Roy Knahenshue has created a sensation in New York by his successful flights in his airship over the city, made under the auspices of the New York American. The young Oh to inventor and his wonderful gasoline engine, which furnishes the motive power that drives the balloon through the air are shown in the photograph in the center.

ONEIDAS' SACRED STONE.

ONEIDA' SACRED STONE.

Last Relic of Once Powerful Tribe
New in a Utica Cemetery.
Just within the gates of Forest Hill
cemetery at Utick, N. Y., the visitor
sees a curious oval stone resting upon
a grass plot. A century ago Oneida
county was the reservation of the
powerful tribe of Oneida Indians, the
extended of the Control of the Control
of Topical of the Control

rested, was desirous that it should be removed to some public enclosure, its removal was thereupon secured.

At the dedication of the cemetry the remnants of the once powerful na-tion and a handful of Donodagus were present. Their head chief, Ononcogon, made an address which was the valu-dictory of the Oneidas. The little tonal songs around the relic and sur-rendered it to the care of their white brethres. Today the tribe has com-pletely lost its identity.

Gain in Asistic Experts.

Gain in Asistic Experts.

During the ten months ending with April the exports of domestic produce from the United States to Ania were 399,522,763. For the same period a year ago they were \$48,597,731. The increase is nearly \$50,000,000 or 100 per cent. American exports to Asia during these ten months were greater than to South America, Oceanica and Africa combined.

The 180 per cent increase in exports to Asia is all the more significant to Asia is all the more approximately and the same period is a significant of the same period is a significant to Europe, and of about \$6,000,000 to Africa; while exports to Oceanica were about the same as during the same period last year. To South America our exports increased \$4,000,000, to Canada, \$22,000,000, and to Asia close ure exports increased \$4,000,000, to Canada, \$22,000,000, and to Asia close uron \$5,000,000. Consequently two-thirds of all export gains for the Sizeal year to date have been for the fiscal year to date have been our commerce with Asia.

LIGHT IS NOT NEEDED.

English Scientist Says Sun's Effect on Man is Bad.
Dr. Charles E. Woodruff has made an exceedingly interesting investigation of the effects of tropical light on white men. The origin of his investigation was an attempt to prove or disprove the theory that the skin pigmentation of man served to exclude the short or actinic rays of light whose action is to destroy living protoplatm.

whose action is to destroy living pro-toplasm.

If this theory is true it will ex-plain at once many anthropological will white men, while each a reason why white men, while each at the cold or temperate regions and aspa-cious administrators of tropical col-onies, have falled when they attempt-ed themselves to colonise in hot coun-tries; why blond types prevail in the cloudy, almost sunless regions of the north of Europe, brunette types in the cloudy, almost sunless regions of the north of Europe, brunette types in the contract and the contract and the Mediterranean, as the incompanion of the contract in the Mediterranean, as the incompanion of the contract and the mediter and the contract the set blond than that of the country-man who has during a large portion of his outdoor life the protection of woodland and orchard.

Dr. Woodruff soon felt bound to ad-

or ma outdoor life the protection of woodland and orchard.

Dr. Woodruff soon felt bound to admit that the sun is not the beneficent delty we thought him to be as we worshipped, but that he delights in sacrifices and slays ruthlessly those the control of the co

ALWAYS CUT IT OUT.

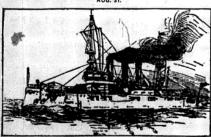

European Surgeon Urges Operation in Each Appendicitia Case.

Dr. Maragliano, the famous European surgeon pleads strongly for operation in every case of appendicitis, no matter what stage the disease is in. He was appendicitis on the stage of the considers operation in every case of appendicitis, no matter what stage the disease is in. He was appendicitis the possibility that even a mild case may suddenly change within a few hours or less and become alarming, he considers operation the only logical treatment.

Those cases which would have got better it left alone are, he urges, none the worse for operation, and some of the cases which are lost from too late operation might be saved.

He, of course, recognizes the fact that a large number of cases of appendicity get perfectly well under ordinary metical treatment, and that a some of these may be successfully operated upon in the quiescent stage—than in a factor than a factor than a factor than a content of the company of the content of the content

THE BATTLESHIP VERMONT, LAUNCHED AT QUINCY, MASS., AUG. 31.

(Latest addition to Uncle Sam's fast-growing navy.)

Reminiscences Should Be Good.
William O'Brien, M. P., is busily ensaged in writing his reminiscences.
From the age of 17—that is, nince
1869, when he became a junder reporter on the Cork Daily Herald—he has
been behind the scenes in Irish politics and an active participant in some
simportant events, the secret history of
which has never been published. His
prison experiences, for instance, should
make a piquant chapter, and he should
have something of peculiar interest to
asy when he comes to his historic contest with Dubin castle.

Plug Tobacco.

"I live in a town which is the greatest seat of the plug tobacco industry in the world, the town of Winston Salem, N.C.," and the Hon. J. C. Buxton, of the old North State. "Last year, as the records will show, there was a production of 22,000,000 pounds of plug tobacco in the factories of the production of plug tobacco in the factories of Winston Salem. Doesn't look as if that much plug could be chewed up in a decade, ch? But somebody must get away with it, for the output is constantly increasing."—Washington Post.

now Kenosha, Wis. It took thirty-six days to make the trip, ixty years she has lived in the house, and notwithstanding her great age her mind is bright. Mrs Cotting has been a widow for severa years.

NEW MOVE AGAINST JOE LEITER State's Attorney Sieber Files Case

Regarding Zeigler Explosion.

William P. Sibeer, state's attorney of Frankin county, has filed in the county court of that county two additional informations as a result of the explosion in the Leiter coal mine at Zeigler least April, in which fifty-one lives were sacrificed. One of the informations is against the Zeigler Coal Company and the other is against Joseph Leiter, president of the company, Both are for alleged failure to put in cross-cuts in the mine as required by the Illinois mining laws. The ere of the Frankin county court has been continued to Oct. 18. The cases pending against the Zeigler Coal Company and the officials of the same will not be called until the latter part of October. Regarding Zeigler Explosion.

Western Normal Opening.
At the meeting of the board of trus-tees of 'the western Illinois state nor-mal school at Macomb It was decided to open the term Sept. 25. This delay in announcement, it is expected, has materially interfered with the attend-ance, although the date is only one week later than the other normal schools throughout the state,

Junk Desire is Released.
Prolucing in the United States ditrict court at Springhed \$155,972 to
replace a like sum which it was alleged had been lost in gambling, Jacob
Cohen, bankrupt junk dealer of Jacksonville, was released from fail. Cohen was sent to jail some time ago
on the allegation that he was concealing his assets.

Get Teaching Certificates.
That the new plan under which teachers may receive ourtifactes in the state examination is a success is attented by the result of the recent examination held for teachers. Out of twenty-three applicants, twenty-three certificates.

"Millionaire's Estate is Settled.
The estate of Abraham Brokay,
Hoomington's eccentric millionaire,
recently deceased, was settled in teprolate court, and the sum of \$22,
\$25 forwarded to Springfield to go into
the treasury of Illinois as the state's
datare under the inheritance tax law.

Wedded Eight Months Age.
The marriage of Chalmer Prater
and Miss Rebecca Adkins, which took
place at Tuscola eight months age, has
just been announced. Both are wellknown Charleston people.

State Federation of Labor.

James F. Morris of Sprinsfeld, se-retary-treasurer of the Illumis Feder-etary-treasurer of the Illumis Feder-ation of Labor, has issued a call for the annual convention of the organiza-tion, which will open Tuesday, Oct. 17, in Danville. The basis of repre-sentation will be one delegate from each local union affiliated having one hundred or less members, and one ad-ditional delegate for each additional hundred members or major fraction thereof. All central bodies are en-titled to five members.

Bolt Hita Jollet Elevator Bolt Hits Joliet Elevator.

Struck by lightning, the Union elevator at Joliet was burned. The loss is over \$10,000. The elevator, with equipment, was valued at \$50,000 and contained 20,000 bushels of oats. Everything but the boiler room was destroyed. The elevator was owned destroyed. The elevator was owned was built twenty years of the contained to the contained of the contain

Free Catholic College.

The first free Roman Catholic college in Illinois and the second in the west was dedicated at Jacksonville. It is Resut college, built at a cost of \$60,000, the princips (conation being made by William R. Richt of Jacksonville. Addresses were made by W. C. W. Crowe, pastor of the Church of Our Savior, Jacksonville, and Rt. Rev. James Ryan, D. D. bishop of Allon.

Veterans in Reunion.

Nearly 200 veterans attended the annual reunion of the Seventy-Fourth and Ninety-Fith Illinois regiments at Rockford. The Woman's Relief Corpution. The Ninety-Fith elected J. W. Groesbeck of Harvard president, and will hold its reunion in Harvard next year. The Seventy-Fourth re-elected John H. Sherratt of Rockford president.

Seeks to Prevent Intemperance.
Principal Gobel of the Elgin high school is beginning a campaign against drinking and smoking among the high school boys. He has decided that all young men who desire to take part in athletics shall pess a physical examination. It is believed that most boys would rather stop drinking and smoking than lose a chance to play on an athletic team.

Fatality at Fair Grounds.
Bert Green was killed at the fair grounds in Delavan, Tarewell county.
Frank Wiseman and Edward Fiske, impersonating policemen, attempted to arrest Green, who resisted. Wiseman says Fiske freed a builtet into Green's bead. Wiseman is in jail, but Fiske

escaped.

ILLINOIS RECORDS IN VAULTS

said to Be Oldest Official Do

Baid to Be Oldest Official Documents in the West.

Stored away in the dark vanits of the St. Clair county courthouse at Belleville. Ill, are a large number of old French records, said by students of history, who have recently made a study of them, to be the oldest official days of them, to be the oldest official days of them, to be the oldest official days of the state of the central West. So highly prized as the central West. So highly prized as the central West. So highly prized as the second of superrise ors recently had the records incased in iron and anabestos. The board has repeatedly refused access to the papers to some of the most prominent students of history of the country, for fear the documents might become damaged.

The records date as far back as

damaged.

The records date as far back as 1727, and have to do with the registration of donations of the court of tillinois and with the very earliest history of the Prairie State. The oldest is a record of the court during the years 1727 to 1769, It is written in French, and is fairly legible.

KRIEGER VEREIN QUEEN.

Ten thousand Kriegers from all over North America attended the national convention of the Krieger Verein, which met in Joliet Aug. 27 to Sept. 1. The city was decorated for their honor with triumphal arches, floats and German bunting. The fest was

משאים או אונים אונים

started Sunday, with a grand parade, a feature in which was a handsome float bearing several young laddes representing "Columbia" and "Germania" with their respective maids of honor. A contest was held to elect the or. A coates was held to elect the principals. Billion were voted at principals. Billion were voted at principals. Billion with 17,28 votes. Miss Moran McDonald was second with 11,131. Miss Glomp, a prefix German fit, chose to be Germania. Miss McDonald was columbla. They were presented with handsome diamonds and handsome cotumes. Mails of honor were chosen from among the unsuccessful candidates.

CELEBRATES HER CENTENNIAL

GELEBRATES HER CENTENNIAL
