Ladies - Heal Thy Mind, Body & Spirit

Dr. Barbara R. Grace, a clinical psychologist and LBS resident, has been invited by Ladies Club to present what promises to be a very interesting session on April 9th. Dr. Grace offers what she refers to as "The Law of Attraction." Her theories offer the belief that one can control your personal feelings of optimism, competency, friendliness, and success by having positive thoughts. There is much one cannot control in life, but meeting challenges with a positive mind will result in a happier mind and a healthier body.

Interesting? We think so. Join Ladies Club on Monday, April 9th at 10:30am, sip some coffee, and enjoy the snacks. It is guaranteed your smile and your feeling of wellness will be exponentially enlarged.

Where Did Grandma & Grandpa Come From?

To help find these and other answers to questions regarding your ANCESTRY, you won't want to miss this opportunity. On Monday, May 14th, Ladies Club will host a visit by Kate Mills, a librarian from the Barrington Area Library who delves extensively in genealogy as well as local history.

She is closely involved with obtaining and indexing historical materials and photos from local community groups and governmental bodies for the Barrington Area Library. As a result of this important work, she has a rich and vast background in accessing data using local, state, national, and international resources. All this is info she will share, particularly what she knows about four main internet web sites for genealogists: Cyndi's List, Ellis Island Passenger Records, FamilySearch.org, and the Social Security Death Index.

Come to Ladies Club on May 14th in the Upper Level Lounge at 10:30 for this fascinating session, and as always, coffee and refreshments will be offered.

Greeeeeeeeening a Community!

On Monday, June 14th, Ladies Club of LBS is sponsoring Jeanette Muench in a presentation called **"Greening a Community."** A former resident and environmentalist of Barrington, Ms. Muench has had a lifelong love of nature and its preservation from her early days as a farm girl growing up in Ohio. While living in Barrington, she has served as a Lake Barrington Village Trustee, helped establish the Grassy Lake Flint Creek Forest Preserve, served on Citizens for Conservation and lived on the Wagner Fen.

The critical need for attention to environmental issues is widely known. Like many, however, you may feel the problem is bigger than you and thus choose to sit on the sidelines. This presentation will explain the many small ways in which each of us can make a contribution and how collectively we can make a significant difference.

Come, listen, and be environmentally changed. Hope to see you all at the Upper Level Lounge on June 14th at 10:30 a.m. Coffee and refreshments will add to the enjoyment.

The Enchanting Miss Hepburn

LBS Ladies Club is proud to announce that LBS resident Lanny Ori will review "*Enchantment*," the life story of Audrey Hepburn on Monday, October 8th. Anyone who can remember back to the 50's and 60's will surely remember the impish little actress who charmed us all and will love learning more about her life.

Lanny has been giving book reviews for over 25 years and those who have attended one can attest to her incisiveness and fresh perspectives. She professes to most enjoy books about people who face the possibilities life offers and make choices. It will be interesting to see how Hepburn's life fits this pattern.

The day promises to be one of "enchanting" delight. Do join us in the ULL at 10:30 and, as always, bring your dollar donation and look forward to the refreshments.

If You Care—Share

LBS Ladies Club welcomes Jeanette Muench on Monday, November 12 who will address the kick-off of their annual Thanksgiving Sharing Project. No doubt all of us would willingly share what we can in order that others might enjoy basic pleasures. This is an opportunity!!

Jeannette promises to be a very convincing voice, based on the presentation she made last May on "Greening the Community." She showed herself then to be remarkably knowledgeable as well as entertaining. Remnants of her prior talk remain with us still. Thus expectations for this event are high.

Please mark your calendar for November 12 at 10:30 a.m. in the ULL.
Bring \$1 as admittance and enjoy the talk and refreshments.

In the lower level Rec Center Entry you will notice a rather huge box decorated in holiday wrapping. In it, the following are welcomed AND encouraged: Children's **HATS, SCARVES, MITTENS, AND TUBE SOCKS**. The goal is to help needy children in our community. And yes, contrary to popular belief, the organization assists many, many families with children in our very own area. A huge LBS response will go a long way toward helping to keep little bodies warm. New is good, but very gently used will also be welcome. Thank you, thank you, thank you!!

A Little from Many = Huge Needs Answered

Please Consider -- the LBS Food Drive

In response to an urgent need at the Wauconda Food Pantry, LBS is going to sponsor a Food Drive. Thinking **BIG**, it is hoped that **EVERYONE** will see fit to make some kind of contribution. It was learned that the Pantry has been able to disperse just once a month due to lack of food. so one can readily comprehend the critical need.

On Dec. 8 between the hours of 8 am and 1 pm. a truck will be at the Rec. Center Drive up ready to receive any and all of the following: Fresh or Frozen Foods (the Pantry has refrigeration facilities), Canned, Boxed, and Paper Goods. All this and any other food items you can spare and share will be so welcome.

Be it a carton of eggs, a case of cereal, or a can of beans, IF we all pitched in and opened our hearts, what a marvelous addition to the Food Pantry would be achieved. Everyone - please!!
