The pupils of the high school gave as highly entertaining farce entitled "Down in Maine" in Abelmann's opera house last Saturday night to an audience that nearly filled the hall. Each rendered his part in such a first class manner that to give praise to one and not all would fail to do justice. The spectators were much pleased with the production and spoke in high praise of the manner in which each part was carried out. The Plattine Orchestra added materially to the success of the entertainment. There music was well rendered and we are proud that our little city can produce such entertainers.
