**Parker and Davis Club.**  
The democrats of Barrington and Cuba townships four years ago organized and kept up during the campaign a Bryan, Stephenson and Alschuler club of over fifty members.

When William Randolph Hears made his spectacular entry into the arena this year, and by aid of money and newspaper advertising, attempted to capture the nomination for the presidency, a supply of Hears's lubricator found its way into Barrington township, and meeting was called to organize a William Randolph Hears club.

It was organized by the election of G. H. Comstock president and M. C. McIntosh secretary and treasurer. Hears got lost in the shuffle at St. Louis and so the club had to select some other title.

It is now known as the Parker and Davis club and from the Journal of Secretary McIntosh we find that the prominent committees are as follows:

Political action—G. H. Comstock, M. C. McIntosh, L. Krabb.

Finance—G. H. Comstock, M. C. McIntosh, G. M. Wagner, E. F. Schaefer.

As to the promising outlook for the club the president and secretary has nothing to give out for publication. The truth of the matter is that democrats generally are lukewarm in their support of the ticket this year, and especially so in Illinois. When the democratic party adopted William H. Hears it drove hundreds of self-respecting democrats from the fold. In this vicinity alone many who have in years past voted the democratic ticket who will give their support to Roosevelt and Deeney ticket. They can't get over the action of the leaders in this state.

**What Brother Lemmers Wants.**

Charley Lemmers the good looking, up-to-date editor and publisher of the McHenry County Republican prints the following:

What the editor wants is the news, and we are going to get it, too, and we will help in the matter. If your wife knocks you down with the poker, let us know, and we will make it right with the public. If you have company, tell us, if you are not ashamed of your visitors. If a youngster calls at your home begging for a nickel, buy a box of cigars and come around, and we will find a suitable name for him or her, as the circumstances will suggest. And if you have a social gathering of a few of your friends, bring around a big cake, seven or eight pies and a ham—none necessary to eat, but as a guarantee of good faith. You can do a great deal for us in this way and by so doing make the paper better than it is.
