning key owner and Barrington Youth Services, however, lucky key owners, Brian and Robin Nagel generously donated their half back to BYS.

## School of the Art Institute Ranks as Number One

The School of the Art Institute of Chicago is the number one graduate school of fine arts in the nation as cited by *U.S. News & World Report* in the magazine's newly-released annual survey "America's Best Graduate Schools" along with the publication's 1997 guidebook "Best Graduate Schools." The School of the Art Institute's departments of painting and drawing, photography, printmaking and sculpture are also ranked among the top five in the country. Graduate schools across the country are ranked annually by university and college deans for this

survey.

School of the Art Institute President Tony Jones says, "This peer group recognition enhances the visibility of the extraordinary quality of our faculty and students. Being acknowledged as the number one fine arts school in the country continues the School's tradition of attracting the best and the brightest to 'America's Studio.'"

Over 390 full and part-time faculty teach at the School with almost 2300 students in attendance. Prestigious national and international honors, awards, grants, fellowships and scholarships are received

annually by both School of the Art Institute faculty and students. Studio faculty at the School are also practicing artists whose work is represented internationally in galleries and exhibitions, and in museum and private collections.

At the graduate level, the School of the Art Institute offers a master of arts in arts administration; a master of arts in art education; a master of arts in modern art history, theory and criticism; a master of arts in art therapy; a master of science in historic preservation; a master of fine arts in studio; and a master of fine arts in writing. The School also offers a bachelor of fine arts; a bachelor of interior architecture; a one-year post-baccalaureate studio certificate; a professional certificate in art education; and a graduate

certificate in art history, theory and criticism.

Some of the distinguished artists, designers and educators who have attended the School of the Art Institute are Ivan Albright; Thomas Hart Benton; Roger Brown; Margaret Burroughs; Walt Disney; Richard Estes; Leon Golub; Red Grooms; Herblock; Richard Hunt; Robert Indiana; Vincente Minnelli; Joan Mitchell; Archibald Motley, Jr.; Elizabeth Murray; Grim Natwick; LeRoy Neiman; Gladys Nilsson; Jim Nutt; Georgia O'Keeffe; Claes Oldenburg; Edward Paschke; Christina Ramberg; Franz Schulze; Joe Sedelmaier; Victor Skrebneski; Nancy Spero; Robert Storr; Donald Sultan; Lorado Taft; Margaret Wharton; Karl Wirsum; Orson Welles; and Grant Wood.

## Specialists in Framing & Artwork

The **Palatine Art Center** has been serving Palatine and the surrounding communities for over 30 years. During this time, we have become the area's leading specialist in custom framing, artwork and artist supplies.

Our qualified staff is ready to help with a variety of special framing needs including conservation framing, needle art stretching, and shadowboxing. We are also dealers for Mill Pond Press, Hadley House, Northwoods Craftsman and Marco Fine Arts. And for the artist, we carry a full line of artist supplies including Windsor and Newton, Grumbacher, Liquitex, D'Arches and Crescent Products.

We look forward to serving your artistic cravings, whether it is a completed picture for your wall, a frame for one of your treasures, or simply supplies to capture your imagination on paper or canvas.

Visit our gallery and store located at 41 East Northwest Highway in Palatine.

## Farmer's Market—Come Meet the Farmer Starting July 12

**Silk 'n Things**, at 308 West Main Street, Barrington and Great Harvest Bread Company of Arlington Heights and Northbrook, are presenting a Farmer's Market, every Saturday from 9 a.m. to 2 p.m. starting July 12. The Market is behind **Silk 'n Things** at Main and Dundee Avenue, at the stop light, just west of the Jewel in Barrington.

Parking is available on both side streets adjacent to the store and the rear of the store.

The unique taste of Great Harvest Bread comes from its simple, high-quality ingredients... fresh whole flour milled daily in the bakery, pure honey or molasses as a sweetener, yeast, water and salt. They make six to eight varieties daily containing no fats, oils or preservatives, a great-tasting source of complex carbohydrates. Great Harvest was started in Montana 20 years ago.

Over that time the organization has grown relatively slow as a franchise due to careful selection of owners. They are considered a leader in the industry at developing the bread craft. Their involvement and concern for the communities they serve sets them apart from others. They donate bread to food pantries and give bread to organizations who are raising funds.

In a festive atmosphere, **Silk 'n Things** will have locally-grown produce including zucchini, tomatoes, corn, cucumbers, patti pans, onions, lettuce, beets, melons and more. As the fields produce, so will we.

The piece de resistance, the best kept secret... the specialty of the house... homemade salsa (to die for) and chips.

Choose a bouquet of fresh flowers to gladden your heart—cockscorn, gladioluses or wild flower bouquets.

# Barrington Kitchen & Bath Opening Expanded Showroom

## Kitchen & Bath Designs at their Best

**Barrington Kitchen & Bath Studio** proudly announces the opening of our expanded showroom during the month of May, located at 319 W. Northwest Highway in Barrington (adjacent to Idlewood Electric). We're excited about the opportunity to showcase our design skills. On display will be the creative stylings of Crystal Cabinetry, the versatility of solid surfaces by Corian, and the advantage of natural stone counters. We also feature the exquisite faucetry finishes and designs by Concinnity, Opella, Reid S. Watson, Grohe, and more! Come in and see the practical value of Cardell wood cabinetry without sacrificing quality construction or beautiful finishes, and experience the timeless beauty of satin polyester cabinets by Julietta.

We invite you to stop by as we endeavor to create a truly unique showroom (please pardon our dust). Experience the advantage of professional design, distinctive kitchen and bath products, and complete in-house installations. We're open 10:00 am to 6:00 pm Monday through Friday and 10:00 am to 4:00 pm Saturday. Please stop by or call for an appointment. We look forward to working with you on your home improvement project or your new home construction!

## Expertise in Renovations

Are your home improvement goals focusing on an exterior facelift, room addition or a new kitchen? The next question you ask yourself is "Where do I start?"

The first thing you should do is write down what you like about your home and what you would like to change in it. Get the whole family involved. Ask each person what he or she likes and dislikes about it. Then sit down and decide just what you would like to do. Look around your neighborhood for ideas and take photos of the things you would like to see done to improve your home. Also, browse through magazines and cut out pictures of things you like. Then contact **Delta Renovations, Inc.** We offer to the homeowner, the benefits of combining architectural design and professional construction services in a design-build association to provide an accurate cost assessment and expeditious construction.

**Delta Renovations, Inc.'s** expertise in renovations and their quality workmanship have established them as the area's most qualified professional remodeling group, allowing your project, large or small, to go as smoothly as possible. Stop by their new location at 319 W. Northwest Highway in Barrington or call them to set up an appointment. They will be happy to talk to you about your proposed project.

# BEAUTIFUL HOMES & GARDENS Special Seasonal Section

## Kemper Cazzetta, Architects Announce: "Dreamhouse 97"

Kemper Cazzetta, Ltd. Architects in association with Bonner Codd Associates is pleased to announce the presentation and sale of the second annual "Dreamhouse." This luxury home, situated in the Wynstone community of North Barrington, is now available for tour and purchase. "All proceeds from the sale of this home will go to The Children of the Andes Foundation," says John C. Cazzetta, Executive Director of the Foundation for the U.S.

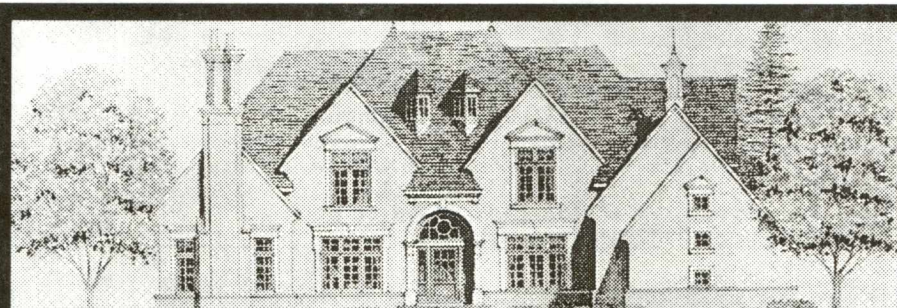

The Foundation was founded by Jaime Jaramillo who is world renown for his work with children and who has built special centers to house, educate and care for children who are rescued from the streets and sewers of Bogota Colombia. "The 'Dreamhouse' concept is just one of our U.S. fund-raising efforts to help raise funds and awareness of this terrible condition, which presently affects over 2000 abandoned street children," says Cazzetta.

"We plan on designing and building additional "Dreamhouses" each year as

an ongoing fund-raising effort; in fact, the next two are on the drawing boards," added Cazzetta. In addition to the sale proceeds, most vendors and subcontractors involved in this project are donating a percent of their services to the Foundation. "For this donation, we are producing a brochure which will highlight this house, the story of these children and all the parties involved. This brochure will be used to market the home and help those involved to get some benevolent exposure," concludes Cazzetta.

To tour this magnificent home, please call our office at 382-8322 to arrange a personal tour. Details on the house and its sale price will be given to all interested parties at that time.

## Red Oaks to Host Quimper Signing Event

**Red Oaks** in Long Grove, Illinois, will host a special signing event featuring Mr. Janssens of HB Henriot Quimper on Friday and Saturday, July 25 and 26, from 11:00 am to 4:00 pm. Come experience the Provence through the craftsmanship of Quimper pottery. View a video of the 300-year-old handpainting process of the charming French folk pottery inspired by Breton country life. Mr. Janssens will be personally signing Quimper pieces selected that day.

The handpainted French faience known as Quimper (kam-pair) dates back to 1690. The pottery takes its name from the town of Quimper, located in northwestern France, where potter Jean-Baptiste Bousquet built his kilns. Quimper Faience is a fine grain earthenware decorated with an opaque,

tin-based glaze. Each piece of Quimper Faience is completely hand painted without the use of decal or stencil. Signed by the artist and completely painted by one person from start to finish, it reflects the individual touches which makes each piece unique.

During the late 1800's, items featuring sturdy Breton peasants in their traditional garb, men in bragoubraz (baggy pantaloons) and women in long dresses, aprons, and towering headdresses known as coiffes, and elaborate botanical scenes were introduced. Slowly, these are being revived, and today the atelier produces 30 patterns as well as special orders for decors presently not in production. Antique Quimper is sought after by collectors throughout Europe and America.

## Choosing a Contractor

Bill Schafer—President

Joe Schafer—Vice President

It's where you relax after work. It's where you spend time with your family. It's where much of your time, money, and hard work is spent. We're talking about your home, and if you're looking to improve it, you want to make sure you get the best value for your money.

How do you find someone who cares about your house as much as you do? There are many contractors out there, and it's up to you to find the best one available. You want quality work, but every contractor is going to tell you he does quality work. You want the best price, but will that be at the expense of quality products and workmanship? It's not an easy decision to make.

Here are a few questions to be answered when hiring a contractor:

- Are they licensed, bonded and

insured, including workman's compensation insurance?

- Do they have a fully-staffed, permanent office space?

- Are the carpenters and painters full-time employees?

- Are references available?

- Are the sales people experienced in the construction industry?

- Do they belong to trade organizations?

At **Schafer Builders, Inc.** the answer to all of the above questions is "yes!" We welcome your questions and are happy to provide references and photographs of projects that we have worked on over the years. Client satisfaction is #1 on our list.

Give us a call now at **815-459-1333** or stop in at our office and see what a reputable contractor can do for your home.

## TNOS Plan Ice Cream Social

Representing The New Oratorio Singers (TNOS), from left, Judy Reilly, Woodstock, Edith Luke, Crystal Lake, and Alice Peraino, Woodstock, are setting up the refreshment concession for the Woodstock City Band Concert on Wednesday, July 30. Ice cream, homemade baked goods, hot and cold beverages will be available at the Springhouse before and throughout the concert. TNOS tapes and CDs will be available. For information on TNOS, please phone 847/604-1067.

"The funds raised at this ice cream social will be used to support the ongoing expenses of the chorus such as concert and rehearsal space rental, orchestra musicians, soloists, musical scores, rental and administrative expenses. Like most arts organizations, performance ticket sales cannot cover the cost of presenting performances," reports Janet Lareau, president, TNOS Board of Directors, from Algonquin.

The New Oratorio Singers was founded

in 1979 by a group of singers from the northwest suburbs to bring large-scale choral works with professional soloists and orchestra to audiences beyond the center of the city. Their performance venue has now expanded to include both the north and northwest suburbs and, on occasion, Chicago itself. Singers come from all walks of life and from over thirty communities including Crystal Lake, Woodstock, Algonquin, McHenry and Huntley... and all have a passion for choral music of the great masters. TNOS was the featured chorus at the 1993 International Church Music Festival in Oberammergau, Germany. This June a group of 60 TNOS singers and guests will tour Great Britain. The TNOS singers will perform at Canterbury, Coventry, and Ely Cathedrals, and in Oxford.

The chorus is partially funded by an Illinois Arts Council grant and, in 1994, received an ARTS-BOOST grant from the Barrington Area Arts Council.

## "Preventative Maintenance"

Cedar shingle roofs can last 50 years and lend a natural, woodsy look to your home. But as with many things, their beauty and longevity require preventive maintenance.

According to Barbara Murry of ISK-Biotech, unless protected from the intense sun and moisture that foster mildew and other fungi, cedar roofs may last less than one-fourth their potential life span. If your roof is two years old and is starting to curl or warp, don't wait, call **RGs Cedar Roof**

### Treatment.

According to *Better Homes and Gardens*, cedar must be maintained to last. Sta-Brite R, a water-base preservative, seals cedar shingle wood fibers to repel moisture and prevent splitting and mold. The preservative also shields cedar roofs from the damaging ultraviolet rays of direct sunlight.

To find out how we at **RGs Cedar Roof Treatment** can protect and beautify your roof, call **847-658-5562**. Call now for your early spring discount!

## Security and Beauty with Outdoor Lighting

A home's landscaping is, if done well, its crowning glory. Tastefully executed landscaping can make even the plainest house look appealing, just as poor landscaping can ruin the appearance of a mansion. Consequently, every year Americans spend millions of dollars installing, enhancing and maintaining both residential and commercial landscapes. The shame of it, though, is that every night when the sun dips below the horizon all of that expensive landscaping is virtually invisible for 10 or 12 hours.

Rudy Kruse, president of **CFC Nite Lites**, has set out to change that by installing landscape lighting which accents elements to which your eye is naturally drawn during the day—flowering trees,

artwork, building features and so forth, using a wide variety of techniques including uplighting, crosslighting, moonlighting and pathlighting.

"There are three main purposes for outdoor and landscape lighting," Kruse explains. "The lights offer added home security. They also offer safety around steps and other potential hazards. And, of course, there are the aesthetic considerations. In fact lighting actually makes a yard appear larger than it is and there is also the opportunity to light up special characteristics of the house itself like special brickwork, cornices and fireplaces."

## An Exciting Home Addition

In addition to providing custom room additions with bathrooms, kitchens and fireplaces, **Armcor Design and Build** is your local store for **Four Seasons**, the nation's largest manufacturer of greenhouse/solarium-type room additions for residential and commercial applications.

Each **Four Seasons** product is meticulously designed and crafted to be a practical, beautiful, and exciting home addition that will bring a new dimension of space, light and warmth to what might otherwise be an ordinary room, whatever the season or location of your home.

**Armcor Design & Build** craftsmanship and quality products are also an excellent investment and can add real value to your home. Often, much of your investment in a **Four Seasons** sunroom can be recovered when you sell your home.

Glass room additions create views of the sun and sky and add extra living space with possibly little or no alterations. New SunSmart glass, with a

Lifetime Warranty and specially designed to keep summer heat out and winter heat in, is one key to **Four Seasons'** success—especially in our Chicagoland climate.

Many patented features are available exclusively from **Four Seasons**, and all products are designed to meet or exceed building-code structural requirements and have successfully withstood more than 100,000 installations.

**Armcor Design & Build** will provide you with a complete "turn key" room addition project or you can build it yourself. Every **Four Seasons** greenhouse/solarium product is maintenance-free, weather-tight and comes with a lifetime limited warranty on MC<sup>2</sup> glass, five year warranty on parts and a one year warranty on labor. There are numerous options, both wood and aluminum systems, and a wide variety of models and sizes. For more information, phone **(847) 358-4860**, or visit our showroom at 2001 Rand Road, Palatine.

**Vince Gill**

**Trisha Yearwood**

**Travis Tritt**

Skydivers will bring in the American Flag for the official start of the 17th annual Country Concert at Hickory Hill Lakes on the weekend of July 11, 12, and 13. They call it "The world's number one camping and country music festival" and it features three days of musical superstars, camping, line dancing, talent contests, great food, and fun loving people.

This year's stars include Vince Gill, LeAnn Rimes, Bryan White, Travis Tritt, Sawyer Brown, Trisha Yearwood, Blackhawk, Billy Ray Cyrus, Sammy

Kershaw, Martina McBride, Tracy Lawrence, Tom T. Hall, Charlie Daniels, Trace Adkins, Toby Keith, Marty Stuart, Little Rock, plus 10 exciting regional talent contest winners.

The event takes place at Hickory Hill Lakes near Ft. Loramie, Ohio, which is conveniently located just off Interstate 75 between Dayton and Lima, Ohio. Hickory Hill Lakes is a beautiful RV park with lots of rolling hills, lakes, and hickory trees, occupying several hundred acres. Campers can arrive as early as Tuesday July 8th.

## Gallery Exhibit

The following is an exhibition scheduled at School of the Art Institute of Chicago galleries for July. Admission is free.

School of the Art Institute Betty Rymer Gallery, 280 S. Columbus Dr. (at Jackson Blvd.). Hours: Monday through Saturday, 10 a.m. to 5 p.m. Call 312.443.3703 for more information. The Betty Rymer Gallery showcases the strength and diversity of the School's programs, highlighting work from the departments and presenting special exhibitions.

Works by contemporary Aboriginal artists from diverse Australian Aboriginal regions are being displayed for the first time in a multimedia exhibition which features 50 works by 35 artists. The exhibition seeks to expand the definition of Australian Aboriginal art by presenting work from a broad sampling of artists who live in diverse Australian cities, remote townships and outstations, suburbs and clans. Australian Aborigine men and women who speak different languages and dialects, are racially mixed (European, Arab, Macassan and Chinese), and

live in a variety of socioeconomic circumstances, express individual and shared personal and political experiences in diverse media including painting, fiber, printmaking, sculpture, photography and video. Subjects involve ancestry, spirituality, property rights, struggles to retain and strengthen cultural continuity in the face of colonization, Christian iconography, and contemporary and traditional stories and events. Work ranges from ceremonial dilly bags made from bush string and bush dye, and ritual Morning Star poles of wood, bush string, feathers and bees' wax, to photographs which chronicle politics and activism, and videos about Aboriginal culture. Curated by Stephanie Bird, associate professor in the School of the Art Institute painting and drawing department. This exhibition is supported by the National Endowment for the Arts; the Christensen Fund; the Australia Council for the Arts; the Embassy of Australia, Washington, D.C.; United Airlines; and the Illinois Arts Council, a state agency.

Stage front seats, reserved seats, lawn area admission, and camping permits are all available at a special "Advanced" price until July 4th. The concert will also feature the world's largest Sony Jumbotron screen giving everyone a great view of

the show.

You can charge tickets by phone or receive a free color brochure from the ticket office by calling (937) 295-3000. You can also order tickets or brochures via the internet at [www.countryconcert.com](http://www.countryconcert.com).

## BWC Elects 1997-1998 Officers

The Barrington Woman's Club elected the following officers for 1997-1998, its eighty-third year: June Dienes, president; Phyllis Reyrot-Lasiwicz, first vice-president and program chairman; Ginny Schomberg, second vice-president, year-book editor; Lois Hoppe, recording secretary; Shirley Nelson, corresponding secretary; Patti Hinding, treasurer. Carole Lynam, Carolyn Disco and Norma Carey will serve as advisors.

Since 1914, when a small group of women formed a "cultural organization," the Barrington Woman's Club has been serving its community in sponsoring valued activities and providing philanthropic donations and scholarships. One of its first community services was to establish the first Barrington library, collecting 1,000 volumes which were circulated at no charge from William J. Cameron's drug-

store. The Woman's Club continued to support and staff a library until the Village of Barrington established its first library board in 1926. It has continued to provide financial support in many of the library's developmental stages and was instrumental in helping to develop the present Friends of the Barrington Library.

Other early services included establishing an art gallery at Barrington High School, help in developing the Junior Woman's Club, organizing the Senior Citizens Club, and providing the visitors' foyers outside the Physical Medicine Department at Good Shepherd Hospital. Other philanthropies

include Barrington Youth Services, Barrington Historical Society, Citizens for Conservation, Family Services of South Lake County, FISH, Food Pantry of Church Women United, Hospice of Northeastern Illinois, Kenneth Young Centers, PADS and the Safety Town Community Project.

As well as philanthropic work, the Woman's Club promotes cultural, recreational and educational activities in the community. Its membership enjoys eclectic outings, literature reviews, bridge, theater excursions and programs featuring well known persons. For information about membership, call Linda Martin, 382-3368.

## Glare-Not Window Tinters Provides Savings Year Round

Improve appearance with the elegant look of window film. Solar Gard residential films are now backed by a lifetime warranty. Solar Gard films come in a variety of densities from clear to blackout or neutral to reflective with a natural and beautiful look. Neutral films keep the same look of the trees, grass, and blue sky.

Window film rejects up to 98% of harmful ultra violet rays which is a major contributor to fading of furnishings, carpets, drapes, displays, etc.

Solar Gard also improves efficiency by rejecting up to 79% of the sun's solar energy in the summer and insulating your home to retain heat in the winter, meaning less money going to our favorite people (electric co.) and remaining in your pocket.

Window film also increases safety with pressure sensitive adhesive. The adhesive bonds the film to the glass helping to hold fragments in place if glass breakage were to occur by a golf ball, baseball, burglar, etc.

**Glare-Not Inc.** has provided savings and security for 9 years in Barrington, Long Grove and the north shore area. Remember all Solar Gard films are backed by a lifetime residential warranty. References are available upon request.

We look forward to saving you money!!!

## Paving Stones Add Elegance!

We all enjoy that perfect setting—that beautiful landscape—surrounding a home and office complex. Such a setting didn't happen spontaneously. Special settings that generate feelings of wonderment, tranquility, and contentment depend on both the perfect design created by a professional landscape architect and the perfect installation completed by well trained installers. Such beautiful landscapes aren't limited to shrubs, trees, and other selected plants. They can include a variety of elegant patio, sidewalk, and driveway designs utilizing **PaveLoc Paving Stones** that exquisitely enhance the entire setting. Combined with natural landscape borders and timbers or lush ground covers, the **PaveLoc Paving Stones**, used in contemporary, traditional, or country designs, promote the desired effect.

Create your own perfect setting—call the professionals at **Tom's Lawn and**

**Landscaping.** They provide *complete* landscaping service—perfect designs, beautiful installation, meticulous care, and year-round maintenance. **Tom's Lawn and Landscaping** is family owned and operated, providing the personal touch and genuine care for its clients that only owner participation and involvement can assure.

## NSACI Resume Bank Helps Unemployed

The Northwest Suburban Association of Commerce & Industry (NSACI) has a "Resume Bank" at the chamber office, designed specifically to help the unemployed.

Individuals may come to the NSACI office in the Zurich American Insurance Building, 1450 E. American Lane, Suite 140, Schaumburg, during regular office hours (9am - 5pm Monday through Fri-

day) and submit one resume for at most three employment field categories (clerical, technical, etc.). Resumes will be held for three months, and it is the responsibility of the individual to resubmit a resume after that time period. Individuals will also be advised of member employment agencies and encouraged to contact them. Applications and resume forms for the Resume Bank are available at the NSACI office.

### Tips from the Top of The Rock™

Margaret R. Semrad  
Broker/Manager  
Barrington Office

The Prudential  
Burnet Realty

Some families enjoy life more than others. Why? They wake up each day living in the home of their dreams. Yup, each family made a decision when buying the home they chose that it would be a home for all seasons.

During the Christmas Season, we think about the inside of the home and how it offers comfort and adequate space for our holiday parties and special dinners. However, in June we think of the great outdoors. Does your outdoors fulfill your dreams of a family-friendly yard comfortable for those summer picnics or large enough for a pool or tennis court or how about the screened-in porch?

I'm from the East Coast (New Jersey) and miss the Atlantic Ocean and the nostalgia of the oceanside... so, last summer we put a pond right outside the screened-in porch.

It's a delicious thought, having evening coffee on the screened-in porch, listening to the sound of water cascading from the fountain into the pond. That's my little bit of heaven. Perhaps yours is having your home on a body of water which sparkles in the sun and laps at the shore in the location of your dreams. Does a lakeside location sound idyllic?

Imagine what it would be like to have an outdoors large enough for a Olympic-size swimming pool for family

and friends, or a clay court tennis facility or to live in a resort atmosphere where golf, tennis and swimming are right outside the door—making life carefree and easy.

Then develop your team to assure your vision. Ask yourself whom do you need to contact to make these visions a reality? Of course, one member should be a **Prudential Burnet Realty** Realtor. Another might be our Prism Mortgage expert. These two professionals will be happy to give you their assistance and advice.

Pursuing a dream often seems risky. Don't let fear or some annoying obstacle stop you from planning or trying to attain your dream. Instead, pick up the phone and call **The Prudential** at (847) 382-3600 to discuss the pros and cons of different ideas and issues. You owe it to yourself to explore your options now. With us. At Dream House Headquarters.

P.S. As one of the sponsors of the 2nd annual "Run for the Arts" we invite you and your family to join us on July 4 at 8 AM to take part in the 2K Walk or the 5K or 10K Run. The proceeds from this community event will benefit the Barrington Area Arts Council and the proposed Community Cultural Center—Barrington's answer to the J.F. Kennedy Center for the Performing Arts.

## How to love summer.

In Chicago's quixotic climate, perfect summer days are a precious commodity. To be enjoyed to the fullest. Does your home let you do that? Do you have enough garden space? Or too much? Are you too close to your neighbors for privacy? Do you yearn for a screened porch? Your own pond or pool? More energy efficiency so air conditioning bills won't raise your temperature? Maybe what you ought to do is move. Call us for a rundown on the possibilities. We've been known to spread a little sunshine ourselves.

## Distinctive Kitchen Designs Expands!

**Distinctive Kitchen Designs, Inc.** has been providing excellent design service and quality cabinetry for the past seven years. Located in downtown Wauconda, the quaint, cozy showroom has often invited its visitors to witness firsthand the elements that turn cabinetry into a custom room. The staff, possessing the utmost in design expertise and product knowledge, has always welcomed anyone into the space—from browsers to builders. "We continue to do so," says President Star Norini-Johnson, CKD, ASID; "However, we now welcome our guests into a larger area."

**Distinctive Kitchen Designs** has always reflected a homelike ambiance, rather than a high-tech environment, and that has not changed with the showroom's location. Although the business has moved two doors north into a showroom nearly double the original's size, it has not lost the charm and personality found in smaller showrooms. The company is successful partly because of the personal service it provides; thus, the design consultants and the Certified Kitchen Designer on staff continue to strive to create one-of-a-kind kitchens that can be achieved only through one-on-one interviews and meetings that sometimes take place at clients' homes. "We now have twice as much room, but we still make housecalls," says Star. "Larger companies don't do that. We enjoy inviting you into our home, our showroom, and are pleased when you invite us to yours. After all, it is important for your designer to see how you use your space, if she intends to improve it."

For those of you who don't know where to begin, Star is planning a Product Information and Resource Center. Here, you may view selections from a library of video tapes, for help in choosing a cabinetry manufacturer. Distinctive

Kitchen Designs is pleased to introduce Plato Woodwork, Inc. and KraftMaid, Inc. as the newest manufacturers represented.

Upon completion, the new showroom will consist of several displays, depicting various styles and eras: Country, Victorian, English, Colonial, and Arts and Crafts, to name a few. If what you envision is not displayed, chances are you'll find it in the portfolio of photographs taken at past job sites. Actual kitchens by **Distinctive Kitchen Designs!**

Bigger is not necessarily better, but **Distinctive Kitchen Designs, Inc.** is using its new-found space to its advantage, to educate consumers and provide more examples. "We have grown, our reputation has grown, but our egos haven't," Star says. "We are still the down-to-earth design firm we always were. If you don't mind the dust, drop in for a visit, and see for yourself."

**Distinctive Kitchen Designs, Inc.** is now located at 201A S. Main Street, Wauconda, IL 60084.

## Canine Search & Recovery Seminar

Handlers and dogs of Illinois-Wisconsin Search & Rescue Dogs have recently attended the first 1997 seminar sponsored by Canine Search & Recovery at Appomattox, Virginia.

Over 85 canine handlers from 18 states, and Canada, received training and instruction in trailing, cadaver and drowning victim recovery.

Canine Search & Recovery is a national organization formed to facilitate and encourage the networking, education and training of canine handlers in Search & Rescue and Law Enforcement.

While at the seminar, dog teams of Ill-Wis, Missouri and North Carolina were called out to assist in the search for a

missing 4 year old girl from Jonesville, Va. located 290 miles west of Appomattox.

Heather Parsons was found in good condition. She had been missing 19 hours, when a dog from Ill-Wis alerted her handler to the presence of the child in thick brush, between very steep ridges.

Illinois-Wisconsin Search & Rescue Dogs is a professionally trained, all-volunteer Search & Rescue unit, on call 24 hours, through the McHenry County Sheriff's dispatch. The unit is available to assist law enforcement and Fire/Rescue departments, in search missions as needed.

## Your Child's First Dental Visit

(Continued from page 9)

the initial visit, ask the dentist about the specific procedures of that appointment so that there are no surprises and you can talk to your child ahead of time about what will occur. You can help to build excitement and understanding this way. It is important to bring with you to the appointment, the child's complete and updated medical history.

Many initial visits are simply an introduction to the office and will last only 15-20 minutes. The child will become acquainted with the dentist, the staff and all of the new sights and sounds that he/she has never experienced before. Short successive visits after this one will build the child's trust in the dentist and the office. It is best to set the appointment up early in the day when the child is most alert and attentive.

During the appointment, the dentist will conduct a complete examination of the teeth, gums, jaws and all oral tissues. This information will be used to monitor growth and development and to observe any potential problem areas early. If indicated, a gentle cleaning will be performed as well as a demonstration on proper home cleaning. We will assess the need for fluoride at this time as it is an important element in the formation of healthy teeth.

Your child's first trip to the dentist should be an enjoyable and relaxing experience that will leave them with a lasting positive impression.

For more information on how to care for your child's teeth, call **Dr. Raymond Kotz** and **Dr. Stephanie Skopek** at **(847) 381-4040** in Barrington.

## Need a New Lawn Tractor?

If your old tractor or mowing machine is worn out, now is the time to get a new one. The selection at **Reed Lawn & Leisure, Inc.** is very good and the financing is excellent.

**Reed Lawn & Leisure** also carries a complete line of rototillers, chainsaws, power blowers and string trimmers.

If you need to unclutter your garage, consider a Heartland Barn for the storage of all your lawn and garden equipment.

## Ryan Consumer Fraud Bill Gives Senior Citizens Stronger Protection from Scams

Illinois' 1.5 million seniors over age 65 now have a new weapon to protect themselves from scam artists. The General Assembly gave approval this session to Attorney General Jim Ryan's consumer fraud legislation (SB 599) that would impose additional civil penalties of up to \$10,000 against persons violating consumer protection laws against people who are at least 65 years old.

Currently, the Illinois Consumer Fraud and Deceptive Practices Act allows civil penalties of up to \$50,000 per violation. If Ryan's measure is signed into law, the penalty could go up to \$60,000.

"Fraud is big business in this country, taking in over \$100 billion a year, and much of this is aimed at senior citizens," Ryan said. "Telemarketing scams alone take in about \$40 billion annually, and once again, seniors are vulnerable targets. That's why it's so important to find ways to give our aging

population more protection from those who would prey on them."

Fifty percent of the money collected from the penalties would go into an Elderly Victim Fund to be used in investigating and prosecuting fraud committed against the elderly. The other half would be appropriated to the Attorney General to develop and implement statewide education initiatives to inform seniors about how to prevent consumer crimes.

SB 599 was part of Ryan's senior agenda resulting from the Senior Summit he convened last year. Leaders of more than 20 major senior organizations met with him to develop an aggressive agenda for Illinois' senior population, which is sixth-highest in the nation. The summit produced a two-part agenda focusing on an anti-fraud campaign and strengthening the state's response to elder abuse.

## White Sox Trip Spells Fun

## From a Woman's Point of View

by Gail Wickstrom, Wickstrom Ford

It has been very interesting to watch the change of composition of our sales force over the last few years. I feel that here at **Wickstrom Ford** our sales force has probably changed more drastically than most automotive dealerships, probably because our sons Colin and Richard joined us right out of college.

They not only changed the sales force themselves, but brought in a few of their college friends. Therefore the sales force has become younger and more educated. Probably the most noticeable change is that half of the sales people are women. Since more than 50% of the determining buyers are women, it adds a certain comfort level to the atmosphere.

I got a real kick out of a recent interview my husband had with a writer from one of our industry magazines, "Dealer World." The writer asked Tim how this change with more women had affected our dealership. I suppose the writer was hoping for some great social observation on Tim's part, but Tim merely remarked

that we had to add more bathrooms. I don't think this was the observation the writer had in mind.

The diversification, I personally think has been healthy, because now our sales force better represents all ages and sexes.

## Scotty's—Groceries On Wheels

Just don't have time to get to the grocery store? Hate those long, frustrating lines? Difficult taking the kids? **Scotty's Home Delivery** can help. We have been in business for over four years now, servicing the grocery needs of people just like you. We service 45 north and northwest suburban communities, with a customer base nearing 2,000 clients. Best of all, you pay grocery store prices, with only a nominal delivery fee to have them brought to your front door! Our average delivery fee is only around \$3.00!

All of our customers receive a price book with the nearly 5,000 items that we carry. It includes all of your favorite name brand suppliers, and an assortment of specialty items that you won't find at the grocery store, such as fresh butcher meat and seafood, whole grain breads from the Barnaby Smythe's Stone Ground Bread Company, fresh baked goods from a local bakery, and the finest of fresh produce we receive in daily.

Ordering is very simple. You can either call in or fax in your order, just indicating the item numbers you would like to have delivered. We will give you a total due for your delivery, and you can pay us by check or credit card. The great thing is

that you don't even have to be home to accept delivery (around 50% of our customers are not). We can do this because we deliver all of our refrigerated and frozen items in Igloo coolers with ice packs, so even ice cream stays frozen while your groceries await you. The dry products are delivered in waterproof boxes with lids on them. We will work out a convenient place with you to leave your groceries if you are not going to be home, and they will be waiting there fresh when you arrive. If you are going to be home we will unload them on your counter for you. It's that simple!

This is not a club of any kind, we are simply a grocery store that only delivers. You order when you want (Monday through Friday) and however much you want. We guarantee 100% the quality of all our products. To receive an information pack describing the service, including a complete price book, just give us a call at (847) 726-8897, and we would be happy to send one out to you. Isn't it about time you enjoy your free time and spend your discretionary time the way you want to spend it? Let us help! We look forward to hearing from you.

## The Perfect Setting for a Perfect Day

The **Racine Antiques Fair** is the perfect setting for a day of antique shopping in the country. The fair takes place from 8 a.m. to 4 p.m. on Sunday, August 3. Some of the finest dealers from throughout the Midwest will gather at the Racine County Fairgrounds to display their quality—American country, Victorian and other period pieces in pine, oak, walnut and mahogany; beautiful, turn-of-the-century glass and jewelry; Tiffany collectibles, primitives, porcelains and

much more. Two-thirds of the dealers are set up inside the fairground buildings, the rest are outside. And the show goes on rain or shine.

The fairgrounds are about 45 minutes from the Barrington area, just west of the junction of U.S. 45 and Wis. Hwy. 11, five miles west of I-94 in Union Grove, Wisconsin. Parking is free and refreshments are available. Admission is \$3 per person. For more information, call (847) 547-7750.
