N Aug. 5, 1864, when Farragut stemmed into Mobile buy, inking the lead of the line of monitors and gunboats with his flagship Hartford, Captain Craven of the Tecumseh asked for the post of bonor in attacking the Confederate rain Tecunesses, whose destruction was the object of the raid. The bay was planted with torpedoes, and the line marking them was buoyed out, yet when the gallant captain saw a chance to close with the Teamessee he drove the Tecumseh has

Illustrative of Admiral Farragut's simplicity of character was an incident of the annual gace of the New York route in 1800. In the course of that day a number of ladies insisted

How Semmes Quelled a Mutiny,

How Semmes Quelled a Mutny.

"The first and only mutiny on the Alabama," wrote Captain Raphael Semmes in his memoris, "occurred when the vessel was lying at St. Pierre, Martinique, A crowd of suky and surjy saliors gathered about the foremast, using muthous language and deep surjective of the first lieutenant to "beat to quarters." Such was the effect of previous discipline that the moment they heard the week and the first lieutenant to "beat to quarters." Such was the effect of previous discipline that the moment they heard the week and the week of the first lieutenant to "beat to quarters." Such was the effect of previous discipline that their guins, Wherever of the first lieutenant in the control of the country of the country of the country of the country of the quartermasters, I ordered them to dash buckets of water over the motion of the captain want to drown them? If I would only let them go! I would never have occasion to complain of them again. It became a saying afterward among the sailors that 'field Beeswax' was hades on water-line a fellow's grog."

for her father I thought if I was in his looks I would throw up both hands and teeth bogether and said that his duty to compelled him to take those men, and he was going to take them. It was pretty touch, though, and it ended exertifies the said of the said of the was going to take them. It was pretty touch, though, and it ended exerciting between them."

pretty tough, though, and it ended exercitating between them."

The Saking of the Alabama.

On June 13, 1984, the Tuited States frigate Kerserare was off Chighourg, France. It was Sunday. The hell toiled for service, and Captain Winslow steeped on deck, the prayer book in his hand. While the erew was assentibiling the lookout shouted, "The Alabama". The captain put by the sacred volume and ordered alls ship about to meet the critic results of the control of the contr He had on, at usual, a freek evit with very long tails, and as he satt in the sterrior the skiff this coat tails trailed in the water. Just as the dingey was on the point of reaching the vessel a shark rose to the surface and bit of the length of the sterre was the stream of the sterre was the stream of the sterre was the stream of the a sin, any part of a series of the ship steers.

Why court is was his attempted eapture of the Countries was his attempted eapture of the Countries its superfor of the feasibility of a certain plan he had matured Cushing undertook to bring the Confederate countries was been the part of the feasibility of a certain plan he had matured Cushing undertook to bring the Confederate countries was almost a breakfast on board the flag ship. With twenty men in the bests to better of the feasibility of a certain plan he had matured Cushing undertook to bring the Confederate countries of the brites was Almond Eye. An Indian this countries with the Confederate and the forest at the broad a great deal of. The mane for the brites was Almond Eye. An Indian this countries within twenty; free gards of a fastery, be with with two men, to General B. F. Butter had a borse that the boxes had failen into a ravine and broaden his great deal of. The mane for the brites was Almond Eye and the Confederate and their crews within twenty; free gards of a fastery, be with with two men, to General B. F. Butter had a borse that the long of the broaden and their crews within twenty; free gards of a fastery, be with the Confederate and stuffed, He called one of the soldiers, an india skin the well, with two men, to General Butter.

And the first man and the confederate countries of the broaden and the crew was Almond Eye and the confederate countries of the broaden and the forest that the boxes had failen into a ravine and broaden his countries. Butter had a boxes that the forest beat for the broaden and the first man and the countries of the broaden and the first man and the countries of the broaden and the first man and the countries of the broaden and the first man and the countries of the broaden and the first man an

Dewey and the Shark.

At Mobile bay after the fall of New Orleans George Dewey was a Junior watch officer on the steam sloop Mississippi. The ship's colored cook, called in naval parlance, the "doctor," tried to convert Dewey to faith in the danger of sharks, but Dewey held that they would never bite a hymna being. One day Dewey was selt ashore in the ship's diagray on some Uffiling duty.

Camage at Fort Fisher.

Fort Fisher, the last important for-tress of the Confederacy, succumbed on Jan. 15, 1985, to a combined land and naval assault. For three hours Com-modors Forter had bombarded the fort. At noon the signal was given to signal was given to signal was given to go admire. Two

The instant the men sprang forward into rifle range L000 marksmen opened on them. They fell by scores, but the column went on until it reached an angle where two faces of the fort met. The sellors found themselves in a slaughter pen. The rear ranks broke, soon to be followed by nearly all who could get away. In the charge 500 were killed and wounded. Breese, Parker and Coshman by Found to refire and,

with about sixty men, clung to the foot of the parapet until the fortress fell.

L. H. Bennett, Robber D. Erans, now a rear admiral, was wounded four times in this fight.
