Wanington appends Believe Peace Overtures From Japan Would Meet With Ready

Response at St. Petersburg.

seace and will insist upon Russia alloing for terms. Such an attitude involves a humiliation of Russia, in the opinion of European diplomats, which the crar will not submit to, at least at this stage of the war.

It is quite possible, if Russia were to go to the extent officially of stating that it is utiling to make peace, the opinion of the world would comped Japan to forego what might be regarded as ambitious designs upon Russian territory. But it hasn't taken this action, nor is it likely to.

The official attitude of Russia is always the same. The emperor determined to carry on the, war until he are to the same of the fact that both the United States and European powers are comizant of the green tower cleans of Russia and the same of the fact that both the United States and European powers are comizant of the green tower cleans of Russia had been as a same of the s

ment of France has been strongly impressing upon the eart the importance of finding some way to make peace. Emperor Nicholas understands that President Roosevelt is deeply interested in the achievement of this result and that he is actuated by unselfish motives. The United States has no territorial interest in Ania except that covered by the principle of the finite covered by the principle of the finite covered by the principle of the finite work to have respected by Japan. In case Russia should deedle to take steps to indicate necessitations with Japan, following at Washington any they no longer have doubt that the first benchalous which was the first benchalous which was the first benchalous which is the first benchalous which is the first benchalous which is will signer to prepared to ester into necessary the conditions under which it will agree to prepared to ester into necessary the state of the conditions ander which it will agree to prace. If these conditions to offer conditions would be Russiand, to lay down a basis for exolidant demands by Japan. It is apparent the discussion continues to center around the question of premier pass—whighter Russia or Japan shall make the first advance, for peace. Nother power communicated a decision to the president, but the latter is not disposed to stand back because of the technical tree on the washington important advance, for page.

trained mark uscause of the technicalities of international citizen of international citizen of the product to Washinston important advices regarding the attitude of Russia with respect to peace. The govern went comparison of the product of the p

rirength the victorious side will be see saxeting."
A disjoinst who was informed of this pointed out that it was good pol-ery on the part of the Russian gover-nant to make a he Russian gover-tion of the part of the Russian power of the part of the more men Russia has in the far East the more disposed Japan will be to make terms.

the more disposed Japan will be to make terms.

On the other hand, it is important to Japan that its troops should proceed with the otmost rapidity in order to obtain a footbold upon Russian soil. If such a footbold can be gained, and the weakness of Gen. Lineviteth's loree makes this appear to be not a natter of suppresse difficulty, the Japan rase government would have a splendld card to play in the negotiations and could exact an indemnity which
