the engineer. During the day Rock-well was reported as having died.

Eight Buildings Burn.
The fire extended from the factory to seven other buildings in the sieristy and destroyed them. One of these buildings was as three-story wooden block owned by Charles F buildings, the others noing costages of small value, and a blacksmith shop.

The total financial loss is estimated at \$250,00,2 \$400,000 of which falls on the R. B. Grover company. The monetary losses are nearly offset by insurance.

It may never be known just how many persons perished in the wrecklage. No one knows exactly how many persons were in the factory.

The number has been estimated at 400, but Treasurer Charles O, Emerson said he doubted, whether there were so many at work.

Explosion Twists Wreckage. The explosion, which was followed
