NORWAY TO SEND SPECIAL ENVOYS

Powers Will Be Asked to Recognize Independence of the Country.

INTERESTS OF PEOPLE DIFFER

Seceding State Claims That the Break With Sweden Came About Over Ec-enomic Matters, the Consular Service Being Entirely inadequate.

Christianic cablegram: Nerway will at once send a special envoy to the great powers to seek their recognition of the independence of the five process of the independence of the North Committee of the North Carlon Cables of state at Stockholm. It is suthority for the statement. He will be inducted into his new office as foreign minister Thursday and will then name the special envoy.

Regarding the Probable difficulties to be encountered, Mr. Loveland declined to express an opinion, but he said that the envoy would convey the best wishes of Norway to the powers and would go to them with the highest hope as to the successful result of his mission.

"When our case is presented to the

est hope as to the auccessful result of his mission.

When our case is presented to the powers, said Mr. Loreland, "It will be movers," said Mr. Loreland, "It will be the powers," said Mr. Loreland, "It will be the principle of monarches nor to a single monarchy. Norway has been a kingdom for many centuries and is proud of that fact. The dissolution of the union was purely no constitutional grounds.

"Our constitution existed prior to the union with Sweden, and when there came a conflict between the two peoples Norway chose to retain her constitution.

Bpilt on Consular Service.
"Our difference with Sweden is, in the first place, of an economic character. Our commercial interests, and our entire economic policy differ from those of Sweden. While the diplomast to and concuries, they worked to the two countries, they worked to the profit of Sweden rather than to that of Norway.

"Norways's merchant marine now ranks fourth among the nations and

Norway.

"Norway's merchant marine now ranks fourth among the nations and Norway no longer can afford to negotate with foreign powers through Stockholm. The union, however, was dissolved only when the conflict became a question of our sovereignty.

came a question of our sovereignty.

"We hope the powers will make no mistake regarding our action. We have never tried to create danger for Sweden and will never seek to make difficulties for our sister country. We are acting for the benefit of the common interests of each other and for our common safety in the face of foreign danger.

Norway Ready to Fight.

our common safety in the face of foreign danger.

Norway Ready to Fight.

"The action taken by the storthing
is irrevocable and the powers should
realize the fact that Norway will gibt
before this action is reconsidered. The
guestion of peace resits under the conbut there will be of interest to the
powers as well as to ourselves.

"Immediately upon the dissolution
of the union Norway informed Sweden
of its willingness to open diplomatic
relations, but we are fealous of our independence and of our future and will
avoid all alliances and will not subject
ourselves to the influence of any great
power."

RUSSIANS HAVE JAPAN'S TERMS

St Petersburg is Surprised at Moderate Demands of the Victor.

COMMENT OF TOKIO PAPERS

ng of Distrust Prevalle Regard Ing the Action of the Czar's Government During the Coming Armistion and Result of Conference.

St. Peteraburg cable: There is a well defined report current in official circles that Russis is already in re-cepts of Aspara peace terms and that they have proved so surprisingly mod-erate that Russia will undoubtedly ac-cept them as a basis for final peace negotiations.

whether he will return even to present his letters of recall.

He is a Norwegian and will retire from the diplomatic service, which will become cattrely Swedish as soon as Norway can arrange for a diplomatic service of her own. Mr. Grip has as yet received no official notion of the dissolution of the tie that bean-pects town and the service of her own. Mr. Grip has as yet received no official notion of the dissolution of the tie that bean-pects town and the service town and the service town and the service of t

negotiations.

While the exact conditions upon which Japan would be willing to conclude peace are not known, it is asserted that the question of indemnity, which it was expected would prove the most serious stumbling block, will be amicably adjusted. It is also asserted that the state of property of the most serious stumbling block, will be amicably adjusted. It is also asserted that the property of the state of the s

Wisconsin Medical Society Plans War on the White Plague.

LA Crosse, Wis, dispatch: At the state convention of the Wisconsin Medical society, at which 300 physicians were present, steps were taken for an energetic campaign against tuberculosis. It was decided that there must be education of the physician, the patient and the public as to the proper course to be taken to reduce the cases of consumption and to prevent the spread of the disease. With that object the society held problem that the public method is a public merchant. The problem is the content of the second of the second that the university of Michigan discussed the subject. Following the lecture a scientific exhibit of the effect of tuberculosis and the operations of the remedies for it was presented by Prof. H. S. Russell, state bacteriologist of Wisconsin.

genuine hope that the negotistions will bring a satisfactory and enduring peace.

Japanese Censor is Busy,
President Roscoversit's instructions to desire the second of th

mon others are demanded to possible heads of the commission. Money and Territory. Popular estimates of Japan's terms of peace vary widely and include both indemnity and cession of territory. It is believed that the peace commissioners will meet somewhere in the Orient. The Jiji says: "Japan has shown a willkingness to appoint plenipotentisries to meet the Russians and negotiate peace: but it is premature to think this will lead to the ultimate conclusion of peace. Much as Japan would like to see peace effected, nothing abort of the full rights of victors and placing the peace of the Orient on a permanent basis will satisfy Japan.

Unions May Merge

Unions May Merge.

Woody, aged 55. the father of nineteen children, all of them single,
the choked to death near here from the
effects of swallowing a fish bone.

It is premature to discuss terms of peace. It probably will become necessary to arrange an armiseles at the commencement of negotiations, and it will be a second of the s

position of Japan from suffering is the sweat of negotiations being broken of.

Praise for Rosesvelt's Act.

"The great and unprecedented Japaness victory must not be forgotien. Russia's great power is not easily broken down. It might require years before ultimate result of the war is attained. Japan does not fear the prolongations of the war, but the heavy loss of lives involved move the people from the depths of their hearts.

The Jiji thanks President Rosesvelt and pars tribute to him for his action. It concludes by warning the people to an expectations, and for the possible necessary of continuing the struggle.

The Nichl Nichl writes in the same strain, warning the people not to count on peace while the war party in Russia continues to exert its influence over the Emperor. It urges Japan's terms may not be exacting, the paper say, the structure of the proper say, the structure of the proper say that the structure of the paper say, the structure of the proper say the structure of the cause of the situation requires calmess and watchfulness.
