Japanese have cut off the whole right
wing of the Russian army and part of

the center.

Mukden reports the strival of a Japanese division at Tie Pass.

Railroad and telegraphic communication may be cut at any hour.

The first news that the Russian stating that thirteen siege gues had been abandoned north of Shakhe station.

on.

The Russian losses in killed and counded are believed to exceed 60,-

Admits His Defeat.

It is positively stated in high quarters at St. Petersburg that Kouropath kin has telegraphed to Empero Nicholas that it will be impossible to hold Mukden, and that the withdrawal of the array northward has been begun. That the battle of Mukden will go down in history with Ilaoyang in the long list of Russian defeats is the almost universal belief in pessimistic St. Petersburg, which has forgotten the meaning of the word victory. The war office does not admit that the issues of the great battle, which alware office does not admit that the issues of the great battle, which alware office does not admit that the issues of the great battle, which alware office does not admit that the issues of the great battle, which alware office of the great battle, which alware the state of St. Petersburg newspapers and dispatches dated at 8 of clock Tuesday night indicate that the position of the Russian army after a day of furdous and unprecedented fighting is desperate, but not absolute the stream of the

It is believed at St. Petersburg that courspatial's army is retreating from states. There are alarming reports that the ganasees have cut off the whole right aganeses have cut off the whole right he center,

Mukden reports the arrival of a Jap.

Mukden reports the arrival of a Jap.

There are alarming reports the course of the correspondents at the front intimate that the issue must be definitely decided soon.

by ten days of continuous fighting, and all the correspondents at the front intimate that the issue must be definitely decided soon.

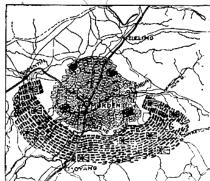

At the military clubs here Gen. Kouropatin its already regarded at beaten, the only question being his who believe there is still a chance of actual victory are few and far between. The majority regard the fighting Tuesday as in reality a rear guard action, entertaining no doubt that there will be a heavy withdrawal corrige the night. These officers, bowerer, are dependent upon practically Gen. Houropathin's critica among military men are increasing in number, the hurden of complaint being that in every action he has shown a lack of initiative. With defeat, now, whether disastrous or otherwise, they declare his star will set.

On the other hand, it is believed. On the other hand, it is believed the strateger, if successful in this battic, wife-nitie him to rank as one of the greatest captains of the age.

Folliteally, the result may determined this passession of continued pre-cution of theorem. An overwhelming disaster, it is believed, will surely bring flussed to terms but anyther less might, and break her between the surface of the start of the latter is regarded as equally important.

No exact figures are hazarded as to the losses, although it is evident they will exceed those at Liasovage on both sides. According to all accounts the Japanese. who had to attack, were

HOW RUSSIANS ARE HEMMED IN.

With Oku on his right flank and Ku-roki on his left, and his center budgergoing an almost unbearable bombardment from eleven inch my Salun and Pushun already his kouropatkin is, it is believed, pre-

sacks and a flying column of Japa-pese.

While some Russian correspondents perhaps attach undue importance to several minor Russian sucesses on the southern front, which evidently were simply counter attacks and is no sense real offensive movements, if Kouropatkin has a plan for striking a real blow, upon which, in the opinion of experts, his salvation depends, there is no indication as yet of such a purpofe. The commander in chief has been con-

Coffee Plays on Some.

It hardly pays to hunth before you are certain of facts, for it is some-times bumiliating to think of afterwards.

"When I was a young cirl I was a work of the core of coffee but was sick so much the dector toll me to quit and I did hut after my marriage my husband begred me to drink it arian as he did not think it was the coffee caused the troubles.

"So I commenced it again and con-

the troubles.

"So I commenced it again and continued about 6 months until my stomach commenced acting had and choking as if I had swallowed something the size of an egg. One doctor said t was neuralgia and indigestion.

it was neuralizin and indicestion. "One day I took a drive with my bushand three miles in the country and I drank a up of codee for dimer. I thought sure I would die before I got back to town to a doctor. I was drawn double in the burgy and when my hushand hitched the horse to get me out into the doctor's office, milery came up in my threat and seemed to shut my breath off entirely, then extend the country of the country o

The "My heshand brought my support to my bedside with a nice cup of hot coffee but I said: "Take that back, dear, I will never drink another cup of coffee if you gave one everything; you are worth, for it is just killing me." He and the others laughed at ince and said: "The back of the coffee killing unpody."
